Hi Cheryl and Millan,

We wanted to circle back with you on the meeting request with Mr. Heminger. He now has a meeting at on September 19 at 5pm, but we still wanted to see if there was the possibility for a meeting on September 20, preferably in the afternoon.

Thank you again for your consideration.

Mike

Cheryl and Sydney,

I hope you both are doing well. As you may remember, the Administrator was not able to attend this meeting with Gary Heminger on June 20 and despite your great effort to find a replacement date we could not get the Administrators or Gary's schedule to line up. We recently learned that Mr. Heminger will be in Washington, DC on September 19 and 20. Would the Administrator be available on September 19 for a 4pm or later meeting? If that does not work, Mr. Heminger also has some availability on 20th, but preferably in the afternoon.

Thank you in advanced for your consideration and please let me know if you need additional information.

Subject: RE: [EXTERNAL] Admin. Meeting Request for MPC

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Tuesday, June 20th at 5 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions: EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, **which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Sydney,

Hope you are well. I just wanted to circle back with you on this request. Actually, on June 6, BRT is holding their meeting and there will be a lot of CEO's in town for the meeting. We have been speaking with Chevron and wanted to see if the Administrator would potentially be interested in doing a joint meeting with Mr. Heminger, as well as Chevron's CEO, John Watson.

Please let me know if you think we can make a time on June 6 work for a meeting with both of our companies. Thanks!

Hi Sydney,

Marathon Petroleum Corp.'s CEO, Gary Heminger, will be in town June 20-21 and is looking to meet with the Administrator. I've cc'd Mike Birsic who is a good friend and

is the point person for setting this up. Mr. Heminger would like to talk about RFS and air regulations, among other things.

Mike, fill in any missing details.

Sydney, let me know if you need anything else from my end in the interim.

Best,

Mandy

Subject: Re: Site visit to Ben Guerir - invitation by OCP

Mr. Hajoui,

We would be delighted to add the tour of the University, a visit to the Green Energy Park, and time with Mr. Terrab to the Administrator's agenda on Tuesday.

What, may I ask, is the distance to Marrakech from this facility? If there is time Tuesday evening, the Administrator would likely enjoy the opportunity to visit the medina but I want to ensure we have enough time at the University.

May I kindly request a few more details regarding the presentation?

Also, thank you so much for the generous offer to provide lunch. We plan on ensuring the Administrator and his staff eat before departing Rabat so it will not be necessary to provide a meal.

Finally, our advance team is on the ground in Marrakech today. I believe they are coordinating with your team to find a time to come by today in order to walk through the University and visit the Green Energy Park. My colleague, Forrest McMurray, is the person handling those arrangements.

Thank you greatly for your hospitality. I look forward to meeting you soon.

Millan

Depending on his availability, we could organize a tour of the University, a visit of the Green Energy Park (few minutes away) and a side meeting with Mr. Terrab (with a presentation).

Total time needed would be 2-2,5 hours.

Please also let us know if we should arrange a lunch upon arrival, we would be pleased to do so.

Please let us know what suits best,

Warm regards,

Hakim Hajoui

On Dec 4, 2017, at 12:42 PM, Guirlinger, Ryan N <GuirlingerRN@state.gov> wrote:

Mark,

We've been in touch with the Ben Guerir Energy Park on trying to visit there tomorrow afternoon. We should have an answer in the morning. We don't have any contact with the university down there, even though they are located next to the energy park, so we may have to do our best just to get in when we show up. If the Administrator's office has been in touch with OCP Policy Center on more specifics for the potential Ben Guerir visit, we would appreciate knowing what has and has not yet been decided.

We received confirmation of the meeting with MFA Secretary of State Boucetta for 2 p.m. on Monday the 11th. Her bio is attached—I don't think I had sent it before, since we had originally requested the minister.

In the same notice of confirmation of the Boucetta meeting, MFA informed us they are working to confirm a meeting with Minister of Justice Mohamed Aujjar, which would be for Tuesday the 12th at 11:30. His bio is attached. I will await your guidance as to whether or not we should pursue or turn off that meeting request—he and his Ministry are good USG partners on several programs, but the meeting is not a deal breaker for us. If we declined it, we could get on the road to Marrakech earlier, as we would have no meetings after the one with Minister of Energy Rabbah at 10 a.m.

I've attached an updated schedule reflecting these changes, though I have not yet added in the Ben Guerir stop. I've also added in the briefing with the acting Chargé and Deputy Chief of Mission for Sunday afternoon, but as discussed in the car, we could also have that on Monday morning.

See you tomorrow morning for the trip to Marrakech.

Thanks,

Ryan

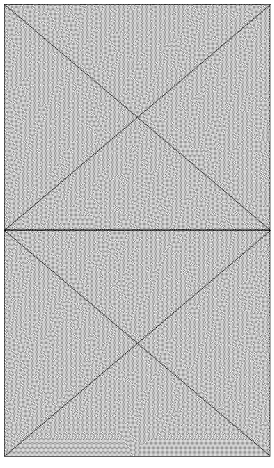
STATE OF AMERICAN ENERGY 2018 | HOW NATURAL GAS & OIL ARE POWERING PAST IMPOSSIBLE

Please join us for the American Petroleum Institute's 2018 State of American Energy luncheon. As the midterm election year begins we will remind lawmakers, policymakers and the public that America's domestic energy abundance is helping to meet the ever-growing demand for energy, but also how those same resources are the building blocks for many of the products that make our modern society safer, advance the medical arts, and spur creativity and scientific innovation through our Power Past Impossible advertising campaign.



From energy that keeps our homes, offices, and schools lit and warm, to the modern fuels that not only power our vehicles but also help to improve our environment, to the modern pharmaceuticals that improve the health and well-being of millions. Power Past Impossible makes the connection between natural gas, oil and their derived products and their fundamental role in our society, which is essential to positively advance the national energy policy discussion.

Sincerely,

JACK N. GERARD

Oklahoma City, OK

Dates: 25-27 October

Delegation:

- Sara Greenwalt, AO
- Milan Hupp, AO
- Mark Kasman, OITA
- Luis Troche, OITA

Proposed Schedule

24 October

- Depart DCA on Delta [redacted] to Atlanta @ 04:15 PM arriving @ 06:11 PM
- Depart ATL on Delta [redacted] @ 07:12 PM arriving OKC @ 08:25 PM

RON:

- Renaissance OkC Convention Center
- 10 North Broadway Ave
- Oklahoma City, OK 73102
- United States
- Tel: +1 (405) 228-8000
- Fax: +1 (405) 228-2575

25 October

AM - Meeting with OKC Convention and Visitors Bureau (Milan to connect us)

- Greater Oklahoma City Chamber
- 123 Park Avenue
- Oklahoma City, OK 73102
- (405) 297-8900

AM – National Cowboy and Western Museum

- Consider for Council Session on JUNE 27 2018 (must be available starting June 24)
- 1700 Northeast 63rd St. Oklahoma City, OK 73111
- (405) 478-2250

Lunch

PM – OKC Museum of Art

- Consider for Council Session on JUNE 27 on JUNE 27 2018 (must be available starting June 24) or opening reception on June 26 (must be available starting that morning)
- 415 Couch Drive, Oklahoma City, OK 73102
- (405) 236-3100

- info@okcmoa.com

PM – Oklahoma Hall of Fame Gyalord Pickens Museum

- Consider for Opening reception (June 26 2018)
- 1400 Classen Drive (NW 13th Street and Shartel Avenue), Oklahoma City, OK 73106

26 October

AM – Restaurant Option 1 for closing dinner on June 27 2018

AM—Restaurant Option 2 for closing dinner on June 27 2018

Lunch

PM—Renaissance Hotel for Council Session June 26-27 and for delegations June 24-28

PM—Sheraton Hotel for Council Session June 26-27 and for delegations June 24-28

PM—Other Hotel Option

27 October

AM—Oklahoma City National Memorial Museum

- Consider for Minister's private engagement

AM-- other venues - suggested by Chamber or other contacts

Lunch

PM -- Recap

General considerations in scoping

- Space & capabilities (phone, internet, audiovisual, catering)
- Locations, transportation, accessibility
- Availability on potential dates
- Diplomatic & tribal
- Security & impacts on operation

COMMISSION ON ENVIRONMENTAL COOPERATION (CEC) 2018 COUNCIL SESSION
COUNCIL CHAIR, EPA ADMINISTRATOR PRUITT
OKLAHOMA CITY, OKLAHOMA, USA

For preliminary scoping and planning for June 24-27 2018.
The first table is a highlight of room/capacity need at the prospective venues for preliminary scoping by EPA.
The second two tables detail of how the rooms would be used/set up. The CEC Secretariat will address those details when they visit the candidate venues later in the year.

Item Number	Sunday June 24 2018	Monday June 25 2018	Tuesday, June 26 2018 Notional Council Session Program	Wednesday, June 27 2018 Notional Council Session Program	Potential venues
	Set Up Day – CEC Secretariat	Set Up Day – CEC Secretariat Delegations arrive in OKC	Council Session General Agenda: • Ministerial Bilateral Meetings • Ministers-only trilateral events • Meeting with US JPAC/NAC/GAC • JPAC Meeting • Opening Reception 6:30 PM-9:00 PM	Council Session General Agenda: • Council Private Breakfast • Council In-Camera meeting • Council Public Meeting • Closing Dinner	
			Space Needs

Where: Conference Call - Non-responsive Conference Code/Ex.6

Hello all,

Administrator Pruitt is excited about visiting Arlington and attending the Earth Day game on 4/22. Thank you all for the support you have already put into making this a successful event. Rob Matwick and I thought a check in to make sure we are all on the same page would be valuable as we get closer to game day. I suggest the following agenda:

1) Introductions

2) Discussion of EPA Earth Day event messaging

3) Logistics discussion

4) Next steps

Hi Millan and JoAnna,

This call will be to go over the conversation Administrator Pruitt will have on stage with Brad Puryear in Chicago for the SIGMA Annual Conference on the afternoon of Wednesday, November 8. This shouldn't take more than 30 minutes and we will go over exactly what the Administrator can expect in the room that day.

I have the call set for 1 pm EST.

Subject: Thank you!

Hi Millan,

I wanted to reach out to say thank you for everything for the event last week with Administrator Pruitt! Our membership was just thrilled to hear from him and get his insights on the EPA. The A dministrator attending the small reception to meet our board and the board of NATSO was a welcomed opportunity for people to thank him for his work on behalf of the industry after the hurricanes this year. We've gotten nothing but compliments since the talk last Wednesday and I do hope he enjoyed his time with the SIGMA members. While I'm sure the trip was a quick one for him, I do know that SIGMA members will remember the event for a long time.

I can't say enough about Forrest and his team onsite! He was fantastic to work with and was great about working with the hotel and our folks to make sure that everything went off without a hitch. He kept me updated as the Administrator's scheduling came together and was quick to help with problem solving as we moved through the afternoon. I know he and his team work

hard to make sure that there is no room for error in the visits and they are top notch.

And thank YOU for all of your help in the weeks leading up to the event! I can imagine that the A dministrator's schedule is not easy to manage and your willingness to work with our team was very appreciated.

Brad Puryear, our 1st Vice President and the one who was on stage with the Administrator, would like to forward a personal thank you to him and I wondered what the best way to do that is. Does the Administrator have an email for thank yous or even mailing address that I could provide to Brad for a note? He really enjoyed getting to chat with Mr. Pruitt and wants to express his thanks.

Thanks again Millan and hopefully we can work together in the future!

Best,

Liz.

> >
> > 1. A trip to the Outback. The classic is Ayers Rock, locally called Uluru. It will require 24 hours - maybe the weekend eg Sunday works but that would conflict with the visit to the LNG plant. You can google it - www.uluru-australia.com and see. Flights from Sydney are easiest. Usually in the morning, and then stay over one night and take the next morning flight back. Sunset and sunrise are just amazing. In a 100,000 acre national park. Quite an experience. It might change Monday a bit but that would also work out

since it seems that the Monday events can be truncated if required and wouldn't impact Canberra or the rest of the schedule.

2. Meetings in Canberra:

Foreign Minister Julie Bishop

Trade and Investment Minister Steven Chiobo

Minister of Resources Matt Canavan

Prime Minister Malcomb Turnbull

Senator and Minister for Agriculture and Water Barnaby Joyce

Senator and Minister for Innovation Industry and Science Arthur Sinodinos

3. Would like to get a formal invitation from the American Australian Council, the dominant US-based NGO to cohost with other NGOs in Aus - like Institute for Public Affairs to discuss deregulation. Can get from Embassy the contact point for IPA if you don't have one with the organization. But would be good to get a US organization extending invitations along with other NGOs, in addition to the formal Aus government invitation.

4. Messaging:

I believe that having a thematic approach would be most beneficial in the future. Innovation Deregulation and Federal/State relations would be the talking points in each meeting, and in any pre- or post-press that is sought. I would identify something EPA is currently doing or will likely be doing to address the issue of innovation as it impacts smaller staffing, budgets etc. This doesn't lessen the commitment to protecting the environment just an implicit notion that the USG has, in the past, been taking more and more authority and through innovation (agility, speed new public/private partnerships using technology) EPA can meet and further it's core mission.

Innovation can also be related to private sector business (to highlight what they are doing.) Deregulation would be focused on the how foreign governments and partners are untying regulations in order to foster economic growth and job creation. Federal/State relations would be to better understand how others approach the appropriate balance between federal responsibilities and those left to the States. In the end it could be a statement issued by EPA alone, or, ideally, with Minister Frydenberg. We can discuss this idea now and get some closure on a joint statement that can be pre-cooked. If the Adm meets with the PM it will certainly need to be done so both sides have something that they can reference is building a stronger Aus-US partners (see AUSMIN comminque that outlines our overall relationship with US).

dfat.gov.au/geo/united-states-of-america/ausmin

https://www.state.gov/r/pa/prs/ps/2017/06/271560.htm

1.

Each of these three areas allow for a positive dialogue, and followup on a quarterly basis. It may require identifying some things EPA is currently doing now in each of these areas that could contribute to a dialogue, not just in Aus but other countries as well.

You should also seek a State/DOD brief on the destruction of coral reefs by the Chinese, more destruction in the past two years than in the history of man- which is also a good talking point when the Great Barrier Reef protection comes up Aus officials.

Matthew

On Jul 10, 2017, at 11:09 AM, Hupp, Millan wrote:

Thank you, Matthew. Will review these items with our team this morning and report back. Very much appreciate your efforts and look forward to catching up on next steps.

Millan

> Wanted to followup my previous communication.
>
> 1. Having thought thru various ideas I like the idea of going to Melbourne and meeting with the Labor Government of the Victorian Government. It allows the Administrator to say that he met both sides, and discussed issues. And they are doing very creative things and the Vic government is 'open for business' so many US companies in the high tech arena are making Melbourne their new corporate HQ home. Maybe we can identify a few of them to connect with the EPA Administrator.
>
> While climate change will not be on the agenda expect it come up and we need to be able to say that we 'agree to disagree' as good friends. I suggested to the Embassy that the Victorian Minister for Innovation and Trade (Philip Dalidakis) be included on their side since having him at the table would be good.
>
> 2. Had a long conversation with James Shea, the Embassy lead. He, Cosi (Minister Frydenberg office) and your Advance lead in the International Affairs office will be speaking Tuesday morning to coordinate. The Embassy was not aware of some of the potential

requests for meetings so this next call (which is weekly between the parties) should clarify that you, indeed, want to move forward with a formal request to see the Foreign Minister, Minister of Trade and Investment (Steven Chiobo), Prime Minister, and others.

3. The trip might have a theme related to environmental cooperation focused on the topic of innovation - one that both sides can rally around - since both countries are focused on innovation at a national level. And doing more with less requires being smarter and more strategic. Hence, it is useful for the EPA Adm and the Aus counterparts to learn about how each country thinks about protecting the environment in the context of smaller staffs and budgets. The US press has made it sound like less money equals less commitment so changing the dynamic would be useful. Using innovation is a bridge in this regard, and having several EPA activities in this area to put on the table would be useful. Some of the past EPA/NASA activities might qualify but my information is a little dated.

4. Great Barrier Reef and Tasmania I would agree at this point is a bridge too far for this visit.

Rick and I will attend and will be present but will not be listed as members of the delegation. Also, I will make all arrangements for us; we do not want to utilize any USG assets for our involvement. Friday/Sat/Sun when we arrive will be easy, but we will not likely participate in the official meetings.

Greetings from Marrakech. Sorry for the delay in followup. I am still collecting inputs from friends but wanted to give you some additional thoughts on scheduling.

I think it is important to play both offense and defense. Offense to move forward the Agenda from the Administrator and defense in terms of a 'risk mitigation' strategy to address in a proactive manner critics from whatever perspective. That is why I urge consideration of some type of deliverable - a Comminique, Statement of Principles, Memorandum of Understanding - something that codifies the goals and objectives of the trip but also the larger issues. This will blunt any criticism in the future and allows the Administrator for focus on the positive outcomes.

The trip will undoubtedly turn to issues where the Administration differs from the current Aus government - climate change is but one issue, but there is no reason not to have an informed and thoughtful discussion. It allows both parties to address critics, and to move on. With a document that can be readied - several paragraphs only - it would frame the meetings and the agenda that is being put together. That would, by definition, make some meetings more important and others less. For example, State of Victoria meetings might be more important if part of a Communique talked about future discussions on Federal vs State environment issues/deregulation etc. and the Administrator wanted to have a parallel dialogue between EPA and the States in the US.

You also asked about the initial days. Here is an update

Arrival Friday.

-- Since you will arrive around 6:30 am you will either need to get an early check in or have the booked the rooms the previous evening so that they are available. The Embassy will handle but just wanted you to be aware. Walking around Sydney Harbor, the Rocks (where the early boats came in with British prisoners arrived) is fascinating. You will need some down time, too. In the afternoon you might consider taking the ferry from Circular Quay to either the Zoo (15 min). There is a great Chinese/Asian rest, WOO about 7 min walk from the hotel. In fact, Circular Quay, Rocks etc are all within 3 blocks of the hotel so easy logistics. The best single book to understand the foundation and history of Aus is The Fatal Shores which gives the context of how and why the British would round up undesireables and send them to Aus for being petty criminals etc (and no London police force then)

-- Saturday : A morning water taxi ride from Circular Quay to The Boathouse for breakfast would be great. It is owned by the (former) Minister of Trade Andrew Robb, a good friend, and the breakfast food is special. With good weather you can sit outside at picnic tables with umbrellas and enjoy Saturday morning with locals. Also, you can take a15 minute ride to Bondi Beach from Circular Quay and walk as long as you want on a long and winding paved walking trail along the sea at a high level with runners, surfers etc and watch the surfers. I can send some photos if useful to visualize. Definitely a memorable experience. Dinner? Could be at a traditional German place in The Rock, if the Administrator likes German but I'll come up with other options. There are several along on the pier at Woogamalloo - steak, Indian, Chinese - first rate which is about a 7 min drive from the hotel.

-- Sunday: It would be nice to see if part of the schedule tied to Sydney Harbor clean up that is being proposed for Monday might be shifted even though it may be inconvenient for some. Otherwise, we might think of one or two individual meetings, and then a small CEO roundtable in the hotel in the

afternoon. Maybe a visit from the US Consul General to give an overview. I am getting specific suggestions on invitees etc.

I think it may be useful to meet someone in the Labor Party opposition, but will get informal guidance from Josh's office. Again, so the Administrator can say that he heard all sides on environmental issues.

I've received an updated/more detailed draft schedule from the Embassy but reminded them that I'm simply providing input to you and that all the normal decision-making processes and communications need to remain in place, and that my only role is to provide informal input and suggestions to decision-makers.

Would be pleased

Thanks Milan. Hello Morgan,

As requested, attached is a table with a sample program for the Council Session and venue/room needs. For this scoping visit, the first table is a good summary of needs.

The additional tables detail the set up and specific requirements that our Secretariat would look when they visit to secure a venue .

We are looking forward to our visit.

With Warm Regards,

Luis Troche

Senior Advisor for North American Affairs

CEC General Standing Committee

Office of Regional and Bilateral Affairs

Office of International and Tribal Affairs

Morgan,

It was so good to talk with you. Attached you will find the proposed agenda Luis has prepared for our scoping mission next week. Hopefully this will assist you all in preparing for our meeting on Wednesday, October 25th. We will be coming in the night before so a 9AM meeting would work well for us if at your convenience, you could kindly confirm on your end.

Those attending will be the following…

Mark Kasman – Director, Office of International and Tribal Affairs

Luis Troche – Senior Advisor for North American Affairs/ Serves on CEC General Standing Committee

Sarah Greenwalt – Senior Advisor to the Administrator for Water and Cross-Cutting Issues (she's a fellow

Okie!)

Myself

Luis – Morgan requested the reference table that you provided to Sarah and myself so that she may begin anticipating what our needs will be. Could you please share with her?

Looking forward to next week.

Thank you so much,

Millan Hupp

Hi Millan,

Email #2! This email is to introduce you to our Director of Communications, Amy Rider. A my's direct contact info is 703.375.0485 and ARider@sigma.org. If you can put her in contact with the appropriate folks on your staff, I'd appreciate it!

Amy oversees all of our communication and publications. She'll be the one to request press kits, approvals for any announcements and text, as well as overseeing our press relations before the meeting and onsite (She intends to address that topic with your communications/press team).

If I can weigh in on anything, do let me know. I will be staying on top of all of the SIGMA details from our end so that we're able to provide one comprehensive event profile for you as we confirm details.

Thanks again!

Best,

Liz.

Millan -

Hope you're well.

Just wanted to reach out as we've requested a meeting with our CEO, George Damiris (who you met last year here in Dallas), and the Administrator.

Our consultant pinged RJ about this but wanted to let you know in hopes we could get this arranged.

Please let me know if you have any questions and thanks for any assistance you can lend.

Also, I'm in DC about 2x a month and would enjoy catching up if you're free.

Thanks
Blake

Subject: Connecting you

Blake,

Good morning to you. Hope you're doing well. Introducing you to Tamara Cornell, copied here. She was the brilliance behind Pruitt's political team for some time and is now helping someone you may know in Oklahoma by the name of Matt Pinnell.

Matt is pursuing the Lt. Governor seat in Oklahoma and in doing so, has been spending some time with key folks. There is no shortage of complimentary things that I can say about both Matt and Tamara, so I thought to recommend HollyFrontier and yourself to them as folks that might enjoy the opportunity to spend time dialoguing with him.

Kindly let me know how I might help to further facilitate. Hope to catch up soon.

Warm regards,

Millan

Hi Becky,

It was nice talking with you by phone earlier this evening! I just tried you at your house number you gave me, but got the answering machine. I understand it's late so we can talk tomorrow, but I did want to get you this information as soon as possible.

As we discussed, we had some out-of-town travel surface that needs to happen around the time of this event. It is now looking like we will be out of town that week of Dec 11. As I know your folks will be booking flights very soon, we are hoping that we could move the date of this event. I sincerely apologize for the inconvenience that this causes but I'm hopeful that we can still make this a great event with strong involvement.

In offering other dates that would work for us, we could do Dec 4 mid-afternoon, Dec 5, Dec 6, or Dec 7 afternoon. Would any of those dates work for you?

Please let me know. We really appreciate you working with us on this and can't wait to address the group. Thank you for understanding!

Tate,

We're about to start our board meeting. If you need anything over the next hour text me.

Update on media attending. We have had a few others ask for credentials for tomorrow and this evening.

Confirmed:

Alex Stuckey

Houston Chronicle

Ernest Scheyder

Reuters News

Bryan Sims

Reuters News

Potentials:

Nathanial Gronewold

Houston Bureau Chief, E&E News

Harry R. Weber

Senior Natural Gas Writer

Bloomberg and Houston Public Radio are not attending.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to properly define as what “navigable waters” should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Neal,

Thank you for the time this afternoon. If it works for your folks, the format that allows the Administrator to offer remarks then for Mr. Staples or Mr. Tillman to moderate the Q&A would be great for us as well.

Jahan – pretty please confirm the below questions to be asked of the Administrator.

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

On Aug 18, 2017, at 6:51 PM, John Warner <Personal Email/Ex. 6> wrote:

Hi, Tate,

Everyone was so disappointed that Administrator Pruitt had to cancel his trip to CA this week. We do wish him a speedy recovery from his knee surgery. I know what that's like.

I wanted to make you aware that approximately 100 members of the four California Lincoln Clubs will be together in Washington DC, October 4, 5,6 for our biennial trip.

During this trip we schedule pretty much nonstop meetings and meal events with many of our most important government officials.

On behalf of the Lincoln Clubs of CA, I would like to extend a formal invitation to Scott to address the group, preferably at a meal time, breakfast, lunch or dinner. But we could easily schedule something anytime of day.

Again, we will be in DC all day Oct 4,5,6. (Tues, Wed, Thurs).

We hope Administrator Pruitt will have the time to visit with us.

Best Regards,

John Warner

President

Lincoln Club

Orange County CA

Mark Bloomfield and Drew Bond, copied here, are organizing the event. They are interested in inviting Congressional Democrats who we think would add to the discussion. The evenings are typically bipartisan events.

Could you provide them with some suggestions and/or set up a time to discuss with them based on topic?

Thank you!

Millan,

Sorry for late notice but State Rep. Travis Fitzwater would love just a couple minute to chat with Administrator Pruitt tomorrow. He was very supportive of the Pruitt confirmation and even sponsored a resolution in support that passed the Missouri House.

It's my understanding he's in Jefferson City in the morning. Would there be just a couple minutes for them to chat? Understand if not possible but I assured him I would ask.

Thank you. Have a great visit.

Tate,

We're about to start our board meeting. If you need anything over the next hour text me.

Update on media attending. We have had a few others ask for credentials for tomorrow and this evening.

Confirmed:

Alex Stuckey

Houston Chronicle

Ernest Scheyder

Reuters News

Bryan Sims

Reuters News

Potentials:

Nathanial Gronewold

Houston Bureau Chief, E&E News

Harry R. Weber

Senior Natural Gas Writer

Bloomberg and Houston Public Radio are not attending.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the "Waters of the United States" (WOTUS) rule you are working to properly define as what "navigable waters" should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Isam,

I can field that last question. We had initially discussed doing an MOU, however we were hesitant to draft anything that would overshadow or confuse the final environmental work plan that the governments are working on. Instead, we are considering a joint communique that would highlight the discussions. I have reviewed and made edits to the draft and the plan is to send this to the embassy by COB today.

Hi Millan,
I am sorry but I was in meetings all day yesterday. I believe there are some new updates from what I understood from Rick this morning.

We are looking into the setting up the meeting between Mr Terrab and Administrator Pruitt. Mr Terrab will most likely be in Marrakech that entire week.

Also, there was a discussion on a potential MoU being signed, could you let me know of this is this still on the agenda? If so we would need a draft or basic guidelines on what subjects it would cover to submit to Rabat.

Many thanks,

Isam

Thank you for your email message.

Promoting and protecting a strong and healthy environment is among the lifeblood priorities for the government. The U.S. Environmental Protection Agency is vital to that mission. I am proud to lead this agency, and I seek to listen and learn as we address the issues we face as a nation.

I believe we can grow our economy and harvest the resources we are blessed with while also being good stewards of the air, land and water by which we have been favored.

Together with the dedicated public servants at the EPA and our state partners across this great country, we can and will achieve clean air and water and strong economic growth and job creation. I hope you will visit www.epa.gov to learn more about our work and to follow our progress.

My staff will follow up in response to your email as necessary and appropriate.

Respectfully yours,

E. Scott Pruitt

EPA Administrator

Original email sent June 6, 2017 and contained this information:

Honorable Scott Pruitt

Administrator, Environmental Protection Agency

1101A

1200 Pennsylvania Ave, N.W.

Washington, DC 20460

Dear Administrator Pruitt:

The 20th annual Electric Power conference and exhibition takes place in Nashville, Tenn., from March 19-23. On behalf of the conference planning committee, we are pleased to invite you to offer keynote remarks to our delegates on Wednesday, March 22.

Our conference considers all forms of electric power generation---fossil, nuclear, and renewables—and in 2018 it will focus on the rise of natural gas as a fuel source and the impact that rise is having on other forms of generation. Of keen interest to our audience is both the promulgation and enforcement of environmental rules that impact electric power generation.

Your remarks on these themes would be particularly timely and useful for our delegates and exhibitors.

Conference attendees include the men and women who work in electric power generating stations all around the country. They include control room operators, IT specialists, environmental control engineers, and fleet managers, along with technology and equipment suppliers, and related disciplines.

We estimate our 20th anniversary attendance to be at least 3,500. Here is a link to the conference site: http://2018.electricpowerexpo.com/

We look forward to hearing from you and hope that you will accept out invitation to join us in Nashville on March 21.

Good here! Strongest array of state leaders thus far slated for one of our state Capital meetings. Nice!

I would say for the Capital meeting you don't need Utilities Reg Commission or IDEM unless your boss wants to raise other topics following the WOTUS discussion (totally fine).

Is the Starkey Farm meeting indoors? Who will MC? I'll follow up with some other logistical and format questions tomorrow.

WOTUS Roundtable at Starkey's Farm:

- Administrator Pruitt
- Governor Holcomb
- Lieutenant Governor Crouch (also Indiana's Secretary of Agriculture)
- Mike Starkey, owner, Starkey Farm
- Ron Turco, Purdue University Department of Agronomy
- Justin Schneider, Lead Water Quality Policy Director, Indiana Farm Bureau
- Randy Kron, President, Indiana Farm Bureau
- Jane Stevens, President & CEO, Indiana Soybean and Corn Organizations
- Jordan Seger, Indiana Department of Agriculture
- Jane Hardisty, Indiana State Conservationist, USDA Natural Resources Conservation Science
- Jennifer Boyle Warner, Executive Director, Indiana Soil & Water Conservation Districts
- Bruno Pigott, Commissioner, Indiana Department of Environmental Management
- Ted McKinney, Director, Indiana Department of Agriculture
- Martha Clark Mettler, Indiana Department of Environmental Management
- Julia Wickard, Indiana Department of Environmental Management

Hi Hayley,

Thank you so much. This time and location will work out great. Please confirm us for 4:45 pm

ET on Tuesday, 10/2, at EPA Headquarters to meet with Administrator Pruitt. Attending with AG Paxton will be the following staff members:

Michael Toth, Special Counsel

Marc Rylander, Communications Director

JB Skees, Executive Assistant/Travel Assistant

Please let me know if you need further information. Thank you again for your assistance!

Kind regards,

Sarah Burgess

Sarah,

Can we plan for 4:45PM at EPA Headquarters? We are located at 1200 Pennsylvania Ave NW. I will have someone send further arrival details as the date approaches.

Will anyone else be attending with AG Paxton?

Thank you!

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

September 12
2pm
EPA Administrator Pruitt's Office
Attendees: Gary Knell, CEO National Geographic , Claire Jones (Vice President, Strategic Communications
National Geographic Society) , Jessica Garrison , Phil Anderson (principal of Navigators Global and advisor to National Geographic)

Hi guys. This is the form I filled out for the September 12 meeting. Although the sept 14 salon dinner has been postponed and as we've discussed before Mr. Knell hopes to maintain this appointment as a way to meet Administrator Pruitt and develop a relationship. Mr. Knell has a strong desire to be supportive to the Administrator on behalf of National

Geographic. The salon dinner was postponed to Q1 of 2018 so that the Board of Directors for National Geographic can attend the event. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from visits to their San Francisco office while he was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over he Hoover Dam project while also President of Bechtel. Amazing 119 year old family business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-founder of AOL. Very good board.

Subject: Re: Connecting

I'm back July 14, and we will need to have an ongoing dialogue with the team to move the ball forward. Probably a call once or twice a week if you guys think appropriate.

I've been in direct contact with the Minister in Aus, and will be speaking with his

senior staffer (Cosi) who is the lead from their side on Monday night. Also, Jim Carouso, the Charge at the US Emb in Canberra is a close personal friend and would likely have good inputs, but I want to wait a bit before I contact him. But by next week you should have all the inputs and can decide how best to proceed.

Also, I believe that there will be a large CODEL in the country at the same time. Will try to get some more granularity - R and D from the Senate, across committee jurisdictions.

Just let me know if a sitdown would be useful. Or another call.

Thanks Rick for putting the call together. Look forward to continuing the dialogue.

One initial step would be to get a better sense of the current US Australian environmental agreements that are currently in place and whether they should be changed or updated or canceled and replaced

with others. It would also be relatively easy to put together a joint advisory task force on environmental issues thus creating a new mechanism for ongoing discussions.

I spoke with my friends at US Pacific Fleet Command and they have numerous environmental and maritime issues they would be interested in furthering.

To: Matthew Freedman <mfreedman@globalimpact-inc.com>

Hi Matthew
I've been talking with the team here and I what I'd like to suggest is that the IPA hold a two-hour roundtable/meeting/seminar with Scott in either Sydney or Melbourne - whichever is more convenient.

The participants would be as follows:

Professor Peter Ridd from James Cook University. He is professor at the

university's College of Science and Engineering and he's written extensively about the scientific method and public policy. You might care to pass on this article to Scott's team as an example of Peter's arguments - http://www.onlineopinion.com.au/view.asp?article=11455

Dr Jennifer Marohasy who is a Senior Fellow at the Institute of Public Affairs and the editor of a new book 'Climate Change: The Facts 2017'. Jennifer is Australia's authority of temperature and climate variability.

Dr John Abbot from the University of Tasmania who is researching the use of technology in science policy development

Professor Suri Ratnapla from the University of Queensland. He is a professor of law and an authority on environmental rule-making and federal/state relations.

Professor Aynsley Kellow - Professor of Politics and Policy at the University of Tasmania - author of many works on science and public policy.

All of these people are excellent and I know Scott and his team would learn a great deal from a discussion with them.

Other people who I'd suggest Scott should consider meeting would include Maurice Newman, the former chair of the prime minister's business advisory council, Dr Gary Branks formerly of the Productivity Commission, and Henry Ergas the writer and consultant if Henry happened to be in Australia at the time. I can get you all of these people's details.
I've spoken to Brendan Pearson at the Minerals Council and he mentioned that he's working with the Embassy.

I'm very happy to help in any way possible.
kind regards John

Tate,

We're about to start our board meeting. If you need anything over the next hour text me.

Update on media attending. We have had a few others ask for credentials for tomorrow and this evening.

Confirmed:

Alex Stuckey

Houston Chronicle

Ernest Scheyder

Reuters News

Bryan Sims

Reuters News

Potentials:

Nathanial Gronewold

Houston Bureau Chief, E&E News

Harry R. Weber

Senior Natural Gas Writer

Bloomberg and Houston Public Radio are not attending.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to properly define as what “navigable waters” should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Hi Millan,
I am sorry but I was in meetings all day yesterday. I believe there are some new updates from what I understood from Rick this morning.

We are looking into the setting up the meeting between Mr Terrab and Administrator Pruitt. Mr Terrab will most likely be in Marrakech that entire week.

Also, there was a discussion on a potential MoU being signed, could you let me know of this is this still on the agenda? If so we would need a draft or basic guidelines on what subjects it would cover to submit to Rabat.

Many thanks,

Isam

Cheryl,

My colleague gave me your email as someone I might follow up with to insure that the invitation below is on the prospective calendar for Director Pruitt.

I understand this may be early for confirmation but I just like to follow up to make sure it was received.

Also I sent a hard copy a while back but the date was wrong so this has the updated information.

Please let me know if there is any news on this invitation or if I should be following up with someone else.

All the best!

Subject: Your Message to EPA Administrator E. Scott Pruitt

Thank you for your email message.

Promoting and protecting a strong and healthy environment is among the lifeblood priorities for the government. The U.S. Environmental Protection Agency is vital to that mission. I am proud to lead this agency, and I seek to listen and learn as we address the issues we face as a nation.

I believe we can grow our economy and harvest the resources we are blessed with while also being good stewards of the air, land and water by which we have been favored.

Together with the dedicated public servants at the EPA and our state partners across this great country, we can and will achieve clean air and water and strong economic growth and job creation. I hope you will visit www.epa.gov to learn more about our work and to follow our progress.

My staff will follow up in response to your email as necessary and appropriate.

Respectfully yours,

E. Scott Pruitt

EPA Administrator

Original email sent June 6, 2017 and contained this information:

Honorable Scott Pruitt

Administrator, Environmental Protection Agency

1101A

1200 Pennsylvania Ave, N.W.

Washington, DC 20460

Dear Administrator Pruitt:

The 20th annual Electric Power conference and exhibition takes place in Nashville, Tenn., from March 19-23. On behalf of the conference planning committee, we are pleased to invite you to offer keynote remarks to our delegates on Wednesday, March 22.

Our conference considers all forms of electric power generation---fossil, nuclear, and renewables—and in 2018 it will focus on the rise of natural gas as a fuel source and the impact that rise is having on other forms of generation. Of keen interest to our audience is both the promulgation and enforcement of environmental rules that impact electric power generation.

Your remarks on these themes would be particularly timely and useful for our delegates and exhibitors.

Conference attendees include the men and women who work in electric power generating stations all around the country. They include control room operators, IT specialists, environmental control engineers, and fleet managers, along with technology and equipment suppliers, and related disciplines.

We estimate our 20th anniversary attendance to be at least 3,500. Here is a link to the conference site: http://2018.electricpowerexpo.com/

We look forward to hearing from you and hope that you will accept out invitation to join us in Nashville on March 21.

Ralf,

Thank you so much for following up. He definitely wants to participate here. If lunch on June 21st is still available then that will work for us!

I apologize that it took us this long to get you an answer.

Millan

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar

is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

ATT00001.txt

Sydney and Mandy:

Thanks much for your quick follow-up. We should be able to share with you a list of May 4th anticipated ICAC participants and company affiliation by no later than COB Tuesday (2st). We are currently working on substantive slides, which we can use as handouts for EPA staff. Also, we will plan to have tent cards for all our folks so it will be easier for the Administrator or staff to associate ICAC members/companies with particular remarks.

I look forward to following up with Millan and Cheryl accordingly and I urge all folks on your end to alert me, or Haley Armstrong who I've copied above, on how we can make this effort as user friendly as possible for your staff between now and the May 5th meeting.

Hi Michael,

We are looking forward to next week's meeting. I've cc'd Sydney who can answer your questions. We do have a draft agenda and list of all ICAC members (which I believe came from you). It would be helpful to have a list of the companies that will be in attendance. On questions, the Administrator tends to ask questions all throughout the presentations, but it will be good to set aside time for Q&A.

I'm not sure on our technical capabilities, so I'll let Sydney fill in on that.

Best,

Mandy

Subject: Question on ICAC's Meeting with Administrator Pruitt on May 4

Mandy:

As I'm sure you know, next Thursday (May 4th) we are bringing the Institute of Clean Air Companies down to meet with Administrator Pruitt. This is the morning after you speak to the group on May 3. One of the primary purposes of the May 4th meeting with the Administrator is for folks on our side of the table to provide a substantive overview and update on air pollution measurement and control technologies. Chris Hessler of our firm initially worked with Ryan to schedule this briefing and subsequently had a brief call with Sydney Hupp to discuss the need to move the briefing time on May 4th from 9:00-10:30 AM up to 8:00-9:30 AM, which we accommodated.

Since we're less than a week out and we'll be jammed up on May 2-3 with the first two days of the ICAC Washington Summit, I'm hoping to connect up with the appropriate staff in your shop to talk thru the logistics of the May 4th briefing session: "Will you need individual and/or company names in advance, will we be able to use slides, overall format, desired level of Q&A, etc." We certainly want the Administrator and any EPA staff in the room to find the meeting of significant value and it would be helpful in achieving that intent if I could connect briefly by phone with someone in your shop to compare notes.

FYI—I left a VM at 8:30 this morning for Sydney. Am sending this your way in case you could pass this along to Sydney or whomever I need to connect up with to make sure ICAC makes this meeting as substantively valuable as possible for your shop.

Best regards and very much look forward to seeing you on May 3rd.

Michael

Subject: Meeting in Colorado- Brewing OR Debacle
Oregon Documents proof of actions of State Government.pdf

Hi Milan,

It was good meeting you in Colorado at the Heritage event where Administrator Pruitt delivered inspired remarks. After briefing you and Administrator Pruitt, albeit in a highly abbreviated nature, I wanted to send along what the company (Entek International) was able to FOIA from the state of Oregon (attached).

This piece was also published last month breaking down some of the key facts of this case:

http://www.oregonlive.com/opinion/index.ssf/2017/04/state_agenciesunfair_targeting.html

I know the company has had a conversation with Samantha Dravis in recent weeks. We feel strongly we need to connect as many key decision makers to this story as possible given the Governor's office's strong desire to go after Entek for political reasons (masked behind good faith environmental regulation).

Please let us know how we can engage with your office further on this impending example of government overreach (and even criminal conspiracy….the attached docs portray quite a coercive and damaging scheme).

Thanks,

Matt

P.S. I also wanted to forward along a report that my organization- OpenTheBooks- compiled regarding the EPA spending practices. When Administrator Pruitt addressed the Manhattan

Institute Board last week I know it was mentioned.

COMMUNICATIONS PLAN

Situation analysis

Entek's Lebanon facility produces microporous plastic sheets used as lead acid and lithium ion battery separators. The company uses trichloroethylene, commonly called TCE, as a solvent in its manufacturing process. TCE is associated with cancer and non-cancer health effects. Recently, as part of the Cleaner Air Oregon regulatory overhaul, OHA and DEQ drafted new short-term guideline concentrations for air toxics (SGCs). As part of this process, the agencies became aware of recent EPA and ATSDR guidance on short-term health effects of TCE exposure – including links to heart malformation in infants. – infant rats would be accurate.

EPA's National Air Toxics Assessment modeling data indicates Entek's trichloroethylene emissions potentially exceed 12-month health levels for health risk. Based on those findings, DEQ requested refined modeling that shows potential exceedance of short- and long-term risk levels. DEQ intends to deploy air monitors to gain actual TCE concentration data. – define

DEQ will determine further steps based on the findings of that analysis. Additional factors:

- Entek is currently in compliance with its air permit.
- Entek is not currently subject to any National Emission Standard to control trichloroethylene emissions.
- Entek is voluntarily adding additional emission controls. Entek captures some trichloroethylene emissions with a carbon bed control system and has taken other steps to reduce fugitive emissions.
- Entek is in compliance with Oregon OSHA standards for TCE, which are not aligned with more recent EPA and ATSDR short-term reference guidance.

Goals:

- **Explain possible health risks**: Inform neighbors, Entek employees, local officials and members of the broader community, including nearby schools and a veterans home, about potential health effects of TCE emissions at Entek.
- **Demonstrate agency actions:** Show how OHA and DEQ are taking action to gather information about possible exposure and reduce any potential risks, within current federal and state rules. – how?
    - **Address concerns about regulatory gaps:** Pivot to Cleaner Air Oregon regulatory overhaul in response to questions about gaps in current rules. Link timing to CAO rule-making process.
- **Build community trust and support through transparency:** Provide transparent, timely and culturally competent information.

Strategies:

- **Direct communication to people most affected:**
    - Communicate directly to employees and neighbors through letters and meetings.

17cv01906 Sierra Club v. EPA ED_001523B_00000109-00001

- Use "what we know, what we don't know, what we're doing about it" framework.
- Provide information in plain language. Identify and engage non-English speaking communities.

- **Regular reporting/web site:** Establish platform for timely, accurate and reliable information.
- **Leverage earned media to educate public and demonstrate agency action:** Proactively engage local and regional media.
- **Close communication with local elected officials and legislators:** Keep state and local leaders informed at each stage of the process.

Tone: Factual, responsive, non-defensive.

Audiences:

Audience	Values/concerns	Communications objectives	Pathways
Entek employees	Personal/family health Jobs	Explain health risks Explain regulatory decisions	Letters Meetings Email Local media Social media
Neighbors	Personal/family health Agencies are taking appropriate action Impact on local economy	Explain health risks Explain agency actions	Letters Meetings Local media Social media
Entek management	Impact on production Impact on cost/competitiveness Liability Reputation	Understand health risks Promote cooperation Explain regulatory decisions	Meetings Direct communication
Wider Lebanon community	Personal/family health (esp. ground water exposure) Agencies are taking appropriate action Impact on local economy	Explain health risks Explain agency actions	Meetings Local media Social media
Legislators/local officials	Constituent concerns Impact on economy Agencies are taking appropriate action	Explain regulatory decisions Demonstrate responsiveness to community and company	Meetings Direct communication Media
AOI/OBA	Impact on business Agencies are taking appropriate action Precedent/CAO	Explain regulatory decisions Demonstrate collaboration with company (as appropriate)	Meetings Direct communication Media

Message Map

Core message:

State health experts and **environmental regulators** are **taking action** to assess possible health risks for neighbors and employees from TCE. TCE is a chemical used at Entek, a major regional employer, which is operating legally under permit. **State health experts know** that **elevated levels of TCE can pose health risks** to people, especially for pregnant women and newborns. Health experts **don't know** if levels of emissions from Entek are putting people at risk but recent computer models show it is possible. Regulators are testing the air near Entek to find out. State agencies will **take action to reduce any risks to** Entek workers and neighbors.

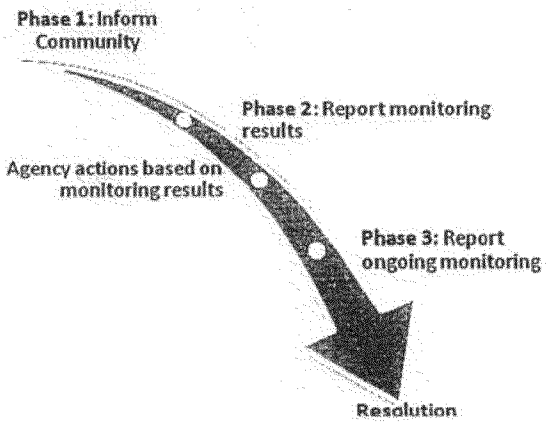
Elevated levels of TCE can cause health effects.	**State agencies are taking action to reduce risks to workers and neighbors.**	**State agencies will keep workers and neighbors informed every step of the way.**	• **Current rules are technology-based. They are not based on health standards, but Cleaner Air Oregon regulatory reforms will be health-based.**
Supporting message • Evolving scientific research tells us that **elevated levels of TCE can pose health risks** • EPA and ATSDR: short-term exposure linked to fetal heart risks. • Long-term risk: Kidney cancer.	Supporting message • Computer modeling shows Entek emissions are potentially above levels of concern. • State agencies are deploying air monitors to determine if workers and neighbors have been exposed to unhealthy levels of TCE. • Agencies are working with Entek to assess and address potential risks.	Supporting message • Attend community meeting. • We will post air monitoring results online. • We have established an information line to answer questions • We will conduct a public health assessment if indicated by air monitoring results.	Supporting message • Entek is in compliance with its permit and current OSHA standards. • Current rules are technology-based. They are not based on health standards. • Current rules do not address short-term exposures. • Through Cleaner Air Oregon, agencies are overhauling Oregon's air toxics regulations to better protect human health

Deflators:

How do we know Entek's TCE emissions pose health risks? Entek is well below OHSA standards.	Recent studies and EPA guidance point to serious health risks for pregnant women and infants from TCE exposure. Oregon's current rules do not take into account health effects from short-term exposure. We are acting out an abundance of caution to ensure workers and neighbors are safe.
Why didn't agencies act sooner?	Agencies are overhauling Oregon's air toxics regulations to better protect human health. As part of that process, health experts looked at short-term risks from pollutants such as TCE. Computer models showed a potential risk to Entek neighbors. Now we are deploying air monitors to get better information.
Entek is in compliance – why are agencies taking these actions?	Agencies have a responsibility to take action to protect public health and worker safety. We are working with Entek to gain better data.

Agencies are monitoring in the community, but not inside the facility.	OSHA is working with Entek to strengthen protections for workers, including increased availability of voluntary protective devices.

Holding statement



The following message is to be used to respond to any potential questions from media prior to April 10:

State environmental quality regulators and health experts have been reviewing health risk thresholds for hundreds of air toxics as part of the Cleaner Air Oregon regulatory reform. As part of this process, we reviewed computer models of emissions at Entek. The next step is to set up air monitors to gather data from the vicinity of the facility. At this time, we do not know if there are elevated levels of emissions from the facility that would pose risks to people. We look forward to sharing information about monitoring plans and the air quality data we collect. State agencies and local public health officials will announce meetings with community members and Entek employees next week, as soon as logistics are finalized.

Tactics

At this stage, we expect a 3-phase process to resolve the questions about potential health risks for Lebanon residents due to TCE exposure. There may be additional phases, depending on what monitoring tells us. We do not know how long each of these phases may last.

Reducing risk and community concern

Phase	Tactic	Objective	Date	Owner

Convene Public Health Assessment Advisory Committee	Engage community	TBD	OHA

Tools/artifacts

- News release
- Talking points for Entek meeting
- Talking points for legislators/local leaders
- Talking points for community meeting
- Talking points for businesses
- Physician guidance
- Fact sheet for community (including translation)
- Fact sheet for Entek employees
- Web page for providing updates and reporting air monitoring results
- Information line (need language support)
- Timeline

Legal/program requirements

The facility's air permit is currently in the renewal process. DEQ will provide public comment on that permit and follow applicable legal and program requirements.

Agency roles

The communications effort will need to involve multiple agencies and explain varying standards and risk levels:

- As an environmental agency, DEQ regulates emissions from the facility
- OHA is charged with protecting human health and uses health-based standards.
- OSHA regulates worker safety

- OSHA regulatory levels are significantly higher the other regulatory health based standards.
- Linn County Public Health Department is the local public health agency.

Metrics

Strategy	Measure
Direct communication	Reach Meeting participation Tone
Regular reporting	Engagement with social posts Website visits
Earned media	Proactive coverage in local media: focus on agency actions Message pull-through Tone No editorials

Notes: Maria Escobar-Sinn, OHA HSPR

Agenda Item

Situation Overview – Gabriela Goldfarb & Dave Belyea

- Oregon uses the federal guidelines for pollution controls for industrial sources of air toxics. Current hazardous air pollutant standards are based off the technology being used rather than toxic air emissions actually being emitted from a facility. Cleaner Air Oregon will restructure regulation to align with health impacts from emissions in the future.
- As part of Cleaner Air OR, a DEQ toxicologist shared a Human Exposure Model report from the EPA. Entek facility in Lebanon, OR was reported to have very high levels of trichloroethylene (TCE). Entek has been regulated for a long time due to this chemical's impact on smog, and has taken steps over the past 30 years to reduce emissions of TCE.
- In 2011, the EPA determined through rat studies that TCE can contribute to an increased risk of fetal heart malformation as well as other possible health impacts.
- Women of child-bearing age are top concern for this health risk.
- Susanna Wegner – primary evidence is in rats with limited evidence in people. Reference concentration of 2.1 is also relevant for immune effects with chronic exposure.

- DEQ took the high level screening information from EPA and has done more refined modeling that identifies emission levels, while modeled at lower levels that the EPA screening model, are still above the reference concentration where there may be short term health risks, indicating a need to place air monitors at and near the facility.

Environmental Health Update

- Background – Karen White-Fallon
  - Facility operates 24 hours a day with 2, 12-hour shifts of workers.
  - Facility makes battery separator material and TCE is released in the manufacturing process.
  - When doors are opened during the extrusion process, these gases escape as fugitive emissions.
  - Gabriela, OHA –. EPA and ATSDR both landed on same numbers that OHA and DEQ are using in identifying this newly understood short term health risk.
- TCE has been banned in aerosol applications by the EPA, which is likely to be brought up during this process even though the process Entek is using is not covered by this ban.
- Investigation Needs
  - DEQ lab has put together a sampling and analysis plan to place air monitors at the facility to collect data on actual emissions.
  - DEQ is working to set up a meeting with Entek leadership for next week.

Communications

- Current status – Jamie Bash
  - Need to prioritize notifying the community, particularly since women who are pregnant could be affected.
  - Community of Lebanon came to OHA requesting a cancer risk assessment in 2009 due to TCE in groundwater. Case was very high-profile with legislators involved, so it will be important for those involved in the response to be aware and sensitive to that history.
    - Of the chemicals assessed including TCE, most came back with no apparent PH hazard. Some intermediate hazards for possible exposure through vapor intrusion.
    - Report sites community highly concerned with effects to children, so that should also be addressed.
  - Robb has been working with Katherine Benanati, DEQ, on a communications plan. Jonathan already has draft news release.
    - Priority of the communication plan is to provide information to the community and the employees of the facility surrounding potential health risks and effects, what we are doing to reduce risks, and what we are doing to gather additional info.
    - These chemical levels are not regulated under current law, so we will be highlighting the Cleaner Air OR work to close these regulatory gaps moving forward.
    - Press release will announce a community meeting to be scheduled in early/mid April. Date TBD.

- Aaron, OSHA states talking points for workers are in production. While enforcement cannot occur, focus will be on education and outreach. Would be helpful to see draft press release and timeline.
- Dave wants to ensure that the meeting with the company happens April 1-5, prior to community meeting.
- Question raised regarding need for retrospective epi to look into elevated birth defects, etc. in the area. Because the rarity of these conditions and the small population, in conjunction with limitations to data compilation it is not enough to accurately track or be statistically significant.
- 3 meetings will need to be planned: 1 with Entek management, 1 with Entek employees, and 1 with the community
  - Entek is giving dates of April 10th or 12th. Group feels that is too far out and we will attempt to work toward an earlier date, even if all managers cannot attend. OHA and OSHA representation requested.
  - Week of the 10th would work well for Lillian, PHD Director and Richard, DEQ Director to attend a community meeting.
  - If community meeting and company meeting can occur on the same day, it would be ideal.
  - Claudia suggests we may get pushback from Entek if we attempt to shut down production for a meeting with employees. Karen states only about 6 out of 100 employees are women who would be of highest priority.
  - Akiko suggests requesting that the company put out an email or other communication to their employees at the management meeting and scheduling the employee meeting for the week of the 10th.
- No dates for air monitoring yet.
  - Communications will go out prior to monitors put out due to size of community and the need for transparency prior to people noticing the monitoring.

- Risk Comm tools needs
- Spokesperson calendar
  - Jamie is out Thurs/Fri, and Tony is out for the weekend. Will work today to get Robb Cowie set up to take over communications Thursday.
  - Katrina Hedberg or Richard Leman will be the spokesperson/technical expert.

Gaps and Next Steps

- IMT – group is in agreement that IMT should be activated.
  - OR-OSHA: Aaron gone 4/3-11, reach out to Lisa Morawski and Mark Peterson for OSHA in his absence. Chris Ottoson and Dan Cain are available for the meetings.
  - DEQ Leah Feldon, Dave Belyea, Claudia Davis, Katherine Benenati, Karen White-Fallon.
  - Kari Christiansen, OHA EPH for OHA – lead on community and employee meeting planning.
- Leadership updates – to follow.
- Planning meeting for the following day to plan meetings and communications.

Reports/Q&A

Next Meeting – Thursday, March 30th 1300 – 1430	
Contact Information: Public Health Duty Officer 971-246-1789 / php.duty-officer@state.or.us	

HSPR

Planning – Lebanon Environmental Health Issue

March 30th, 2017
1300 - 1430
PSOB AOC 425

Conference Line: Non-responsive Conference Code/Ex.6
Participant Access Code: Non-responsive Conference Code/Ex.6

Notes

Attendance

In the room: Jere High, Magali Blanco, Curtis Cude, DeWayne Hatcher, Jennifer Graham, Dana Drumm, Gabriela Goldfarb, Susana Wegner, Kari Christiansen, Richard Leman, Katrina Hedberg, Matt Gilman, Rob Cowie,

On the phone: Dave Belyea, Katherine Benenati, Claudia Davis, Karen White-Fallon, Leah Feldon, Dan Cain, Aaron Corvin, Haleigh Leslie, Chris Ottoson, Shannon O'Fallon

Situation Overview Summary – Jere High, OHA

- Human Exposure model by EPA revealed possible short term health risks
- Entek has been a long-regulated facility, is currently in compliance.
- Cleaner Air Oregon work will help close regulatory gaps.
- DEQ gathered additional data, performed a more refined model and the model identifies emission levels above the reference value. DEQ has proposed an air monitoring plan.
- Air monitoring needed to verify actual emissions, plan in development.
- Three meetings required in advance of air monitoring: with company, workers, and community.
- Today: Further plan meetings and communications plan

Meeting Planning – All

Entek management meeting

- April 6, 1:30PM at the facility
- Representatives to be present:
  - DEQ – Leah Feldon, David Belyea, Karen White-Fallon,
  - OHA – Lillian Shirley, David Farrer
  - DOJ – tbd
  - OR-OSHA – Michael Wood
  - Entek – company president, general counsel, Tom Wood (attorney), 1 other representative

Needs prior to the meeting:

- Coordinated messaging – subcommittee to meet

- Gabriela Goldfarb, Rob Cowie, Dave Belyea, Leah Feldon, Katherine Benenati, Michael Wood, Aaron Corvin

Entek company meeting objectives for April 6th:

- Convey health information
- Convey modeling results

Subject: Enter - Air Permit Renewal
Date: Friday, January 20, 2017 5:36:33 PM

Jason and Lauri: Every three years, EPA prepares a list of facilities and estimated emissions of air toxics know as NATA (the National Air Toxics Assessment). The purpose of NATA is to serve as a high level screening tool for state/tribal and local governments to prioritize their work on controlling pollutants and to identify locations of interest for further study. We are in the midst of the latest NATA update and EPA has recently shared some of its draft estimates with Oregon.

At the same time, the science on the health risks (cancer and non-cancer) from air pollutants is continuing to be refined. One area in particular where refinement has occurred is with regard to the volatile organic compound TCE (trichloroethylene). TCE is used as a solvent (historically in many dry cleaning operations) in degreasing metal. More recent federal agency actions have lowered levels for recommended exposure limits.

Entek is a manufacturer of components for batteries, including lithium-ion batteries. From the outset, DEQ has included conditions in Entek's air permits addressing TCE emissions, and the company has worked to reduce emissions over time. Entek's air permit is up for renewal and at the same time EPA's preliminary NATA data have raised some concerns that levels of TCE emissions may pose health risks.

DEQ and OHA are working together to: (1) refine our information about actual (as opposed to estimated) emissions of TCE; and (2) refine our information about locations around the facility where people *may* have a risk of exposure to TCE at levels exceeding those recommended by EPA and ATSDR. We are evaluating whether this situation warrants the placement of an air monitor, and (if so) where a monitor would best be placed to confirm exposures. At this time, we do not have information that demonstrates any imminent or substantial risk to public health, but the agencies are making it a priority to further evaluate the situation. In any event, this concern will be fully addressed in the context of Entek's air permit renewal. In the meantime, if you have questions or concerns, please do not hesitate to contact me or Lynne.

I am re-pasting the statement here so it is on top and adding Richard. I am good with this with a couple minor edits I've added. Thanks all

Joint agency statement about air monitoring near Entek International
The Oregon Department of Environmental Quality and the Oregon Health Authority are gathering information about air quality near Entek International in Lebanon. DEQ and OHA officials met with company representatives today to discuss next steps in determining whether air around the facility contains increased levels of trichloroethylene (TCE). State scientists are examining results of EPA models that show the air may contain TCE concentrations that could pose health risks and have requested additional information from the company to help them with their review of the modeling data. This process is still in the early stages, as DEQ and OHA gather and analyze additional, more refined data that will help them determine next steps, which could include placing air monitors around the facility in locations based on the modeling data; air monitoring can help state officials find out how much TCE is in the air and if it poses any risk to neighbors. Itâ€™s important to note that Entek is in compliance with its current air quality permit, issued by DEQ, and with current federal and state occupational health and safety requirements.

> Joint agency statement about air monitoring near Entek International
> The Oregon Department of Environmental Quality and the Oregon Health Authority are working together to gather information about air quality near Entek International in Lebanon. DEQ and OHA officials met with company representatives today to discuss next steps in determining whether air around the facility contains increased levels of trichloroethylene (TCE), a solvent the company uses in its manufacturing process. Toxicologists at the state agencies are studying EPA computer models that show the air may contain TCE concentrations that could pose health risks and will place air monitors in areas of potential concern in the coming weeks. This process is still in the early stages, as both agencies continue to gather and analyze additional, more refined modeling data that will help them determine precisely where the air monitors should be placed. Air monitoring will help state officials find out how much TCE is in the air and if it poses any risk to neighbors. Itâ€™s important to note that Entek is in compliance with its current air quality permit. The company also is in compliance with current federal and state occupational health and safety requirements. Entek officials have provided information to state regulators to help them with their review of the modeling data. The Oregon Department of Environmental Quality (DEQ) and the Oregon Health Authority (OHA) will share any information about air monitoring plans and post air quality data: https://urldefense.proofpoint.com/v2/url?u=http-3A__www.oregon.gov_DEQ_pages_index.aspx&d=DwMFAg&c=7gilq_oJKU2hnacFUWFTaYqhHQ1HTRstgx6WoATdXo&r=uSrcqmbNyYd0nGhrYEVYTo3FFRFPS-HvcTO3cnckfRppphv4-8b0CKgX1GC4LjODhz&m=flRq7mqPn_mRr5Gmwt7_Bp6Id5ca2mYg7hp9Oscgl&s=GzK4s65PcndUavds4k3ufGUhhMJHatE9eEGRx_ILw4&e=

I am good as well. However, want to clarify whether we are contemplating this as a media release, or as a statement in the event we are contacted by media. Thanks

Richard

Subject: ENTEK Emissions
Date: Friday, April 07, 2017 11:25:07 AM

Just an FYI –

In case you hear about it in the media this weekend:

ENTEK of Lebanon manufactures and sells lead-acid separators, lithium-ion separators, extruders, etc. Mary Camarata filled me in this morning that DEQ has detected high levels of TCE, tetra chloro ethylene emissions. She believes media knows and that we'll be hearing about it soon. DEQ is working with the company.

Just an FYI –

In case you hear about it in the media this weekend:

ENTEK of Lebanon manufactures and sells lead-acid separators, lithium-ion separators, extruders, etc. Mary Camarata filled me in this morning that DEQ has detected high levels of TCE, tetra chloro ethylene emissions. She believes media knows and that we'll be hearing about it soon. DEQ is working with the company.

Reporter's Name and Phone Number: Rob Davis, 503.294.7657

Topic Discussed:

Rob Davis sent the following email:

"Richard, Jennifer — writing on deadline about the injunction vs DEQ on the Entek case in Linn County. Wanted to give you all a chance to weigh in if you want to. Also want to be sure that the injunction is still in place and that the court took no action in the hearing that was scheduled this a.m. Please let me know soonest — thanks."

He wrote back and said he got what he needed and did not need to talk to us. We aren't able to speak about this matter right now.

He contacted OHA as well.

Via OHA, Rob Davis requested a log of all public records **requests received by OHA or the Cleaner Air Oregon program** since 1/1/17. We'll ask Rob to submit the request electronically. We'll likely give him the entire log of requests since 1/1/17.

When I called Rob back about his PRR. He asked me, in general if the agency has ever received a TRO in its history. He didn't specify a company. I told him I've only been here a short time and wasn't aware of a history TROs.

Briefing Memo

Attorney Client privileged and confidential

Subject:	Briefing by OHA, DEQ, and OSHA on Lebanon air quality and health risk assessment.
Date:	4/5/17 for 4:00 PM briefing in GCR.
This Memo Prepared By:	Jason Miner
Preparer's Cell:	503-580-2228
Copies:	GKB, Ben Soude, Elana Pirtle-Guiney, Victoria Demchak, Gina Zejdlik

---

At 4:00 you will be briefed by DEQ, OHA, and Oregon OSHA on an emerging air quality and health risk. The briefing will include the technical information, a timeline for action, and a public communication/engagement plan.

Tomorrow, on Thursday April 6th DEQ, OHA, and Oregon OSHA will meet with Entek in Lebanon to discuss health risks. Entek's Lebanon facility produces microporous plastic sheets used as lead acid and lithium ion battery separators. The company uses trichloroethylene, commonly called TCE, as a solvent in its manufacturing process. TCE is associated with cancer and non-cancer health effects. Recently, as part of the Cleaner Air Oregon regulatory overhaul, OHA and DEQ reviewed health exposure data and reference guidance for TCE from EPA and ATSDR. As part of this process, the agencies became aware of evolving science related to health effects of TCE exposure – including links to heart malformation in infants.

EPA's preliminary human exposure modeling data indicates Entek's trichloroethylene emissions potentially exceed 12-month health levels for health risk. Based on those findings, DEQ requested refined modeling that shows potential exceedance of short- and long-term risk levels.

This is an internal communication and may be confidential. Portions of this document are advisory in nature and may be exempt from public disclosure pursuant to ORS 192.502(1).

OHA works collaboratively with county health departments and briefed Linn County's health department this week. On Monday April 10th, the agencies intend to issue an invitation to a public meeting on April 13th to discuss these risks.

DEQ intends to deploy air monitors to gain actual TCE concentration data and will be briefing the company about the additional air monitors on April 6th. DEQ will determine further steps based on the findings of that analysis.

Though there are presumed and modeled health risks, Entek is currently in compliance with its air permit and it is not currently subject to any National Emission Standard to control trichloroethylene emissions. In addition, Entek is in compliance with Oregon OSHA standards for TCE, which are not aligned with more recent EPA and Agency for Toxic Substances and Disease Registry short-term reference guidance. The company has been working with DEQ and OHA and is voluntarily adding additional emission controls.

The agencies have established the following statement as well as communication goals and strategies.

Agency Statement:
State environmental quality regulators and health experts have been reviewing health risk thresholds for hundreds of air toxics as part of the Cleaner Air Oregon regulatory reform. As part of this process, we reviewed human health data from EPA and computer models of TCE emissions at Entek. The next step is to set up air monitors to gather data from the vicinity of the facility. At this time, we do not know if there are elevated levels of emissions from the facility that would pose risks to people. We look forward to sharing information about monitoring plans and the air quality data we collect. State agencies and local public health officials will announce meetings with community members and Entek employees next week, as soon as logistics are finalized.

Communications Goals:

- **Explain possible health risks**: Inform neighbors, Entek employees, local officials and members of the broader community, including nearby schools and a veterans home, about potential health effects of TCE emissions at Entek.
- **Demonstrate agency actions**: Show how OHA and DEQ are taking action to gather information about possible exposure and reduce any potential risks, within current federal and state rules.
    - **Address concerns about regulatory gaps**: Discuss Cleaner Air Oregon regulatory overhaul in response to questions about gaps in current rules.
- **Build community trust and support through transparency:** Provide transparent, timely and culturally competent information.

This is an internal communication and may be confidential. Portions of this document are advisory in nature and may be exempt from public disclosure pursuant to ORS 192.502(1).

Communications Strategies:

- **Direct communication to people most affected:** Communicate directly to employees and neighbors through letters and meetings. Provide information in plain language. Identify and engage non-English speaking communities.
- **Regular reporting/web site:** Establish platform for timely, accurate and reliable information.
- **Leverage earned media to educate public and demonstrate agency action:** Proactively engage local and regional media.
- **Close communication with local elected officials and legislators:** Keep state and local leaders informed at each stage of the process.

This is an internal communication and may be confidential. Portions of this document are advisory in nature and may be exempt from public disclosure pursuant to ORS 192.502(1).

Briefing Memo

Subject:	Lebanon
Date:	4/6/17
This Memo Prepared By:	Jason Miner
Preparer's Cell:	503-580-2228
Copies:	**Ben Soude, Gina Zejdlik**

On 4/3/17 DEQ's Deputy Director conveyed a request from the Chair of the Linn County Commission to meet with the Governor and agency directors about an emerging air quality and human health risk assessment issue in Lebanon, OR. The purpose of the meeting request was unclear and in order to better understand the issue, an initial briefing for the Governor's office was scheduled for 4/5/17. My understanding of the purpose of the County Chair's meeting request is as follows.

DEQ, OHA, and OSHA briefed the Governor's office on recent history of modelling and monitoring data associated with a company in Lebanon that uses Trichloroethylene (TCE) in its manufacturing process. The company (Entek) is one of two battery separating companies in the United States.

In January, the DEQ had received from the EPA preliminary modelling information from routinely gathered air quality data that indicated there might be levels of TCE that pose a risk to human health. DEQ conducted refined modelling in February and March that continued to raise concerns about TCE levels. In order to assess the validity of the modelling, DEQ proposed putting air quality monitors in a variety of locations around the facility. DEQ, OHA, and OSHA scheduled a meeting with the company for April 6th in part to discuss this.

On March 31st, OHA met with their local partner, the Linn County health department, to brief them on the issue. The Oregon Health Authority and county health agencies public health partners have an IGA by which public health is delivered locally. It is part of

This is an internal communication and may be confidential. Portions of this document are advisory in nature and may be exempt from public disclosure pursuant to ORS 192.502(1).

standard protocol to engage county health partners when there are health issues in their jurisdiction.

From that briefing, the local health administrator reported the desire to place air monitors to the County Administrator. The County Administrator spoke with the Chair of the Board of Commissioners, and the County Chair made a request through the County Administrator to meet with the Governor and agency directors. The agencies offered to have the Public Health Director and DEQ Deputy Director, who would be meeting with the Company on April 6th, meet with the Board of Commissioners immediately after the meeting with the company, but the County Chair. That offer was declined and the County Chair indicated he wanted to meet with the Governor and agency directors.

The County also conveyed that the Board of Commissioners would meet in executive session on the morning of Thursday April 6th to discuss DEQ, OHA, and ASHA health monitoring. Members of the media are often present in County Commission executive sessions.

In order to be aware of both the meeting request by the Linn County Chair, and in order to be aware of any media arising from the County Commission meeting or the Agency meeting with the Company on April 6th, I felt it was important you have this information.

I expect we'll have 25 - 50 SALLT alumni for this event Scott, and we are hoping to intersect with you while in DC like we did with James last time. Our first thought is to have you meet our group at our hotel for breakfast on Friday Dec 8, but if that isn't optimal for you, we'd work with you for other opportunities. The museum actually has a lot of neat stuff taking place for us - including the Broadway musical production of "Amazing Grace" in the museum theater on Thursday night. Heck, you might want to come with us!

Anyway, I'm tossing this out way in advance and will work with whomever you want. These are your people my friend and we would love to have you share your SALLTy heart & thoughts as you feel led. I've no doubt they would deeply appreciate you sharing with them.

Thanks Scott, please let me know your thoughts or send someone my way to work details.

God bless!

Wes

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

AMERICAN COUNCIL FOR CAPITAL FORMATION

ACCF | Center For Policy Research
AMERICAN COUNCIL FOR CAPITAL FORMATION

ACCF Economic Policy Evening with EPA Administrator Scott Pruitt

The ACCF and ACCF Center for Policy Research will host its 230th Salon evening with EPA Administrator Scott Pruitt on **Tuesday, December 12 at the Florida House on Capitol Hill** (1 Second Street, NE). The topic will be "EPA's Agenda Today."

The evening will consist of **two parts: a roundtable discussion from 6:30 pm to 8:00 pm and a dinner conversation from 8:00 pm to 9:15 pm.** Administrator Scott Pruitt will be with us for the roundtable discussion and help lead our discussion. At dinner, we will shift to a Congressional perspective with participating Senators and Congr essmen being our discussion leaders. Please see Washington's Last Salon for more specifics and background and Bipartisan Congressional Testimonials on our Salon evenings.

What makes our Salon evenings unique is we have a non -partisan conversation on public policy challenges with policy -makers, opinion shapers, and the b usiness community. This year, we hosted Salons with Energy Secretary Rick Perry on "Accelerating Energy Innovation in America," with Democratic and Republican Members of the House Ways & Means and Finance Committees on "Tax Reform in 2017," with Congressional leaders on "Improving the Regulatory System," with the Mexican Ambassador on "Renegotiating NAFTA," and with Republican and Democratic Members of Congress of all persuasion on "President Trump's Economic Agenda."

Our Salons typically include a bipartisan selection of five Members of Congress, five prominent journalists, editorialists and reporters, and twenty to thirty business executives from companies and trade associations. Note, these Evenings are off-the-record and we have never had a leak in the prior 229 Salons.

We have the following journalists attending: Amy Harder, one of the best energy reporters, now at Axios; Lisa Friedman, who covers energy issues for the *New York Times*; and Tim Puko, *Wall Street Journal*'s new, smart, young energy reporter. Ethan Zindler, the head of research for North America at Bloomberg just confirmed he will be with us, as well. We're currently recruiting our Members of Congress, experts on environmental policy, and business participants.

Please do not hesitate to let Mark Bloomfield know if you have questions or suggestions for our 230th gathering of "Washington's Last Salo n." Mark can be reached by email at mbloomfield@accf.org, or via his cell at 202-246-1479.

I'm back July 14, and we will need to have an ongoing dialogue with the team to move the ball forward. Probably a call once or twice a week if you guys think appropriate.

I've been in direct contact with the Minister in Aus, and will be speaking with his senior staffer (Cosi) who is the lead from their side on Monday night. Also, Jim Carouso, the Charge at the US Emb in Canberra is a close personal friend and would likely have good inputs, but I want to wait a bit before I contact him. But by next week you should have all the inputs and can decide how best to proceed.

Also, I believe that there will be a large CODEL in the country at the same time. Will try to get some more granularity - R and D from the Senate, across committee jurisdictions.

Just let me know if a sitdown would be useful. Or another call.

Thanks Rick for putting the call together. Look forward to continuing the dialogue.

One initial step would be to get a better sense of the current US Australian environmental agreements that are currently in place and whether they should be changed or updated or canceled and replaced with others. It would also be relatively easy to put together a joint advisory task force on environmental issues thus creating a new mechanism for ongoing discussions.

I spoke with my friends at US Pacific Fleet Command and they have numerous environmental and maritime issues they would be interested in furthering.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at Personal Phone/Ex. 6. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Subject: SIGMA Invitation - Administrator Scott Pruitt

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Maddy and Millan,

I understand there's still a possibility the Administrator may be able to join us at our event on Friday, October 20th. Is this accurate?

As you likely know, Texas has worked very closely with the EPA during the ongoing storm and aftermath. The help of the EPA has been instrumental to many of our member companies and their operations. The timing of our event and the attendance of the Administrator would be a perfect time to express our appreciation.

As a reminder, we do still have some availability on our agenda during our dinner the evening of Thursday, October 19th but Friday, October 20th would be ideal.

Thank you,

Neal Carlton

Maddy:

Just to add to this, with every industry sector actively participating in this event, we do think it would be greatly beneficial to both the Administrator's goals for the Agency and industry if he is able to make it to the event. Let us know if we need to work on anything to make this possible.

Thank you!

Hi Maddy,

Attached is the completed speaking request form as well as the formal invitation letter. I noted on the event form that a significant portion of TXOGA's Board will be attending this event and I have attached our current Board roster.

Please do not hesitate to contact me with any questions and thank you for your consideration.

Best Regards,

Neal Carlton

Subject: FW: [External] Join us for the 2017 TXOGA Lone Star Energy Forum

Thank you, Jayme and Maddy.

I am forwarding the form to Neal Carlton, TXOGA's Director of Membership, and have cc'd Mari Ruckel, our VP for Government Affairs, and Kristen Fuchs. Neal will ensure the form is completed and returned today. We previously sent a letter with all the details and I suggest Neal attach with this document of yours.

TXOGA is the state's oldest and largest trade association representing every facet of oil and gas including upstream, midstream and downstream. All sectors would benefit greatly from Administrator Pruitt being able to attend and are hopeful it aligns with his schedule. Our nation's largest operators will be in attendance along with smaller regional and Texas companies. It is really a good mix and is an important gathering worthy of the Administrator's time.

We are needing to finalize our agenda for printing purposes. Do you think it possible we could get a decision this week?

This is the largest of our annual events and really the best one to attend. Should the Administrator need a different venue, we can certainly arrange one to fit his schedule and build attendance associated with it but this one is the most prominent.

Thanks for your consideration.

Hi Becky,

It was nice talking with you by phone earlier this evening! I just tried you at your house number you gave me, but got the answering machine. I understand it's late so we can talk tomorrow, but I did want to get you this information as soon as possible.

As we discussed, we had some out-of-town travel surface that needs to happen around the time of this event. It is now looking like we will be out of town that week of Dec 11. As I know your folks will be booking flights very soon, we are hoping that we could move the date of this event. I sincerely apologize for the inconvenience that this causes but I'm hopeful that we can still make this a great event with strong involvement.

In offering other dates that would work for us, we could do Dec 4 mid-afternoon, Dec 5, Dec 6, or Dec 7 afternoon. Would any of those dates work for you?

Please let me know. We really appreciate you working with us on this and can't wait to address the group. Thank you for understanding!

Good here! Strongest array of state leaders thus far slated for one of our state Capital meetings. Nice!

I would say for the Capital meeting you don't need Utilities Reg Commission or IDEM unless your boss wants to raise other topics following the WOTUS discussion (totally fine).

Is the Starkey Farm meeting indoors? Who will MC? I'll follow up with some other logistical and format questions tomorrow.

Hi all,

Quick question. What time is he to address the board on the 17th?

Thanks!

Hi Millan,

The phone number we will use is Non-responsive Conference Code/Ex.6 and the participant code is Non-responsive Conference Code/Ex.6

This all sounds like great news to us.

Ralf or I will get back to you with more information as it becomes available.

Have a great weekend.

Best,

Taisha

11:30 should work well. Would you mind to kindly send a call in number?

Also, looks like May 17th is good on our end. So, he will address the board on May 17 and address the lunch on June 21.

Thanks Ralf!

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Ralf,

Yes, everything was perfect with the request form. The Administrator very much wants to participate here so we are just working on determining the best date.

Dean - it is a pleasure to meet you via email. This sounds like a wonderful opportunity. It is very kind of you all to want to include him! Would you be willing to share what questions you would have of him for this video, who all will be seeing it, and when you would like to do the filming?

Thank you very much,

Millan

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

CGI Pruitt Request FINAL[1].pdf

Hey Sydney and Millan

Attached is one of the completed meeting request forms for Administrator Pruitt that we discussed. The request is for CGI, a group that I represent here in Oklahoma. They would like to meet in DC.

CGI is currently one of the prime vendors to EPA and has been focused on EPA's information technology modernization. They would like to bring in the US President of CGI, who is from Oklahoma, the Federal CGI President, and the VP of CGI who was the CIO at EPA under President Bush.

Thank you so much for all your help and offer of assistance. It would be great if the folks from CGI could get some time with Scott in DC.

Please let me know if you need anything else from my end.

Meeting Request Form for Administrator Scott Pruitt

Today's Date: April 27, 2017

Requesting Office: CGI Federal (EPA's 2nd largest Information Technology Contractor)

Title of the Meeting: CGI Federal Executive Dialogue

Purpose: Creating Efficiencies, Reducing Regulatory Burden Thru Information Technology

Role of the Administrator: Attend, No prep

Background: CGI is one of the largest IT and business process services companies in the world with 68,000 employees focused on high-end business and IT consulting, systems integration, application development and maintenance and infrastructure management. Commercially, CGI is a partner to all oil and gas majors globally, providing services across the value chain, including exploration and production, refining, supply and distribution and B2B/B2C retail. CGI also built and implemented 12 of the 18 central market energy clearing houses in the world today. Its US Federal Government unit performs about $1.2 billion annually.

CGI's role at EPA has focused on reducing cost and decreasing the administrative burden through IT modernization, leading to results such as 90% reduction in reporting time and a 68% reduction in yearly costs for data collections. Focus areas include the use of shared services via the EPA Central Data Exchange to support state filing automation, streamlining industry submissions, supporting secure/streamlined TSCA data collection, and implementing EPA's hazardous waste e-Manifest system. CGI has been a contractor at EPA for 40+ years.

Last possible date for the meeting: May 31, 2017

Requested Time Length: 30-45 minutes

Is the meeting urgent and if so why?: Impacts EPA Reform Agenda

EPA Staff (Required):

EPA Staff (Optional): Ryan Jackson, Byron Brown

External Participants: Dave Henderson (CGI US President and Oklahoma native); Tim Hurlebaus (CGI Federal President); Molly O'Neill (CGI VP and EPA CIO for Pres. George W. Bush)

Teleconference Required?: No

Video Conference Required?: N / A

Point of Contact for the Meeting: Scott Adkins (Broken Arrow, OK) O: 918-250-1940; C: 918-633-2044

Subject: Follow-Up Items for Administrator Pruitt

Hello Millan,

Thank you so much for your time today on our call. Here are the follow-up items we discussed:

1. The program director is working on an overview of the talk he is giving now and I will

pass it along to you as soon as I have it

2. As mentioned on the call, both the Administrator and Rep. Jim Jordan will be speaking during the dinner program

3. Our complete program agenda can be found here: https://www.rb2017.org/index/agenda

4. Mr. Meese will not be in attendance this year

5. We will send you the list of guests as his table as soon as we confirm them

The items you will send me once you have them available:

1. The names and hotel dates of the Administrator's staff

2. The confirmed date/time of the walk through with his advance team

3. Additional item: can you please have all staff attending Resource Bank with the Administrator register using this link by COB tomorrow: https://www.rb2017.org/index/begin?reg_type_id=9717

Let me know if you have any additional questions or concerns. Thank you!

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to

propose a date/time that works best.

Kind regards,

Sarah Burgess

Subject: RE: Speaker request form for Administrator Pruitt from WGA

Hello Joe,

I'm happy to let you know that Administrator Pruitt would like to accept your invitation to speak at the Western Governor's Association Winter Meeting. In looking at the agenda, I had a few questions regarding the best time for him to speak. I see that the keynote is 3:30-4PM on that Friday. Ideally, we would like to get him on a flight mid-afternoon that day for his next event. Could you provide a little more information about the agenda and the possibility of him delivering his remarks at potentially the breakfast or lunch that day instead? We understand and want his address to be a "keynote" setting, but just need a little more information on if there is flexibility and what you would recommend.

He will also absolutely want to take advantage of the private meeting time with Governors as well. I will have our Intergovernmental group reach out to the POC to set those up once we determine his speaking time.

Thank you and I look forwarding to hearing from you!

Subject: Speaker request form for Administrator Pruitt from WGA

Hayley: Greetings from the Western Governors' Association. I manage communications for WGA and handle agenda development for our meetings.

Thank you for considering our request to have Administrator Pruitt deliver a keynote at the 2017 WGA Winter Meeting, Dec. 1-2 at the Arizona Biltmore. As noted in the attached Speaker Request form, we would welcome the Administrator's participation on either day. The attached agenda shows the public meeting schedule and also notes when the Governors are available for private sidebar meetings with the Administrator, should he seek one-on-ones.

The nonpartisan, collegial spirit of WGA meetings has consistently provided an opportunity for collaborative and productive discussions between Cabinet members and Governors on Western policy issues. It would be our honor to continue that tradition with Administrator Pruitt.

Please let me know what other information you need or questions that you have.

Hello James,

Thank you for extending the invitation to the Administrator. We'd be happy to consider this request. Would you mind completing the attached speaking request form? This will help us to capture useful information. We have a scheduling meeting on Friday so if you could complete before then, I will be able to bring it to the scheduling team and provide you with an update soon after.

Thank you and we appreciate the opportunity!

M: Here are some more details for the IPA activity. Very strong group for the Administrator. I would support a 2 hour event given the level of the folks, and the substance to be covered. Can either do Sydney or Melbourne whichever is best on the schedule. Wanted you to have this before your call tomor.

Matthew

To: Matthew Freedman <mfreedman@globalimpact-inc.com>

Hi Matthew
I've been talking with the team here and I what I'd like to suggest is that the IPA hold a two-hour roundtable/meeting/seminar with Scott in either Sydney or Melbourne - whichever is more convenient.

The participants would be as follows:

Professor Peter Ridd from James Cook University. He is professor at the university's College of Science and Engineering and he's written extensively about the scientific method and public policy. You might care to pass on this article to Scott's team as an example of Peter's arguments - http://www.onlineopinion.com.au/view.asp?article=11455

Dr Jennifer Marohasy who is a Senior Fellow at the Institute of Public Affairs and the editor of a new book 'Climate Change: The Facts 2017'. Jennifer is Australia's authority of temperature and climate variability.

Dr John Abbot from the University of Tasmania who is researching the use of technology in science policy development

Professor Suri Ratnapla from the University of Queensland. He is a professor of law and an authority on environmental rule-making and federal/state relations.

Professor Aynsley Kellow - Professor of Politics and Policy at the University of Tasmania - author of many works on science and public policy.

All of these people are excellent and I know Scott and his team would learn a great deal from a discussion with them.

Other people who I'd suggest Scott should consider meeting would include Maurice Newman, the former chair of the prime minister's business advisory council, Dr Gary Branks formerly of the Productivity Commission, and Henry Ergas the writer and consultant if Henry happened to be in Australia at the time. I can get you all of these people's details.
I've spoken to Brendan Pearson at the Minerals Council and he mentioned that he's working with the Embassy.

I'm very happy to help in any way possible.
kind regards John

Hi Becky,

It was nice talking with you by phone earlier this evening! I just tried you at your house number you gave me, but got the answering machine. I understand it's late so we can talk tomorrow, but I did want to get you this information as soon as possible.

As we discussed, we had some out-of-town travel surface that needs to happen around the time of this event. It is now looking like we will be out of town that week of Dec 11. As I know your folks will be booking flights very soon, we are hoping that we could move the date of this event. I sincerely apologize for the inconvenience that this causes but I'm hopeful that we can still make this a great event with strong involvement.

In offering other dates that would work for us, we could do Dec 4 mid-afternoon, Dec 5, Dec 6, or Dec 7 afternoon. Would any of those dates work for you?

Please let me know. We really appreciate you working with us on this and can't wait to address the group. Thank you for understanding!

Good here! Strongest array of state leaders thus far slated for one of our state Capital meetings. Nice!

I would say for the Capital meeting you don't need Utilities Reg Commission or IDEM unless your boss wants to raise other topics following the WOTUS discussion (totally fine).

Is the Starkey Farm meeting indoors? Who will MC? I'll follow up with some other logistical and format questions tomorrow.

Subject: RE: Question on ICAC's Meeting with Administrator Pruitt on May 4

Hi Michael,

We are looking forward to next week's meeting. I've cc'd Sydney who can answer your questions. We do have a draft agenda and list of all ICAC members (which I believe came from you). It would be helpful to have a list of the companies that will be in attendance. On questions, the Administrator tends to ask questions all throughout the presentations, but it will be good to set aside time for Q&A.

I'm not sure on our technical capabilities, so I'll let Sydney fill in on that.

Best,

Mandy

Subject: Question on ICAC's Meeting with Administrator Pruitt on May 4

Mandy:

As I'm sure you know, next Thursday (May 4th) we are bringing the Institute of Clean Air Companies down to meet with Administrator Pruitt. This is the morning after you speak to the group on May 3. One of the primary purposes of the May 4th meeting with the Administrator is for folks on our side of the table to provide a substantive overview and update on air pollution measurement and control technologies. Chris Hessler of our firm initially worked with Ryan to schedule this briefing and subsequently had a brief call with Sydney Hupp to discuss the need to move the briefing time on May 4th from 9:00-10:30 AM up to 8:00-9:30 AM, which we accommodated.

Since we're less than a week out and we'll be jammed up on May 2-3 with the first two days of the ICAC Washington Summit, I'm hoping to connect up with the appropriate staff in your shop to talk thru the logistics of the May 4th briefing session: "Will you need individual and/or company names in advance, will we be able to use slides, overall format, desired level of Q&A, etc." We certainly want the Administrator and any EPA staff in the room to find the meeting of significant value and it would be helpful in achieving that intent if I could connect briefly by phone with someone in your shop to compare notes.

FYI—I left a VM at 8:30 this morning for Sydney. Am sending this your way in case you could pass this along to Sydney or whomever I need to connect up with to make sure ICAC makes this meeting as substantively valuable as possible for your shop.

Best regards and very much look forward to seeing you on May 3rd.

Subject: Meeting Request

Millan—

Great to meet you last week at our meeting between DEPA and Mr. Pruitt at the Capitol Hill Club. As I mentioned, CIPA will be hosting its own call-up of our members May 10-11. We would welcome an opportunity to meet Mr. Pruitt in his office (or any other location convenient to him) to discuss California-specific EPA issues with the Administrator, particularly the Underground Injection Control Program (UIC). We typically have about 20 participants each year, but we can also send a smaller contingent to the meeting if desired. Anytime on Wednesday 5/10 or Thursday 5/11 works for us. Also, if it is more convenient, we are hosting a dinner at the Palm Restaurant Wednesday night at 6:30.

Please let me know if Mr. Pruitt is available to meet. Thanks again for all your help and we look forward to seeing you again next month.

Best,

Rock Zierman

Subject: Info Needed for Lunch at The White House, Sept. 26th

Gentlemen,

Please see the email below and provide the information to Hayley Ford as soon as possible. I learned the hard way at the swearing in that the info has to be perfect, so double check your

spelling and numbers…just sayin'…

Carlyn, be sure to include David's information also.

Jerry, are you in? If so, let us know and then send the information below to Hayley Ford.

I'll keep you posted on dinner plans for Sept. 25th.

Thanks,

Charlie

Hayley,

Attendees will be Charlie Polston, Carlyn Mattox, David Mattox, Bob Wagoner, and (maybe) Jerry Dillon.

Please confirm that you already received my information.

Thanks,

Charlie

Charlie,

I am so sorry as I know I owe you a call. Hayley – could you please secure reservations at the Mess on September 26 for 6 people at 12PM?

We do not yet have a location for dinner on the 25th so please standby on that one.

We would still need to keep our original meeting with the prayer team at 930AM.

Lunch will have to be at 12 as they only seat the dining room twice a day (at 12 and 1) but that should give you plenty of time. ☺ What we will need from each of you will be the following, please.

Full Name

SS#

DOB

City, State (as it is listed on your driver's license)

Finally, as I know there will be 5 – 6 of you, your group will need to meet him at the White House as only one may ride with him over there. The easiest way to do this is to hop in a cab/uber and request that it take you to the White House guard gate located at 17th & State. From there you will present the guard with your driver's license and he will wave you through. Once through, you will walk straight until you hit a 2nd guard gate (will be on your left). That gate will direct you to the Mess. Once in the Mess, you will simply let the host know that you are there to dine with the Administrator and they will direct you to his table.

Hope this is helpful! We will check back in to confirm next week.

Thank you!

SNPS 17 - Agenda - v4 - Public.pdf
SNPS 17 - ALEC - VIP Speaker Form.pdf

Hi Hayley –

Thanks so much for reaching out and letting me know! As we like to save our keynote speakers for the end of our program, we currently have him slotted for the 1:20 PM – 1:50 PM portion of the program. The **Friday Lunch Session** will start at 12:30 PM on **December 8**. We recommend he arrive at the **Broadway Ballroom (A – F)** of the Omni Nashville at **12:15 PM** to run through any details of the program.

I have attached a few items for our meeting that I hope you find helpful. Also, I have listed a few questions below that will help me in planning for his attendance. Can you please answer these ASAP? Attached is our speaker form if that is easier for you or your team. If needed, I am happy to hop on a call to chat through these details.

Information Needed:

1. Contact for Day-of-Event?
2. Will he need transportation to the hotel? If so, please provide flight information.
3. Will he need to stay overnight at the Omni Nashville? If so, please provide his arrival and departure dates.
4. For the program, would you like our team to come up with questions for Cleta and Administrator Pruitt?

Items attached:

- Omni Nashville Floor Plan
- Speaker Topic Information – "Fun Facts" about ALEC
- ALEC Agenda

ALEC Staff CC'd: (best way of contact is through email)

- Bill Meierling - ALEC Speech and Media Contact

I have also cc'd our Director of Security, Jeff Lathan (Personal Email/Ex. 6). He will be in touch to help with any security needs there might be. Please feel free to contact Jeff Lathan (Personal Phone/Ex. 6) when he arrives onsite at the Omni Nashville. My cell is (Personal Phone/Ex. 6) if needed.

If you have any additional questions, please let me know. Happy to help!

Best,

Courtney

Hi Lincoln –

This is wonderful! We are so excited to confirm and have him address our attendees on Friday at our lunch session!

I would like to include his headshot and bio in our on-site materials. As we are starting the production of these next week, are you ok with me pulling these from your website? As we spoke about, this will be the only promotion for his attendance.

For the fireside chat, our team is brainstorming a good moderator for this and I will be in touch with information on this. I have attached our speaker logistics form. If you could have someone fill this out and return it to me when the information is available, that would be very helpful. I am also happy to connect our security teams to work on any security logistics.

Thank you again! This is a great way to end the week! If there is anything you need from me,

please let me know. Happy to hep!

Best,

Courtney

Phillips 66 R&D Discussion/Tour with EPA Administrator Scott Pruitt

Wednesday, July 26th

PRESENTER LOCATION TIME (MIN)

PART 1: Meeting and Discussion (1:30 p.m-2:30 p.m.)

1. Phillips 66 Research Center (*) Safety & Site Merl Lindstrom VP, Technology 262 RF 10

2. Research Program Overview

In support of our corporate mission of providing energy and improving lives, R&D conducts research for four purposes.

- *Use sound science to support future environmental regulations.*
- *Develop / identify cost effective solutions for compliance with current air/water/fuel regulations.*
- *Optimize operations in refining and mid-stream to increase safety, reliability, performance and commercial agility.*
- *Develop / evaluate new lines of business to provide commercially viable alternative energy solutions that meet future regulatory requirements and societal demands and provides new business opportunities for Phillips 66.*

a) Biofuels / Cellulosic 10

Review research results and commercial viability of biofuels from a variety of feedstock including animal, vegetable/oil seed and cellulosic materials.

b) Environmental 15

- Basic research to support rule making process

  Water and air research to extend current understanding of chemical, biological and environmental mechanisms leading to particulate matter formation from volatile organic compounds; the role of background ozone in Ozone NAAQS; nutrient impact on algae growth and water aerosols leading to particulate matter.

- Water

  Research that enables reductions in water use, use of lower-quality water, and compliance with present and future discharge regulations including heavy metal levels and nutrients.

- Air

  Extending the understanding of origin, transport and transformation of VOCs, particulate matter, and ozone by utilizing experimental and modeling techniques.

c) Alternative Energy

- Organic Photovoltaics (OPV)
  Development of OPV technology based on environmentally friendly, carbon-derived polymers. Properties of OPVs are being improved through the design, synthesis and testing of advanced polymers with high thermal stability and photon efficiency.

- Solid Oxide Fuel Cells (SOFC)
  Development of solid oxide fuel cell technology for production of electrical power directly from natural gas. Research focuses on improving materials, fuel cell performance, and stack design for longer lifetime and lower cost.

- Energy Storage
  Energy storage is, at its core, capturing usable energy at one point in time for use at another time, particularly when it is needed most and/or more valuable. Unlike any other asset on the grid, energy storage can play multiple roles, acting as both load (consumer) and capacity (generator) depending on whether it is absorbing excess generation or feeding back into the grid. Storage technologies based on batteries (particularly Lithium Ion) are growing rapidly, offering a greater degree of flexibility, especially related to incorporation of greater amounts of renewable electricity into the power mix.

d) Refining and fuels optimization 10

How Phillips 66 Technology leverages its legacy, world class facilities and people to optimize refining and fuels production for improved cost and efficiency as well as anticipating the types of fuels needed in the future.

Optional Additional Topics (10 minutes each)

1. Octane for CAFÉ improvements
   In order to achieve higher fuel economy, new engine designs need higher octane. Phillips 66 is doing research to meet this greater octane need.

2. Ethanol blend models (octane boost/vapor pressure)
   Blending ethanol into hydrocarbon fuels is not straight forward. There are ways to maximize the boost in octane from ethanol and minimize the increase in vapor pressure.

3. Enable maximum shale crude processing
   Shale crudes are lighter in API compared to our historical crude diet and highly variable. Phillips 66 Technology is developing options to increase our flexibility to maximize shale crude use when economically viable.

PART 2: Facility Site Tour (2:30 p.m. – 3:30 p.m.)

1. Environmental
   a) Water ProgramDavid Ingram PL327 15
   b) Air ProgramSourabh Pansare PL341 15

2. Alternative Energy
   a) Organic Photovoltaics
      Kathy Woody CPL 128 15
   b) Solid Oxide Fuel Cells
      Randy Heald CPL137 15

Subject: Lists for Wednesday

Guys…. Here are the lists our folks put together for the two meetings on Wednesday. Thoughts? Does this reflect your vision for this?

Morning Meeting in the Governor's office

- Administrator Pruitt
- Governor Holcomb
- Lieutenant Governor Crouch (also Indiana's Secretary of Agriculture)
- Bruno Pigott, Commissioner, Indiana Department of Environmental Management
- Cam Clark, Director, Indiana Department of Natural Resources
- Ted McKinney, Director, Indiana Department of Agriculture
- Jim Atterholt, Chairman, Indiana Utilities Regulatory Commission
- Curtis Hill, Indiana Attorney General

WOTUS Roundtable at Starkey's Farm:

- Administrator Pruitt
- Governor Holcomb
- Lieutenant Governor Crouch (also Indiana's Secretary of Agriculture)
- Mike Starkey, owner, Starkey Farm
- Ron Turco, Purdue University Department of Agronomy
- Justin Schneider, Lead Water Quality Policy Director, Indiana Farm Bureau
- Randy Kron, President, Indiana Farm Bureau

- Jane Stevens, President & CEO, Indiana Soybean and Corn Organizations

- Jordan Seger, Indiana Department of Agriculture

- Jane Hardisty, Indiana State Conservationist, USDA Natural Resources Conservation Science

- Jennifer Boyle Warner, Executive Director, Indiana Soil & Water Conservation Districts

- Bruno Pigott, Commissioner, Indiana Department of Environmental Management

- Ted McKinney, Director, Indiana Department of Agriculture

- Martha Clark Mettler, Indiana Department of Environmental Management

- Julia Wickard, Indiana Department of Environmental Management

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

5:10 would be great and can we can play it by ear. Anytime between 5 - 6:30 would be wonderful. Zinke is schedule to speak at a reception later that night so won't be on the agenda. We are shooting for Rubio and Pruitt but don't have order confirmed particularly considering that Irma is the focus in Florida. We look forward to working with you to help make this happen. Great opportunity for all.

From: Hallowell, Jennifer L.
Sent: Friday, June 23, 2017 1:57 PM
To: Hupp, Sydney
Subject: Scheduling request from the Association of Chamber of Commerce Executives

Sydney,

Good afternoon! You may recall I was put in touch with you by Cam Savage. Our last request didn't work out but I'm reaching out now in a different capacity.

I'm contacting you on behalf of The Association of Chamber of Commerce Executives with a request for Administrator Pruitt to speak to their annual convention in Nashville, Tennessee, July 16-18.

(I've included all the necessary details on the Scheduling Request Form attached to this email.)

The Association of Chamber of Commerce Executives would like to invite the Administrator to speak and exchange ideas with Chamber of Commerce

presidents who serve on the Board of Directors and Metro Cities Council during the ACCE annual convention. The 2017 Convention is being held at the Nashville Music City Center in downtown Nashville. It is expected to be the largest gathering of North American chambers of commerce in 20 years.

ACCE is the professional organization of chambers and their professional staffs. With a membership of more than 6,000 from more than 1,000 communities, the ACCE members reflect main street America, as well as metropolitan, regions and states. The collective memberships of ACCE's chambers exceeds 900,000 businesses, ranging from small retail shops to Fortune 100 companies. Because of the depth and breadth of its membership, few groups have a deeper insight into America's business communities and local economies than ACCE.

Within the ACCE, the Metro Cities Council subgroup has a membership limited to chief executives of chambers in cities with 500,000 or more in population. The Board of Directors, in turn, includes many of these regional entities, but also true activists of all sizes in the chamber movement. Because of the stature of your office and the complex policies you are addressing, this combined audience of 75-100 influential leaders is ideal for delivering your messages and garnering insights from "the field." The 30-45 minute session will ensure an exceptional give-and-take for all parties.

We have four speaking time options for you and the Administrator to consider:

- Sunday, July 16 between 3:30p and 5:30p

- Monday, July 17 between 9:30a and 11:00a OR between 2:00p and 4:00p (preferred)

- Tuesday, July 18 between 2:00p and 5:00p

We would propose that the Administrator give remarks for 15-20 minutes and then take questions for another 20 minutes, but we are flexible.

If possible, we would appreciate a response prior to July 7 so that we may finalize our agenda.

Thank you so much for your consideration and for all you do on behalf America's people and businesses.

Sincerely,

Jennifer L. Hallowell

Millan:

Wanted to provide you with some updated documents. Our events staffer has put the names of the rooms on the locations we plan to have the Administrator move between while at the annual meeting. Please see the attachments and let me know if you have any questions.

We believe it will be easier for Administrator Pruitt to enter/exit from the North entrance. Again, please let me know your thoughts.

Best,
Kevin

Thank you so much Kevin.

Erin – please meet Jahan Wilcox, copied here, from our press team.

Jahan – Erin had a few press related questions. We are speaking to their group on Friday morning, December 1st in Des Moines. At this time, this event is closed press but their magazine would like to do a quick interview of the Administrator. I shared with them that it would be best for you and Erin to connect. I also indicated that any media we might want to invite, we would do so a couple days in advance.

We are working on a second stop after this one which might present a better opportunity to include press. Overall, Erin and Kevin are just hopeful to remain up to speed.

Please let me know how I may assist further.

Thank you all,

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Jahan,

Would it be ok if we handed out the postcards (attached again for your convenience) during our conference registration on Wednesday? Registration opens at noon and Administrator Pruitt speaks at 3PM that same day. It would be a nice "wow" factor for our attendees. They would receive a postcard as they pick up their conference badge – kind of a "you won't want to miss this session" message.

Hi Sarah,

Actually, we just looked at timing that day, and we could do a one-on-one coffee between the two of them around 10AM if that worked for AG Landry. We can figure out location a little closer if that's ok but likely somewhere close to the Loews Hotel.

Let me know. Thank you!

Hi Sarah,

Regarding your offer of dinner with AG Landry on Thurs, Oct 26, we had actually already organized a separate personal dinner for him that evening. However, we are organizing breakfast the morning of Fri, Oct 27 before the speaking engagement and we would be happy to have AG Landry attend if he would like. It is more of an event, with several area CEOs and industry representatives. We don't yet have a firm location, but I can share details with you as they develop this week. Would that work? If not, we're happy to have the Administrator meet AG Landry for coffee in between events or before the breakfast event.

Let me know your thoughts. Thank you!

Hi Sarah,

I've been talking back and forth with Lisa Pullizzano today from LCA so perfect timing! She has already secured Administrator Pruitt a hotel room so we're all set there.

Regarding dinner, let me check on his plans and get back to you soon.

Regarding security detail, we absolutely appreciate the offer. I know Administrator Pruitt's detail will be with him regardless, but I'm sure they'd appreciate the coordination as they do their Advance work. Do you have a POC that the Administrator's team can reach out to, as they plan for this trip?

Thank you and we look forward to it!

Hey Hayley,

I'm sorry, I was misinformed. And yes, you are correct, Administrator Pruitt will be speaking at 11:15. I will be securing rooms at the Loew's Hotel in New Orleans where the conference is taking place. Would you like for me to book a room for the Administrator as well?

Also, General Landry would like to have dinner the evening before with Administrator Pruitt and a small group of 2-3 others (not an event, just dinner). Would a late evening dinner work for him around 8/8:30pm?

Lastly, our security team is ready to handle his detail from the moment of arrival at the airport until his departure. Please let me know if I can connect our security guys to get that set up as well.

Thanks so much!
Sarah

Hi Sarah,

I apologize for the delay, but I wanted to check on a few things before responding to you. First of all, I'd been working with Greg Bowser on the Administrator speaking at the Louisiana Chemical Association and Industry Alliance per our below emails. We had confirmed an 11:15AM keynote at that event. Therefore, I'm confused by your below mention of 9AM. We will be flying in the evening before and another staff member was scheduling a breakfast for that morning before the keynote, but I'm not sure who was attending that event. It's possible that's what you're referring to. Do you mind clarifying? We just have a few people on our end scheduling different events for the trip so want to be sure I'm not mixing anything up.

Thank you!

Subject: RE: Delivery of Administrator Pruitt's Award

Sydney,

We were thinking if he were in town (Tulsa) sometime soon, we could simply deliver it to him personally – whether that be to his home or a quick meet-up for lunch! Just let me know what might work for Administrator Pruitt!

Thanks,

Tasha Duncan | Oklahoma Farm Bureau | 2501 N. Stiles Ave., OKC, OK 73105

Subject: RE: Delivery of Administrator Pruitt's Award

Sydney,

Sure thing – understandable! It is actually an award for his service last year here in Oklahoma as Attorney General! It's called a Champion Award, and a handful of them are given from Oklahoma Farm Bureau every year… does this sound like something he would be able to accept? Please let me know, at your convenience!

Thank you,

Mr. Martella,

Good afternoon to you. Yes, we have you held on the calendar for Wednesday, October 4. We currently have a commitment that morning in DC but expect to be able to get the Administrator into Cincinnati by 1130AM. Additionally, he must travel to Colorado Springs that evening on a 4:50PM flight. Kindly let me know if a timeframe of 1230PM – 330PM might work for what you are envisioning.

Thank you so much for your consideration and I look forward to hearing from you. I have copied Hayley Ford on this email as well as she is assisting us in Scheduling and is likely with whom you will be working.

Warm regards,

Millan Hupp

Attached is an invitation for Administrator Pruitt and his team to visit GE's industry leading additive manufacturing facility in October. We are confident this will be a valuable educational opportunity and something that transforms the way manufacturing is thought about in the future.

This could be scheduled as a day trip to Cincinnati. We propose October 4 but will be flexible around the Administrator's preferences.

Please let me know if I can answer any questions. We look forward to seeing you then. Thank you -- Roger

Hi all,
There are some b-roll photos from Gully Branch Tree Farm at link below

https://www.flickr.com/gp/usepagov/q2mhN9

Tomorrow's photos will go in the same place. Cell coverage is poor at the site, it will take a few minutes for me to get to a signal after event wraps up. Pics should be up by 1400 hours.
Ryan should have the link set up on Multimedia's Events page in the morning. That link is below my signature.

If someone could check the link and reply to me I'd appreciate it.

Regards,
E

Subject: Invitation | Atlantic Dialogues | Marrakesh | December 13-15 2017

Dear Millan,

I hope this email finds you well.

Please find below and attached an invitation to Mr. Administrator Scott Pruitt to the Atlantic Dialogues conference. Many thanks.

Dear Mr. Administrator,

We trust this email finds you well.

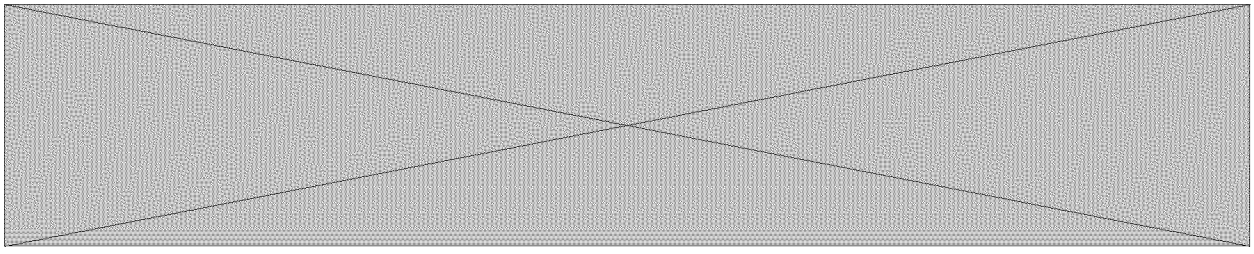
We are honored to invite you to speak at the **6th edition of the Atlantic Dialogues conference**, organized by OCP Policy Center. The conference will take place from **December 13th to 15th, 2017 in Marrakesh, Morocco at La Mamounia Hotel.**

It is the focus of this high-level event to discuss common policy challenges of the countries bordering the Atlantic. Given your expertise in environment issues, we would be honored by your presence and would be pleased to work with you and your staff to identify a prominent speaking role highlighting your vision for climate and environment protection policies across the Atlantic countries.

Launched in 2012, The Atlantic Dialogues has reached a milestone since it has been running for over half a decade. This initiative underscores the growing importance of Africa and Latin America as actors in the Atlantic space and promotes a more comprehensive approach to transatlantic relations by capitalizing on the potential of both the North and South, leveraging on Africa's burgeoning dynamism. To this end, we chose for this year the following theme **"Africa in the Atlantic: Time for Action"**.

The Atlantic Dialogues will feature a range of discussions on social and economic developments facing the Atlantic basin, as well as on foreign policy and security challenges in a region in transition.

We very much hope that you will be able to join us in Marrakesh as we believe that your contribution would add great value to the conference discussions. You will find the actual invitation attached, along with the topical agenda for the event.



Should you have any questions or require any further information, please do not hesitate to contact us at any time.

Best regards,

Nisrine Ouazzani

Good morning, Liz:

I just wanted to let you know that we are officially a "GO" for next Friday, June 30th. Same time, same place, same set up. We'd be happy to arrange another walk-through on Thursday if you think it's necessary. We'll be sending re-invitation emails to our original guest list to confirm attendance later today.

Let us know if you have any questions. So glad we could make this happen!

Please thank the Administrator on our behalf for rescheduling so promptly; and let him know that we're all very glad he's feeling better.

-Ralf

Hi Millan,

It was a pleasure speaking to you and the rest of your team this morning.

The board meeting location on May 17th is the Union League Club, 38 East 37th Street, New York, NY 10016. The room for the meeting is the Mary Murray on the 4th floor. I believe no other event is scheduled on this floor.

You can find a list of MI's board members at https://www.manhattan-institute.org/board-of-trustees. As mentioned we will send you a list of confirmed attending board members a day or two before the meeting.

Closer to the date can you please provide me with a telephone for the person traveling with Mr. Pruitt the day of the board meeting. The arrival time would be 11:45 am as previously mentioned and lunch will be between 12 – 2 pm. Let me know if he has any dietary restrictions.

My mobile number is Ex. 6 - Personal Privacy

I am waiting on some information from the Harvard Club regarding the luncheon on June 21st. I will circle back with those details shortly. In the meantime would you like me to request the smaller from 9/10 am to 3 pm?

Best,

Taisha

Subject: Board meeting coordination

Hi Millan,

Thanks again for getting your team on that call. I wanted to quickly connect you with Michael Barreiro, our Vice President of Operations. Michael manages the board meeting on our end; so, in addition to Taisha and myself, you may hear from him as the date nears.

Per our conversation, Taisha will connect you with the Harvard Club security team shortly so that the Administrator's security detail can coordinate a walk through.

Thanks again for all your team's work in making this happen.

Jahan,

Would it be ok if we handed out the postcards (attached again for your convenience) during our conference registration on Wednesday? Registration opens at noon and Administrator Pruitt speaks at 3PM that same day. It would be a nice "wow" factor for our attendees. They would receive a postcard as they pick up their conference badge – kind of a "you won't want to miss this session" message.

Millan,

Hope you had a great Independence Day. Cam Savage indicated that you are the best person for me to follow up with regarding a scheduling request for Administrator Pruitt. I've attached the request form I attempted to submit on June 23. There are additional remarks in the body of the email but I believe all the required information is included in the official form. Thank you so much for taking a look at this and letting me know if it may be possible to schedule.

Sincerely,

Jennifer L. Hallowell

From: Hallowell, Jennifer L.
Sent: Friday, June 23, 2017 1:57 PM

To: Hupp, Sydney
Subject: Scheduling request from the Association of Chamber of Commerce Executives

Sydney,

Good afternoon! You may recall I was put in touch with you by Cam Savage. Our last request didn't work out but I'm reaching out now in a different capacity.

I'm contacting you on behalf of The Association of Chamber of Commerce Executives with a request for Administrator Pruitt to speak to their annual convention in Nashville, Tennessee, July 16-18.

(I've included all the necessary details on the Scheduling Request Form attached to this email.)

The Association of Chamber of Commerce Executives would like to invite the Administrator to speak and exchange ideas with Chamber of Commerce presidents who serve on the Board of Directors and Metro Cities Council during the ACCE annual convention. The 2017 Convention is being held at the Nashville Music City Center in downtown Nashville. It is expected to be the largest gathering of North American chambers of commerce in 20 years.

ACCE is the professional organization of chambers and their professional staffs. With a membership of more than 6,000 from more than 1,000 communities, the ACCE members reflect main street America, as well as metropolitan, regions and states. The collective memberships of ACCE's chambers exceeds 900,000 businesses, ranging from small retail shops to Fortune 100 companies. Because of the depth and breadth of its membership, few groups have a deeper insight into America's business communities and local economies than ACCE.

Within the ACCE, the Metro Cities Council subgroup has a membership limited to chief executives of chambers in cities with 500,000 or more in population. The Board of Directors, in turn, includes many of these regional entities, but also true activists of all

sizes in the chamber movement. Because of the stature of your office and the complex policies you are addressing, this combined audience of 75-100 influential leaders is ideal for delivering your messages and garnering insights from "the field." The 30-45 minute session will ensure an exceptional give-and-take for all parties.

We have four speaking time options for you and the Administrator to consider:

- Sunday, July 16 between 3:30p and 5:30p

- Monday, July 17 between 9:30a and 11:00a OR between 2:00p and 4:00p (preferred)

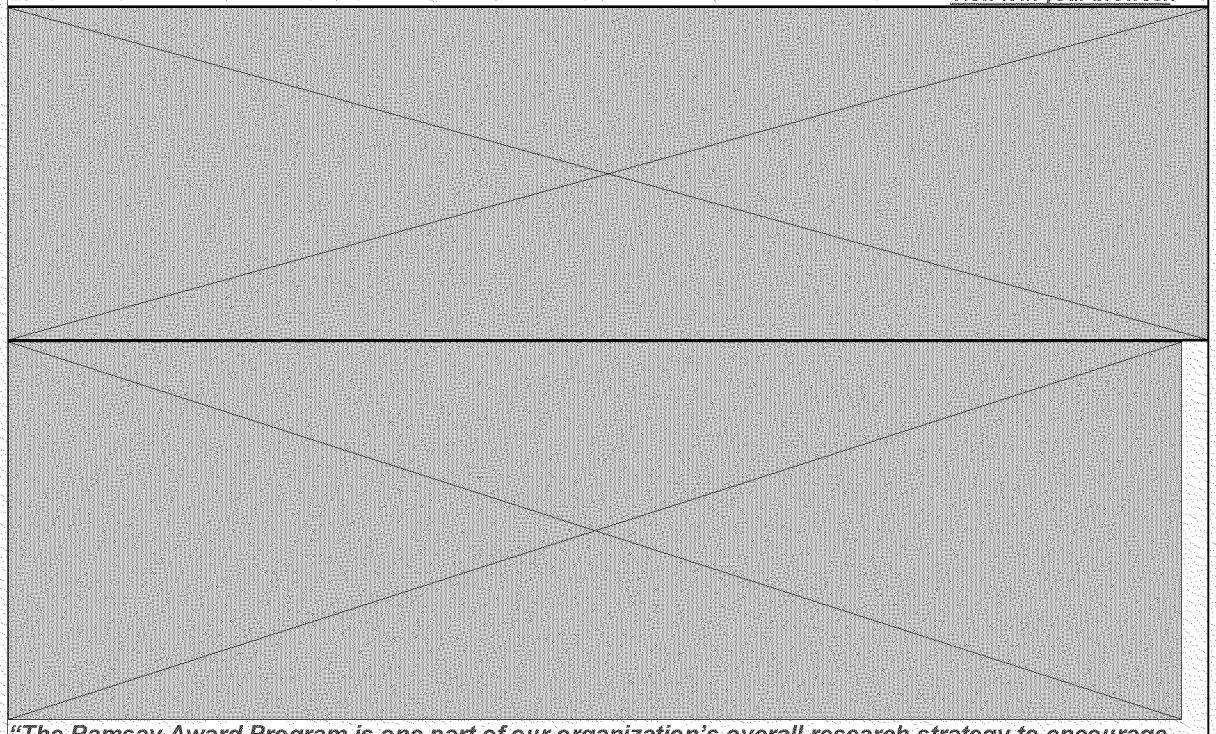
- Tuesday, July 18 between 2:00p and 5:00p

We would propose that the Administrator give remarks for 15-20 minutes and then take questions for another 20 minutes, but we are flexible.

If possible, we would appreciate a response prior to July 7 so that we may finalize our agenda.

Thank you so much for your consideration and for all you do on behalf America's people and businesses.

Sincerely,



Jennifer L. Hallowell

"The Ramsay Award Program is one part of our organization's overall research strategy to encourage participatory investigations, accelerate new discoveries, and reduce barriers for entry into the challenging yet rewarding field of ME/CFS research," Dr. Zaher Nahle, SMCI's Chief Scientific Officer and VP for Research.

Update on 2017 SMCI Ramsay Awards Process

In April, the Solve ME/CFS Initiative announced our request for proposals for the 2017 Ramsay Award Program. We received applications from 6 different countries. This investment in seed grants through an open competition, reflects our commitment to participatory research and inclusivity to advance the field of chronic fatigue syndrome research and amplify the work of our grantee researchers. Currently, the 2017 applications are being peer reviewed and we anticipate the final announcements of the 2017 Ramsay Award projects and partners in October.

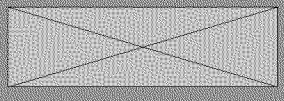
Welcome to our governing board, Janice!

This month, Ms. Janice Stanton, CFA joined the Solve ME/CFS Initiative board of directors on behalf of a loved one who is afflicted with ME/CFS, previously known as chronic fatigue syndrome. Ms. Stanton is a founding member and President of Contrarian Capital Management, L.L.C. She has 30 years of experience in distressed securities. Prior to co-founding Contrarian, Ms. Stanton was the Founder and Head of the Bank Debt and Trade Claims desk at Oppenheimer & Co. She was an Associate in the Corporate Finance Department of Lehman



Brothers. Prior to business school, Ms. Stanton was an Analyst with Booz Allen Hamilton, focusing on business strategy consulting. Ms. Stanton received her MBA from the Stanford University Graduate School of Business and graduated magna cum laude with a BS from The Wharton School of the University of Pennsylvania. View the entire membership of SMCI's board of directors at: http://go.solvecfs.org/e/192652/board-of-directors-/6rs8q/42671903

Solve ME/CFS Initiative facilitates ME/CFS feature story in Ms. Magazine

We're pleased to announce that SMCI has facilitated a powerhouse partnership with the widely-circulated women's magazine "Ms." and the renowned author Julie Rehmeyer. The collaboration will result in a feature story on ME/CFS (previously known as chronic fatigue syndrome) in the December issue of Ms. Magazine which is circulated to over one hundred thousand print and online subscribers.

The work of SMCI is entirely fueled by gifts large and small from people just like you.

Subject: Natural Gas Brings Reliability, Affordability to Electric Grid

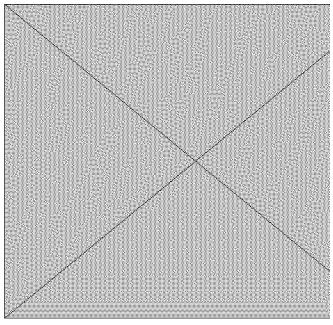
Click to view this email in a browser

September 20, 2017

Dear Millan,

Natural gas is now the leading source of power generation in the United States, and increased use of the clean, abundant fuel source has delivered significant environmental and consumer benefits. Greater use of natural gas has helped lower carbon emissions from electricity generation to near 30-year lows. According to EIA data, 60 percent of carbon reductions in the electric power sector from 2005 to 2016 have been the result of fuel switching from higher emission generation to natural gas generation. For families and businesses, that cleaner air has been accompanied by welcome savings. The average American household saved $1337 on utility bills and energy-related expenses in 2015 thanks, in part, to the affordability of natural gas.

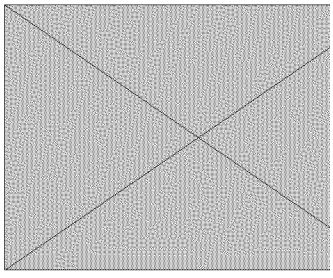
The United States leads the world in natural gas production, and the resource's ready availability has made it an appealing and economical choice for energy providers. In addition to its economic benefits, power plants that run on natural gas rank highly on another attribute valued for electric generation: reliability. Reliability means the continued operation of the electric grid—and how we ensure this reliability is changing as new innovations and technologies come online. As our energy system changes and our grid becomes more dynamic and responsive, reliability depends more and more on power plants that can meet these shifts—and natural gas is part of the solution. Power plants that run on natural gas are unique in that they give us both constantly running power and can quickly adjust to efficiently meet the changing power needs throughout the day. Flexibility and other reliability attributes help ensure that customers are paying for efficient, responsive, affordable and cleaner energy.



As a fuel source, gas delivers across the board. The geographic diversity of the natural gas supply system provides for multiple flows in all directions across the country, helping to mitigate disruptions, such as construction and maintenance or extreme weather events. Hurricane Harvey is a prime example. While natural gas systems were shut down in the Houston area and large parts of the gulf, the geographic diversity of the natural gas operations kept supplies flowing and prices stable.

While the power system will continue to rely on multiple fuels – including natural gas, nuclear, coal, hydro, wind and solar –we can all agree that energy policy should be focused on ensuring the reliability and resilience of the nation's electrical grid. Extensive evidence tells us that natural gas has a major role to play, and allowing markets to determine the fuel mix of the generation portfolio is best for consumers.

Sincerely,



Jack N. Gerard
President & CEO
API

Hurricane Update: Refinery Restarts, Fuel Supplies Rise

Much of the energy-related news from hurricane-recovery areas of Texas and Florida continues to be encouraging. In Florida, Gov. Rick Scott said pre-Hurricane Irma preparations and a concentrated focus on refueling the state's communities have shown progress. In Texas, efforts to protect energy infrastructure from big weather events appear to have helped. Get the latest news on how the general resiliency of energy infrastructure, and a flexible, adaptable supply system's ability to shift fuel from well-supplied areas to others in the greatest need, has made a difference.

Follow our Blog to stay up-to-date

To stay up-to-date on the latest energy-related news, there is no better place to check than the Energy Tomorrow Blog.

About API:

API is the only national trade association representing all facets of the oil and natural gas industry, which supports 10.3 million U.S. jobs and nearly 8 percent of the U.S. economy. API's more than 625 members include large integrated companies, as well as exploration and production, refining, marketing, pipeline, and marine businesses, and service and supply firms. They provide most of the nation's energy and are backed by a growing grassroots movement of more than 40 million Americans.

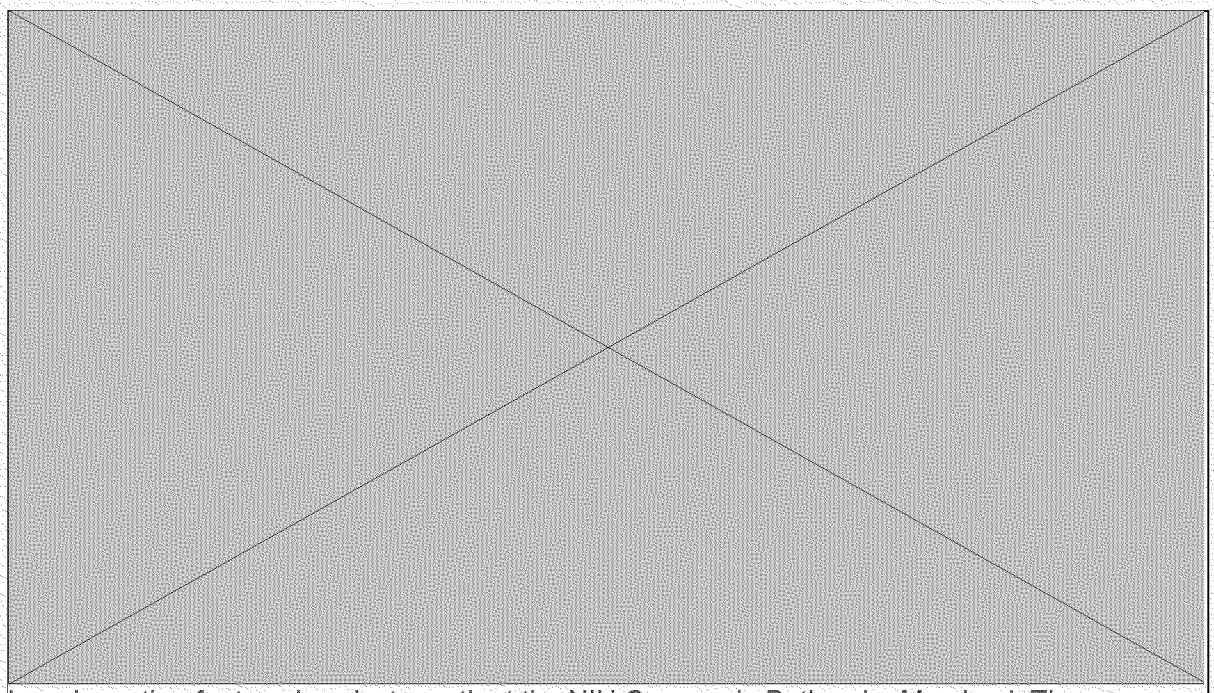
Research 1st July 2017: Updates on federal and state actions for ME/CFS and the impact on research and patients

Email not displaying correctly? **View it in your browser.**

Dear Friends,

Welcomed Development at the CDC



The recent updates to the ME/CFS information page on the Centers for Disease Control and Prevention (CDC) website is a key step forward in refining the narrative about ME/CFS and purging the disease space from noxious and dated inaccuracies. To this end, the CDC website has been streamlined and improved with the most noticeable change being the removal of the cognitive behavioral therapy (CBT) and graded exercise therapy (GET) as recommended treatments for ME/CFS. This area has been a longstanding... **READ MORE**

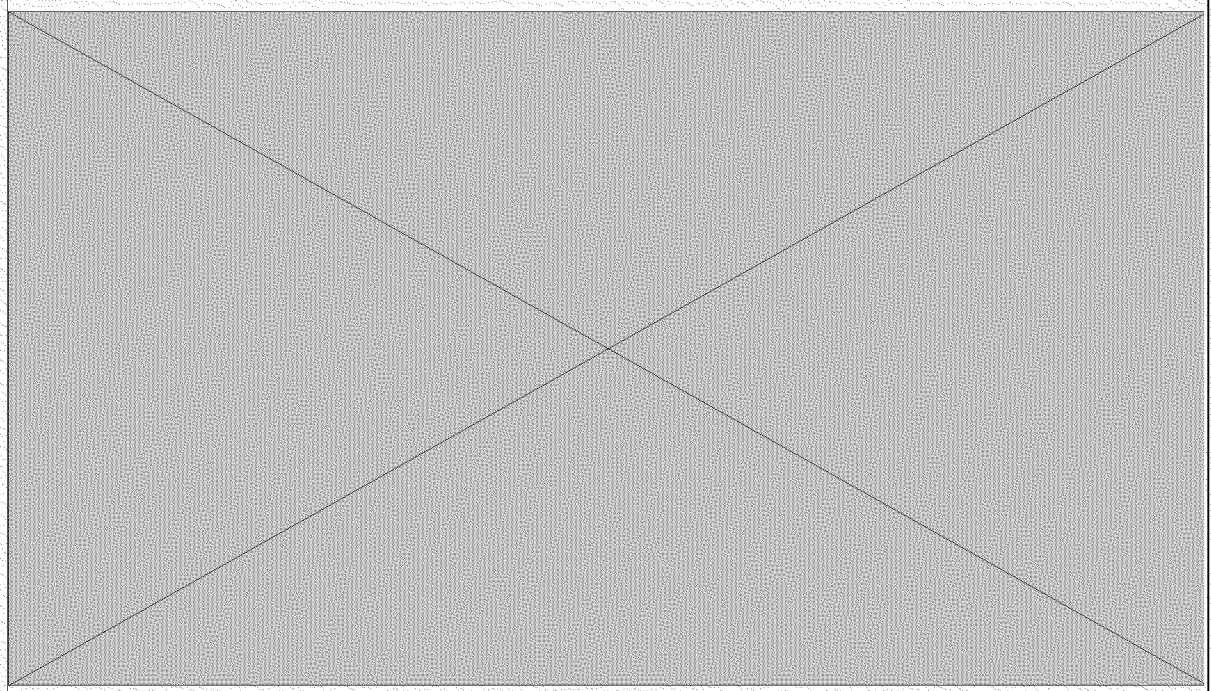
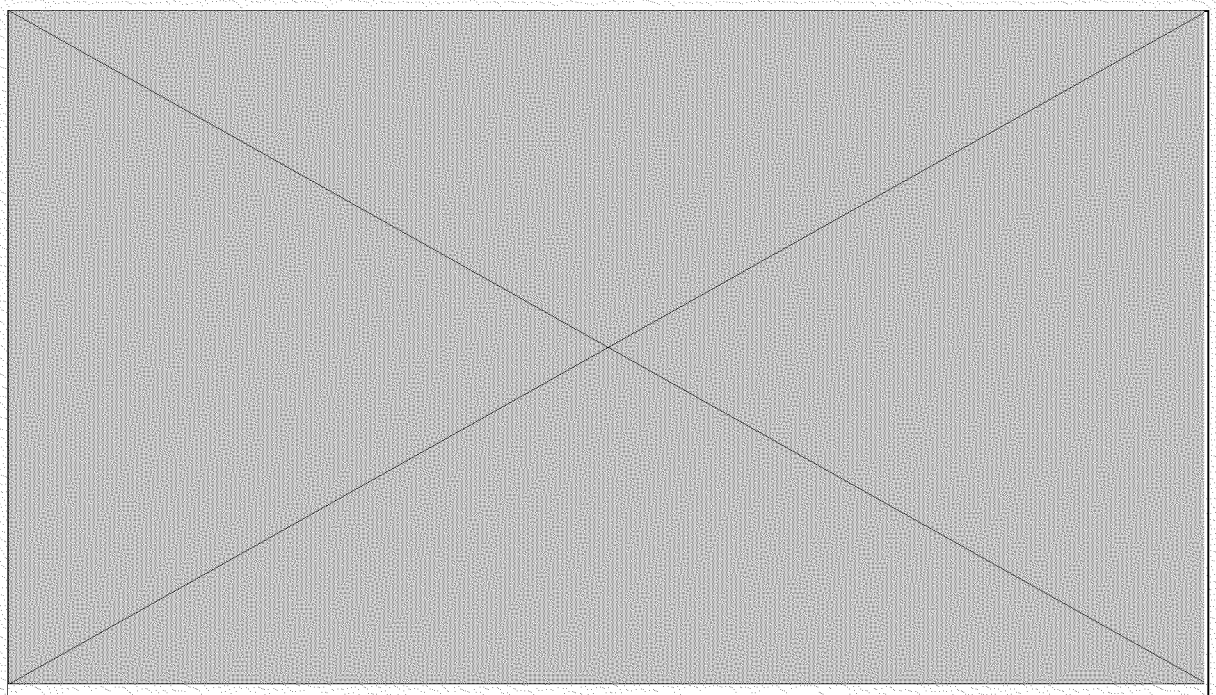
Watch the ME/CFS conversation at the highest levels of the NIH

The Advisory Committee to the Director of the National Institutes of Health (NIH) held a full

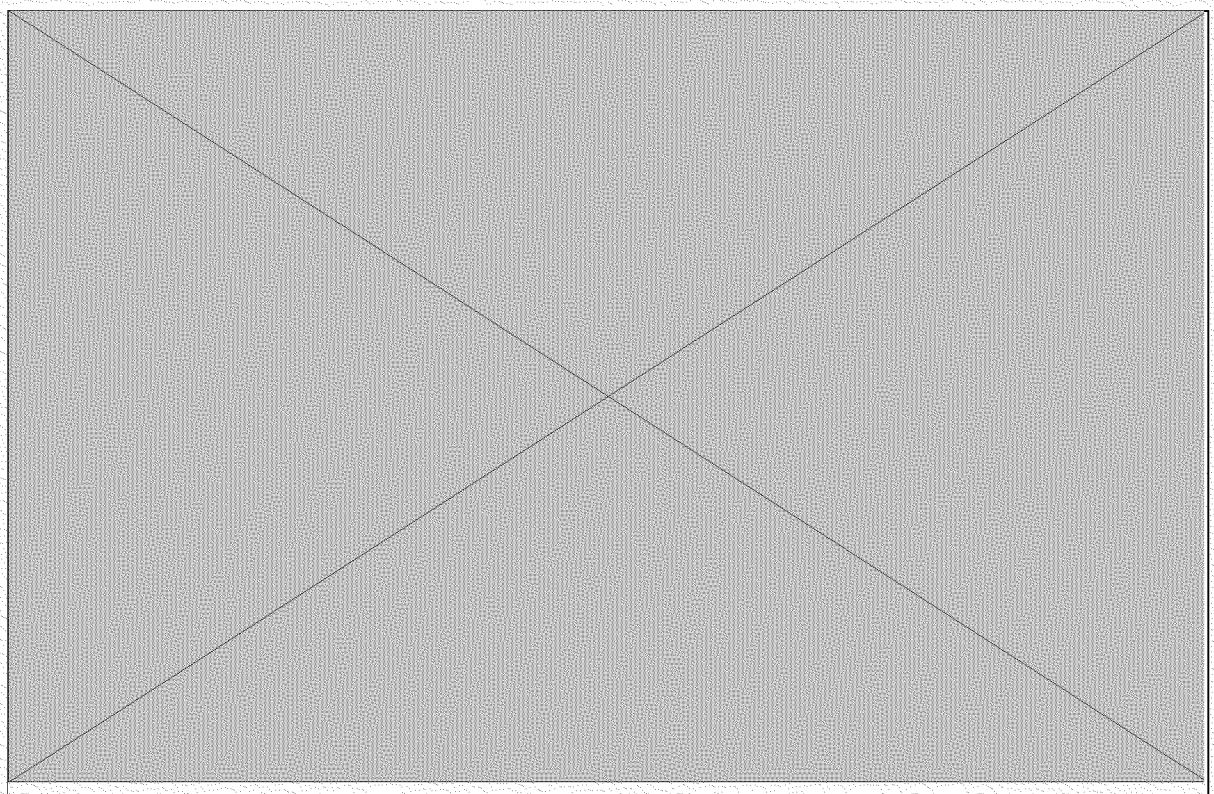


board meeting for two days last month at the NIH Campus in Bethesda, Maryland. The purpose of the Advisory Committee is to provide advice on matters pertinent to the NIH mission responsibilities in the conduct and support of biomedical research, medical science, and biomedical communications. This video, part of the NIH's goal of transparency, is a rare opportunity to view the NIH in action at the most senior levels. This recent meeting included a report from Dr. Walter Koroshetz, Chair of the Trans-NIH ME/CFS Working Group, and a brief exchange regarding ME/CFS with Advisory Committee Member, Dr. Ian Lipkin, Director Center for Infection and Immunity at Columbia University and noted ME/CFS researcher. **VIEW MORE**



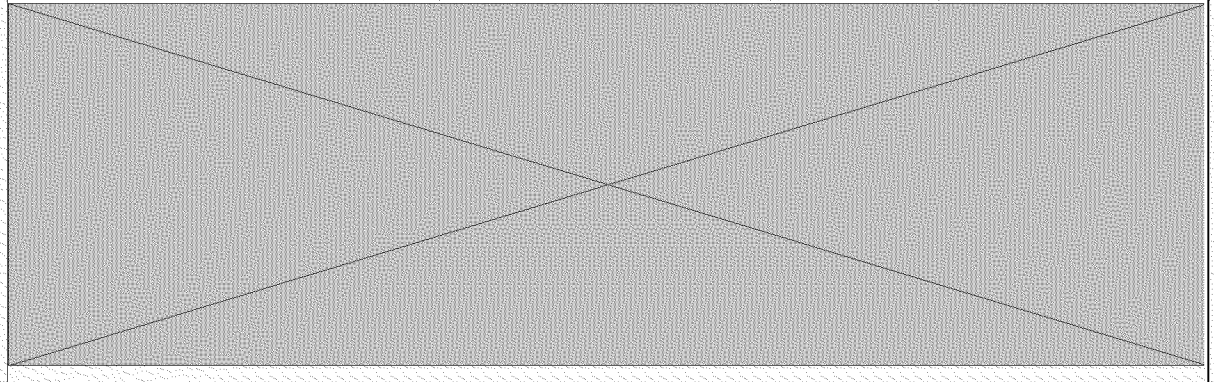
CDC, at long last, updates key information for patients

After years of advocacy and a slow revision process, the Centers for Disease Control (CDC) have released the public component of their new ME/CFS website. Although slow in coming, these are mostly positive changes. These revisions are the result of the participation of over 50 stakeholders in… **READ MORE**



CFSAC meets despite delays in naming new members

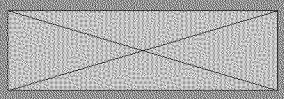
On June 29 and 30, the Federal Chronic Fatigue Syndrome Advisory Committee (CFSAC) met via webinar in the first official meeting of the 2017 calendar year in two half-day sessions. The meeting barely captured a quorum with, at times, fewer than 3 voting members present as a result of the delayed transition to new membership. This meeting was co-chaired by the outgoing chair, Dr. Susan Levine, and the new incoming chair, Dr. Faith Newton. **READ THE SUMMARY** by the SMCI team of this most recent CFSAC meeting and **READ AN EXCLUSIVE** commentary on CFSAC from outgoing chair, Dr. Susan Levine.



California takes action on ME/CFS

On July 13, 2017, a new law was enacted in California proclaiming the month of May as ME/CFS Awareness month. On July 6, the California State Assembly passed Senate Concurrent Resolution 40, recognizing May 2017 and each May thereafter as Myalgic Encephalomyelitis / Chronic Fatigue Syndrome (ME/CFS) Awareness Month. SCR 40, introduced by State Senator Steve Glazer and co-sponsored by Assembly Member Catherine Baker… **READ MORE**

Summary and Transcript of NIH ME/CFS Advocacy Call



On July 10, the Trans-NIH ME/CFS Working Group hosted an advocacy call to provide updates to the community and receive stakeholder input regarding the current ongoing programs. The call summarized the NIH's activites since May including: 1) an update on the timeline of the current grant proposal review process for ME/CFS, 2) NIH's actions on ME/CFS awareness day, 3) an update on the NIH's intramural study on ME/CFS, 4) a summary and report on the conferences NIH has particpated in regarding ME/CFS, 5) an update on the NIH's particpation in the Common Data Element (CDE) project, and 6) a call for additional neuro-bio-bank donations for ME/CFS. The Trans-NIH ME/CFS Working group team also fielded questions and comments from patients and stakeholders. Would you be able to provide availability for the meeting with John Negroponte? because the 1pm timeframe won't work. Thank you.

Kind regards,
Paul

Good morning, all:

Below is a short agenda for the call at **11:30am**. You can use the following conference line info to dial in: **Number:** **Ex. 6 - Personal Privacy**

AGENDA

- Board meeting details (May 17th) -- **Vanessa Mendoza**

- Luncheon event details (June 21st) -- **Taisha Camacho**

- Logistical questions for **Team Pruitt** (travel/lodging, media presence, filming, security, promotion)

Feel free to bring up any questions you have as they come up.

I look forward to talking with you all soon.

-Ralf

Hi Sydney,

If you could have Admin. Pruitt arrive at 11:45 am the time frame will be 12 – 2 pm.

We are in the process of changing the venue as soon as we have it nailed down I will send you an update.

Best,

Taisha

Hi Millan,

The phone number we will use is Ex. 6 - Personal Privacy and the participant code is Ex. 6 - Personal Privacy

This all sounds like great news to us.

Ralf or I will get back to you with more information as it becomes available.

Have a great weekend.

Best,

Taisha

11:30 should work well. Would you mind to kindly send a call in number?

Also, looks like May 17th is good on our end. So, he will address the board on May 17 and address the lunch on June 21.

Thanks Ralf!

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

-Ralf

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

John,

Good evening to you. Hope you are well and looking forward to a wonderful Thanksgiving holiday. I'd like to determine a good date for the follow up call that we discussed when we spoke a few weeks ago. On this call, I will anticipate including a member of our communications/press team as well as our head of Public Engagement and then likely the appropriate member of our policy team.

May we look at Monday morning, November 28th or Wednesday, November 30th ? Might one of those days work for you and your team?

We look forward to talking with you.

Warm regards,

Subject: EPA Help - Navy Pier
Navy Pier Redevelopment Summary.pdf

Hi Millan,

Hope everything is going well. Wanted to reach out to see if you could help point a co-worker of mine in the right direction.

Allen Jamerson at the Bockorny Group represents Navy Pier in Chicago. Navy Pier is in the process of a major overhaul to modernize their infrastructure and facilities, part of this entails a number of sustainability projects. They have really become a shining star example of how to be a major attraction in a metropolitan area yet still achieve the highest level of sustainable goals.

I have provided you with a one-pager regarding their specific environmental achievements but my main question is whether or not there would be any federal EPA grant opportunities for an organization such as Navy Pier and if you have any thoughts about folks that would be willing to meet with an executive from Navy Pier next time they are in Washington? **Looking to see who we should be reaching out to on this topic.**

Thank you very much for your time!

Hello Millan,

Yes, we are confirmed for the walk through on Sunday, October 22 at 3:00 p.m. I have talked with the hotel and I believe they will have their Director, Bill Simmons (I will confirm) at the walk through.

Millan, thank you for letting me know about the sleeping rooms, I will get those cancelled.

Thank you!

Lisa,

Just wanted to confirm the walk through for 3PM on Sunday, October 22. I have copied [redacted] from the Administrator's detail, as he will be with me on Sunday.

Could you kindly confirm that someone from

hotel security will be there as well?

Finally, thank you so much for holding the rooms for us at the Hilton. We will not be needing them for this trip but sincerely appreciate your thoughtfulness

Theater style might be the most pragmatic, but I'm open to other options as well.

I think the way you outlined it with him speaking for a bit, then taking questions would be great. We're very interested to hear his priorities for the agency, and specifically his plan for timely implementation of TSCA.

Does that help?

Thanks,

Autumn

Hi Sydney!

I wanted to send you along an updated attendance list for our meeting with Administrator Pruitt at 3:30 on May 9th. We do have some flexibility on how many people attend the meeting (we can cut all the non-essential Toy Association staff if necessary) so do let me know if you can accommodate a group this large. Feel free to call me if it's easier to discuss logistics over the phone.

We're very much looking forward to our meeting! Thanks again for helping facilitate.

Best,

Autumn

AD Invite 2017_Scott_Pruitt.pdf
Atlantic Dialogues 2017 Topical Agenda.pdf

Dear Mr. Millan,

I hope this email finds you well.

Please find below and attached an invitation to Mr. Administrator Scott Pruitt to the Atlantic Dialogues conference. Many thanks.

Dear Mr. Administrator,

We trust this email finds you well.

We are honored to invite you to speak at the **6th edition of the Atlantic Dialogues conference**, organized by OCP Policy Center. The conference will take place from **December 13th to 15th, 2017 in Marrakesh, Morocco at La Mamounia Hotel.**

It is the focus of this high-level event to discuss common policy challenges of the countries bordering the Atlantic. Given your expertise in environment issues, we would be honored by your presence and would be pleased to work with you and your staff to identify a prominent speaking role highlighting your vision for climate and environment protection policies across the Atlantic countries.

Launched in 2012, The Atlantic Dialogues has reached a milestone since it has been running for over half a decade. This initiative underscores the growing importance of Africa and Latin America as actors in the Atlantic space and promotes a more comprehensive approach to

transatlantic relations by capitalizing on the potential of both the North and South, leveraging on Africa's burgeoning dynamism. To this end, we chose for this year the following theme **"Africa in the Atlantic: Time for Action"**.

The Atlantic Dialogues will feature a range of discussions on social and economic developments facing the Atlantic basin, as well as on foreign policy and security challenges in a region in transition.

We very much hope that you will be able to join us in Marrakesh as we believe that your contribution would add great value to the conference discussions. You will find the actual invitation attached, along with the topical agenda for the event.

Should you have any questions or require any further information, please do not hesitate to contact us at any time.

Best regards,

Nisrine Ouazzani

Subject: Re: National Geographic

A few more bottom line points that I think is helpful:

When NPR fired Juan Williams, then CEO and conducted search.

NPR hired Gary Knell. Gary removed most of the NPR board and began reforms to ensure NPR was balanced in coverage.

Gary was on Board of Nat Geo. They recruited him to be their CEO.

Gary personally brokered a critical deal with Rupert Murdoch to buy and provide capital to Nat Geo mission.

He is a great, smart, stand-up guy that wants to find common ground with EPA on water security and provide a dialogue on other environmental issues of interest to Adm Pruitt and to Nat Geo.

On Jul 25, 2017, at 10:19 AM, Jessica Garrison <Jessica@mdm27.com> wrote:

> Maddie. Great to visit last night. Millan we missed you! As a follow up to our conversation relating to the National Geographic salon dinner and an advance meeting between the CEO and Admin Pruitt I am sending the below bio for Gary Knell. He is very much hoping to meet with the administrator and his team that would be involved with not only the logistics

but also the content and substance (under the domestic water issue) for the dinner. I think you mentioned also checking with Secretary Zinke staff to ask about his expertise with his National Geographic salon dinner. The CEO is looking forward to being supportive and helpful to the Administrator and hopes to meet him soon. Thanks again for the visit.

Gary Evan Knell is the president and CEO of the National Geographic Society, one of the world's largest nonprofit organizations with a worldwide reach of more than 700 million people each month through its media, products and events. He joined National Geographic as chief executive in January 2014. He has been a member of the Society's board of trustees since April 2013 and has served on the board of governors of the National Geographic Education Foundation since November 2003.

Knell's media career spans nearly three decades. Before joining National Geographic as president and CEO in January 2014, Knell served as president and CEO of National Public Radio from 2011 to 2013. He led NPR's worldwide media operations, which include partnerships with 900 public radio stations. He oversaw the fiscal, operational and journalistic integrity of NPR and led the building of the organization and its philanthropic base to support and leverage the strengths of NPR and its extensive network of stations. A strong advocate of innovation, he was a key driver in leveraging new technologies to advance NPR's core mission and grew audience for all of public media.

Knell was CEO of Sesame Workshop for 12 years before joining NPR in 2011. He joined the company in 1989 and assumed the role of COO in 1998 before moving into the CEO role in 2000. During his tenure at Sesame, the organization expanded its revenue base, audience and global recognition. Knell was instrumental in focusing the organization on Sesame Street's worldwide mission, including the creation of groundbreaking co-productions in South Africa, India, Northern Ireland and Egypt.

Prior to joining Sesame Workshop, Knell was managing director of Manager Media International, a print and multimedia publishing company based in Bangkok, Hong Kong, and Singapore. He has also served as senior vice president and general counsel at WNET/Channel 13 in New York, was counsel to the U.S. Senate Judiciary and Governmental Affairs Committees in Washington, D.C., and worked in the California State Legislature and Governor's Office.

Knell is a member of the Council on Foreign Relations. He serves on the boards of Heidrick & Struggles and Common Sense Media as well as the advisory boards of the Military Child Education Coalition and the Pentagon Memorial Fund. He is an adviser to the Annenberg School of Communications at USC.

A Gordon Grand Fellow at Yale University, Knell was a guest lecturer at Harvard University, Duke University, Southern Methodist University, Carnegie Mellon University, and the University of Puerto Rico. He received honorary doctorates from Kenyon College in Ohio and Mercy College in New York and has served as the commencement speaker at Johns Hopkins University, UCLA, and the University of Texas at Austin.

Knell received a Bachelor of Arts degree in Political Science from UCLA, where he also served as Editorial Director of the UCLA Daily Bruin and was a stringer for the Associated Press. He received a JD from Loyola University School of Law in Los Angeles

Hi there. See below. Really awesome stuff. Do you want to set a call?

Date: Friday, September 1, 2017 at 8:53 AM
To: Jessica Garrison <Jessica@mdm27.com>
Subject: Pruitt visit

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.

- Manufacturing/concentrates tour – a driving tour through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings

- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that

- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land

Outlet: Nexstar **Anchor:** Mark Meredith **Note**: Covers 185+ stations across the country	**Outlet:** Sinclair **Anchor:** Scott Thuman **Note:** Covers 115+ stations across the country, Scott anchors news on WJLA in Washington, D.C.	**Outlet:** Scripps **Anchor:** Mike Sacks **Note:** Covers 32+ stations across the country
Outlet: Gray TV **Anchor:** Jacqueline Policastro/Ted Fioraliso **Note:** Covers 66+ stations	**Outlet:** Bay News 9/Central Florida 13 **Anchor:** Ybeth Bruzual **Note:** Covers Central Florida – wide reach. Ybeth anchors her own Sunday	**Outlet:** WXIX **Anchor:** Tricia Macke **Note:** Covers Cincinnati, OH – one of the top stations in Cincy, Tricia has been

across the country	show	with the station for 22 years and has interviewed POTUS
Outlet: KDKA **Anchor:** Jon Delano **Note:** Top station in Pittsburgh, CBS affiliate, Jon has been the station's political analyst since '94	**Outlet:** WWMT **Anchor:** Nick Minock **Note:** Covers Grand Rapids/West Michigan, top station in the state – Nick has interviewed POTUS and First Family	**Outlet:** KSDK **Anchor:** Anne Allread **Note:** one of the top stations in St. Louis, MO – an NBC Affiliate – anchors evening news and has won a Mid-American Emmy award for best news anchor

TALKING POINTS

BY THE NUMBERS

- Enacted more legislation and signed more executive orders in the First 100 days than any president in a half century
- Enacted 28 pieces of legislation, more than any other president since Truman
- Signed 25 executive orders, the most of any 100 days in over 50 years (will be over 30 by day 100)
- Achieved first Supreme Court Confirmation in 100 days since 1881
- Instituted tough immigration policies that have driven illegal border crossings to a 17-year low
- Removed more job-killing regulations through legislation than any president in U.S. history
- Estimated savings: $18 billion annually
- Economic optimism has been renewed, with consumer confidence reaching its highest level in 16 years
- Ordered the toughest new rules to stop the revolving door between Washington lobbyists and government officials in history

100 DAYS OF ACCOMPLISHMENTS

SECURITY AND SAFETY

PUTTING AMERICA FIRST PROTECTING NATIONAL SECURITY: President Donald J. Trump's top priority is the security of the American people and the American homeland.

- President Trump has prioritized rebuilding and empowering the military to restore national security. During his first 100 days, the President has:
    - Advocated increasing the national security budget by $54 billion to end years of devastating sequestration.
    - Empowered the commanders in the field to make decisions.
    - Saved hundreds of millions of taxpayer dollars by negotiating with defense companies.
- President Trump has stood up to countries that have threatened our national security after years of failed diplomacy. During his first 100 days, the President has:
    - Sent a message to the world with his swift and decisive order to strike the Syrian air base which launched the horrific chemical attack on innocent civilians
    - Further isolated Syria and Russia at the United Nations after successful diplomacy with Chinese President Xi Jinping.
    - Placed sanctions on Syria for their use of chemical weapons against innocent civilians.
    - Placed sanctions on Iran for violating the international agreement that had been put in place to limit Iran's ballistic missile programs.
    - Continued to work to isolate North Korea and is in the process of repositioning military assets to confront the regime's provocative missile tests.

AMERICA FIRST DIPLOMACY: President Trump has rebuilt America's standing in the world and forged stronger ties with our allies.

- President Trump has actively reached out to world leaders to advance American interests and build relationships. During his first 100 days President Trump has:
    - Made 68 calls with 38 different world leaders.
    - Hosted 16 bilateral meetings with world leaders.
- President Trump negotiated with Egyptian President Abdel Fatah al-Sissi to free American charity worker Aya Hijazi, her husband, and four other humanitarian workers.

RESTORING LAW AND ORDER TO AMERICA'S IMMIGRATION SYSTEM: President Trump has made restoring order to America's borders and immigration a cornerstone of his agenda.

- President Trump has already had an effect on illegal immigration, with crossings at the southern border now at a 17-year low, even as this is typically one of busiest times of the year.
    - Illegal crossings on the southern border have fallen by 61 percent since January.
- President Trump is following through on his promise to the American people to build a wall on the southern border.
    - Signed an Executive Order to establish funding for the border wall's construction.
    - Accepted hundreds of bids for the construction of the wall.
- President Trump is taking action to make sure immigration laws are enforced across the country so all Americans can be on an even playing field.
    - Directed a halt of funding to jurisdictions that do not comply with immigration laws.
    - Prioritized criminal immigration enforcement, including ending 'catch-and-release.'
    - Directed the hiring of 10,000 Immigration and Customs Enforcement officers and agents and 5,000 Customs and Border Patrol agents.
- Under President Trump's direction, the Department of Justice is hiring more immigration judges to deal with the backlog in immigration courts.
    - As hiring takes place, judges are being reassigned to twelve cities to speed up processing.

RESTORING PUBLIC SAFETY TO AMERICAN COMMUNITIES: President Trump has been steadfast in his approach to addressing our nation's most pressing public safety issues.

- President Trump directed a comprehensive approach to tackle transnational criminal organizations and international drug traffickers, such as the cartels that plague the southern border.
- President Trump ordered the formation of a task force aimed at reducing violent crime that has spiked in recent years.
- President Trump is restoring law enforcement's faith that they are protected by increasing the prosecution of people who threaten law enforcement officers.

A PROMISE TO MAKE AMERICA SAFE AGAIN: President Trump promised that the safety and security of the American people was a top priority in his mission to Make America Great Again.

- Then-Candidate Donald Trump:
    - "We're going to make our country safe again. And we are going to make our country great again."
    - "Politicians have failed in their duty to secure our borders and enforce our laws… Let's fix this problem. Let's secure our border."
    - "The military, we are going to make bigger, stronger. We need a strong military."

ACCOUNTABILITY

A GOVERNMENT ACCOUNTABLE TO THE AMERICAN PEOPLE: For too long the Washington swamp worked for itself; President Donald J. Trump is reforming the Government to work for the American

people.

- President Trump implemented tough ethical standards to ensure his Administration works for the American people and not itself.
    - Tough new lobbying standards for political appointees, including a five-year ban on lobbying and a lifetime ban on lobbying for foreign countries.
    - Elevated ethics compliance within the White House Counsel office.
    - President Trump donated his paycheck to the National Park Service, following through on his promise to the American people.
- President Trump is keeping his promise to the American people to reform the Government to better address the needs of the American people.
    - Signed a temporary hiring freeze on federal employees, to make sure that taxpayer dollars were not going to waste.
    - Required a comprehensive plan to reorganize the Executive Branch.
    - Making sure needless regulations do not hinder Americans by signing a "one in, two out" regulation executive memorandum.
    - Created the Office of American Innovation aimed at streamlining and improving government for future generations.
- President Trump's budget blueprint takes a sober look at how to responsibly spend federal taxpayer dollars and seeks to streamline government.
    - Largest proposed cut to non-defense spending since the Reagan Administration.
- President Trump has put in place strict deadlines for stakeholders and Cabinet agencies to report findings and progress.
- President Trump followed through on his promise to the American people and got Neil Gorsuch confirmed as an Associate Justice of the Supreme Court of the United States.

ADDRESS THE NEEDS OF ALL AMERICANS: President Trump has taken action to help marginalized communities neglected by past Administrations.

- After years of scandal and failing healthcare, President Trump has taken action to expand access to care for America's veterans.
    - Authorized appointments at Veterans Affairs have increased by 42 percent.
    - For the first time, accurate and up-to-date wait times and quality of care information is available online.
    - The President signed an extension of the Veterans Choice Program so veterans have expanded healthcare options.
    - The Department of Veterans Affairs has expanded access to mental health care.
- President Trump created a commission and focused grants to tackle the opioid epidemic that has increasingly plagued our country.
- President Trump took action to closely work with Historically Black Colleges and Universities, prioritizing these critical institutions after neglect in the previous administration.
- Under President Trump's leadership, Secretary Carson has gone on a national listening tour, to ensure the local HUD field offices are held accountable to the citizens they serve.
- Under President Trump's leadership, Secretary DeVos has increased stakeholder engagement and rolled back harmful regulations to ensure America's schools are helping students.

A FOREIGN POLICY THAT LISTENS TO THE AMERICAN PEOPLE: President Trump's America First foreign policy restores the voice of the American people in world affairs.

- President Trump is standing up to the U.N.'s false and defamatory anti-Israel bias and forcing it to

confront threats to the world's security. At the U.N., the United States is:

- Removing a blatantly biased report against Israel.
- Condemning Russia's occupation and aggression in Crimea.
- Calling out Iran's ballistic missile launch.

- President Trump is supporting our allies across the world, while making sure everyone lives up to their agreements. The United States is:
  - Working with NATO member so all countries contributed what they've agreed.
  - Supported Montenegro's inclusion into NATO.
- President Trump negotiated to save costs on the F-35 fighter jet that saved over $700 million in taxpayer money while helping America's national security.

A PROMISE TO HOLD THE GOVERNMENT ACCOUNTABLE: President Trump promised that he would drain the Washington swamp and restore accountability to Government.

- President Trump: "Our moral duty to the taxpayer requires us to make our Government leaner and more accountable."
- President Trump: "There is duplication and redundancy everywhere. Billions and billions of dollars are being wasted on activities that are not delivering results for hardworking American taxpayers."

HISTORIC ACCOMPLISHMENTS

GETTING GOVERNMENT OUT OF THE WAY: President Donald J. Trump has done more to stop the Government from interfering in the lives of Americans in his first 100 days than any other President in history. – 13 CRA's

TAKING EXECUTIVE ACTION: President Trump has used his office to get more done in his first 100 days than any other President since Franklin Roosevelt. – Will have Signed 32 Executive Orders

A SLEW OF LEGISLATION SIGNED: Despite historic Democrat obstructionism, President Trump has worked with Congress to pass more legislation in his first 100 days than any President since Eisenhower. – 28 Pieces of Leg

	Executive Orders	Laws Passed	Proclamations	CRA's
Trump	32*	28*	22*	13*
Obama	19	11	25	0
W. Bush	11	7	29	1
Clinton	13	24	31	0
HW Bush	11	18	30	N/A
Reagan	18	9	26	N/A
Carter	16	22	22	N/A
Nixon	15	9	19	N/A
Johnson	26	20	15	N/A
Kennedy	23	26	20	N/A
Eisenhower	20	22	8	N/A

Truman	25	55	14	N/A
Roosevelt	9	76	4	N/A

PROSPERITY

EARLY PROGRESS: In just the first few months of President Donald J. Trump's Administration, the U.S. economy has already made promising strides in the job market and beyond.

- In just the first few months of President Trump's term, the United States economy created 533,000 new jobs.
    - 99,000 new construction jobs were created.
    - 49,000 new manufacturing jobs were created.
    - 27,000 new mining jobs were created.
- The current United States unemployment rate is at its lowest level since May 2007, at 4.5 percent.
    - The current United States Hispanic unemployment level is at its lowest level since March 2007, at 5.1 percent.
- United States exports reached a two 2-year high in the month of February 2017.

BUILDING CONFIDENCE IN THE AMERICAN ECONOMY: Since President Trump's election, economic indicators have responded with record confidence to his prosperity-focused agenda.

- American households, consumers and investors are feeling a renewed optimism towards the United States economy.
    - Pew Research: Americans currently hold the most positive assessment of the United States economy since 2007.
    - The weekly Gallup Economic Confidence Index turned positive shortly after President Trump's election and has remained positive for 22 consecutive weeks.
    - The Conference Board Consumer Confidence Index recently soared to its highest level in more than 16 years.
    - The Dow Jones Industrial Average is up over 12 percent since Election Day 2016
- America's business community, ranging from corporate executives to small businesses, from home builders to manufacturers, are experiencing historic levels of confidence in the United States economy.
    - The Business Roundtable's CEO Economic Outlook Index recently jumped 19 points, the largest jump since 2009.
    - The Gallup Small Business Index reflects that small business owners are the most optimistic they have been since July 2007.
    - The National Association of Manufacturers Outlook Survey reflects that manufactures currently hold their highest level of optimism in the survey's 20-year history.
    - The National Association of Home Builders Confidence Index currently is among the highest levels seen in 12 years.

PRIORITIZING JOB CREATION: Using his experience in business, President Trump has been working alongside the business community and executing an agenda to spur job creation.

- President Trump has worked hand-in-hand with the private sector to get companies re-investing in America.
    - Charter Communications announced it was investing $25 billion in the United States and would hire 20,000 American workers in the next four years.
    - Exxon Mobil Corporation announced it was investing $20 billion in the United States which would create more than 45,000 jobs.
    - Intel announced it was investing $7 billion in a new factory in the United States, supporting over

10,000 jobs.

- President Trump has implemented historic 'Buy American, Hire American' policies to create domestic opportunities. These policies:
    - Ensure American industries are not harmed by unfair competition.
    - Favor American made products over foreign products.
    - Our visa system isn't abused at the expense of American workers.
- President Trump has taken action to spur job creation in America's energy industry and beyond.
    - Cleared the roadblocks to construction of the Keystone XL Pipeline and recently formally approved the project.
    - Declared the Dakota Access Pipeline serves the national interest and initiated its construction.
    - Directed that new pipeline construction and repair work use materials and equipment from the United States.

CUTTING BURDENSOME GOVERNMENT RED TAPE: President Trump has vigorously followed through on his pledge to get government out of the way of job creation and economic growth.

- The American Action Forum estimates that all of the regulatory actions taken by the Trump administration so far could produce more than $86 billion in savings for taxpayers.
    - President Trump's pro-growth actions could generate more than $18 billion in annual regulatory savings for businesses, investors, and consumers.
- President Trump has taken action to remove job-killing regulations and bring broad long-term reform to the United States' bloated regulatory regime. The President has:
    - Signed into law 13 Congressional Review Acts – removing harmful Obama-era regulations – the most of any president in history.
    - Required that for every new Federal regulation, two existing regulations be eliminated.
    - Ordered each agency establish a regulatory reform task force to identify costly and unnecessary regulations.
- President Trump has begun stripping the regulatory burdens off of America's energy industry.
    - Rescinded four Obama executive actions that stifled American energy through the Energy Independence Policy.
    - Stopped the "Stream Protection Rule" from causing further harm to the coal industry.
    - Eliminated an energy regulation that put domestic extraction companies at an unfair disadvantage.
- President Trump ordered the review of the WOTUS rule to evaluate whether it is stifling economic growth or job creation.
- President Trump streamlined the Federal permitting processes for domestic manufacturing.
- President Trump ordered a reexamination of Obama-era emission standards that were putting pressure on the U.S. auto industry.
- President Trump reduced the financial burden put upon Americans by Obamacare.

PUTTING THE PROSPERITY OF THE AMERICAN WORKER FIRST: Following years of reckless trade deals that have disadvantaged the American worker, President Trump has taken immediate action on trade.

- President Trump has withdrawn the U.S. from the Trans-Pacific Partnership.
- President Trump is cracking down on unfair trade practices to ensure the American worker comes first again. The President has:
    - Put America's steel industry and national security first by responding to unfair foreign practices.

- Enhancing enforcement of those who violate the United States' trade and customs laws.
- Ordered a report on major U.S. trade deficits so that additional actions can be taken to allow American workers to fairly compete.

A PROMISE TO MAKE AMERICA PROSPEROUS AGAIN: President Trump promised that reinvigorating America's economic prosperity was the top priority in his mission to Make America Great Again.

- Then-Candidate Trump:
  - "I am going to bring back the jobs that have been stripped away from you and your country."
  - "We will make America the best place in the world to start a business, we'll hire workers, and we'll open factories."

Hi Shawn,

Apologies for the delay! We are hoping to look at fall travel on Friday. We have several international trips that we have been hopeful to get confirmed final dates on so the process has been slow. Trying to get you an answer sooner rather than later. I'm sorry it is taking awhile!

Thank you!

Good Afternoon,

I just wanted to check in and see if you needed any other information from me regarding our inquiry on having Administrator Pruitt speak at our Shale Insight Conference in the fall. Also was hoping to see if you knew when we could expect a determination on whether the Administrator would be able to attend. Thank you for your assistance and I hope your week is going well.

Shawn,

It was a pleasure to meet you as well. Thank you so much for the invitation. I am copying Sydney Hupp (my sister and the Administrator's scheduler) on this email. She will have a form for you to complete and will be able to let you know if the 28th is available.

Please don't hesitate to reach out if I can further assist.

Warm regards,

Millan

Millan,

It was nice meeting you the other day at the Capitol Hill Club with Pete and Harold. As I mentioned, the Ohio Oil and Gas Association, the Marcellus Shale Coalition and the West Virginia Oil and Natural Gas Association are hosting the SHALE INSIGHT™ Conference, which will take place in the heart of the Marcellus and Utica shale gas plays on September 27 and 28, 2017 at the David L. Lawrence Convention Center in Pittsburgh, Pennsylvania. The event typically attracts over 1,000 attendees from across the region.

We would be honored if Administrator Pruitt would be able to join us as a general session keynote speaker on the morning of September 28, 2017. I have a formal invitation attached and I hope to discuss this event in more detail with you.

EPA Administrator Pruitt Speaker Request Form.docx

Hi Lisa,

I apologize for taking some time in returning your below request. We've had some changes to our scheduling team and I can handle your requests moving forward. Unfortunately, the Administrator will be traveling the week of October 16 and we're just not able to make this work that week. However, we'd be happy to consider an alternate date. Do you have other dates that would work for him to address the group?

I've also attached our speaking request form which I see you sent below. Feel free to update that original form with the new dates.

Thank you so much and we hope to make this work in the future!

Hi Sydney.

The setting will be casual and off the record in a private dining room at Del Friscos Grille.

Cocktails are planned for 6:30 followed by dinner at 7:00. The Administrator's remarks would follow dinner.

We have some flexibility in the evening's schedule, so please let us know if these times will be acceptable to the Administrator.

Best,

Deborah

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

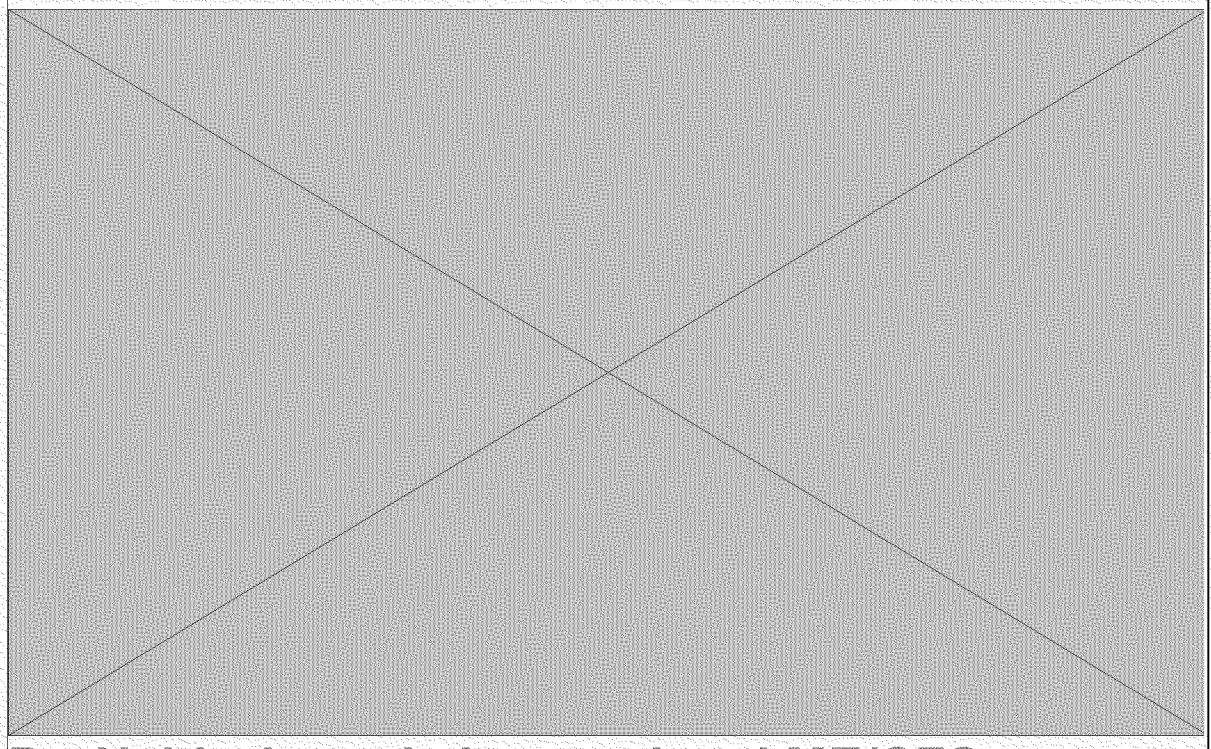
Zaher Nahle PhD, MPA
Chief Scientific Officer and Vice President for Research

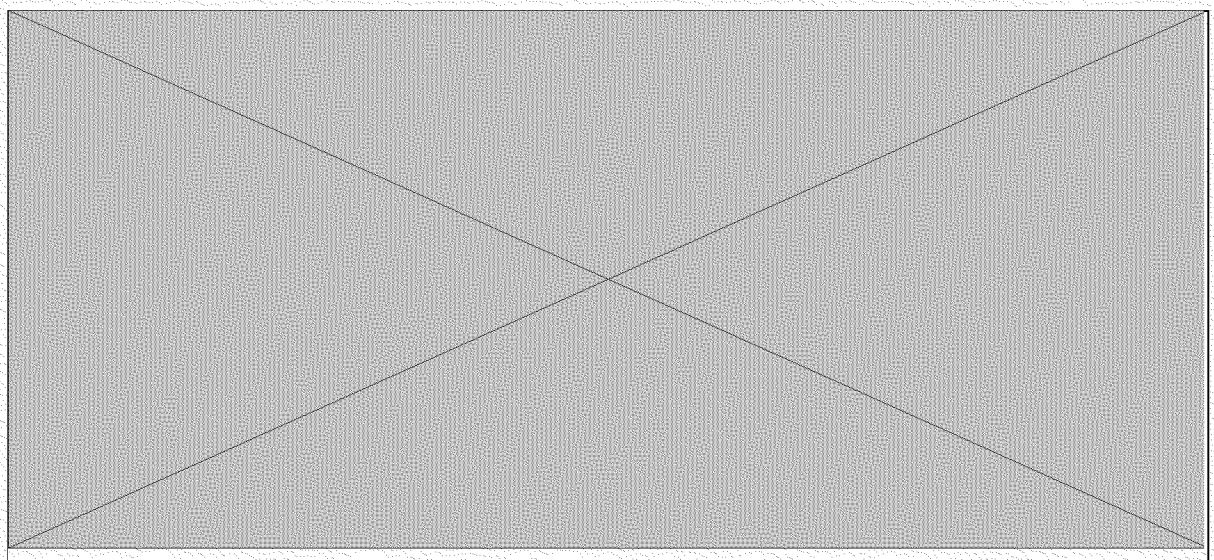
An inside look at ME/CFS research funding with NINDS Director, Dr. Walter Koroshetz

Our Chief Scientific Officer/Vice President of Research Dr. Zaher Nahle sat down recently with the Director of the National Institute of Neurological Disorders (NINDS) Dr. Walter Koroshetz on the nationally televised program the White House Chronicle with host Llewellyn King. Drs. Nahle and Koroshetz discussed current research and funding for ME/CFS, including the recent NIH-funded ME/CFS consortia projects.



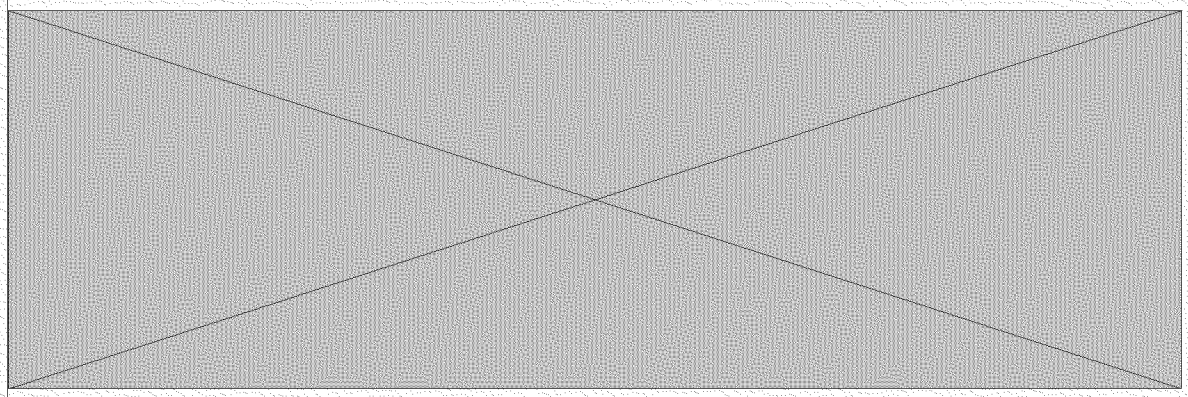
This episode is the second episode of White House Chronicle featuring SMCI. If you missed the episode featuring SMCI President Carol Head, watch it here:
http://go.solvecfs.org/e/192652/crsvhMeC11U/7vdfz/49430181

Dr. Nahle featured in two ME/CFS Articles



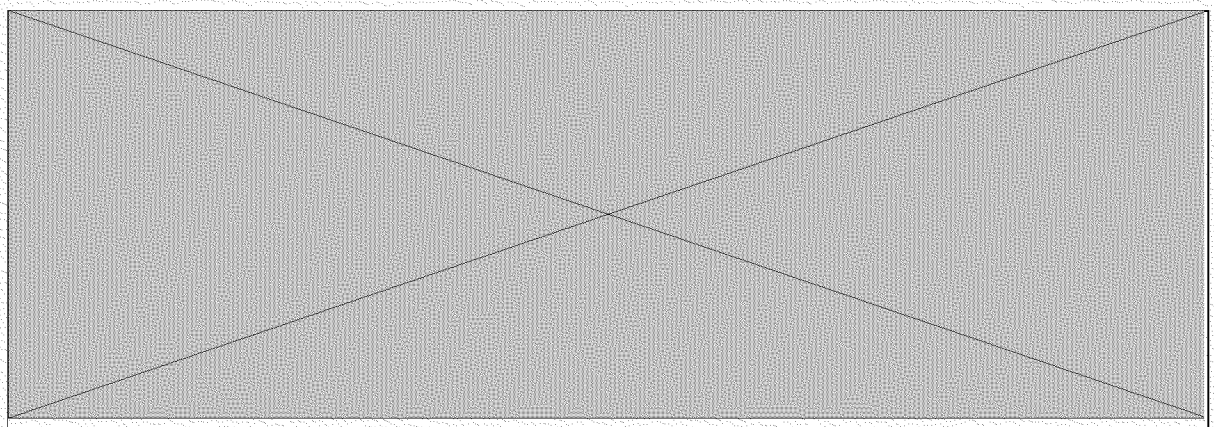
Dr. Zaher Nahle was recently featured in two articles highlighting recent ME/CFS advancements. The articles investigate the potential impact of the National Institutes of Health's (NIH) recent investment to fund three Collaborative Research Centers (CRCs) and a Data

Management Coordinating Center (DMCC). Although still insufficient, we see positive trends in research support that promise to advance our understanding of ME/CFS and bring broader recognition and treatments from the scientific community. **READ MORE**



Dr. Nahle Attends International ME/CFS Conference in Sweden

In October, RME (The Swedish National Association for ME-patients) organized two open conferences aimed at engaging health care professionals in Stockholm (Oct. 18) and Malmö (Oct. 19). SMCI's Chief Scientific Officer and VP for Research Dr. Zaher Nahle was invited to attend a roundtable meeting to discuss ongoing research and clinical developments. The roundtable meeting, held October 17 -18, was international in attendance and scope. It covered findings and planned research in Sweden, Denmark, the United Kingdom, and the United States. **READ MORE**



2016 Ramsay Team 2 Research Update

Dr. Fane Mensah (University College London (UCL)) provided SMCI with a progress update on the Ramsay Award Program 2016 Team 2 project. Dr. Mensah discussed the driving force behind the study design, potential implications of the research, and the intercontinental partnership making it possible. **READ MORE**

In case you missed it: 2017 Ramsay Research Grant Awardees

Our second cohort of Ramsay Award Program grants were announced in October. The Ramsay Award Program 2017 research teams are exploring diverse promising areas including immunity, metabolomics, epigenetics, and the gut microbiome – to name a few.
We will continue to update the community on these projects as work kicks off in 2018.

Thanks Rick for putting the call together. Look forward to continuing the dialogue.

One initial step would be to get a better sense of the current US Australian environmental agreements that are currently in place and whether they should be changed or updated or canceled and replaced with others. It would also be relatively easy to put together a joint advisory task force on environmental issues thus creating a new mechanism for ongoing discussions.

I spoke with my friends at US Pacific Fleet Command and they have numerous environmental and maritime issues they would be interested in furthering.

Mr. Martella,

Good afternoon to you. Yes, we have you held on the calendar for Wednesday, October 4. We currently have a commitment that morning in DC but expect to be able to get the Administrator into Cincinnati by 1130AM. Additionally, he must travel to Colorado Springs that evening on a 4:50PM flight. Kindly let me know if a timeframe of 1230PM – 330PM might work for what you are envisioning.

Thank you so much for your consideration and I look forward to hearing from you. I have copied Hayley Ford on this email as well as she is assisting us in Scheduling and is likely with whom you will be working.

Warm regards,

Millan Hupp

> > **Subject:** Follow up regarding Administrator Pruitt additive manufacturing site visit
> >
> > Ryan and Samantha—I hope you are both well. I am following up on the brief discussion with Administrator Pruitt regarding additive manufacturing in the

conversation regarding the ICAO aircraft standards.

Attached is an invitation for Administrator Pruitt and his team to visit GE's industry leading additive manufacturing facility in October. We are confident this will be a valuable educational opportunity and something that transforms the way manufacturing is thought about in the future.

This could be scheduled as a day trip to Cincinnati. We propose October 4 but will be flexible around the Administrator's preferences.

Please let me know if I can answer any questions. We look forward to seeing you then. Thank you -- Roger

Millan,

It was nice meeting you the other day at the Capitol Hill Club with Pete and Harold. As I mentioned, the Ohio Oil and Gas Association, the Marcellus Shale Coalition and the West Virginia Oil and Natural Gas Association are hosting the SHALE INSIGHT™ Conference, which will take place in the heart of the Marcellus and Utica shale gas plays on September 27 and 28, 2017 at the David L. Lawrence Convention Center in Pittsburgh, Pennsylvania. The event typically attracts over 1,000 attendees from across the region.

We would be honored if Administrator Pruitt would be able to join us as a general session keynote speaker on the morning of September 28, 2017. I have a formal invitation attached and I hope to discuss this event in more detail with you.

Subject: Administrator Pruitt speech at ACC Board

Hello Millan and Tate:

Per the previous email, I would be happy to have a private conversation to discuss the Administrator's presentation at ACC's upcoming board meeting. Also happy to provide whatever materials you believe would be useful.

I have cc'd my assistant, Holly Halsey who can help arrange a time to chat. I will be out of the office and in the middle of nowhere next week, with very limited access to phone and email. Accordingly, perhaps we arrange something for the following week, which is still a week prior to the speech?

Let me know whatever works for you two. Best, Bryan

That works perfect. Thank you so much for coordinating and being flexible. Let's plan for 2PM that day. We will allot an hour for the meeting.

I have your original requests with attendee information but if you have any additions please send along. Or feel free to just confirm once more so we can get them all set with security. I will have someone from our office reach out to both of you with arrival information early next week.

Let us know if you need anything else. We look forward to it!

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

PastedGraphic-3.pdf

I'm sure you have all the various documents, but this is one from the Bush era, 13 years ago. But it gives you an idea of what you might think of. Not the substance but the style. Note that this is between State and their Trade Department, not EPA and Ministry of Energy and Environment. Matthew

United States-Australia joint statement on environmental cooperation

1. The Government of the United States of America and the Government of Australia recognize that they share common concerns and similar responsibilities for protecting and conserving the environment in their respective jurisdictions, and have a common interest in advancing global environmental improvement and protection. The Governments further note that they face similar environmental challenges such as expanding urban populations, concentrated industrial activity, and sustainable use of natural resources.
2. The United States and Australia have a long and productive history of cooperation on environmental issues. The Governments recognize the important environmental work that they have accomplished bilaterally, including through the US.-Australia

Climate Action Partnership and in areas such as botanic gardens, endangered and migratory species, Antarctica, meteorological and oceanographic research and management, and whale and ozone protection. The Governments look forward to continued cooperation in these areas and to future bilateral environmental activities in other areas, including national parks, wetlands, oceans management, conservation of Antarctic and sub-Antarctic ecosystems, biodiversity conservation, invasive species and natural heritage management.

3. The United States and Australia share common goals in advancing science and technology initiatives to address environmental challenges. These initiatives include improving productive and sustainable natural resource use and global observation, developing cleaner, renewable and more efficient energy, and advancing agricultural technologies, including biotechnology. The United States and Australia are close partners in the Carbon Sequestration Leadership Forum, the International Partnership for the Hydrogen Economy, and the Ad Hoc Group on Earth Observations, and they look forward to the completion of a bilateral agreement on science and technology cooperation.
4. The Governments also recognize the importance of multilateral environmental activities and acknowledge the close cooperation between the two countries in preparing for and participating in international environmental meetings and conferences on topics including protection, conservation or management of national parks and world heritage sites, endangered and migratory species, Antarctica, ocean affairs, marine living resources, chemicals and hazardous wastes, ozone protection, global climate change, forests, coral reefs, biological diversity and biosafety. The Governments further note the close cooperation between the two countries in environment related meetings of the United Nations agencies and the WTO. The United States and Australia intend to continue these cooperative efforts and desire to further strengthen their ties in these and other international forums in which environmental issues are considered.
5. The Governments also acknowledge their successful environmental cooperation in the Asia Pacific region, including as members of the South Pacific Regional Environmental Program, the Asia Pacific Economic Cooperation forum and the Secretariat of the Pacific Community. The Governments recognize the importance of these regional efforts and intend to continue to pursue joint efforts to build capacity in the region for improved environmental stewardship and protection. Such future regional work may include developing or supporting further WSSD Type II initiatives in the Asia Pacific region.
6. To further advance the collaboration and cooperation between the United States and Australia, the Governments intend to consult regularly to review ongoing cooperative activities, identify priority areas for potential future cooperative activities, and to the extent appropriate, review other matters related to this statement. In particular, the Governments intend to consider bilateral collaborative efforts to assist third countries build capacity in the areas described in Paragraphs 2, 3, 4 and 5 above.
7. The Governments believe that participation of the public, and cooperation between governments and the community, are important means of enhancing environment stewardship, protection and conservation and sustaining natural resource management. The United States and Australia will continue to promote public

participation, including soliciting and taking into account, as appropriate views of the public, including stakeholders, with respect to ongoing and future cooperative activities between the two countries.

Thanks Rick for putting the call together. Look forward to continuing the dialogue.

One initial step would be to get a better sense of the current US Australian environmental agreements that are currently in place and whether they should be changed or updated or canceled and replaced with others. It would also be relatively easy to put together a joint advisory task force on environmental issues thus creating a new mechanism for ongoing discussions.

I spoke with my friends at US Pacific Fleet Command and they have numerous environmental and maritime issues they would be interested in furthering.

RE: Request for Meeting with Administrator Pruitt by Occidental Petroleum Corporation's Board

Dear Ms. Morris:

Please find attached a request from Eugene Batchelder, Chairman of Occidental Petroleum Corporation's Board of Directors, for a meeting with Administrator Pruitt on the afternoon of October 5th. The purpose of the meeting is to discuss emerging environmental policy related to domestic manufacturing and energy production and to seek the Administrator's insights and advice. The Board would also appreciate the Administrator's perspectives on the challenges and opportunities of emerging environmental policy as it relates to U.S. manufacturing and domestic energy production. There will be no requests of the Administrator related to specific EPA rules or regulations.

I have included a brief biography for each member of Occidental's Board for background. Occidental's Board includes two former cabinet Secretaries, the former Chairman of the Securities and Exchange Commission, the former CEO of Valero as well as Occidental's current CEO.

I am helping coordinate the meetings with our Board. Please do not hesitate to call me if you have any questions or need additional information. I can be reached at 202-857-3043. Thank you so much for your consideration.

Sincerely,

Susanna Manyak

External Meeting Request Form for Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: Wednesday, 8/30/2017

Meeting Date: Thursday, 10/5/2017

Meeting Time: 2:00-5:30 PM (window)

Requested Location (if offsite, please list address, parking instructions, etc.):
Administrator Pruitt's office

Requestor:

1. **Vicki Hollub**, President & CEO, Occidental Petroleum Corporation
2. **Eugene L. Batchelder**, Chairman of the Board, Occidental Petroleum Corporation

Purpose of the Meeting: To discuss emerging environmental policy related to domestic manufacturing and energy production and seek the Administrator's insights and advice.

Background on the Meeting: Occidental Petroleum Corporation will be holding the October meeting of our Board of Directors in Washington, D.C. and will be meeting with a host of government leaders to get their perspectives on policy issues that may impact our operations. Occidental Petroleum Corporation is the 4th largest oil & gas company in the U.S.

Role of the Administrator: To offer his insights and perspectives on the challenges and opportunities of emerging environmental policy as it relates to U.S. manufacturing and domestic energy production.

Attendees:

1. **Vicki Hollub**, President & CEO, Occidental Petroleum Corporation
2. **Secretary Spencer Abraham**, former Secretary for the Department of Energy
3. **Secretary Carlos M. Gutierrez**, former Secretary for the Department of Commerce

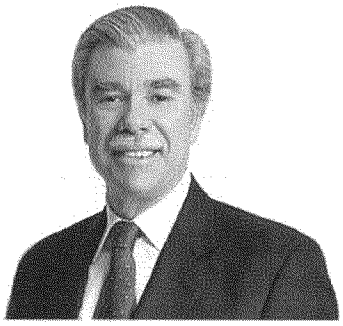
4. **Chairwoman Elisse B. Walter**, former Chairwoman for the Securities & Exchange Commission
5. **William R. Klesse**, CEO and former Chairman of the Board, Valero Energy
6. **Jack B. Moore**, President and CEO, Cameron International
7. **John E. Feick**, Chairman, Matrix Solutions
8. **Margaret M. Foran**, CGO, Senior VP & Corporate Secretary, Prudential Financial
9. **Eugene L. Batchelder**, former Senior VP & CAO, ConocoPhillips
10. **Howard I. Atkins**, former Senior Executive VP & CFO, Wells Fargo
11. **Avedick B. Poladian**, Director, former Executive VP & COO, Lowe Enterprises

Point of Contact: Susanna Manyak (202) 857-3043 or Susanna_Manyak@oxy.com

Vicki Hollub
Director since 2015

Vicki Hollub, 57, became President and Chief Executive Officer of Occidental Petroleum Corporation in April 2016. She has been a member of Occidental's Board of Directors since 2015. Ms. Hollub, who began her career with Occidental in 1981, has held a variety of management and technical positions with responsibilities on three continents, including roles in the United States, Russia, Venezuela and Ecuador. Most recently, Ms. Hollub served as Occidental's President and Chief Operating Officer, overseeing the company's oil and gas, chemical and midstream operations. She previously served as Senior Executive Vice President, Occidental Petroleum Corporation and President, Oxy Oil and Gas, where she was responsible for operations in the U.S., the Middle East region and Latin America. Prior to that, Ms. Hollub held a variety of leadership positions, including Executive Vice President, Occidental and President, Oxy Oil and Gas, Americas; Vice President, Occidental and Executive Vice President, U.S. Operations, Oxy Oil and Gas; Executive Vice President, California Operations; and President and General Manager of the company's Permian Basin operations. She started her career at Cities Service, which was acquired by Occidental. Ms. Hollub serves on the boards of the American Petroleum Institute and Khalifa University for Science and Technology in Abu Dhabi. A graduate of the University of Alabama, Ms. Hollub holds a B.S. in Mineral Engineering. She was inducted into the University of Alabama College of Engineering 2016 class of Distinguished Engineering Fellows.

Qualifications: As Occidental's President and Chief Executive Officer, Ms. Hollub is responsible for Occidental's operations, strategy and financial management. Ms. Hollub brings to the Board over 35 years of experience in the oil and gas industry, including international experience, having previously held a variety of management and technical roles on three continents, including roles in Russia, Venezuela and Ecuador. Throughout her tenure at Occidental, Ms. Hollub has been instrumental in efficiently and profitably growing Occidental's oil and gas business. Ms. Hollub's extensive leadership and operational experience brings valuable perspective to the Board.



Spencer Abraham
Director since 2005

Member of: Environmental, Health and Safety Committee; and, Executive Compensation Committee

Secretary Abraham, 64, is Chairman and Chief Executive Officer of The Abraham Group LLC, an international strategic consulting firm based in Washington, D.C. As a Senior Analyst for Potomac Research Group, Secretary Abraham provides predictive analysis on energy policy, energy markets and the geopolitics of energy to institutional investors in the energy space. He represented Michigan in the United States Senate prior to President George W. Bush selecting him as the tenth Secretary of Energy in U.S. history. During his tenure at the Energy Department from 2001 through January 2005, he developed policies and regulations to ensure the nation's energy security, was responsible for the U.S. Strategic Petroleum Reserve, oversaw domestic oil and gas development policy and developed relationships with international governments, including members of the Organization of the Petroleum Exporting Countries. Secretary Abraham serves as Executive Chairman of the Board of Uranium Energy Corp.; and as a Director of PBF Energy Inc., where he serves on the Compensation and Nominating and Corporate Governance Committees; NRG Energy, Inc., where he serves on the Compensation and Nuclear Oversight Committees; Two Harbors Investment Corp., where he is Chairman of the Compensation Committee and a member of the Nominating and Corporate Governance Committee; and as Chairman of the Board of Uranium Energy Corp. He was previously a Director of GenOn Energy, Inc. and a Director and a member of the Nominating and Governance and Compensation Committees of ICx Technologies. He also serves on the board of C3 Energy, a private company. Secretary Abraham is a member of the Advisory Board of the Churchill Center, a member of the Board of Trustees of the California Institute of Technology, and is the Chairman of the American Task Force for Lebanon. He holds a Juris Doctor degree from Harvard Law School and is the author of "Lights Out!:Ten Myths About (and Real Solutions to) America's Energy Crisis."

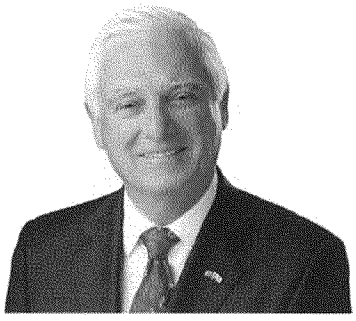
Qualifications: Secretary Abraham's nearly two decades of experience at the highest levels of domestic and international policy and politics shape the insights he brings to Occidental's Board of Directors. As a former U.S. Senator and former U.S. Secretary of Energy who directed all aspects of the country's energy strategy, Secretary Abraham provides the Board unique insight into public policy and energy-related issues. In addition, Secretary Abraham is a Harvard-educated attorney who, while directing the Energy Department, oversaw a budget of nearly $24 billion (FY 2005) and was responsible for the management of senior department personnel. Secretary Abraham's legal training and his government service managing complex policy, personnel and strategic issues provide Occidental with exceptional knowledge and perspective in the areas of health, environment and safety, strategy and policy, personnel management and community relations.

Carlos M. Gutierrez
Director since 2009

Chair of Corporate Governance, Nominating and Social Responsibility Committee since 2016; Member of Audit Committee

Secretary Gutierrez, 63, is Co-Chair of Albright Stonebridge Group, a commercial diplomacy and strategic advisory firm. Prior to that he was Vice Chairman of the Institutional Clients Group and a member of the Senior Strategic Advisory Group at Citigroup Inc. from 2011 to February 2013. He joined Citigroup from communications and public affairs consulting firm APCO Worldwide Inc., where he was Chairman of the Global Political Strategies division in 2010. He served as U.S. Secretary of Commerce in the administration of President George W. Bush from February 2005 to January 2009. Prior to his government service, Secretary Gutierrez was with Kellogg Company for 30 years. He became Kellogg's Chief Executive Officer in 1999 and served as Chairman of the Board from 2000 to 2005. Secretary Gutierrez serves on the Boards of Directors of MetLife, Inc., where he serves on the Finance and Investment and Governance Committees, Time Warner Inc., where he serves on the Audit Committee, and Viridis, Inc., a privately held company. He previously served as a Director of Corning Incorporated, United Technologies Corporation, Colgate-Palmolive Lighting Science Group Corp., where he served on the Audit Committee, and iGPS, a privately held company. In addition to serving as Chairman of the U.S.-Cuba Business Council of the U.S. Chamber of Commerce, Secretary Gutierrez is a member of the Human Freedom Advisory Council at the George W. Bush Institute and is Chairman of the Board of Trustees of the Meridian International Center. He is also a co-founder of The Dream.US, a scholarship fund for undocumented students, and is a member of the Board of the U.S.-Mexico Foundation.

Qualifications: Secretary Gutierrez's highly successful service as Chief Executive Officer and Chairman of Kellogg Company provides him deep insight into the complex challenges faced by a growing organization in a highly competitive business environment. Additionally, his experience as U.S. Secretary of Commerce provides the Board exceptional knowledge and insight into the complex environment of international commerce. Secretary Gutierrez brings valuable business management and operational experience and an international commerce and global economic perspective to the Board.



Elisse B. Walter
Director since 2014

Member of: Audit Committee; and, Environmental, Health and Safety Committee

Ms. Walter, 66, was appointed Commissioner of the U.S. Securities and Exchange Commission (SEC) by President George W. Bush, and served in that capacity from 2008 until 2013. President Barack Obama designated her as the 30th Chairman of the SEC in December 2012. Prior to her appointment as an SEC Commissioner, she was with the Financial Industry Regulatory Authority (FINRA) and its predecessor, the National Association of Securities Dealers (NASD), from 1996-2008. She served as Senior Executive Vice President, Regulatory Policy and Programs for FINRA and held the comparable position at NASD before its 2007 consolidation with NYSE Member Regulation. Earlier in her career, she served as the General Counsel of the Commodity Futures Trading Commission (CFTC) from 1994 to 1996 and as Deputy Director of the SEC Division of Corporation Finance from 1986 to 1994. Among the honors Ms. Walter has received are the Presidential Rank Award (Distinguished), the ASECA William O. Douglas Award, the SEC Chairman's Award for Excellence and the Federal Bar Association's Philip A. Loomis, Jr. and Manuel F. Cohen Awards. She is a member of the Academy of Women Achievers of the YWCA of the City of New York and the inaugural class of the DirectWomen Institute. She serves on the Board of Directors of the Sustainability Accounting Standards Board, the National Women's Law Center and the Board of Governors of FINRA. Ms. Walter holds a B.A. in Mathematics, cum laude, from Yale University and a J.D., cum laude, from Harvard Law School.

Qualifications: Ms. Walter's long and distinguished record of public service in major leadership roles at key agencies of the federal government has given her unique insight into both business and government. She also brings to the Board more than 35 years of experience and insight on complex domestic and international regulatory matters. As Chairman of the SEC, Ms. Walter demonstrated a keen understanding of capital markets and related regulatory issues, and led a 4,000-employee federal agency, overseeing its budget and developing policy. Ms. Walter's experience at FINRA provides extensive knowledge with respect to corporate finance and financial regulation and disclosure and her CFTC experience brings to the Board an understanding of commodities markets and regulation.

William R. Klesse
Director since 2013

Member of: Executive Compensation Committee; and, Environment, Health and Safety Committee

Mr. Klesse, 70, is the former Chief Executive Officer and former Chairman of the Board of Valero Energy Corporation (Valero), an international manufacturer and marketer of transportation fuels, other petrochemical products and power. He joined the Valero board as Vice Chairman in 2005 and served as Chairman of the Board from 2007 to December 2014. From 2006 to May 2014, he served as Chief Executive Officer of Valero and served as President from 2008 to 2013. From 2003 to 2005, Mr. Klesse was Valero's Executive Vice President and Chief Operating Officer. Prior to that, he served as Executive Vice President of Refining and Commercial Operations following Valero's 2001 acquisition of Ultramar Diamond Shamrock Corporation, where he had been Executive Vice President of the company's refining operations. Mr. Klesse began his 40-plus year career in the energy industry at Diamond Shamrock Corporation, which merged with Ultramar Corporation in 1996. Mr. Klesse serves on the Board of Directors of MEG Energy. Mr. Klesse is a trustee of the Texas Biomedical Research Institute and United Way of San Antonio and Bexar County and serves on the Advisory Board of the San Antonio Food Bank. Mr. Klesse holds a bachelor's degree in Chemical Engineering from the University of Dayton and a Master of Business Administration with an emphasis in Finance from West Texas A&M University.

Qualifications: Mr. Klesse brings more than four decades of energy industry executive management experience to Occidental's Board. As Valero's former Chairman, he led the Board's strategic planning and, as Valero's former Chief Executive Officer, he oversaw the daily operations of a major global energy company. Mr. Klesse's experience provides an informed management perspective and insights with respect to global business and energy issues to the Board. He also has leadership experience on industry association and nonprofit boards.

Jack B. Moore
Director since 2016

Member of: Executive Compensation Committee; and, Environmental, Health and Safety Committee

Mr. Moore, 63, most recently served as President and Chief Executive Officer of Cameron International Corporation from April 2008 to October 2015 and served as Chairman of the Board of Cameron from May 2011 until it was acquired by Schlumberger in April 2016. Mr. Moore served as Cameron's President and Chief Operating Officer from January 2007 to April 2008. Mr. Moore joined Cameron in 1999 and, prior to that, held various management positions at Baker Hughes Incorporated, where he was employed for over 20 years. Mr. Moore serves on the Board of Directors of Rowan Companies plc, where he serves on the Compensation and Health, Safety and Environment committees, ProPetro Holding Corp., where he serves on the Nominating and Corporate Governance committee, and KBR Inc., where he serves on the Compensation and Nominating and Corporate Governance committees. Mr. Moore actively serves in leadership positions within the Petroleum Equipment and Services Association, the University of Houston, the United Way of Greater Houston and Memorial Assistance Ministries. Mr. Moore is a graduate of the University of Houston with a B.B.A. degree and attended the Advanced Management Program at Harvard Business School.

Qualifications: Mr. Moore brings over 35 years of energy industry experience to Occidental's Board and has a deep understanding of oil and gas operations. As a former Chief Executive Officer and Board Chairman, Mr. Moore has extensive executive management and leadership experience, and is knowledgeable in the areas of strategic planning, financial management, mergers and acquisitions and executive compensation. Mr. Moore also has leadership experience on industry association and nonprofit boards.

John E. Feick
Director since 1998

Chair of Environmental, Health and Safety Committee since 2012; Member of: Corporate Governance, Nominating and Social Responsibility Committee; and, Executive Compensation Committee

Mr. Feick, 73, is the Chairman and a significant stockholder of Matrix Solutions Inc., a provider of environmental remediation and reclamation services. Until 2011, he was Chairman and a significant stockholder of Kemex Engineering Services, Ltd., which offers engineering and design services to the petrochemical, refining and gas processing industries. From 1984 to 1994, Mr. Feick was President and Chief Operating Officer of Novacor Chemicals, a subsidiary of Nova Corporation. He previously served as Chairman of the Board of Directors of Oak Point Energy Ltd., an oil sands exploration and development company, and was a Director of Veresen Inc. and Graham Construction.

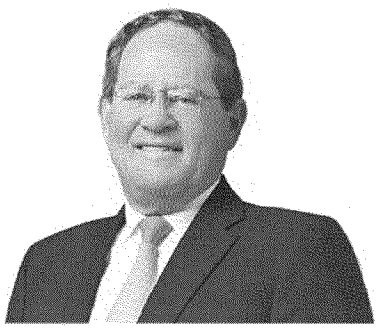
Qualifications: Mr. Feick possesses a deep understanding of both the oil and gas and chemicals industries along with broad experience in environmental compliance and remediation. He has served as President and Chairman of a company specializing in environmental services and served as Chairman of an oil and gas and petrochemicals specialty engineering firm. As President and Chief Operating Officer of Novacor Chemicals, he was responsible for the company's investments and operations and established the company as a leader in plant reliability, utilization rates, occupational health and safety, and environmental performance in North America. In addition to industry knowledge and expertise, Mr. Feick's experience brings the Board exceptionally valuable insight into the environmental, health and safety area.

Margaret M. Foran
Director since 2010

Chair of Executive Compensation Committee since 2016; Member of Corporate Governance, Nominating and Social Responsibility Committee

Ms. Foran, 62, is Chief Governance Officer, Senior Vice President and Corporate Secretary of Prudential Financial, Inc. Prior to joining Prudential, she was Executive Vice President, General Counsel and Corporate Secretary at Sara Lee Corporation from 2008 to 2009; Senior Vice President, Associate General Counsel and Corporate Secretary at Pfizer Inc. from 1997 to 2008; and Vice President and Assistant General Counsel at J.P. Morgan & Co. Ms. Foran is a former Director of The MONY Group Inc. and MONY Life Insurance Company. She served as Co-Chair and a Director of the Council of Institutional Investors (CII) and Co-Chair of the CII International Corporate Governance Committee. She is the former Chair of the American Bar Association Committee on Corporate Governance. Ms. Foran is the former Chair of the Coordinating Committee of the Business Roundtable Corporate Governance Task Force. She previously served two terms on the Standing Advisory Group of the Public Company Accounting Oversight Board (PCAOB) and is a member of the Economic Club of New York. Ms. Foran is a Trustee of the Committee for Economic Development, as well as a member of the Notre Dame Law School Advisory Council.

Qualifications: Ms. Foran is an accomplished attorney with deep expertise in legal affairs and corporate governance. She has held positions of increasing responsibility at four U.S.-based global companies, where for more than a decade she has had a leading role in strengthening corporate governance, environmental and sustainability principles and practices, ensuring regulatory compliance and developing programs to broaden investor communications. Having been a senior executive in the financial services, food and beverage and pharmaceutical industries, Ms. Foran has a broad range of experience in shareholder services, mergers and acquisitions, SEC reporting, capital markets, derivatives, risk management, internal audit procedures and insurance matters as well as environmental, safety and social responsibility programs. Ms. Foran's corporate experience, in addition to her work with various investor groups and corporate trade associations, provides the Board exceptional acumen and insight on governance, investor and legal policies and practices.



Eugene L. Batchelder
Director since 2013

Independent Chairman since 2015; Member of Corporate Governance, Nominating and Social Responsibility Committee

Mr. Batchelder, 69, retired in 2012 as the Senior Vice President and Chief Administrative Officer at ConocoPhillips, an integrated global energy company. In this role, from 2009 until his retirement, he was responsible for global shared services, human resources, facilities, information technology, security, aviation, executive services, and corporate affairs, which included investor relations, corporate communications and contributions. Mr. Batchelder served as Senior Vice President and Chief Information Officer of ConocoPhillips from 2002 to 2009. Prior to the merger of Conoco and Phillips Petroleum in 2002, Mr. Batchelder was promoted to increasingly senior positions within Phillips Petroleum companies, including information technology and financial management positions. Mr. Batchelder is a director of Laurel's Army Foundation, a past trustee and current governor of the Oklahoma State University Foundation, and past president and board member of the Oklahoma State University Alumni Association. Mr. Batchelder holds a bachelor's degree in Accounting from Oklahoma State University, is a certified public accountant (inactive) and a member of the American Institute of Certified Public Accountants.

Qualifications: With more than 40 years of experience in the energy industry, including two decades in senior executive management, Mr. Batchelder brings an in-depth understanding of key corporate issues, including financial management and information technology. Mr. Batchelder also has insight into human resources, including executive management succession planning and compensation and benefits.

Howard I. Atkins
Director since 2010

Member: Audit Committee; and, Environmental, Health and Safety Committee

Mr. Atkins, 66, retired as the Senior Executive Vice President and Chief Financial Officer of Wells Fargo & Company, where he was responsible for Wells Fargo's financial management functions, investment portfolios, investor relations, capital management and corporate properties functions from 2001 to 2011. A 37-year veteran of the financial services industry, Mr. Atkins previously served as Executive Vice President and Chief Financial Officer of New York Life Insurance Company, Chief Financial Officer of Midlantic Corporation and Corporate Treasurer of Chase Manhattan Bank. Mr. Atkins previously served on the Board of Directors of Ingram Micro Inc., where he served as Chairman of the Human Resources Committee and as a member of the Audit Committee.

Qualifications: With his experience as Chief Financial Officer of Wells Fargo, one of the largest banking institutions in the United States, Mr. Atkins brings to the Board a deep understanding of financial oversight and accountability. In his nearly four decades in the financial services industry, Mr. Atkins has had responsibilities in the areas of financial reporting, tax management, asset-liability management, treasury, corporate development, investor relations and mergers and acquisitions. This experience provides the Board insight into financial management and analysis. Mr. Atkins' financial acumen, combined with his senior management expertise provides the Board valuable perspective in helping to guide the fiscal management policies that further Occidental's strategic business goals.

Avedick B. Poladian
Director since 2008

Chair of Audit Committee since 2013; Member of Corporate Governance, Nominating and Social Responsibility Committee

Mr. Poladian, 65, is a Director and the former Executive Vice President and Chief Operating Officer of Lowe Enterprises, Inc., a privately-held diversified national real estate company active in commercial, residential and hospitality property investment, management and development. Mr. Poladian served in this position from December 2002 to December 2016, and is currently an advisor to the company. During his tenure as Chief Operating Officer, Mr. Poladian oversaw human resources, risk management, construction, finance and legal functions across the firm. Mr. Poladian was with Arthur Andersen from 1974 to 2002 and is a certified public accountant (inactive). He is a past member of the Young Presidents Organization, the Chief Executive Organization, the California Society of CPAs and the American Institute of CPAs. Mr. Poladian is a Director of the YMCA of Metropolitan Los Angeles, a member of the Board of Councilors of the University of Southern California School of Policy, Planning, and Development, a member of the Board of Advisors of the Ronald Reagan UCLA Medical Center, and a former Trustee of Loyola Marymount University. Mr. Poladian serves as a Director and on the Audit Committees of two funds managed by Western Asset Management Company. He also serves as a Director of California Resources Corporation, and as a member of the Board of Trustees of Public Storage, where he is the Chair of the Audit Committee and the Chair of the Nominating/Corporate Governance Committee.

Qualifications: As a certified public accountant with extensive business experience, Mr. Poladian qualifies as one of Occidental's Audit Committee financial experts and provides the Board expert perspective in financial management and analysis. Having served in a senior management position at one of the world's largest accounting firms, combined with his experience as Chief Operating Officer and Chief Financial Officer of a diversified real estate company, Mr. Poladian has deep knowledge of key business issues, including personnel and asset utilization, in addition to all aspects of fiscal management.

Hi Millan

I just wanted to confirm that you received the below email from me last Thursday after we spoke on the phone. If I don't hear back from you, I will give you a call to see if I possibly made a mistake on the email address. Thanks! Hope you're having a good week.

Millan,

Thanks for visiting with me about the possibility of getting your boss to Houston for TXOGA's

annual meeting! I've forwarded the email below with a link to TXOGA so you can see more of the details. I confirmed that there will be 250-300 at the luncheon, which is the keynote and preferred time slot for him to speak on October 20. Of course, they would happily rearrange the schedule to accommodate him, if another time that day is a better fit. Also, there is a dinner the night before that we could make work; however, that will be a smaller crowd. The attendees are high level oil/gas folks, including several CEOs and Texas elected officials. Past speakers have included both Presidents and Laura Bush, Rudy Giuliani, Alan Greenspan, to name a few.

Other speakers on this year's program are CEOs of Pioneer and Enterprise Products. Other companies in The Woodlands are Anadarko and Exxon Mobil and I wouldn't be surprised if those CEOs don't also show up, if Scott is on the agenda. I can also get you the heads of government affairs at any of the companies that could schedule private meetings with their CEOs, if he has a desire for any meetings of those kind. I used to work for Shell and I'm happy to facilitate a meeting there with CEO Bruce Culpepper, if he has any interest.

I've attached the original letter from TXOGA CEO Todd Staples, as well. Let me know if you have any questions, or feel free to get in touch with Todd directly. Thanks for your help and I hope to meet you sometime soon!

May 3, 2017

David Killam
Chairman

D. Todd Staples
President

The Honorable Scott Pruitt
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Ave., NW
Mail Code: 1101A
Washington, D.C. 20460

Dear Administrator Pruitt:

On behalf of the members of the Texas Oil & Gas Association (TXOGA), I would like to extend an invitation for you to speak at our annual Lone Star ***Energy*** Forum. This year the meeting will be held in The Woodlands, Texas on October 19 – 20, 2017. Past meetings have included remarks from world leaders and dignitaries such as President George W. Bush, President Mikhail Gorbachev, President Vicente Fox, Alan Greenspan, and others.

Texas is a world leader in the oil and natural gas industry and TXOGA is fortunate to represent every facet of the oil and natural gas industry in Texas. The Lone Star ***Energy*** Forum is attended by senior leadership of our member companies along with others active in our industry.

We would be honored to have you join us at our meeting and provide remarks to our attendees with your perspective on issues and opportunities facing our industry.

TXOGA Lone Star *Energy* Forum Details
Thursday, October 19 - Friday, October 20, 2017
The Woodlands Resort and Conference Center, The Woodlands, Texas
Potential Speaking Times:
Friday, October 20th between 8:00 am and 1:00 pm

I look forward to your response and appreciate your consideration. Should you need additional information, please contact me or Neal Carlton at ncarlton@txoga.org or 512-478-6631.

Sincerely yours,

Todd Staples

Hi, Tate —

Of course, I'd be glad to chat. You can find me on my cell phone, 703-371-4743.

I'm flying up to Boston for some meetings, but I'll be free between 11:00 am and 2:00 pm. Would sometime in that window work?

Best,
Adam

Date: Monday, April 17, 2017 at 2:32 PM
To: "hupp.millan@epa.gov" <hupp.millan@epa.gov>
Subject: RSVP list for OKOGA roundtable

Hi Millan,

Attached is the list for tomorrow's event. OKOGA staff will remove themselves from the meeting once it begins, so that it is just Pruitt with the executives. We will simply be there to great everyone.

Thanks,

Donelle

Hi there. See below. Really awesome stuff. Do you want to set a call?

Date: Friday, September 1, 2017 at 8:53 AM
To: Jessica Garrison <Jessica@mdm27.com>
Subject: Pruitt visit

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.

- Manufacturing/concentrates tour – a driving tour through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings

- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that

- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land

Advance Meeting Request.pdf
ATT00001.htm

Corrected with Claire's title.

September 12
2pm
EPA Administrator Pruitt's Office
Attendees: Gary Knell, CEO National Geographic , Claire Jones (Vice President, Strategic Communications
National Geographic Society) , Jessica Garrison , Phil Anderson (principal of Navigators Global and advisor to National Geographic)

Hi guys. This is the form I filled out for the September 12 meeting. Although the sept 14 salon dinner has been postponed and as we've discussed before Mr. Knell hopes to maintain this appointment as a way to meet Administrator Pruitt and develop a relationship. Mr. Knell has a strong desire to be supportive to the Administrator on behalf of National Geographic. The salon dinner was postponed to Q1 of 2018 so that the Board of Directors for National Geographic can attend the event. Here is a link to nat geo's
board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from visits to their San Francisco office while he was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over he Hoover Dam project while also President of Bechtel. Amazing 119 year old family business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-founder of AOL. Very good board.

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM
U.S. Environmental Protection Agency

Deadline for Acceptance:

Requesting Individual / Affiliation: National Geographic Society (Jessica Garrison)

Event Title: Advance Meeting with Admin. Pruitt & National Geographic CEO, Gary Knell regarding the National Geographic Public Policy Salon Dinner (Key Note Admin. Pruitt) on Domestic Water Security

Event Date: August 14, 2017 , 3pm

Is the Above Date Flexible: Yes another option is August 16, 10am. The CEO is out o town August 21 thru mid September and the salon dinner is Sept. 14. He very much would like to personally meet Admin. Pruitt before having to leave town.

Event Time & Duration: 45 minutes

Type of Event: Advance Meeting for principals to meet and discuss parameters of upcoming Salon dinner. National Geographic wants to be sure this dinner is managed and executed in a way that the Administrator and his staff feels is the best course. The CEO of National Geographic would also like to develop a rapport and good working relationship with the Administrator. This advance meeting will be very helpful for a successful salon dinner

Purpose of the Event: Advance conversation to discuss the event described on the previously submitted event form (attached) relating to the September 14, National Geographic Public Policy Salon Dinner (Key Note Admin. Pruitt) on Domestic Water Security.

Role of the Administrator: To meet Gary Knell, CEO of National Geographic and share his thoughts and vision for the National Geographic Public Policy Salon Dinner (Key Note Admin. Pruitt) on Domestic Water Security domestic water security

Event Location: Office of EPA or Office of National Geographic

Day of Event Point of Contact:

Jessica Garrison (205-568-4371), Jessica@MDM27.com

Please return this form completed to scheduling@epa.gov and Sydney Hupp (hupp.sydney@epa.gov).

Will a meal be provided, if so what is the US currency value?	*Yes. Estimated $150*

Please return this form completed to scheduling@epa.gov and Sydney Hupp (hupp.sydney@epa.gov).

17cv01906 Sierra Club v. EPA ED_001523B_00000470-00004

NATIONAL GEOGRAPHIC

June 20, 2017

The Honorable Scott Pruitt
Administrator
Environmental Protection Agency
1200 Pennsylvania Avenue, NW
Washington, D.C. 20460

Dear Administrator Pruitt,

I would like to formally invite you to join us as our honored guest for the National Geographic Public Policy Salon Dinner on Domestic Water Security on Thursday, September 14, 2017 at 6 PM in National Geographic Society's Historic Hubbard Hall. The private and closed-press dinner will gather a small and select group of National Geographic board members and supporters, key influencers, and subject matter experts for a conversation about water security issues in the U.S.

This dinner will be the second in a series of salon dinners that National Geographic is convening to drive informal conversation about important topics affecting the U.S. today.

We recently began this salon dinner series with Secretary Ryan Zinke. During National Geographic's dinner with Secretary Zinke, we enjoyed a conversation about our nation's beautiful parks and public lands and uncovered an important area of shared interest with the Secretary: a desire to strengthen our parks' infrastructure. We look forward to working together with Secretary Zinke to move this important initiative forward.

Following the success of our first dinner, we look forward to the potential afforded by the opportunity to host a conversation with you during our event on September 14th. National Geographic would welcome the opportunity for you to share your thoughts and vision for domestic water security, and I hope that you will accept our invitation.

Sincerely,

Gary Knell
President and CEO, National Geographic Society

EPA Details Dip Note.pdf

Hi Maria;

Please find attached the diplomatic note we forwarded to Vatican protocol and the gendarmes with vehicle access requests for the meeting and tours. I had one suggested change for the movement for tomorrow's tours: The easiest way to reach the Scavi from the Belvedere courtyard (the Vatican library entrance) is from inside the Vatican, circling around St. Peter's Basilica to the Scavi office, located on the south side of the Basilica. So after the 4pm Vatican library tour concludes I would suggest that route to reach the Scavi for the 5pm tour, rather than meeting at the hotel first, although of course you can stick with the original plan if you prefer.

Best,

Emmett

The Gendarmes have just informed me that your office should contact directly the Gendarmes' Command to inform them of the date, time, and purpose (e.g. Mass at St. Peter's) that SP plans to enter the Vatican City State. The direct email address is info@gendarmeria.va

Also, please do send over the car info/license plate info so he can arrange the drop off location for the other two tours.... Thanks!

Official

No. 100 – 2017

The Embassy of the United States of America to the Holy See presents its compliments to the Secretariat of State and has the honor to inform the Secretariat of further details regarding U.S. Environmental Protection Agency Administrator Scott Pruitt's visit to Vatican City. The Embassy expresses its gratitude to the Secretariat for granting Mr. Pruitt a meeting with Archbishop Gallagher on Friday, June 9 at 8:45am, and humbly requests that the following people accompany Mr. Pruitt to the meeting, if possible.

Louis Bono, Chargé d'Affaires, U.S. Embassy to the Holy See

Emmett Sapp, Third Secretary, U.S. Embassy to the Holy See

Ryan Jackson, Chief of Staff, U.S. Environmental Protection Agency

Jane Nishida, Acting Assistant Administrator for International and Tribal Affairs, U.S. Environmental Protection Agency

Lincoln Ferguson, Deputy Press Secretary, U.S. Environmental Protection Agency

Mandy Gunasekera, Senior Policy Advisor, U.S. Environmental Protection Agency

DIPLOMATIC NOTE

The Embassy has the further honor to request that the following vehicles be permitted to enter through the *Ingresso del Perugino* to transport Mr. Pruitt and staff to his appointment with Archbishop Gallagher.

Citizen Name/Ex. 6 *Passengers: Administrator Pruitt Ryan Jackson*

8 Passenger Van, I **Citizen Name/Ex. 6** *Passengers: Mandy Gunasekera, Jane Nishida, Lincoln Ferguson, Nino Perrotta, Chris Smith, Romina Coluccini, Viki McCorkel, Scott Peterson*

The Embassy would also like to request access for the following vehicles and staff to enter the Vatican through the *Ingresso di Sant'Anna* at 3:45pm on Thursday, June 8, for a privately arranged tour of the Vatican library. We respectfully request permission for the vehicles to await the Administrator in the Belvedere courtyard and to then transport the Administrator and staff from the Belvedere courtyard to the Scavi office for a privately arranged Scavi tour at 5pm, if possible.

Citizen Name/Ex. 6 *Passengers: Administrator Pruitt Ryan Jackson*

8 Passenger Van, I **Citizen Name/Ex. 6** *Passengers: Samantha Dravis, Nino Perrotta, Chris Smith, Romina Coluccini, Viki McCorkel, Scott Peterson*

Finally, the Embassy has the honor to request access for the following vehicles and staff to enter the Vatican through the *Ingresso del Perugino* at 3:15pm on Friday, June 9, to transport Mr. Pruitt to the San'Damaso Courtyard, where he will meet His Eminence Cardinal Pell for a privately arranged tour of the Apostolic Palace.

Citizen Name/Ex. 6 *Passengers: Administrator Pruitt Ryan Jackson*

Citizen Name/Ex. 6 *Passengers: Samantha Dravis, Nino Perrotta, Chris Smith, Romina Coluccini, Viki McCorkel, Scott Peterson*

The Embassy of the United States to the Holy See takes this opportunity to renew the Secretariat of State the assurances of its highest consideration.

Embassy of the United States of America to the Holy See,

Rome, Italy June 6, 2017.

Sent from my BlackBerry 10 smartphone.

[redacted]

Hi Becky,

It was nice talking with you by phone earlier this evening! I just tried you at your house number you gave me, but got the answering machine. I understand it's late so we can talk tomorrow, but I did want to get you this information as soon as possible.

As we discussed, we had some out-of-town travel surface that needs to happen around the time of this event. It is now looking like we will be out of town that week of Dec 11. As I know your folks will be booking flights very soon, we are hoping that we could move the date of this event. I sincerely apologize for the inconvenience that this causes but I'm hopeful that we can still make this a great event with strong involvement.

In offering other dates that would work for us, we could do Dec 4 mid-afternoon, Dec 5, Dec 6, or Dec 7 afternoon. Would any of those dates work for you?

Please let me know. We really appreciate you working with us on this and can't wait to address the group. Thank you for understanding!

Subject: DELIBERATIVE AND CONFIDENTIAL: EPA visit DRAFT - agenda

Hi, everyone…. After chatting with some of you today, here's the latest draft. Can everyone put eyes on this and let me know if we're there?

- 11am-11:30am (EST)

o Meeting at the Statehouse – Governor Holcomb, Administrator Pruitt, select officials (still working on this)

- 11:30am-11:55am (EST)

o Travel to Mike Starkey's farm

- 11:55am-12:15am (EST)

o Tour Starkey farm, sit-down with Gary Truitt of Hoosier Ag Today (will include the LG)

- 12:15pm-1:15pm (EST)

o Waters of the United States Roundtable (working with Ted to compile the list, but won't be large. Also, we'll bring in sandwiches.)

- 1:15pm-1:30pm (EST)

o Travel to Eagle Creek Airport

- 1:30pm-2:45pm (EST)

o Travel via BLACKHAWK to Liberty Mine, Booneville

- 1:45pm-2pm (CST)

o Travel to Liberty Mine

- 2pm-3:20pm (CST)

o Liberty Mine event with Steve Chancellor

- 3:20pm-3:35pm (CST)

o Phone-in TAPED interview with Tony Katz, WIBC, Indianapolis

- 3:40pm (CST)

o Administrator Pruitt will depart from Evansville Airport, Governor Holcomb will depart via BLACKHAWK to Indianapolis

Good morning, Ms. Graham,

Hope you are well. I just wanted to follow up on the invitation I sent to you in July regarding Hoover's Leadership Forum. If Administrator Pruitt has any trips in California planned soon and would like to meet with some of our scholars at our Stanford office, please let me know. I've attached the invitation again for your reference.

Thank you,

Maria

Good afternoon, Ms. Graham,

Maria Thorbourne here from the Hoover Institution. I was in touch with JP Freire recently and he told me you would be the best person to contact to invite Administrator Pruitt to participate in the Hoover Institution's Leadership Forum. The formal invitation is attached. I look forward to

hearing from you.

All the best,

Maria

Lisa,

Just wanted to confirm the walk through for 3PM on Sunday, October 22. I have copied SA [redacted] from the Administrator's detail, as he will be with me on Sunday.

Could you kindly confirm that someone from

hotel security will be there as well?

Finally, thank you so much for holding the rooms for us at the Hilton. We will not be needing them for this trip but sincerely appreciate your thoughtfulness

September 12
2pm
EPA Administrator Pruitt's Office
Attendees: Gary Knell, CEO National Geographic , Jessica Garrison , Claire Jones, Phil Anderson (principal of Navigators Global and advisor to National Geographic)

Hi guys. This is the form I filled out for the September 12 meeting. Although the sept 14 salon dinner has been postponed and as we've discussed before Mr. Knell hopes to maintain this appointment as a way to meet Administrator Pruitt and develop a relationship. Mr. Knell has a strong desire to be supportive to the Administrator on behalf of National Geographic. The salon dinner was postponed to Q1 of 2018 so that the Board of Directors for National Geographic can attend the event. Here is a link to nat geo's board: https://www.nationalgeographic.org/leadership/board-advisors/ . I just noticed that Brendan Bechtel is a member. Administrator Pruitt knows the Bechtel family from visits to their San Francisco office while he was AG. Brendan's grandfather Stephen Bechtel jr. was chief executive over he Hoover Dam project while also President of Bechtel. Amazing 119 year old family business . Also Jean Case is chairman. She is a former exec at AOL and her husband Steve Case was a co-founder of AOL. Very good board.

Forrest,
Thank you, nothing further from me.

Re: a walkthrough, I'm sure that will work. If you call me at work tomorrow at 212-969-3667, we can figure out the right people to get in touch with so you can see what you'd like to on Tuesday. Alternatively, if you wanted to speak directly to security, our main number is 212-969-3000, and reception should be able to patch you through to them.

Best,
Josh

Also I have included the names of the staff that will be accompanying the administrator. Also, if it is possible I would like to set up a walkthrough on Tuesday late afternoon to see the venue with the security agents.

Tate,

Good speaking with you just now! I just checked, and radio city is not even a ten minute drive from my firm, Proskauer Rose, located at 41st st and 8th avenue. I'm certain we could host by me, if that would work on your end.

Best,

Josh

Hi Lisa-

Tate Bennett with EPA Public Engagement and Environmental Education here. I handle some of the Administrator's proactive agenda and site visits.

Just gave you a buzz, Lisa, but I wanted to follow up about a potential meeting for Administrator with your NYC Chapter or Chapter Leadership next Thursday the 28th of September(?). Administrator Pruitt will be in the area and would love to get together.

This could be a small or large gathering, and it would not preclude a future visit. Give me a shout when you can?

Tate

Here is a quick memo Matt had put together when the boss first mentioned Australia

March 5, 2017

MEMORANDUM

TO: **Rick Smotkin**

FROM: **Matthew Freedman**

SUBJECT: **EPA and Australia**

You had asked for some thoughts regarding a potential visit of EPA Administrator to Australia for the purpose of enhancing bilateral relations, strengthening environmental cooperation, and building mutual understanding.

I Australian Environmental Policy

The Liberal Coalition Government headed by Prime Minister Malcomb Turnbull is strongly supportive of protecting the Australian natural environment by using the Federal Government as the change agent. In this regard, they may not be completely aligned with the Trump Administration policies related to the appropriate role of a federal government in the environmental arena, but there are many areas that would allow a positive dialogue to occur.

The Government policies include:

- ***Protecting the Great Barrier Reef***: The Reef 2050 Long Term Sustainability Plan calls for $2 billion investment in improving water quality, reducing sediment and nitrogen run off. They have established a $2 billion fund to address climate change and improving water quality.
- ***Supporting Renewable Energy***: Their plan calls for doubling large scale renewable energy over the next four years; under the Renewable Energy Target more than 23% of the electricity will come from renewable energy by 2020, and they are encouraging new technology to support clean energy through a $ 1 billion Clean Energy Innovation Fund.
- ***Tackling Climate Change***: Australia has signed the Paris Climate Change Agreement and has set a reduction of emissions target to 28% by 2030 based on 2005 levels. They will accomplish this without a Carbon Tax (previous Labor Government policy) and investing $2.5 billion to incentivize businesses to reduce their emissions through an Emissions Reduction Fund.
- ***Supporting On Ground Environmental Projects***: They have created over 700 "Green Army" teams involving almost 6000 young Australians planting 20 million trees by 2020.

- ***Protecting Threatened Species***: The Threatened Species Strategy targets key threats with over $200 million dedicated to a new Recovery Fund.
- ***Protecting Australian's Heritage*** – protecting natural, historic, and indigenous heritage.

II Dynamics

Recently, Prime Minister Turnbull reshuffled the cabinet and merged the environment and energy portfolios. The Minister for Environment and Energy is a Member of Parliament, who is a close personal friend of mine, Josh Frydenberg. While reaction was mixed to the merger it represented a bold way to balance the politics between industry and interest groups. The portfolio now includes everything from energy exports, which is a significant portion of the total Australian exports, to environmental considerations. The energy sector currently is in deep crisis with volatile and increasing electricity and gas prices, conflicts over mining, and dynamics related to emerging clean energy solutions and energy company requirements.

The Prime Minister is comfortable with disruptive energy sources, one being the 1.5 million households with rooftop solar. The Minister has not been enmeshed in the traditional energy sector, in contrast with previous ministers, and has focused on private sector innovation. Recently, he invited business and NGO organizations to partner with the Federal Government to save threatened species with over 50 community-based projects. One company, BHP Billiton is investing over $5 million toward the effort.

The Australian Government is strongly interested in enhancing the US bilateral relationship. The Foreign Minister has recently been to Washington, DC and visited with VP Pence, SecState Tillerson, and NSA McMaster. The relationship is, in part, driven by AUSMIN, which is a yearly event that brings together our SecState, SecDef and Chairman of the JSC with Australian counterparts. They would welcome the opportunity to engage at a senior level.

III Current EPA Relations with Australia

The overall relationship is based on lessons learned related to enforcement, environmental policy development, chemicals and emergency response. The focus as been on a sustainable water management and cooperation. There are currently several agreements in place that drive the current EPA relationship with Australia. One is the S&T Agreement and a second is a MOU on Water Cooperation that is focused on cross-border water issues, drought information exchange and other issues that impact both countries. The later MOU was re-signed in 2016 related to water. Both are Obama Administration initiatives. The US is also part of a multilateral, 43 country, Global Methane Initiative, of which Australia is also a participant.

IV Potential Activities for EPA Pruitt in Australia

Potential opportunities for EPA Administrator Pruitt include, but are not limited to the following:

- Visit Alcoa in Western Australia where they are digging for alumina but are careful to ensure that the land is returned to its natural state.
- Visit to BHP Billiton to understand how they use technology and automation to reduce costs of coal production.
- Tasmania, the island off the southern coast, has a unique eco-system, and is home to the Australian Antarctica study center. A visit to Antarctica would be one possible option.
- Visit to the Great Barrier Reef.
- Discussions on how the ministry balances environmental and energy needs.
- Visit with the Foreign Minister and Trade and Investment Minister to discuss future S&T collaboration.
- Address the Australian-US Chamber of Commerce.
- Create a US-Australian Joint Statement on Environmental Cooperation, last signed in 2004 during the Bush Administration that focused on: advancing S&T goals, advancing agricultural technologies, including biotechnology, environmental cooperation in the Asia Pacific region, innovation technologies etc.

But there are challenges to a visit. It would highlight the Australian Government aggressive support for policies that may not be in sync with the Trump Administration, and the strong financial role played by the Australian Government in protecting the environment.

Second, it may potentially galvanize stakeholders, such as Green Peace, that might highlight to US media the gap between how the Australian Government thinks about environmental issues and that of the new Administration. Finally, the current initiatives in place would either need to be reaffirmed or changed; either way it sends signals that need to be considered.

The politics in Australia are similar to that in the US; there are over 600 registered environmental groups that advocate for strong policies. Chevron, Dow Chemical and Philip Morris Australia, for example, are companies that are considered by the environmental groups to be on the other side of the political aisle. And there are environmental groups that are rejected as being anti-environment by others in the community, such as the Australian Environment Foundation.

We can discuss these and other related issues in person.

EPA Administrator Pruitt Speaker Request Form.docx

Hi Rick,

See attached for our speaking request form. If all of the fields don't apply, feel free to leave them blank. Once we receive, we will take a look and see if we're able to accommodate. Just so you know, we have a scheduling meeting this Friday so if you can try to get it back to me by Wednesday or so, we can make sure we review at the meeting.

Thank you so much!

Mary,

Thank you again for this invitation. Administrator Pruitt is planning to attend, but we do have a few other conflicting engagements and need to see how things go early next week before firmly committing. Is that ok for now? We will definitely confirm as soon as possible.

Thank you and we look forward to it!

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Hi Al,

It looks like 7:30AM-9AM will work on 10/4 for the Administrator, so we graciously accept your invitation. Would you be able to update your original request form to reflect the new date/time? I've attached for your convenience. It's helpful for us to see arrival time, run of show, etc. I understand you're traveling so whenever you get back and have time, that would be great.

Thank you so much and we look forward to this event!

Millan, Hayley and Aaron:

I wanted to make sure you have my mobile phone number in case you needed to contact me over the next few days because I am going to be on the road.

I really appreciate all of your help finalizing the time for our Board of Directors' meeting with the Administrator.

Aaron - If the Administrator is able to meet with our Board members the morning of October 4th, then the lunch with Mr. Jackson at noon on the 4th would work well for their current schedule.

Al Collins
202-669-5124

PS - I am not sure if I mentioned it, but I started my career at EPA in 1985 and worked there for many years before joining Occidental in 2000. I loved it and I hope y'all are having a great EPA "experience" like I did.

Hi Al

I received your voicemail saying October 4 from 7:30am - 9:30am (preferred time) or 12:00pm - 2:00pm would work for your Board to come meet with the Administrator.

I am now looping in my colleagues Millan Hupp and Hayley Ford who will be reaching out to you to confirm a time with the Administrator. Also, Ryan said he would come join you on October 4 or 5, so lets figure that out after a time with the Administrator is scheduled.

Thanks again.

RE: Request for Meeting with Administrator Pruitt by Occidental Petroleum Corporation's Board

Dear Ms. Morris:

Please find attached a request from Eugene Batchelder, Chairman of Occidental Petroleum Corporation's Board of Directors, for a breakfast meeting with Administrator Pruitt on Wednesday, October 4th from 7:30-9:00 AM. The purpose of the meeting is to discuss emerging environmental policy related to domestic manufacturing and energy production and to seek the Administrator's insights and advice. The Board would also appreciate the Administrator's perspectives on the challenges and opportunities of emerging environmental policy as it relates to U.S. manufacturing and domestic energy production. There will be no requests of the Administrator related to specific EPA rules or regulations.

I have included a brief biography for each member of Occidental's Board for background. Occidental's Board includes two former cabinet Secretaries, the former Chairman of the Securities and Exchange Commission, the former CEO of Valero as well as Occidental's current CEO.

I am helping coordinate the meetings with our Board. Please do not hesitate to call me if you have any questions or need additional information. I can be reached at 202-857-3043. Thank you so much for your consideration.

Sincerely,

Susanna Manyak

Susanna Manyak

Executive Assistant

Occidental Petroleum Corporation

External Meeting Request Form for Administrator E. Scott Pruitt

U.S. Environmental Protection Agency

To request the Administrator to attend and/or speak at your event, please complete and submit the following form.

Today's Date: Wednesday, 8/30/2017

Meeting Date: Wednesday, 10/4/2017

Meeting Time: 7:30-9:00 AM

Requested Location (if offsite, please list address, parking instructions, etc.): Top of the Hay at the Hay-Adams Hotel – 800 16th Street NW, Washington, D.C. 20006

Requestor:

1. **Vicki Hollub**, President & CEO, Occidental Petroleum Corporation
2. **Eugene L. Batchelder**, Chairman of the Board, Occidental Petroleum Corporation

Purpose of the Meeting: To discuss emerging environmental policy related to domestic manufacturing and energy production and seek the Administrator's insights and advice.

Background on the Meeting: Occidental Petroleum Corporation will be holding the October meeting of our Board of Directors in Washington, D.C. and will be meeting with a host of government leaders to get their perspectives on policy issues that may impact our operations. Occidental Petroleum Corporation is the 4th largest oil & gas company in the U.S.

Role of the Administrator: To offer his insights and perspectives on the challenges and opportunities of emerging environmental policy as it relates to U.S. manufacturing and domestic energy production.

Attendees:

1. **Vicki Hollub**, President & CEO, Occidental Petroleum Corporation
2. **Secretary Spencer Abraham**, former Secretary for the Department of Energy
3. **Secretary Carlos M. Gutierrez**, former Secretary for the Department of Commerce

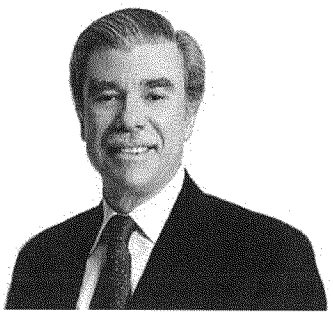
4. **Chairwoman Elisse B. Walter**, former Chairwoman for the Securities & Exchange Commission
5. **William R. Klesse**, CEO and former Chairman of the Board, Valero Energy
6. **Jack B. Moore**, President and CEO, Cameron International
7. **John E. Feick**, Chairman, Matrix Solutions
8. **Margaret M. Foran**, CGO, Senior VP & Corporate Secretary, Prudential Financial
9. **Eugene L. Batchelder**, former Senior VP & CAO, ConocoPhillips
10. **Howard I. Atkins**, former Senior Executive VP & CFO, Wells Fargo
11. **Avedick B. Poladian**, Director, former Executive VP & COO, Lowe Enterprises

Point of Contact: Susanna Manyak (202) 857-3043 or Susanna_Manyak@oxy.com

Vicki Hollub
Director since 2015

Vicki Hollub, 57, became President and Chief Executive Officer of Occidental Petroleum Corporation in April 2016. She has been a member of Occidental's Board of Directors since 2015. Ms. Hollub, who began her career with Occidental in 1981, has held a variety of management and technical positions with responsibilities on three continents, including roles in the United States, Russia, Venezuela and Ecuador. Most recently, Ms. Hollub served as Occidental's President and Chief Operating Officer, overseeing the company's oil and gas, chemical and midstream operations. She previously served as Senior Executive Vice President, Occidental Petroleum Corporation and President, Oxy Oil and Gas, where she was responsible for operations in the U.S., the Middle East region and Latin America. Prior to that, Ms. Hollub held a variety of leadership positions, including Executive Vice President, Occidental and President, Oxy Oil and Gas, Americas; Vice President, Occidental and Executive Vice President, U.S. Operations, Oxy Oil and Gas; Executive Vice President, California Operations; and President and General Manager of the company's Permian Basin operations. She started her career at Cities Service, which was acquired by Occidental. Ms. Hollub serves on the boards of the American Petroleum Institute and Khalifa University for Science and Technology in Abu Dhabi. A graduate of the University of Alabama, Ms. Hollub holds a B.S. in Mineral Engineering. She was inducted into the University of Alabama College of Engineering 2016 class of Distinguished Engineering Fellows.

Qualifications: As Occidental's President and Chief Executive Officer, Ms. Hollub is responsible for Occidental's operations, strategy and financial management. Ms. Hollub brings to the Board over 35 years of experience in the oil and gas industry, including international experience, having previously held a variety of management and technical roles on three continents, including roles in Russia, Venezuela and Ecuador. Throughout her tenure at Occidental, Ms. Hollub has been instrumental in efficiently and profitably growing Occidental's oil and gas business. Ms. Hollub's extensive leadership and operational experience brings valuable perspective to the Board.



Spencer Abraham
Director since 2005

Member of: Environmental, Health and Safety Committee; and, Executive Compensation Committee

Secretary Abraham, 64, is Chairman and Chief Executive Officer of The Abraham Group LLC, an international strategic consulting firm based in Washington, D.C. As a Senior Analyst for Potomac Research Group, Secretary Abraham provides predictive analysis on energy policy, energy markets and the geopolitics of energy to institutional investors in the energy space. He represented Michigan in the United States Senate prior to President George W. Bush selecting him as the tenth Secretary of Energy in U.S. history. During his tenure at the Energy Department from 2001 through January 2005, he developed policies and regulations to ensure the nation's energy security, was responsible for the U.S. Strategic Petroleum Reserve, oversaw domestic oil and gas development policy and developed relationships with international governments, including members of the Organization of the Petroleum Exporting Countries. Secretary Abraham serves as Executive Chairman of the Board of Uranium Energy Corp.; and as a Director of PBF Energy Inc., where he serves on the Compensation and Nominating and Corporate Governance Committees; NRG Energy, Inc., where he serves on the Compensation and Nuclear Oversight Committees; Two Harbors Investment Corp., where he is Chairman of the Compensation Committee and a member of the Nominating and Corporate Governance Committee; and as Chairman of the Board of Uranium Energy Corp. He was previously a Director of GenOn Energy, Inc. and a Director and a member of the Nominating and Governance and Compensation Committees of ICx Technologies. He also serves on the board of C3 Energy, a private company. Secretary Abraham is a member of the Advisory Board of the Churchill Center, a member of the Board of Trustees of the California Institute of Technology, and is the Chairman of the American Task Force for Lebanon. He holds a Juris Doctor degree from Harvard Law School and is the author of "Lights Out!:Ten Myths About (and Real Solutions to) America's Energy Crisis."

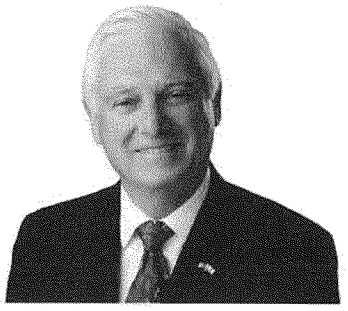
Qualifications: Secretary Abraham's nearly two decades of experience at the highest levels of domestic and international policy and politics shape the insights he brings to Occidental's Board of Directors. As a former U.S. Senator and former U.S. Secretary of Energy who directed all aspects of the country's energy strategy, Secretary Abraham provides the Board unique insight into public policy and energy-related issues. In addition, Secretary Abraham is a Harvard-educated attorney who, while directing the Energy Department, oversaw a budget of nearly $24 billion (FY 2005) and was responsible for the management of senior department personnel. Secretary Abraham's legal training and his government service managing complex policy, personnel and strategic issues provide Occidental with exceptional knowledge and perspective in the areas of health, environment and safety, strategy and policy, personnel management and community relations.

Carlos M. Gutierrez
Director since 2009

Chair of Corporate Governance, Nominating and Social Responsibility Committee since 2016; Member of Audit Committee

Secretary Gutierrez, 63, is Co-Chair of Albright Stonebridge Group, a commercial diplomacy and strategic advisory firm. Prior to that he was Vice Chairman of the Institutional Clients Group and a member of the Senior Strategic Advisory Group at Citigroup Inc. from 2011 to February 2013. He joined Citigroup from communications and public affairs consulting firm APCO Worldwide Inc., where he was Chairman of the Global Political Strategies division in 2010. He served as U.S. Secretary of Commerce in the administration of President George W. Bush from February 2005 to January 2009. Prior to his government service, Secretary Gutierrez was with Kellogg Company for 30 years. He became Kellogg's Chief Executive Officer in 1999 and served as Chairman of the Board from 2000 to 2005. Secretary Gutierrez serves on the Boards of Directors of MetLife, Inc., where he serves on the Finance and Investment and Governance Committees, Time Warner Inc., where he serves on the Audit Committee, and Viridis, Inc., a privately held company. He previously served as a Director of Corning Incorporated, United Technologies Corporation, Colgate-Palmolive Lighting Science Group Corp., where he served on the Audit Committee, and iGPS, a privately held company. In addition to serving as Chairman of the U.S.-Cuba Business Council of the U.S. Chamber of Commerce, Secretary Gutierrez is a member of the Human Freedom Advisory Council at the George W. Bush Institute and is Chairman of the Board of Trustees of the Meridian International Center. He is also a co-founder of The Dream.US, a scholarship fund for undocumented students, and is a member of the Board of the U.S.-Mexico Foundation.

Qualifications: Secretary Gutierrez's highly successful service as Chief Executive Officer and Chairman of Kellogg Company provides him deep insight into the complex challenges faced by a growing organization in a highly competitive business environment. Additionally, his experience as U.S. Secretary of Commerce provides the Board exceptional knowledge and insight into the complex environment of international commerce. Secretary Gutierrez brings valuable business management and operational experience and an international commerce and global economic perspective to the Board.



Elisse B. Walter
Director since 2014

Member of: Audit Committee; and, Environmental, Health and Safety Committee

Ms. Walter, 66, was appointed Commissioner of the U.S. Securities and Exchange Commission (SEC) by President George W. Bush, and served in that capacity from 2008 until 2013. President Barack Obama designated her as the 30th Chairman of the SEC in December 2012. Prior to her appointment as an SEC Commissioner, she was with the Financial Industry Regulatory Authority (FINRA) and its predecessor, the National Association of Securities Dealers (NASD), from 1996-2008. She served as Senior Executive Vice President, Regulatory Policy and Programs for FINRA and held the comparable position at NASD before its 2007 consolidation with NYSE Member Regulation. Earlier in her career, she served as the General Counsel of the Commodity Futures Trading Commission (CFTC) from 1994 to 1996 and as Deputy Director of the SEC Division of Corporation Finance from 1986 to 1994. Among the honors Ms. Walter has received are the Presidential Rank Award (Distinguished), the ASECA William O. Douglas Award, the SEC Chairman's Award for Excellence and the Federal Bar Association's Philip A. Loomis, Jr. and Manuel F. Cohen Awards. She is a member of the Academy of Women Achievers of the YWCA of the City of New York and the inaugural class of the DirectWomen Institute. She serves on the Board of Directors of the Sustainability Accounting Standards Board, the National Women's Law Center and the Board of Governors of FINRA. Ms. Walter holds a B.A. in Mathematics, cum laude, from Yale University and a J.D., cum laude, from Harvard Law School.

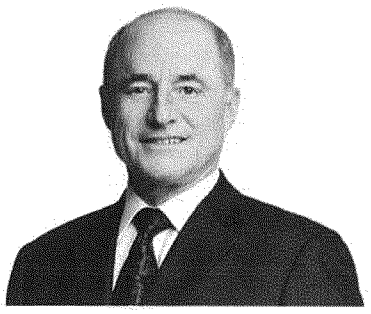
Qualifications: Ms. Walter's long and distinguished record of public service in major leadership roles at key agencies of the federal government has given her unique insight into both business and government. She also brings to the Board more than 35 years of experience and insight on complex domestic and international regulatory matters. As Chairman of the SEC, Ms. Walter demonstrated a keen understanding of capital markets and related regulatory issues, and led a 4,000-employee federal agency, overseeing its budget and developing policy. Ms. Walter's experience at FINRA provides extensive knowledge with respect to corporate finance and financial regulation and disclosure and her CFTC experience brings to the Board an understanding of commodities markets and regulation.

William R. Klesse
Director since 2013

Member of: Executive Compensation Committee; and, Environment, Health and Safety Committee

Mr. Klesse, 70, is the former Chief Executive Officer and former Chairman of the Board of Valero Energy Corporation (Valero), an international manufacturer and marketer of transportation fuels, other petrochemical products and power. He joined the Valero board as Vice Chairman in 2005 and served as Chairman of the Board from 2007 to December 2014. From 2006 to May 2014, he served as Chief Executive Officer of Valero and served as President from 2008 to 2013. From 2003 to 2005, Mr. Klesse was Valero's Executive Vice President and Chief Operating Officer. Prior to that, he served as Executive Vice President of Refining and Commercial Operations following Valero's 2001 acquisition of Ultramar Diamond Shamrock Corporation, where he had been Executive Vice President of the company's refining operations. Mr. Klesse began his 40-plus year career in the energy industry at Diamond Shamrock Corporation, which merged with Ultramar Corporation in 1996. Mr. Klesse serves on the Board of Directors of MEG Energy. Mr. Klesse is a trustee of the Texas Biomedical Research Institute and United Way of San Antonio and Bexar County and serves on the Advisory Board of the San Antonio Food Bank. Mr. Klesse holds a bachelor's degree in Chemical Engineering from the University of Dayton and a Master of Business Administration with an emphasis in Finance from West Texas A&M University.

Qualifications: Mr. Klesse brings more than four decades of energy industry executive management experience to Occidental's Board. As Valero's former Chairman, he led the Board's strategic planning and, as Valero's former Chief Executive Officer, he oversaw the daily operations of a major global energy company. Mr. Klesse's experience provides an informed management perspective and insights with respect to global business and energy issues to the Board. He also has leadership experience on industry association and nonprofit boards.



Jack B. Moore
Director since 2016

Member of: Executive Compensation Committee; and, Environmental, Health and Safety Committee

Mr. Moore, 63, most recently served as President and Chief Executive Officer of Cameron International Corporation from April 2008 to October 2015 and served as Chairman of the Board of Cameron from May 2011 until it was acquired by Schlumberger in April 2016. Mr. Moore served as Cameron's President and Chief Operating Officer from January 2007 to April 2008. Mr. Moore joined Cameron in 1999 and, prior to that, held various management positions at Baker Hughes Incorporated, where he was employed for over 20 years. Mr. Moore serves on the Board of Directors of Rowan Companies plc, where he serves on the Compensation and Health, Safety and Environment committees, ProPetro Holding Corp., where he serves on the Nominating and Corporate Governance committee, and KBR Inc., where he serves on the Compensation and Nominating and Corporate Governance committees. Mr. Moore actively serves in leadership positions within the Petroleum Equipment and Services Association, the University of Houston, the United Way of Greater Houston and Memorial Assistance Ministries. Mr. Moore is a graduate of the University of Houston with a B.B.A. degree and attended the Advanced Management Program at Harvard Business School.

Qualifications: Mr. Moore brings over 35 years of energy industry experience to Occidental's Board and has a deep understanding of oil and gas operations. As a former Chief Executive Officer and Board Chairman, Mr. Moore has extensive executive management and leadership experience, and is knowledgeable in the areas of strategic planning, financial management, mergers and acquisitions and executive compensation. Mr. Moore also has leadership experience on industry association and nonprofit boards.

John E. Feick
Director since 1998

Chair of Environmental, Health and Safety Committee since 2012; Member of: Corporate Governance, Nominating and Social Responsibility Committee; and, Executive Compensation Committee

Mr. Feick, 73, is the Chairman and a significant stockholder of Matrix Solutions Inc., a provider of environmental remediation and reclamation services. Until 2011, he was Chairman and a significant stockholder of Kemex Engineering Services, Ltd., which offers engineering and design services to the petrochemical, refining and gas processing industries. From 1984 to 1994, Mr. Feick was President and Chief Operating Officer of Novacor Chemicals, a subsidiary of Nova Corporation. He previously served as Chairman of the Board of Directors of Oak Point Energy Ltd., an oil sands exploration and development company, and was a Director of Veresen Inc. and Graham Construction.

Qualifications: Mr. Feick possesses a deep understanding of both the oil and gas and chemicals industries along with broad experience in environmental compliance and remediation. He has served as President and Chairman of a company specializing in environmental services and served as Chairman of an oil and gas and petrochemicals specialty engineering firm. As President and Chief Operating Officer of Novacor Chemicals, he was responsible for the company's investments and operations and established the company as a leader in plant reliability, utilization rates, occupational health and safety, and environmental performance in North America. In addition to industry knowledge and expertise, Mr. Feick's experience brings the Board exceptionally valuable insight into the environmental, health and safety area.

Margaret M. Foran
Director since 2010

Chair of Executive Compensation Committee since 2016; Member of Corporate Governance, Nominating and Social Responsibility Committee

Ms. Foran, 62, is Chief Governance Officer, Senior Vice President and Corporate Secretary of Prudential Financial, Inc. Prior to joining Prudential, she was Executive Vice President, General Counsel and Corporate Secretary at Sara Lee Corporation from 2008 to 2009; Senior Vice President, Associate General Counsel and Corporate Secretary at Pfizer Inc. from 1997 to 2008; and Vice President and Assistant General Counsel at J.P. Morgan & Co. Ms. Foran is a former Director of The MONY Group Inc. and MONY Life Insurance Company. She served as Co-Chair and a Director of the Council of Institutional Investors (CII) and Co-Chair of the CII International Corporate Governance Committee. She is the former Chair of the American Bar Association Committee on Corporate Governance. Ms. Foran is the former Chair of the Coordinating Committee of the Business Roundtable Corporate Governance Task Force. She previously served two terms on the Standing Advisory Group of the Public Company Accounting Oversight Board (PCAOB) and is a member of the Economic Club of New York. Ms. Foran is a Trustee of the Committee for Economic Development, as well as a member of the Notre Dame Law School Advisory Council.

Qualifications: Ms. Foran is an accomplished attorney with deep expertise in legal affairs and corporate governance. She has held positions of increasing responsibility at four U.S.-based global companies, where for more than a decade she has had a leading role in strengthening corporate governance, environmental and sustainability principles and practices, ensuring regulatory compliance and developing programs to broaden investor communications. Having been a senior executive in the financial services, food and beverage and pharmaceutical industries, Ms. Foran has a broad range of experience in shareholder services, mergers and acquisitions, SEC reporting, capital markets, derivatives, risk management, internal audit procedures and insurance matters as well as environmental, safety and social responsibility programs. Ms. Foran's corporate experience, in addition to her work with various investor groups and corporate trade associations, provides the Board exceptional acumen and insight on governance, investor and legal policies and practices.

Eugene L. Batchelder
Director since 2013

Independent Chairman since 2015; Member of Corporate Governance, Nominating and Social Responsibility Committee

Mr. Batchelder, 69, retired in 2012 as the Senior Vice President and Chief Administrative Officer at ConocoPhillips, an integrated global energy company. In this role, from 2009 until his retirement, he was responsible for global shared services, human resources, facilities, information technology, security, aviation, executive services, and corporate affairs, which included investor relations, corporate communications and contributions. Mr. Batchelder served as Senior Vice President and Chief Information Officer of ConocoPhillips from 2002 to 2009. Prior to the merger of Conoco and Phillips Petroleum in 2002, Mr. Batchelder was promoted to increasingly senior positions within Phillips Petroleum companies, including information technology and financial management positions. Mr. Batchelder is a director of Laurel's Army Foundation, a past trustee and current governor of the Oklahoma State University Foundation, and past president and board member of the Oklahoma State University Alumni Association. Mr. Batchelder holds a bachelor's degree in Accounting from Oklahoma State University, is a certified public accountant (inactive) and a member of the American Institute of Certified Public Accountants.

Qualifications: With more than 40 years of experience in the energy industry, including two decades in senior executive management, Mr. Batchelder brings an in-depth understanding of key corporate issues, including financial management and information technology. Mr. Batchelder also has insight into human resources, including executive management succession planning and compensation and benefits.

Howard I. Atkins
Director since 2010

Member: Audit Committee; and, Environmental, Health and Safety Committee

Mr. Atkins, 66, retired as the Senior Executive Vice President and Chief Financial Officer of Wells Fargo & Company, where he was responsible for Wells Fargo's financial management functions, investment portfolios, investor relations, capital management and corporate properties functions from 2001 to 2011. A 37-year veteran of the financial services industry, Mr. Atkins previously served as Executive Vice President and Chief Financial Officer of New York Life Insurance Company, Chief Financial Officer of Midlantic Corporation and Corporate Treasurer of Chase Manhattan Bank. Mr. Atkins previously served on the Board of Directors of Ingram Micro Inc., where he served as Chairman of the Human Resources Committee and as a member of the Audit Committee.

Qualifications: With his experience as Chief Financial Officer of Wells Fargo, one of the largest banking institutions in the United States, Mr. Atkins brings to the Board a deep understanding of financial oversight and accountability. In his nearly four decades in the financial services industry, Mr. Atkins has had responsibilities in the areas of financial reporting, tax management, asset-liability management, treasury, corporate development, investor relations and mergers and acquisitions. This experience provides the Board insight into financial management and analysis. Mr. Atkins' financial acumen, combined with his senior management expertise provides the Board valuable perspective in helping to guide the fiscal management policies that further Occidental's strategic business goals.

Avedick B. Poladian
Director since 2008

Chair of Audit Committee since 2013; Member of Corporate Governance, Nominating and Social Responsibility Committee

Mr. Poladian, 65, is a Director and the former Executive Vice President and Chief Operating Officer of Lowe Enterprises, Inc., a privately-held diversified national real estate company active in commercial, residential and hospitality property investment, management and development. Mr. Poladian served in this position from December 2002 to December 2016, and is currently an advisor to the company. During his tenure as Chief Operating Officer, Mr. Poladian oversaw human resources, risk management, construction, finance and legal functions across the firm. Mr. Poladian was with Arthur Andersen from 1974 to 2002 and is a certified public accountant (inactive). He is a past member of the Young Presidents Organization, the Chief Executive Organization, the California Society of CPAs and the American Institute of CPAs. Mr. Poladian is a Director of the YMCA of Metropolitan Los Angeles, a member of the Board of Councilors of the University of Southern California School of Policy, Planning, and Development, a member of the Board of Advisors of the Ronald Reagan UCLA Medical Center, and a former Trustee of Loyola Marymount University. Mr. Poladian serves as a Director and on the Audit Committees of two funds managed by Western Asset Management Company. He also serves as a Director of California Resources Corporation, and as a member of the Board of Trustees of Public Storage, where he is the Chair of the Audit Committee and the Chair of the Nominating/Corporate Governance Committee.

Qualifications: As a certified public accountant with extensive business experience, Mr. Poladian qualifies as one of Occidental's Audit Committee financial experts and provides the Board expert perspective in financial management and analysis. Having served in a senior management position at one of the world's largest accounting firms, combined with his experience as Chief Operating Officer and Chief Financial Officer of a diversified real estate company, Mr. Poladian has deep knowledge of key business issues, including personnel and asset utilization, in addition to all aspects of fiscal management.

From: Jerry Dillon
Sent: Sat 9/16/2017 9:06:37 PM
Subject: Info Needed for Lunch at The White House, Sept. 26th

Hayley

Here's the requested information:

Jerry David Dillon
446-38-4941
10/19/1940
1252 Hazel Boulevard
Tulsa, Oklahoma
74114

Charlie,

I am so sorry as I know I owe you a call. Hayley – could you please secure reservations at the Mess on September 26 for 6 people at 12PM?

We do not yet have a location for dinner on the 25th so please standby on that one.

We would still need to keep our original meeting with the prayer team at 930AM.

Lunch will have to be at 12 as they only seat the dining room twice a day (at 12 and 1) but that should give you plenty of time. ☺ What we will need from each of you will be the following, please.

Full Name

SS#

DOB

City, State (as it is listed on your driver's license)

Finally, as I know there will be 5 – 6 of you, your group will need to meet him at the White House as only one may ride with him over there. The easiest way to do this is to hop in a cab/uber and

request that it take you to the White House guard gate located at 17th & State. From there you will present the guard with your driver's license and he will wave you through. Once through, you will walk straight until you hit a 2nd guard gate (will be on your left). That gate will direct you to the Mess. Once in the Mess, you will simply let the host know that you are there to dine with the Administrator and they will direct you to his table.

Hope this is helpful! We will check back in to confirm next week.

Thank you!

Jennifer,

Administrator Pruitt looks forward to this event next week! We have on the calendar but would like to get a little more information from you. Copied here is Aaron Dickerson who can send you our speaking request form. Since it's a small group, some of the information may not be applicable so no need to complete everything. But as much as you can provide would be helpful. Let us know if you need anything from us!

Aaron-Can you send the speaking request form before you leave today?

Thank you all!

Hayley Ford

Conservative Action Project

The Conservative Action Project (CAP) was founded in 2008 by many conservative leaders with former **Attorney General Edwin Meese III** serving as the Founding Chairman. CAP is currently chaired by **The Honorable Becky Norton Dunlop** and is designed to facilitate conservative leaders working together on behalf of common goals. Participants include the CEOs of over 100 organizations representing all major elements of the conservative movement - economic, social, and national security.

Coordinating Committee

The Honorable Edwin Meese III - Former Attorney General, President Ronald Reagan

The Honorable Becky Norton Dunlop - Chairman, Conservative Action Project (CAP), Former White House Advisor, President Ronald Reagan

Ms. Diana Banister - President and Partner, Shirley & Banister Public Affairs

The Honorable J. Kenneth Blackwell - Chairman, Constitutional Congress, Inc.

Ms. Rachel Bovard - Senior Director of Policy, Conservative Partnership Institute

Lt. Gen. William G. Boykin (Ret.) - Executive Vice President, Family Research Council

Mr. David Bozell - President, ForAmerica

Mr. Adam Brandon - President, FreedomWorks

Mr. Steve Chartan - Legislative Director, Office of Senator Ted Cruz (TX)

Mr. Ed Corrigan - Former Executive Director, Senate Steering Committee

The Honorable T. Kenneth Cribb, Jr. - Former Chief Domestic Advisor, President Ronald Reagan

Mrs. Marjorie Dannenfelser - President, Susan B. Anthony List

Mr. Wesley Denton - Senior Director of Communications, Conservative Partnership Institute

Mr. Thomas Fitton - President, Judicial Watch, Inc.

The Honorable Colin A. Hanna - President, Let Freedom Ring, Inc.

Mr. Thomas E. McClusky - Vice President of Government Affairs, March for Life

The Honorable Bob McEwen - U.S. House of Representatives, Former Member, Ohio

The Honorable David McIntosh - President, Club for Growth

Mr. Eugene B. Meyer - President, The Federalist Society for Law and Public Policy Studies

Mrs. Cleta Mitchell, Esq. - Partner, Foley & Lardner, LLP

The Honorable Daniel Oliver - Senior Director, White House Writers Group

Mr. Justin Ouimette - Executive Director, House Freedom Caucus

The Honorable Tony Perkins - President, Family Research Council

Mr. Herman Pirchner, Jr. - Founding President, American Foreign Policy Council (AFPC)

Mr. Alfred S. Regnery - Chairman, Law Enforcement Legal Defense Fund

Mr. William Smith - Chief of Staff, Congressman Gary Palmer (AL-6)

Dr. Paul S. Teller - Special Assistant to the President for Legislative Affairs, The White House

Mr. Michael W. Thompson, Jr. - Senior Vice President, CRC Public Relations

Mr. William L. Walton - Vice President, Council for National Policy

Hi Millan -

Thank you for taking the time to meet with me this afternoon. I enjoyed visiting with you and discussing the opportunity to work as your deputy. After speaking with you and understanding what your vision is for the position, please know that I am most interested in continuing our conversation.

Based on our discussions, it is evident that we both believe in getting the job done in the most professional and efficient way possible. As such, I am confident we would work well together as a team to support the Administrator.

If you find that you need any further information from me, please don't hesitate to call or email me any time.

I look forward to hearing from you.

Regards,

Kelly

Mary,

Thank you again for this invitation. Administrator Pruitt is planning to attend, but we do have a few other conflicting engagements and need to see how things go early next week before firmly committing. Is that ok for now? We will definitely confirm as soon as possible.

Thank you and we look forward to it!

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Qlik Sense Government Workshop

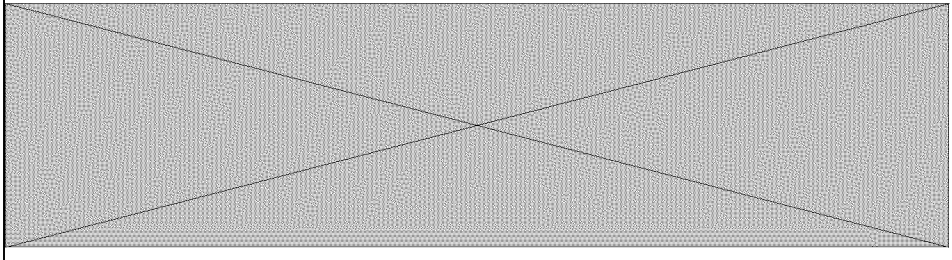
August 30, 2017, 9:30 AM to 2:00 PM EDT
Regus, 1050 Connecticut Ave NW, Suite 500, Washington, DC 20036

REGISTER

Dear Millan,

What if anyone in your agency could create a dynamic dashboard to explore vast amounts of data, find meaningful insights, and share them with anyone else?

That's Qlik Sense®, and we want you to experience it for yourself. Join us for this free workshop, where we'll put the power of data discovery right into your hands. With step-by step instruction, you'll:

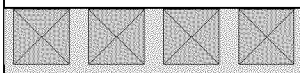


- Build a fully functional dashboard application
- Easily navigate your application
- Use interactive storytelling to present your findings

The workshop is free and we'll provide lunch. Please bring your laptop with you and download Qlik Sense desktop or register for Qlik Sense Cloud before the workshop.

Click here to register today.

Best,



Erin Sutterley

Ms. Hupp,

I have made your reservation from your Hilton Honors number at the per diem rate of $178+tax per night. Your confirmation number is Ex. 6 - Personal Privacy and has been sent to your e mail address. You are guaranteed for late arrival with Ms. Horner's credit card information. Please present your own form of payment at check in. Let me know if you have any questions or if I may be of further assistance. Thank you and have a great evening.

Kindest regards,

Nettie Owens *Group Rooms Manager*

Nettie!

Thanks so much for helping out with Wendy and my reservations. We do have an additional colleague, Millan Hupp, who would need to stay Sunday, the 23rd and Monday, the 24th. Would you be able to provide the government Perdiem rate for her for those 2 nights?

If so, her email address is: Hupp.Millan@epa.gov

And please cc: Davis.Gail@epa.gov

As always, thank you so much for helping me out any way you're able.

Lynnette

Hey Jahan,

It will be from 6:05 to about 6:10AM.

The address is 90 S 11th Street, Minneapolis, MN 55403. We don't have a parking lot, but there is usually plenty of parking right on the street that early in the morning.

When you get here, you'll want to go to the door off Marquette, across from the Hilton Hotel. There's a white button outside the door to buzz security.

Thanks for the opportunity, we are looking forward to having Scott on the show!

Thanks,

Bess

Yes that will work. How much time are we looking at 6:05 – 6:10 or 6:05 – 6:15a?

Then can I get the address and over the weekend I will put a backgrounder together on things we have accomplished at the EPA and why we are visiting Minnesota.

> Bess –

My name is Jahan Wilcox and I work for EPA Administrator Scott Pruitt.

Off-the-record, EPA Administrator Scott Pruitt will be in Minnesota next Wednesday and was curious if you/WCCO-TV would like to have him in studio to talk about some Pruitt's goals for the EPA. Specifically speaking, we will be in Minnesota to talk about repealing the Waters of the United States Rules (WOTUS), but you can also ask him other questions including regulatory rollback, why he persuaded President Trump to exit from the Paris Accord, and general environmental questions. This would be an exclusive for WCCO as we would not go in-studio for a similar event with KARE 11 or KSTP.

http://www.minnesotaagconnection.com/story-national.php?Id=1327&yr=2017

https://en.wikipedia.org/wiki/Scott_Pruitt

http://www.foxnews.com/politics/2017/06/04/epas-pruitt-says-leaving-paris-accord-is-about-jobs-not-politics.html

Additionally, I'm from Minnesota as well and very familiar with WCCO.

Jessica,

Yes, I am so sorry! I am also copying our travel coordinator as she may want to work with you on this. Just as a reminder, the rate was $240/nt?

The rooms are as follows..

E. Scott Pruitt – March 11 - 12

Lincoln Ferguson – March 11 - 12

Pasquale Perrotta – March 11 – 12

[redacted] – March 10 - 12

[redacted] – March 10 - 12

Millan Hupp – March 10 – 12

Extra room – Marc 10 -12 : someone will be in this room, we just don't have the name yet

Could you also kindly send confirmation numbers once you have them?

Thank you so much,

Millan

Subject: Follow-Up Items for Administrator Pruitt

Hello Millan,

Thank you so much for your time today on our call. Here are the follow-up items we discussed:

1. The program director is working on an overview of the talk he is giving now and I will pass it along to you as soon as I have it

2. As mentioned on the call, both the Administrator and Rep. Jim Jordan will be speaking during the dinner program

3. Our complete program agenda can be found here: https://www.rb2017.org/index/agenda

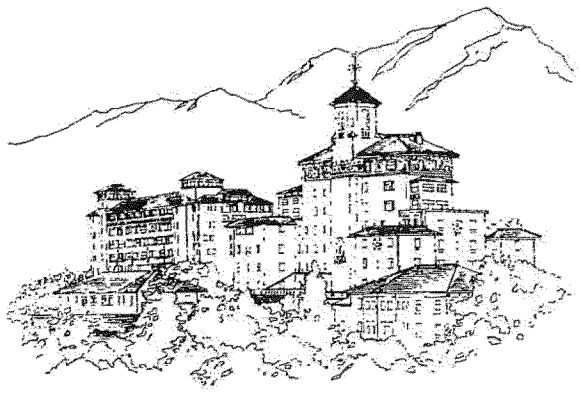
4. Mr. Meese will not be in attendance this year

5. We will send you the list of guests as his table as soon as we confirm them

The items you will send me once you have them available:

1. The names and hotel dates of the Administrator's staff

2. The confirmed date/time of the walk through with his advance team



3. Additional item: can you please have all staff attending Resource Bank with the Administrator register using this link by COB tomorrow: https://www.rb2017.org/index/begin?reg_type_id=9717

Let me know if you have any additional questions or concerns. Thank you!

Jessica

Dear Mr. Pruitt;

Congratulations on your appointment as Administrator of the Environmental Protection Agency. I would like to invite you to be the keynote speaker at the North Dakota Petroleum Council's Annual Meeting on either September 27 or 28, 2017 in Grand Forks, North Dakota. Our attendees would be greatly interested in your vision and approach to the environmental protection and regulation of America's oil and gas industry.

North Dakota is the nation's 2nd largest oil producer, the 6th largest energy producing state, and a top ten producer of coal, ethanol, wind and our agriculture industry leads the nation on the production of many crops. It's no surprise, the energy industry along with the State of North Dakota and most our state's citizens have an extremely negative opinion of the U.S. Environmental Protection Agency; your visit to North Dakota can be a much-needed reset and a fresh start down a new path toward working together for benefit of our state and country. I believe your appointment to this position with the election of a new President who wants to expand and develop our country's energy and natural resources while ensuring responsible environmental regulations and enforcement is the critical first-step.

The North Dakota Petroleum Council represents more than 500 companies in all aspects of the oil and gas industry, including oil and gas production, refining, pipeline, transportation, mineral leasing, consulting, legal work, and oilfield service activities in North Dakota. Once again, we would be honored to have you as the keynote speaker at our Annual Meeting in September.

Thank you for any consideration; please contact me with any questions.

Sincerely,

Ron Ness
President

Subject: FW: Spouses Ethics and Protocol Briefing FRIDAY

Hi Marlyn,

I hope you're having a nice day! Millan shared your email with me so that I could pass along pertinent information to you.

I've registered and cleared you through WAVES for Friday's Spouses Ethics Briefing. You should arrive to 17th St NW and State Place visitors entrance no later than 9:40AM Friday morning. Cabinet Affairs staff will be there to escort you to the Secretary of War Suite. There is a cell number below if you have any difficulties or feel free to also give me a call at my numbers below if you run into any issues.

Let me know if you have any questions. Thanks!

Subject: RE: Spouses Ethics and Protocol Briefing FRIDAY

Good afternoon everyone,

Some final logistical information - please ask your Cabinet member's spouse to arrive at the 17th St. NW and State Place visitors entrance to the White House no later than 9:40 a.m. on Friday morning. Cabinet Affairs staff will be present to escort everyone through security and up to the Secretary of War Suite we have reserved for the briefing.

There are no read ahead materials for the briefing, however, you can pass along that Stefan Passantino, the Deputy White House Counsel who will be delivering the ethics portion, will cover some topics they've heard before, but will address some new topics as well. There will be opportunities for everyone to ask questions during both the ethics and protocol portions of the briefing.

If you haven't completed the WAVES form or believe we don't have the correct vitals for your Cabinet member's spouse, please reach out.

Please feel free to pass along my cell number (202-881-8256) to your Cabinet member's spouse as well, should there be any issues. Happy to answer any additional questions as well.

Thanks,
Emily J. McBride

Hello everyone,

Thanks so much to all who have submitted their RSVPs for next Friday's ethics and protocol briefing for the Cabinet spouses. As discussed, the event will be from 10:00 a.m. - noon in the Secretary of War Suite here in EEOB. Some of you have already sent over your attendee's vitals as well, but for those of you who have not, please use the link below to submit them ASAP. Additionally, if you have not already let me know one way or the other whether your principal's spouse will be able to attend, please shoot me an email to confirm either way.

https://events.whitehouse.gov/form?rid=DQM7PY9K4Q

Finally, if it would be helpful for me to send over the Outlook calendar invite for any of you, I am happy to do so - just let me know.

Good afternoon everyone,

I wanted to circle back on this invitation for October 20. I have received responses from many of you, and I appreciate it. I realize that I did not have the appropriate contact for a few spouses, so hopefully that has been corrected - let me know if I still don't have the right person.

Please take a moment to let me know whether your Cabinet member's spouse will be able to attend this event. If you have already responded, your RSVP has been noted. Don't hesitate to reach out to me with any questions.

Thanks!

Subject: Spouses Ethics Briefing 10/20

Good afternoon,

Cabinet Affairs will host an important ethics briefing for all Cabinet spouses and significant others on Friday, October 20 from 10:00 a.m. - 12:00 p.m. in the Secretary of War Suite (EEOB 230A). Stefan Passantino with White House Counsel will conduct the briefing and be available for questions.

Following the ethics briefing, we will have a protocol expert give a presentation specifically tailored for Cabinet spouses. Topics will include frequently asked questions, including titles and forms of address, precedence, gifts, seating, official entertaining, and cross-cultural literacy.

Please let me know if your Cabinet member's spouse or significant other will be available to attend.

Thanks,

Subject: Meeting

Good afternoon,

I work for Commissioner Toby Baker at the Texas Commission on Environmental

Quality. We are a state agency that strives to protect our state's public health and natural resources consistent with sustainable economic development. Our goal is clean air, clean water, and the safe management of waste. We understand that Mr. Pruitt and Mr. Baker will both be at the TXOGA dinner event on Thursday, October 19th. After speaking with Mr. Ken Wagner yesterday when he joined us for lunch; we thought it might be possible for Mr. Baker and Mr. Pruitt to talk at this event. Can you let us know if Mr. Pruitt will have time before or after the dinner to talk to Commissioner Baker? Or if, October 20th, the following morning for breakfast or early lunch would work for him, we can make that work as well.

Thank you,

Dennise

Subject: RE: Follow up to your invitation for Administrator Pruitt

Millan,

Wonderful! Thank you so much.

I think the luncheon address would be perfect for the Administrator.

A few quick logistics items:

•□□□□□□□□ FORMAT: We can do a stand alone speech or interview style- whichever is his preference.

•□□□□□□□□ Q&A: Is this something Mr. Pruitt would be willing to do? We can do live mic Q&A or could run this aspect where guests pen their questions on notecards/text them in and we sort and filter what is asked

•□□□□□□□□ LENGTH: Typically the flow is 15 minutes of remarks/interview and 25 minutes of Q&A or 20 minutes of remarks/interview and 25 minutes of Q&A

•□□□□□□□□ SCHEDULE: Our preference would be to do meal first, then remarks and Q and A. If that does not work with his schedule we can switch and do remarks and Q&A first – we've had to do this with Congressional votes so we can certainly adjust.

•□□□□□□□□ PRESS: Would you like this to be opened to the press or closed? If open, are you comfortable with us utilizing Facebook Live during his remarks?

I look forward to working with you and Administrator Pruitt's team on this!

Lauren

Millan,

Thank you for reaching out. At this time we have not heard from anyone on the Administrator's team.

Would you have availability to discuss the possibility of his participation this afternoon? I can provide a bit more context about the conference and let you know where the agenda currently stands.

Please let me know. Thank you,

Lauren

Lauren,

Good afternoon to you. I am following up on an invitation by the Heritage Foundation for Administrator Pruitt to serve as the keynote at the President's Club Meeting on October 17th. We have had a couple of changes in personnel so we wanted to ensure we responded to you on this. At your convenience, could you kindly respond letting me know if anyone from our team has contacted you regarding this invitation?

Thank you so much,

Sure. Can do.

Also, the site has asked me for boot sizes for the visitors.

Can let me know as soon as you can – how many people will be coming, Mr. Pruitt, his staff, his security, and their boot sizes? US sizing is fine. I realise this might take some time.

Everyone on site including security will need to wear PPE (metatarsal boots, vests, safety glasses and carry gloves), we will have all these for them but will take a few days to order the boots so that they are here in a week.

Lastly, they will also need to wear long sleeve shirts and pants. Most folks were jeans, but khakis are fine as well.

Many thanks

Subject: Metro Visit Options

Millan--

Here is a draft Metropolitan mine tour itinerary for Mr. Pruitt. We project five hours including travel from Sydney -- leaving at 8:30 and returning by 1:00 pm.

This involves a surface tour only and a brief presentation highlighting the story about a mine in the outskirts of Sydney that coexists with the local community. We think it will be an interesting perspective to show Mr Pruitt.

If Mr Pruitt is interested in an underground visit, it can be accomplished but will add considerable time (3 hours). We are happy to accommodate an underground visit if this is important to Mr Pruitt.

Let me know what you think. Many thanks

-Ray

Subject: RE: Administrator Pruitt's visit Gully Branch Tree Farm, Cochran, GA, Friday, July 7th, 2017

Sec. Perdue Team and Adm. Pruitt Team:

Attached is the guest list which will be updated again later this week for security clearance, etc. Invitations have been delivered and it appears we will have a full house.

Look forward to mapping out logistics once advance team arrives on Thursday.

Earl and I have worked on more details of run of show:

11:00 a.m. **Arrive Gully Branch**

Earl and Wanda tour farm with Sec. Perdue and Adm. Pruitt

Hosts will be stationed at pavilion to greet small group guests as they arrive.

.

11:30 a.m.- 12:15 Earl welcomes group/introduces Sec. Perdue/Perdue Introduces Adm. Pruitt

Round table self- introductions

Small Group discussion/round table. (see list with small group noted "SG"). Upon closure will allow a few minutes for leaders to disassemble and team

Will break down tables/chairs to allow room for large group assembly.

Will work with group to ensure we do not overlap with discussion and allow time for Sec. Perdue and Adm. Pruitt to interact.

Large Group will be checking in at barn and ready to move to pavilion when small group ends. Hosts will guide group to pavilion at appropriate time. **We plan to bring FFA leaders/students and 4-H leaders/students in to meet Sec. Perdue and Adm. Pruitt first and others will follow.** Anticipate 20-30 minutes to get everyone in the pavilion and Sec. Perdue/Adm. Pruitt time to speak to guests in small groups or individually. All those invited are supportive leaders and we expect a good turnout (between 75-100)

Refreshments available during this transition time.

12:45-1:15 Earl introduces Sec. Perdue and Sec. Perdue introduces Adm. Pruitt

Sec. Perdue and Adm. Pruitt address the group

1:15-1:30 Q&A

1:30-1:45 Any closing comments from Sec. Perdue and Adm. Pruitt

Importance: High

Troy,

We are looking forward to Administrator Pruitt's visit to Gully Branch Tree Farm, Friday, July 7th. To ensure Adm. Pruitt meets his objectives for the visit Earl and I would like to schedule a call to discuss:

- **Time Frame**: we discussed a farm tour/discussion, lunch, small group discussion

- **Topic**: ee360 Grants GA received in partnership with EPA Education and Outreach/AFF Project Learning Tree. Implementation of education and outreach programs at Gully Branch Tree Farm and throughout GA

- **Topic:** Effectively making the connection for clean air, clean water and sustainable working forests; Developing partnerships for the work

- **Topic:** Forestry Issues, markets, value of forestry in GA and US, challenges we could address with EPA as a partner

- **Guest List:** Sec. of Ag, Sonny Perdue, Others?

Please provide a time we could discuss the above. We are available today, Tuesday, June 13th (9:30-12:00) and Thursday, June 15th (9:30-2:00).

Thank you for working with us to make this a meaningful event for Adm. Pruitt and your team.

Scott/Marlyn,

Good afternoon.

Per our conversation last evening, your front lock is currently set-up/programmed in a way that requires you to flash/hold the FOB in front of the lock mechanism when vacating so it locks behind you accordingly.

In regards to possibly re-programming your door so it locks automatically this will be assessed in full by JBGS' Head Engineer tomorrow, Friday, September 22nd.

I will follow-up with you tomorrow once more information is readily available.

Thank you in advance for your extended patience and please let us know if we can be of any additional assistance in the interim.

Enjoy the remainder of your Thursday.

Sincerely,

Nancy Dianese

Hi Millan,

Do you have about 30 minutes of availability for a phone call either tomorrow or Monday? I'd like to go through some logistical details with our producer, JoAnna Miller (copied on this email) for the conversation itself. This will just be about the Administrator's time in the general session room on stage – we'll go over exactly what he can expect when he enters the room.

Just let me know a time and I'll send a calendar invite for a conference call – JoAnna and I are not based in the same office so have to conference our calls in.

Thanks so much!

Best,

Liz.

Wanted to also let you know the agenda for the day of event on Monday, Sept. 25. And I couldn't remember if we mentioned the Secretary is speaking after the Administrator. His office is aware the Administrator is speaking before him.

5-5:02pm National Anthem

5:03-5:07 Chairman's Welcome by Hal Williford of Memphis Stone in Memphis, TN

5:07-5:11 President's Remarks by NSSGA Pres. Mike Johnson

5:12-5:13 Admin Pruitt Introduction by Kermit Frank from Dolese Brothers in Oklahoma City

5:13-5:30 Admin Pruitt Remarks

5:31-5:33 Sec Zinke Introduction by John Hay of Oldcastle Materials (they have an operation in Helena)

5:34-5:50 Sec Zinke Remarks

5:51-6:00 Environment and Stars Awards presentation

If you want to see the introduction before it goes out to Mr. Frank, let me know. Or if you want background on Dolese Brothers.

Regards,

Michele

Michele,

The Administrator has his own security. They will visit the venue the day before or day of to do a walk through with someone from our Advance team. They will also attend the event with the Administrator. We do use the speaking request document to give them a security POC at the venue. I noticed you didn't list one. Since it's at the Hyatt, they typically will know who to reach out to and will coordinate with the hotel.

I've copied Millan Hupp, Director of our Scheduling & Advance team here. If there are further asks as the date approaches, she will let you know.

Thank you!

Phillips 66 R&D facility is a CFATS facility. As part of our requirements we need to have the names of visitors ahead of a visit, and prior to them entering the facility. Can you send us sometime prior to our tour next Wednesday, the names of EPA visitors? It will also be helpful to know what time the advance team is planning to come, and to have their names in advance of their arrival, so we do have to delay any of your work, or the tour.

Many thanks and have an enjoyable weekend.

Subject: Great to meet you and The Administrator - FYI Below on America's Leading Energy Exporting Ship Channel and home to our military's leading heavy tonnage Strategic Seaport.
SNWW fact sheet - National Significance - Military.Energy.Economic Security 2016-2017-1.pdf

Millan,

It would be an honor to show Administrator Pruitt America's leading energy exporting and military deployment waterway - The Sabine-Neches Waterway connecting SE Texas and SW Louisiana - 44 mile lone 40 foot deep ship channel starting in Beaumont, TX and exiting past Sabine Pass, TX - 20 miles into the Gulf of Mexico.

Big things happening here, and we could help coordinate him seeing a lot.

Great to meet you and great to see Oklahoma Strong is in our nation's capital.

More below and please tell Troy Lyons hello for me.

Very Respectfully,

- Milam Mabry

THE SABINE-NECHES WATERWAY: AN IMPROVEMENT PROJECT OF NATIONAL SIGNIFICANCE

The Sabine-Neches Waterway is America's energy gateway. It is home to numerous manufacturing, refining and petrochemical companies and links to an extensive energy pipeline system, which connects to nearly every state in the country. The waterway is vital for America's military deployment and critical to the nation's security domestically and abroad.

FUELING THE NATION

Current industry related sectors supported by the Sabine-Neches Waterway annually generate in the United States:

- $32+ billion in gross product
- $18+ billion in personal income
- $3+ billion in Federal taxes
- More than 288,000 permanent jobs

www.navigationdistrict.org

MAINTAINING MOMENTUM

The waterway has not been improved since 1962 – more than 50 years ago. We must invest now to ensure this American asset maintains its momentum and the United States continues to enjoy the benefits.

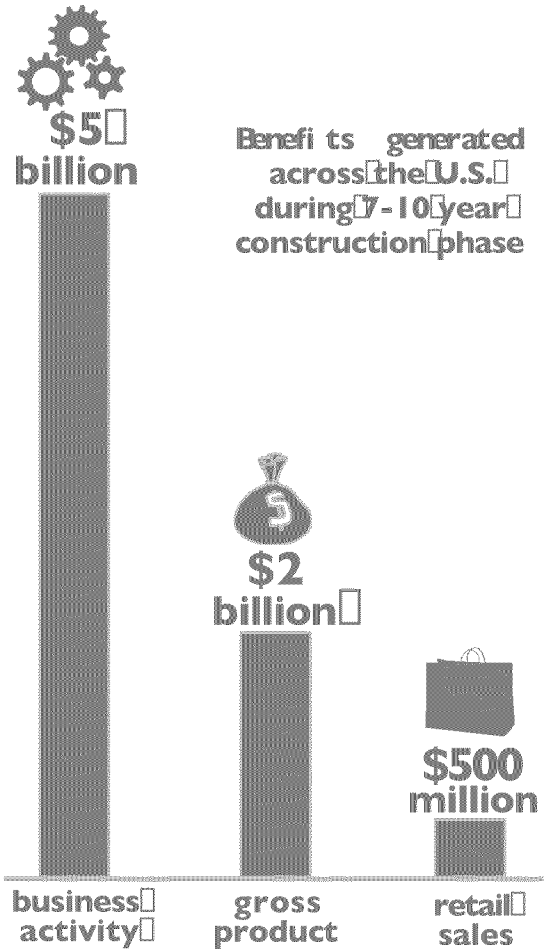
Deepening the Waterway from 40 to 48 feet will increase transportation efficiencies, thereby:

1. Meeting America's growing needs with larger ships
2. Continuing to attract new growth and development for the nation
3. Maximizing throughput capacity, speed and efficiency of military deployment

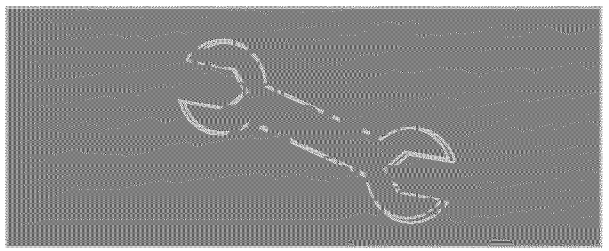
CREATING JOBS

The project would create thousands of jobs, generate billions of dollars in economic impact, enhance trade infrastructure and position the U.S. to compete in the global marketplace.

SABINE • NECHES
NAVIGATION DISTRICT
Our commitment runs deep



THE SABINE-NECHES WATERWAY



AN AMERICAN ASSET

The Waterway Today CURRENT ANNUAL BENEFITS TO THE NATION		The Waterway Tomorrow ANNUAL BENEFITS TO THE NATION AT MATURITY		
More than 288,000 permanent jobs	+	Nearly 177,000 new permanent jobs	=	Nearly 465,000 U.S. jobs
$ [illegible] in business activity	+	$186 billion in business activity	=	$292 billion in business activity
$3 [illegible] in gross product	+	$57+ billion in gross product	=	$89+ billion in gross product
$ [illegible] in retail sales	+	Nearly $1 billion in retail sales	=	$17 billion in retail sales
$ [illegible] in Federal taxes	+	$6+ billion in Federal taxes	=	$9+ billion in Federal taxes

Hayley,

Thank you! We will start the plans for a 2pm reception with the Administrator on the 8th. I will go over specifics for that event with Millan.

Millan - I am very flexible this week and can work with your schedule for a phone call. Do you have time tomorrow? Even a brief one to specifically address any approvals for announcements would be appreciated - since the date is close, I know that our leadership would like to get an announcement out to our membership.

Thank you both so much and I look forward to working with you.

Best,

Liz.

Hello Liz,

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you and we look forward to it!

Hi Hayley,

Thank you again for all of your help in making this happen! Apologies for the length of this email, but I have tried to put together some comprehensive information for you, as well as ask a few questions.

My first question is – who will be our main contact for the event? Will we work with you, an event coordinator, or his chief of staff possibly?

My second – what is your preferred communication protocol? Do you prefer me as your main contact or going through other SIGMA staff that will be overseeing various aspects? Listed here are key SIGMA staff that will be working on the event. (all are copied on this email)

SIGMA CEO Meetings	SIGMA Director of Education	SIGMA Director of Communications	SIGMA Director of Communications
Ryan McNutt	Cheryll Decker	Amy Rider	Liz Menz
RMcNutt@sigma.org	CDecker@sigma.org	ARider@sigma.org	LMenz@sigma.org
202.650.7799	703.375.0481	703.375.0485	703.375.0483 (cell 314.616.3907)
Responsible for hotel details on site in Chicago – security, greenroom, reception	*Responsible for general session address, production details, and needs on stage*	*Responsible for announcements, signage, and publications*	

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

Π Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

Π Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

Π Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

Π Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for exactly what he can expect in the room the day of his address.

o Does the Administrator have an official/preferred introduction to be used for the address?

o Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

I just wanted to touch base on this invite to Administrator Pruitt. Our membership would be honored to have the Administrator at our Chicago meeting and be able to thank him for all of the actions he took during the recent natural disasters on behalf of our industry.

Do let me know if there is further information I can provide and I look forward to hearing from you!

Best,

Liz.

Hi Hayley,

A quick follow up – we also would like to extend the invitation to the Administrator's Chief of Staff Ryan Jackson if he is able to attend the Chicago SIGMA Conference along with the

Administrator.

I am happy to extend that invite directly to Mr. Jackson or his assistant if you feel it's appropriate to send me their contact information.

Thank you again and have a great weekend!

Best,

Liz.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Subject: SIGMA Invitation - Administrator Scott Pruitt

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

Subject: Your Message to EPA Administrator E. Scott Pruitt

Thank you for your email message.

Promoting and protecting a strong and healthy environment is among the lifeblood priorities for the government. The U.S. Environmental Protection Agency is vital to that mission. I am proud to lead this agency, and I seek to listen and learn as we address the issues we face as a nation.

I believe we can grow our economy and harvest the resources we are blessed with while also being good stewards of the air, land and water by which we have been favored.

Together with the dedicated public servants at the EPA and our state partners across this great country, we can and will achieve clean air and water and strong economic growth and job creation. I hope you will visit www.epa.gov to learn more about our work and to follow our progress.

My staff will follow up in response to your email as necessary and appropriate.

Respectfully yours,

E. Scott Pruitt

EPA Administrator

Original email sent June 6, 2017 and contained this information:

Honorable Scott Pruitt

Administrator, Environmental Protection Agency

1101A

1200 Pennsylvania Ave, N.W.

Washington, DC 20460

Dear Administrator Pruitt:

The 20th annual Electric Power conference and exhibition takes place in Nashville, Tenn., from March 19-23. On behalf of the conference planning committee, we are pleased to invite you to offer keynote remarks to our delegates on Wednesday, March 22.

Our conference considers all forms of electric power generation---fossil, nuclear, and renewables—and in 2018 it will focus on the rise of natural gas as a fuel source and the impact that rise is having on other forms of generation. Of keen interest to our audience is both the promulgation and enforcement of environmental rules that impact electric power generation.

Your remarks on these themes would be particularly timely and useful for our delegates and exhibitors.

Conference attendees include the men and women who work in electric power generating stations all around the country. They include control room operators, IT specialists, environmental control engineers, and fleet managers, along with technology and equipment suppliers, and related disciplines.

We estimate our 20th anniversary attendance to be at least 3,500. Here is a link to the conference site: http://2018.electricpowerexpo.com/

We look forward to hearing from you and hope that you will accept out invitation to join us in Nashville on March 21.

ADMINISTRATOR SCOTT PRUITT EVENT REQUEST FORM
U.S. Environmental Protection Agency

Deadline for Acceptance:	*We are open but if there is no possibility please let us know sooner rather than later.*
Requesting Individual / Affiliation:	*David Wagman, Program Chairman and Kim Arellano, Conference Director*
Event Title:	*ELECTRIC POWER Conference and Exhibition*
Event Date:	*March 19-22, 2018 (speaking on March 21st*
Is the Above Date Flexible:	*We might be able to work with 19th or 22nd*
Type of Event:	*Conference/Exhibition*
Purpose of the Event:	*For two decades, the ELECTRIC POWER Conference & Exhibition has been the gathering place for power generators to get up-to-date training, further their education, gain understanding of regulatory and policy changes, and access the latest products and technologies available on the market, ensuring safer, more efficient and more productive facilities across power generation.* *Learn More »*
Role of the Administrator:	*We would like for the Administrator to speak during the following session:* *The View from Washington* *Wed. March 21| 3:30 PM - 4:30 PM |* *The Trump Administration has changed the outlook both for the Energy Department and for the Environmental Protection Agency. Is the policy pendulum swinging to an era of light federal involvement in energy and environmental matters? Can coal make a meaningful comeback, especially in light of the rise of cheap and plentiful natural gas? Will relaxed environmental rules have an impact since most control equipment investment decisions have been made, as have most operate/retire options. EPA Administrator Scott Pruitt has been invited to address this landmark session and offer insights into the first year of the Administration and outlook for the next three years.*
Program Time & Duration:	*March 21, 2018* *3:30 pm – 4:30 pm*

Requested Presentation Topic, if Speaking Involved: *See above*

JP-

We could shorten his comments to 15-20 minutes and start at 4:5

Dan Patrick (Lt Gov of Texas or Ken Paxton AG Texas could ask him some pre-arranged questions about

co-operative Federalism or ANY other states rights VS Feds or environmental issues. I realize you have rejected this

idea several times and can do so again.

Trammell is not available until 5 pm to tour. So the private reception from 4:30-5 is necessary.

We can cut down the time of the tour and not do any press comments, but provide a photo opportunity?

The EPA award is for this

http://www.bizjournals.com/dallas/news/2017/03/03/dfw-airport-wins-epa-climate-leadership-award.html

You tell me if this is ok.

Audubon. TNC and Mitchell Foundation is a go 3 people

We have 8 PUC commissioner's from I believe 6 states and I will send names.

Trust is something important here.

Want this to be positive for all.

Will call / bf

Subject: RE: What do you think of this? [WARNING: SPF validation failed]

I'd probably adjust to the following:

4:00-4:10 - Remarks on environment, business, and the EPA.

Expected size 250 (I assume this crowd will have already been assembled and we're catching them at the tail end yes?)

4:20-4:40

Tour of exhibits with Trammell Crow

Cars / Automobile building / Centennial

4:45-4:50

Presentation of EPA award at DFW Airport booth to the president of DFW (5 minutes) (Need more detail on this award—not clear on what it is)

5:00-5:30

Closed discussions with environmental leaders (nature conservancy, audobon society, Mitchell foundation)

5:45-6:30

Closed meeting with public utility commissioners

Subject: RE: What do you think of this? [WARNING: SPF validation failed]

Bruce,

Running through this, a few things:

Those remarks can't be a half hour—let's just get it down to 5-10 minutes.

After that, a short reception. This is closed press—all of it.

Tour of exhibits

What's the nature of the EPA award for the DFW Airport?

No brief press comments, so move up the meeting with TNC/Audobon/Mitchell.

Move up meeting with Public Utility Commissioners.

4:00-4:10 - Remarks on environment, business, and the EPA.

Expected size 250

4:20-5:00

Tour of exhibits with Trammell Crow

Cars / Automobile building / Centennial

Presentation of EPA award at DFW Airport booth to the president of DFW (5 minutes)

Brief Press comments 5:30-5:45 Centennial Stage

5:45-6:15

Closed discussions with environmental leaders (nature conservancy, audobon society, Mitchell foundation)

6:15-7:05

Closed meeting with public utility commissioners

Subject: What do you think of this? [WARNING: SPF validation failed]

JP-

Don't know if we should announce the tour or not. What are your thoughts.

And at the end the Administrator can make a public comments, take questions if he would like.

Your call.

Have 8 PUC commissioners committed and will send you the names in a bit.

David Yarnold head of Audubon and Glenn Prickett of TNC also on for private meeting.

Would like to add Marilu Hastings who is a friend and runs Mitchell Foundation who put up 100k for our pro shale conference.

Please call. bf

Hi Hayley,

Thank you so much for reaching out. I have spoken with Jonathan Miller from Volvo/ Mack Trucks (cc'd) and our counterparts at Daimler and we appreciate the opportunity to join the meetings.

All executives are available to meet with Administrator Pruitt the afternoon of September 20th. The 1:00- 3:00 pm timeframe works well, but we can be flexible in the afternoon.

Thank you,

Traci Kraus

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

Subject: RE: Administrator Pruitt's visit Gully Branch Tree Farm, Cochran, GA, Friday, July 7th, 2017
EPA Event Master List 7.3.17v2.xlsx

Sec. Perdue Team and Adm. Pruitt Team:

Attached is the guest list which will be updated again later this week for security clearance, etc. Invitations have been delivered and it appears we will have a full house.

Look forward to mapping out logistics once advance team arrives on Thursday.

Earl and I have worked on more details of run of show:

11:00 a.m. **Arrive Gully Branch**

Earl and Wanda tour farm with Sec. Perdue and Adm. Pruitt

Hosts will be stationed at pavilion to greet small group guests as they arrive.

.

11:30 a.m.- 12:15 **Earl welcomes group/introduces Sec. Perdue/Perdue Introduces Adm. Pruitt**

Round table self- introductions

Small Group discussion/round table. (see list with small group noted "SG"). Upon closure will allow a few minutes for leaders to disassemble and team

Will break down tables/chairs to allow room for large group assembly.

Will work with group to ensure we do not overlap with discussion and allow time for Sec. Perdue and Adm. Pruitt to interact.

Large Group will be checking in at barn and ready to move to pavilion when small group ends. Hosts will guide group to pavilion at appropriate time. **We plan to bring FFA leaders/students and 4-H leaders/students in to meet Sec. Perdue and Adm. Pruitt first and others will follow.** Anticipate 20-30 minutes to get everyone in the pavilion and Sec. Perdue/Adm. Pruitt time to speak to guests in small groups or individually. All those invited are supportive leaders and we expect a good turnout (between 75-100)

Refreshments available during this transition time.

12:45-1:15 Earl introduces Sec. Perdue and Sec. Perdue introduces Adm. Pruitt

Sec. Perdue and Adm. Pruitt address the group

1:15-1:30 Q&A

1:30-1:45 Any closing comments from Sec. Perdue and Adm. Pruitt

Troy,

We appreciate this draft run of show. Certainly we're hoping for a little more time for our guests. Have key prospective forestry invitees from as far as CA, FL, and D.C. Working on invitees list at this moment. Will ask each guest to provide complete contact info with one paragraph of organization /bio info.

Will provide more info along with logistic details including coordinates/address upon preparing.

Best regards,

Wanda Barrs

Last time we chatted, we discussed a run of show with the program starting around 10:30 and lasting until about 12:30. How does the draft run of show look?

10:30-11:00 **Ride Around Farm**

- Wanda and Earl lead Sec. Perdue and Administrator Pruitt on a driving tour of farm

11:00-11:30 **Small Group Sit Down**

- Topic: Forestry Issues in Georgia, Partnering with USDA and EPA to achieve shared goals
- Participants: ?

11:40 **Remarks**

- Sec. Perdue and Administrator Pruitt deliver brief remarks to a larger crowd
- Earl and Wanda introduce Sec. Perdue
- Sec. Perdue introduces Administrator Pruitt

Audience (around 100):

- Dean of Forestry, UGA
- Head of GA Forestry
- GA Forestry Members

- 4H
- FFA
- Local Businesses
- Local Chamber of Commerce
- Anyone else?

12:15 **Event Concludes**

Importance: High

Troy,

We are looking forward to Administrator Pruitt's visit to Gully Branch Tree Farm, Friday, July 7th. To ensure Adm. Pruitt meets his objectives for the visit Earl and I would like to schedule a call to discuss:

- **Time Frame**: we discussed a farm tour/discussion, lunch, small group discussion

- **Topic**: ee360 Grants GA received in partnership with EPA Education and Outreach/AFF Project Learning Tree. Implementation of education and outreach programs at Gully Branch Tree Farm and throughout GA

- **Topic:** Effectively making the connection for clean air, clean water and sustainable working forests; Developing partnerships for the work

- **Topic:** Forestry Issues, markets, value of forestry in GA and US, challenges we could address with EPA as a partner

- **Guest List:** Sec. of Ag, Sonny Perdue, Others?

Please provide a time we could discuss the above. We are available today, Tuesday, June 13th (9:30-12:00) and Thursday, June 15th (9:30-2:00).

Thank you for working with us to make this a meaningful event for Adm. Pruitt and your team.

Moya,

Do you happen to know yet who will be introducing the Administrator?

Also, the list of board members your sent me, if that the list of folks that will be in the Executive meeting?

Thanks so much,

Millan

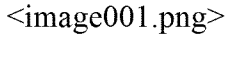
Millan:



The lunch will be in Tiberon #3 and the meeting with the Executive Committee will be in Anhinga. Our office will be available should you need a holding space. It is Sabal Palm. A map of the meeting room space is attached.

A list of NMA's Executive Committee is attached. If you need additional information on the companies, please let me know.

We are confirmed for a walk through on Sunday, April 23 at Noon. I will let you know where we will meet.

Best regards,

Moya

Moya,

Good morning to you! I will be there a day before to advance the event with a member of his security team. He will definitely have one, maybe two staff members traveling with him.

He will arrive into Ft. Myers at 12:35PM on Monday so we have him arriving at the hotel at 1:20. Speech at 1:30PM and meeting with Executive Board members at 2:15PM. He will have to depart by 3PM for his 5PM flight back to DC. Unfortunately, I don't think there will be any extra time for additional meetings. I'm so sorry!

Thank you very much,

Millan

Moya – I'm so glad we could get this worked out!

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

On the hotel rooms, I am going to do an email intro for you to our travel coordinator. She will want to be the one to work with you to arrange the accommodations.

Thank you!

Millan:

We can certainly get you the two and even three rooms in our block for Sunday night. Do you want to make the reservations or are you o.k with us making the reservations and letting the hotel know that payment information will be provided at check-in.

The meeting with the Executive Committee is very flexible and we can make it work for your schedule. Regarding the remarks to the Board, before lunch is fine but is there any possibility to make it 11:30 or Noon. It is not unusual for us to have a speaker address the board, leave immediately after and then we serve lunch.

Do you have a few minutes to get on the phone? It may be easier just to talk it through. I am

in the office by 7:30 or if this evening is better, please feel free to call my cell – 202-731-1110. My office number is 202-463-2639.

Thank you very much.

Sydney:

Good morning! I know you want to come in and out on the same day. We can make the 1:30 or 2 p.m. work…we will just start lunch a little later. Is that time arrival at the hotel or is a buffer built in?

I have the timing for the General Session on hold until the timing for Administrator Pruitt is worked. Please let me know once you have the flights worked out.

Also, attached is the form with the contact information for security at the Ritz Carlton.

Thank you.

Moya

Sydney and Millan:

NMA is very pleased that EPA Administrator Pruitt will be the luncheon speaker at our spring board of directors meeting. Attached is the speaker form with the information requested except for the security contact and the cost for the lunch. Both will be provided as soon as possible but I did not want to hold up sending you the form.

Please let me know if you have any questions, need further information, etc. Please feel free to contact me at any time. My cell is 202-731-1110.

I look forward to working with both of you.

Hi again Moya,

Thank you for your time on the phone earlier. I am attaching an event request form with some basic questions that will help us out in the planning of this trip. Would you mind filling it out for us please? Also copying Millan Hupp on this email (my sister) who handles the advance work for Administrator Pruitt. She will likely be making the trip down there as well.

We look forward to Florida!

Thank you!

Hi there. See below. Really awesome stuff. Do you want to set a call?

Date: Friday, September 1, 2017 at 8:53 AM
To: Jessica Garrison <Jessica@mdm27.com>
Subject: Pruitt visit

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.

- Manufacturing/concentrates tour – a driving tour through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings

- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that

- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land

Hello Sarah,

Thank you for reaching out on behalf of AG Paxton. Administrator Pruitt would be happy to take this meeting. Unfortunately, he is traveling 10/4-10/6. Would AG Paxton be available on 10/3 instead? We could do something later in the afternoon/early evening if he is flying in that day.

Let us know if that would work. Thank you and we look forward to welcoming him here.

To: Pruitt, Scott <Pruitt.Scott@epa.gov>
Subject: Texas Attorney General Paxton requests meeting

Good afternoon,

I am writing on behalf of Texas Attorney General Ken Paxton. AG Paxton respectfully requests a meeting with EPA Administrator Pruitt while he is in Washington DC, October 3 – 6. The topic of the meeting would be federal regulatory reform, an issue that impacts numerous cases that Texas is currently litigating. In May, AG Paxton led a 16-state coalition in calling on the Trump Administration to take action in accordance with two principles – restoring the role of Congress and ensuring impartial adjudications. AG Paxton would like to share his perspective on the proper scope of federal administration agencies as well as some ideas for practical reforms.

As mentioned above, AG Paxton will be in Washington DC the first week in October and is available for a meeting on the following dates and times:

Wednesday, 10/4, 10:00 – 11:00 am

Thursday, 10/5, 10:00 – 11:00 am, and 2:00 – 3:00 pm

Friday, 10/6, 10:00 – 11:00 am

Please let me know if any of these fits in the Administrator's schedule. If not, please feel free to propose a date/time that works best.

Kind regards,

Sarah Burgess

Kenny Jamieson

You will see when the schedule is published shortly - that all of you will be traveling on Monday, and that is due to the fact that the staff is advising us that will be their travel date.

Why the two advance teams? While we don't have a draft schedule for you yet - we do know that the Administrator is currently scheduled to arrive in Indianapolis Wednesday morning. (Commercial Airport Arrival). There will be a stop or stops in Indianapolis, likely with the Governor so that will help with obtaining assets, such as lead and tail, if appropriate.

Here's the rub - there will be a helo ride (likely a commercial aviation such as Signature or Atlantic) with the Governor down to Evansville.

There will be a pick up at the help drop - drive to stop or stops - with a commercial airport departure from Evansville to Denver.

Bottom line - Gail will be making flights and hotels, so at least you will get a BCD drop down. We will never get these travel authorizations approved - and Gail will have to back door the airline tickets.

Please keep an eye out for your BCD itinerary.

We will get you a draft schedule when we can - and your staff counterparts.

Sure. Can do.

Also, the site has asked me for boot sizes for the visitors.

Can let me know as soon as you can – how many people will be coming, Mr. Pruitt, his staff, his security, and their boot sizes? US sizing is fine. I realise this might take some time.

Everyone on site including security will need to wear PPE (metatarsal boots, vests, safety glasses and carry gloves), we will have all these for them but will take a few days to order the boots so that they are here in a week.

Lastly, they will also need to wear long sleeve shirts and pants. Most folks were jeans, but khakis are fine as well.

Many thanks

Subject: Metro Visit Options

Millan--

Here is a draft Metropolitan mine tour itinerary for Mr. Pruitt. We project five hours including travel from Sydney -- leaving at 8:30 and returning by 1:00 pm.

This involves a surface tour only and a brief presentation highlighting the story about a mine in the outskirts of Sydney that coexists with the local community. We think it will be an interesting perspective to show Mr Pruitt.

If Mr Pruitt is interested in an underground visit, it can be accomplished but will add considerable time (3 hours). We are happy to accommodate an underground visit if this is important to Mr Pruitt.

Let me know what you think. Many thanks

-Ray

Hi Millan,

I wanted to reach out to say thank you for everything for the event last week with Administrator Pruitt! Our membership was just thrilled to hear from him and get his insights on the EPA. The Administrator attending the small reception to meet our board and the board of NATSO was a welcomed opportunity for people to thank him for his work on behalf of the industry after the hurricanes this year. We've gotten nothing but compliments since the talk last Wednesday and I do hope he enjoyed his time with the SIGMA members. While I'm sure the trip was a quick one for him, I do know that SIGMA members will remember the event for a long time.

I can't say enough about Forrest and his team onsite! He was fantastic to work with and was great about working with the hotel and our folks to make sure that everything went off without a hitch. He kept me updated as the Administrator's scheduling came together and was quick to help with problem solving as we moved through the afternoon. I know he and his team work hard to make sure that there is no room for error in the visits and they are top notch.

And thank YOU for all of your help in the weeks leading up to the event! I can imagine that the Administrator's schedule is not easy to manage and your willingness to work with our team was very appreciated.

Brad Puryear, our 1st Vice President and the one who was on stage with the Administrator, would like to forward a personal thank you to him and I wondered what the best way to do that is. Does the Administrator have an email for thank yous or even mailing address that I could provide to Brad for a note? He really enjoyed getting to chat with Mr. Pruitt and wants to express his thanks.

Thanks again Millan and hopefully we can work together in the future!

Best,

Liz.

Hello Attorney General Landry,

I'm happy to let you know that the Administrator will be available to address this group. He appreciates the invitation and opportunity. Who should I communicate with regarding details and logistics? Specifically, exact timing and agenda for the event so we can build into his schedule?

Thank you and we look forward to it!

Subject: Louisiana Chemical Association Annual Meeting Sam

Just following up on a conversation we had a month or so ago. He Louisiana Chemical Association is having their annual meeting Oct 26&27 in NOLA at the Loew's hotel.

This is a meeting of the Managers that are responsible for operation the chemical facilities in Louisiana. They would like Scott to address the group either day.
Can you let me know if he is still available?

Jeff Landry
Attorney General

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do

you consider true environmentalism?

Regarding the "Waters of the United States" (WOTUS) rule you are working to properly define as what "navigable waters" should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Dear Hayley,

I hope this helps. I am happy to discuss the agenda with you tomorrow, but we do not send it out in any way, shape, or form. We look forward to hosting the Administrator. His remarks are best kept to 3-5min tops. Our presentations are quick and our group will value questions more.

In terms of entrance, he is welcome to come through the front or back door. That is up to your office. Front would probably be easier because it is unlocked and either way he would need to use the same elevator. Let me know what else I can help with.

Kind regards,

Candice N. Boyer

Hello Maria,

It was nice connecting with you. Attached is the form we discussed to complete for the February Fed Soc event in Florida. Millan and I will review when we receive it and let you know if we have other questions. We also will want to set up a call with the event organizer (not sure if that's you?) to discuss other items related to the event before we officially confirm. One item in particular we'll be looking for information on is how this event will be advertised. We would appreciate the Administrator's name not being included on any materials until we have this conversation.

Thank you and we look forward to hopefully having him keynote this event!

Regarding the meeting on Sunday, April 23 at Noon for the walk-thru, we should meet in the lobby. The following individuals will be participating from the hotel:

Taylor Svoboda

Meetings and Special Events Manager

The Ritz-Carlton Golf Resort, Naples

Matthew Murphy

Loss Prevention Supervisor

The Ritz-Carlton Golf Resort, Naples

I will be at the meeting as well.

Please let me know if you have any further questions or need anything.

Thank you.

Moya,

Do you happen to know yet who will be introducing the Administrator?

Also, the list of board members your sent me, if that the list of folks that will be in the Executive meeting?

Thanks so much,

Millan

Millan:

The lunch will be in Tiberon #3 and the meeting with the Executive Committee will be in Anhinga. Our office will be available should you need a holding space. It is Sabal Palm. A map of the meeting room space is attached.

A list of NMA's Executive Committee is attached. If you need additional information on the companies, please let me know.

We are confirmed for a walk through on Sunday, April 23 at Noon. I will let you know where we will meet.

Best regards,

Moya

Good morning. Thank you for the information below. Thanks for providing the information regarding Lincoln Ferguson and JP Freire.

Derek Burke

Office: 239-254-3396

We will be meeting this afternoon and I will let you know who will be introducing Administrator Pruitt. I will send you a list of the Executive Committee members by the end of the day.

We will contact the hotel regarding a walk-through at Noon on Sunday and get back to you.

Let me know if there is anything further.

Moya,

May we schedule a walk-through on Sunday, April 23rd at 12PM?

Traveling with him will likely be Lincoln Ferguson and JP Freire.

Do you have a phone number for Derek Burke?

The Administrator will not eat and he will probably only request coffee for the meeting with the Executive Committee. Also, could you please send me the names of those on the Exec. Committee that he should expect to meet?

Thank you so much,

Millan

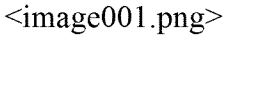
Millan:

Thank you for the schedule and we appreciate the time from his schedule to speak with the Board of Directors. When you know who will be accompanying Administrator Pruitt, please let me know.



I will be arriving on Saturday and can meet with you on Sunday at any time that works for you and the security team. I know the security team will be in contact with Derek Burke at the Ritz Carlton but please let me know if you need anything from NMA.

Given the schedule, we thought we would serve lunch and then Administrator Pruitt will speak. Will he want to have lunch? If not, would you like us to have something

for him when he meets with the Executive Committee?

Enjoy the day.

Moya,

Good morning to you! I will be there a day before to advance the event with a member of his security team. He will definitely have one, maybe two staff members traveling with him.

He will arrive into Ft. Myers at 12:35PM on Monday so we have him arriving at the hotel at 1:20. Speech at 1:30PM and meeting with Executive Board members at 2:15PM. He will have to depart by 3PM for his 5PM flight back to DC. Unfortunately, I don't think there will be any extra time for additional meetings. I'm so sorry!

Thank you very much,

Millan

Moya – I'm so glad we could get this worked out!

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

On the hotel rooms, I am going to do an email intro for you to our travel coordinator. She will want to be the one to work with you to arrange the accommodations.

Thank you!

Millan:

We can certainly get you the two and even three rooms in our block for Sunday night. Do you want to make the reservations or are you o.k with us making the reservations and letting the hotel know that payment information will be provided at check-in.

The meeting with the Executive Committee is very flexible and we can make it work for your schedule. Regarding the remarks to the Board, before lunch is fine but is there any possibility to make it 11:30 or Noon. It is not unusual for us to have a speaker address the board, leave immediately after and then we serve lunch.

Do you have a few minutes to get on the phone? It may be easier just to talk it through. I am in the office by 7:30 or if this evening is better, please feel free to call my cell – 202-731-1110. My office number is 202-463-2639.

Thank you very much.

Moya,

Given our flight options and the fact that he will be coming from Tulsa, would it be possible to do the proposed meeting at maybe 10AM then he speak at 11AM before their lunch gets started? We may choose to fly him into Naples on Sunday evening so we are just thinking to maximize his time on the ground in FL. If we push everything up just a little bit, we can get him back to DC sooner.

Look forward to hearing from you! Thank you so much.

Hi there. See below. Really awesome stuff. Do you want to set a call?

Date: Friday, September 1, 2017 at 8:53 AM
To: Jessica Garrison <Jessica@mdm27.com>
Subject: Pruitt visit

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.

- Manufacturing/concentrates tour – a driving tour through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings

- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that

- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land

Hello Jean,

Thank you for extending this invitation and I apologize that we haven't gotten back to you yet. Our schedule currently has us out of town on those days but we may be able to make something work. We are having a scheduling meeting this Friday and I can run by the team and let you know shortly after.

Thank you for your patience and we will be in touch soon.

Subject: Invitation to Administrator Pruitt to Address the Petroleum Equipment & Services Association

Good afternoon.

I'm the Sr. Director of Public Policy for the Petroleum Equipment & Services Association (PESA) which represents the oilfield service, supply, and manufacturing sector. Our 200 member companies span the sector's entire supply chain, including firms like Halliburton, Vallourec, Schlumberger, and Baker Hughes, a GE company.

I'm following up on a letter that was sent to Administrator Pruitt from Schlumberger VP, Government & Industry Relations Dan Domeracki inviting the Administrator to address executives from our member companies at PESA's Executive Fly-In on September 27 or 28.

If you can let me know the name/number of the person in the Administrator's office I should check with, I'd be most grateful.

Kind regards,

Jean

Jean Gould

Subject: RE: Delivery of Administrator Pruitt's Award

Sydney,

Sure thing – understandable! It is actually an award for his service last year here in Oklahoma as Attorney General! It's called a Champion Award, and a handful of them are given from Oklahoma Farm Bureau every year… does this sound like something he would be able to accept? Please let me know, at your convenience!

Thank you,

Tasha Duncan | Oklahoma Farm Bureau | 2501 N. Stiles Ave., OKC, OK 73105

Subject: RE: Schedule for EPA visit

Hi Luis,

Here is the updated schedule that is almost finalized with confirmations from all venues. On Wednesday and Thursday, we will meet in the lobby of the Renaissance Hotel about 5 minutes prior to the start time of the first tour. Myself, along with my colleague Ashley Armstrong, will take everyone on the tour on Wednesday and part of Thursday. Also, regarding seeing OU/Norman, it is probably best that you reach out directly to my counterpart at Visit Norman to schedule a tour with them on Thursday afternoon. You can reach out to Taylor Mauldin, sales manager, at taylor@visitnorman.com or 405.366.8095.

Most of the tour will be either walking or a short drive to the next venue. Let me know if you have questions. You can reach me on my cell at 316.305.7272.

I look forward to meeting everyone Wednesday morning!

Good Morning Keith. Looks good. Seems we basically have about 45 minutes per venue. Based on our chat yesterday i trust That is enough to tour and scope 9 rooms (JPAC, Council, US/MX/CN/Sec/JPAC/Media rooms and Ministers meeting room).

I look forward to the thursday schedule with the additional venues! Thanks much.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to

properly define as what "navigable waters" should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Neal,

Thank you for the time this afternoon. If it works for your folks, the format that allows the Administrator to offer remarks then for Mr. Staples or Mr. Tillman to moderate the Q&A would be great for us as well.

Jahan – pretty please confirm the below questions to be asked of the Administrator.

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Texas Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment

Thank you so much,

Millan Hupp

Subject: RE: RE: Meeting Request from Ambassador Ho-Young Ahn oftheRepublicofKorea

Hi Cheryl and Sydney,

I work in OITA under Jane and Mark and one of my responsibilities is managing the Korea program. In a separate e-mail thread with Jim Caldwell, the Embassy of Korea informed EPA that they will be taking a private vehicle for Monday's meeting. Jim and the facilities team have made arrangements for them to enter the EPA courtyard with the vehicle, so they would not be going through the entry procedures described below.

At the 12th Street Courtyard vehicle entrance, the security guard would let the vehicle through. There is not a guard's desk there to call from. So it could be best to pre-position in the courtyard at 3:15 to greet and escort the delegation.

I've added all involved EPA parties on this e-mail. I did not include Charry from the Embassy, but it would be helpful for someone to reach back out to her clarifying the arrival instructions. If I can be of any help, please e-mail me or call me on my cell phone today at 202-441-8863.

I am not in the office on Monday, but Team Chen of our team is available to assist on the ground with this if it is helpful to you.

- Description of the vehicle(s) (make/model/color): Hyundai Equus Black

- Name of driver(s) and their cell phone number(s): MARISTELA, Margarito (Josh will ask them to provide cell phone number as requested)

- Names of additional staff accompanying the Ambassador: Counselor CHOI, Jin-won and Secretary KIM, Jandi (+ Ambassador AHN, Ho-Young).

Sincerely,

-Josh

메일제목 : RE: Meeting Request from Ambassador Ho-Young Ahn ofRepublicofKorea

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Monday, June 19th at 3:30 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators from the train otherwise two escalators then do a small U-Turn to the left heading toward 12th street, the South Lobby entrance is directly and immediately to your right (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW,**which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the**South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at

564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process

Haley,

As a follow up, we had previously been discussing the possibility of a lunch at the Trump Hotel on Oct. 6th. However, like stated on the form we have a relatively open schedule. We have secured open spaces when we are scheduling meetings. I will include them below for your benefit:

Oct. 4th

Open 12-2pm @ the Cosmos Club

Oct. 5th

Open 8-10:30AM @ the W Hotel

Open 12-3PM @ The Capitol Hill Club

Oct. 6th

Open 12-3PM @ the Trump Hotel

Open 6-8PM @ the Willard Hotel

If he is unable to make any of the above time slots we can move our schedule around to make something work.

Thank you!

Seth

Hayley,

Sorry for the delay. I hope you had a wonderful Thanksgiving!

Are you available for a call today 3:30-5pm or tomorrow 2-4pm? I will have two others on this call on our end who are working on logistics on the ground and in DC.

I will have this form sent back to you by this afternoon.

Thanks

Maria

Hello Maria,

It was nice connecting with you. Attached is the form we discussed to complete for the February Fed Soc event in Florida. Millan and I will review when we receive it and let you know if we have other questions. We also will want to set up a call with the event organizer (not sure if that's you?) to discuss other items related to the event before we officially confirm. One item in particular we'll be looking for information on is how this event will be advertised. We would appreciate the Administrator's name not being included on any materials until we have this conversation.

Thank you and we look forward to hopefully having him keynote this event!

Millan:

Kevin Crutchfield, CEO of Contura Energy and NMA's Chairman will introduce Administrator Pruitt.

The attached list that I sent earlier is NMA's Executive Committee. Everyone should be at the meeting but Mr. Goldberg and Mr. McMullen who will call into the meeting.

Regarding the meeting on Sunday, April 23 at Noon for the walk-thru, we should meet in the lobby. The following individuals will be participating from the hotel:

Taylor Svoboda

Meetings and Special Events Manager

The Ritz-Carlton Golf Resort, Naples

Matthew Murphy

Loss Prevention Supervisor

The Ritz-Carlton Golf Resort, Naples

I will be at the meeting as well.

Please let me know if you have any further questions or need anything.

Thank you.

The lunch will be in Tiberon #3 and the meeting with the Executive Committee will be in Anhinga. Our office will be available should you need a holding space. It is Sabal Palm. A map of the meeting room space is attached.

A list of NMA's Executive Committee is attached. If you need additional information on the companies, please let me know.

We are confirmed for a walk through on Sunday, April 23 at Noon. I will let you know where we will meet.

Best regards,

Moya

Moya – I'm so glad we could get this worked out!

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

On the hotel rooms, I am going to do an email intro for you to our travel coordinator. She will want to be the one to work with you to arrange the accommodations.

Thank you!

Millan:

We can certainly get you the two and even three rooms in our block for Sunday night. Do you want to make the reservations or are you o.k with us making the reservations and letting the hotel know that payment information will be provided at check-in.

The meeting with the Executive Committee is very flexible and we can make it work for your schedule. Regarding the remarks to the Board, before lunch is fine but is there any possibility to make it 11:30 or Noon. It is not unusual for us to have a speaker address the board, leave immediately after and then we serve lunch.

Do you have a few minutes to get on the phone? It may be easier just to talk it through. I am in the office by 7:30 or if this evening is better, please feel free to call my cell – 202-731-1110. My office number is 202-463-2639.

Thank you very much.

Subject: Administrator Pruitt Visit

Hi again Moya,

Thank you for your time on the phone earlier. I am attaching an event request form with some basic questions that will help us out in the planning of this trip. Would you mind filling it out for us please? Also copying Millan Hupp on this email (my sister) who handles the advance work for Administrator Pruitt. She will likely be making the trip down there as well.

We look forward to Florida!

Thank you!

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.

- Manufacturing/concentrates tour – a driving tour through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings

- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that

- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Administrator Scott Pruitt Lone Star Energy Forum Speaker Request Letter....pdf

Millan,

Thanks for visiting with me about the possibility of getting your boss to Houston for TXOGA's annual meeting! I've forwarded the email below with a link to TXOGA so you can see more of the details. I confirmed that there will be 250-300 at the luncheon, which is the keynote and preferred time slot for him to speak on October 20. Of course, they would happily rearrange the schedule to accommodate him, if another time that day is a better fit. Also, there is a dinner the night before that we could make work; however, that will be a smaller crowd. The attendees are high level oil/gas folks, including several CEOs and Texas elected officials. Past speakers have included both Presidents and Laura Bush, Rudy Giuliani, Alan Greenspan, to name a few.

Other speakers on this year's program are CEOs of Pioneer and Enterprise Products. Other companies in The Woodlands are Anadarko and Exxon Mobil and I wouldn't be surprised if those CEOs don't also show up, if Scott is on the agenda. I can also get you the heads of government affairs at any of the companies that could schedule private meetings with their CEOs, if he has a desire for any meetings of those kind. I used to work for Shell and I'm happy to facilitate a meeting there with CEO Bruce Culpepper, if he has any interest.

I've attached the original letter from TXOGA CEO Todd Staples, as well. Let me know if you have any questions, or feel free to get in touch with Todd directly. Thanks for your help and I hope to meet you sometime soon!

John,

Good evening to you. Hope you are well and looking forward to a wonderful Thanksgiving holiday. I'd like to determine a good date for the follow up call that we discussed when we spoke a few weeks ago. On this call, I will anticipate including a member of our communications/press team as well as our head of Public Engagement and then likely the appropriate member of our policy team.

May we look at Monday morning, November 28th or Wednesday, November 30th ? Might one of those days work for you and your team?

We look forward to talking with you.

Warm regards,

Hello Milan,

We look forward to Administrator Pruitt's visit. Yes, I can meet you on the farm on Sunday afternoon; 4:30 to 5:00 pm central time works for me.

The address is
1495 Coleman Road
Franklin, TN

I have found that GPS systems often take people just passed the driveway. I have attached three pictures that I think will help you find the farm. I also intend on being there at the road in a silver Nissan Frontier. If you have any questions when you are en-route, please call my cellphone which is listed below.

Thanks,

Kevin,

Good morning to you. SA Paul Dass and myself will be traveling into Nashville in advance of Administrator Pruitt's participation in the 3:30PM event at Eddie Sanders' farm on Monday, October 23. If possible, we are hopeful to find a good time to come by the Farm on Sunday, October 22 for a quick walk-through. We could do late afternoon, maybe 430 or 5PM, if that might work for you?

I look forward to hearing from you.

Thank you so much,

Needless to say, this ROCKS!

Please find out when we can announce or if his office would prefer to announce. From communications perspective we'd like to get something out ASAP and preferably from us.

I can write from here, not a problem.

From my POV I'd prefer to have him speak either in the morning or at lunch. While it is true there is from one perspective no news cycle any more, it would be best if we could keep this out of the mid-to-late afternoon. Not critical, but vastly preferable.

Of course, my lips are sealed until you get details worked out with the Administrator's office. If you need me on the call on Monday, just say the word.

Chris

I do want to accept with one caveat – we have some pending international travel in January for which the dates have not yet been finalized. However, I think it's flexible to his schedule and so we are confident that we can work them around this. But did want to raise that, in the event it changes. We will know with certainty in the next month or so but we feel comfortable accepting.
>
> I understand that you offered either the breakfast or lunch address spot. We're happy to have a further conversation with you regarding format, timing, etc. We can either have that now if you need to nail down those details or as the event approaches. Additionally, if you could complete the attached speaking request form, this is very helpful to our team in planning.

Subject: Invitation to be Keynote Speaker of 2018 Washington DC Auto Show, MobilityTalks International

Dear Administrator Pruitt:

On behalf of the 2018 Washington Auto Show, *MobilityTalks International*® and the Washington Area New Automobile Dealers Association, I'd like to invite you to be the **federal government keynote speaker** at the Washington Auto Show in January.

With your recent arrival in Washington, you may not be familiar with the show. For the last several years it has been the largest event held in the Walter E. Washington Convention Center and attracts a wide variety of media covering both public policy and the auto industry. In the past several high ranking government officials have used

the show as a policy platform, including President Obama, Vice President Biden, the EPA Administrator, Secretary of the Department of Transportation, Secretary of the Department of Energy, Secretary of the Department of Labor and many other senior Washington officials.

We would be honored to have you as the Keynote Speaker on **Thursday, January 25**, which is Press Day at the show. We'd recommend either a breakfast or luncheon speech, but understand that you have a very challenging schedule, and are open to any time that meets your needs on that Thursday. Should you wish to attend on consumer days, the show dates are January 26 – February 4.

We can provide varying levels of access for the press depending on the needs of you and your communications team.

I'd be happy to discuss this further with you or a member of your team, at your convenience.

The show offers a unique opportunity to speak to senior executives of the automakers, suppliers and engineers, as well as the press, from a location that is just a few minutes from your office. My team is very familiar with the needs of cabinet level officials and I'm confident we can meet any requirements you have. The timing of the show, at the beginning of the year, I believe is an excellent time for a major policy speech.

We'll contact your scheduler's office to see what next steps might be.

Subject: FW: Invitation to speak at the Aluminum Association annual meeting on October 4, 2017 in Washington, DC

Daisy – random question I'm hoping you can point me in the right direction to someone who can answer.

One of our association members, the Aluminum Association, asked if we could do a quick status check on their invitation to Administrator Pruitt to keynote their board meeting Oct. 4 in DC. Their original request is below. They're just looking for a status check – is this still in the hopper and possible, or is the Administrator unable to make it.

It looks like it might conflict with your Sector Strategies rollout, which is why I figured I'd check with you first.

Madeleine Smith <msmith@aluminum.org>; Matt Meenan <mmeenan@aluminum.org>
Subject: Invitation to speak at the Aluminum Association annual meeting on October 4, 2017 in Washington, DC

The Honorable Scott Pruitt

Administrator

U.S. Environmental Protection Agency

1200 Pennsylvania Ave., N.W.

Washington, DC 20460

Dear Administrator Pruitt,

On behalf of the Aluminum Association, I would like to invite you to be a key note speaker at our 2017 Annual Meeting in Washington, D.C., October 2-4th at the Loews Madison hotel (15th and M St. NW). Specifically we wonder if you are available to speak at 10 a.m. on Wednesday, October 4.

The Aluminum Association represents the United States aluminum value chain – from primary producers, to recyclers, to fabricators, and their suppliers – as well as the vast majority of U.S. aluminum production and 161,000 direct U.S. aluminum jobs at facilities in 35 states. Aluminum is a key element of the nation's manufacturing base, supporting 713,000 total jobs, and $186 billion in economic output -- approximately 1% of GDP. Our industry is seeing historic domestic demand for aluminum-- particularly in the transportation sector, and investing in manufacturing jobs to meet the demand.

Your unique perspective on the Administration's approach to strategic policies that both ensure environmental protection and promote economic growth will provide great insight to our industry leadership. At our meeting, we anticipate an audience of approximately 125 senior executives of the aluminum industry.

In addition, in the months leading up to the Annual Meeting in October, we respectfully request a meeting with you so that we may bring in some of our industry leaders to discuss the industry, and how we can work together on policy priorities of mutual interest. For instance, we share your priorities for economic growth and environmental regulatory reform and have an interest in the automotive emissions regulations under review.

We would be honored if you would consider our invitation to speak. Please let me know if you would be willing to consider this invitation. If so, we can discuss logistics and other particulars with your team and identify a date for an industry leadership briefing in advance. Again, thank you for your consideration.

Kind Regards,

Heidi Brock

No- if they want to talk to him about these before hand, that's fine. Way too specific for a fireside chat. Sorry :)

On Nov 29, 2017, at 12:42 PM, Kevin Condon <kcondon@iowarec.org> wrote:

Thank you…just a few more from our Regulatory Team to consider:

1. Does the Clean Air Act give the EPA the authority to regulate carbon emitted from electric generation facilities?
2. Given the United Supreme Court Order (Massachusetts vs. EPA) regarding the regulation of carbon on vehicles will the current EPA regulate carbon from vehicles and from electric generating facilities?
3. If so, what are the main policy elements of this carbon regulation?
4. How will these regulations take into account the remaining life of existing electric generating facilities?

Also, how about this idea…what if Gulliford introduces Pruitt and then turns the moderating over to Chuck instead of a 3-way chat?

Subject: RE: Some questions from Iowa

Looks like Jay Morrison's handiwork below…

Questions for Administrator Pruitt

Personal/Job Related

- As an introduction to Iowa REC members, please tell us a little about yourself and your family.
- How did being Oklahoma's Attorney General help prepare you for this role?
- What do you miss about being AG?
- What do you like most about being Administrator?
- What has it been like to work with President Trump?
- ~~How often do you get back to Oklahoma?~~

Regulatory

- Do you have an update to share with us on WOTUS? Please describe the recent action you took on WOTUS regarding the 2015 rule and what the impacts might be on RECs across the country.
- The EPA had a field hearing earlier this week on the repeal of the CPP, is there any initial thoughts you have on the testimony heard in West Virginia? Can you share with us what the next steps regarding the CPP will be?
- As you know, our national association, the NRECA, is supportive of some replacement of the CPP with a more reasonable approach. What is the process underway to get achievable regulations in place in the next few years?
- ~~Is it accurate that much of the country is within emissions set under the CPP? If so, doesn't that negate the need for the plan anyway? And doesn't that lead to the larger question of "do we need government intervention in the energy marketplace at all" with regards to renewable energy?~~
- What are some of your upcoming regulatory action items that might be of importance to REC members?

Media

- The media often utilizes narrow definitions of "environmentalism" and "environmentalist." How do you define true environmentalism?
- What does the media forget to include in stories written about the work being done at EPA?

Miscellaneous

- What do you want 500-plus rural Iowans to walk away from this conversation knowing about you/EPA/Trump Administration?

Subject: RE: Some questions from Iowa

Tate & Millan:

Wanted to run the attached documents with questions by you for feedback. Please review closely.

Also, just to verify…

- Only Chuck and the Administrator will be on stage from 9:15 to 10 AM, correct?
- If so, have you all informed Gulliford/Chu that this will be the case?
- We are not issuing a media advisory and neither will EPA, correct?
- Due to the cancellation of the press gaggle at 10 AM, we have moved up the interview with the Living with Energy Magazine staff. Is that acceptable?

Thanks!

KC

Subject: RE: Some questions from Iowa

If he did it wasn't from me. See below list of proposed questions. I actually don't think Jim needs to be on stage, but can he sit up front/get acknowledged by Chuck?

Everyone is invited to attend the 1 PM event at Cousers. They need to RSVP (see email I bcc'd you on earlier today) to Gordon.stephen@epa.gov

The Governor is attending the Couser event so yes she knows. Unsure on the rest of the delegation who will not be attending but they surely know .

List of questions:

- Do you have an update on WOTUS? Describe the recent action you took on WOTUS regarding the 2015 rule
- The media often utilizes narrow definitions of "environmentalism" and "environmentalist." How do you define true environmentalism?
- What has it been like to work with President Trump?
- What are some of your upcoming regulatory action items?

Subject: Some questions from Iowa

Hello Friends:

I have a few questions from our events people regarding the visit on 12/1.

1. Does Regional Administrator Gulliford know that he will be appearing on stage with Administrator Pruitt in a discussion moderated by my boss, Chuck Soderberg? Didn't want to assume that wasn't our responsibility.
2. While no media is allowed in the General Session for the "fireside chat", do we have permission to record it to be posted for attendees later?
3. While we have not publicized Administrator Pruitt's attendance, will there be a

media advisory prior to his arrival indicating he is coming to Iowa for either the IAEC Annual Meeting or the Couser Cattle Company visit or both?

4. Do you all have a list of questions that we can use as a foundation for those that my boss will use while moderating? If not, myself and our Regulatory Director would likely draft some questions to use.
5. Will anyone from the IAEC and/or our Board of Directors be invited to attend the meeting at the Couser Farm later that day?
6. Is the Administrator planning on informing the Governor and members of the Iowa Congressional Delegation that he will be here?

That all for now! Thanks much!

Mary,

Thank you again for this invitation. Administrator Pruitt is planning to attend, but we do have a few other conflicting engagements and need to see how things go early next week before firmly committing. Is that ok for now? We will definitely confirm as soon as possible.

Thank you and we look forward to it!

Subject: BP Board of Directors Dinner / National Gallery of Art Event

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Subject: RE: Schedule for EPA visit

Hi Luis,

Here is the updated schedule that is almost finalized with confirmations from all venues. On Wednesday and Thursday, we will meet in the lobby of the Renaissance Hotel about 5 minutes prior to the start time of the first tour. Myself, along with my colleague Ashley Armstrong, will take everyone on the tour on Wednesday and part of Thursday. Also, regarding seeing OU/Norman, it is probably best that you reach out directly to my counterpart at Visit Norman to schedule a tour with them on Thursday afternoon. You can reach out to Taylor Mauldin, sales manager, at taylor@visitnorman.com or 405.366.8095.

Most of the tour will be either walking or a short drive to the next venue. Let me know if you have questions. You can reach me on my cell at 316.305.7272.

I look forward to meeting everyone Wednesday morning!

Jennifer,

Administrator Pruitt looks forward to this event next week! We have on the calendar but would like to get a little more information from you. Copied here is Aaron Dickerson who can send you our speaking request form. Since it's a small group, some of the information may not be applicable so no need to complete everything. But as much as you can provide would be helpful. Let us know if you need anything from us!

Aaron-Can you send the speaking request form before you leave today?

Thank you all!

Hayley Ford

Good morning Millan,

The highlighted names were not present during the Administrator's presentation.

We had one board member that came and wasn't on this list. His name is Timothy Dalton.

Best,

Taisha

Taisha and Ralf,

Could you kindly let me know if there are any folks on this attendee list that were not present yesterday or that are not represented below? The Administrator would like to send them little notes of appreciation.

Thank you,

Millan

Good afternoon Millan,

Here are some more names we got in today. Can you have Lincoln send me the bio when he has a moment? Also was everything Rafael sent regarding the form submitted yesterday and the invitation draft for the June event.

Michael Fedak

Rebekah Mercer

Tara-Marie Lynch, Director, Marketing, Manhattan Institute

Have a great weekend.

Best,

Taisha

Dear Millan,

It was great speaking to you earlier this afternoon. I pulled together the tentative list at the moment for the board meeting. I must note while it states some people are not staying for lunch sometimes they change their minds so I decided to keep them in.

Millan,

It was a pleasure meeting you last week at Gully Branch and I appreciated the opportunity to speak with Administrator Pruitt. Attached is a electronic copy of the material I gave you on the Coal Initiative we discussed. I have also attached a summary of the MSW-to-Energy Project for Augusta, Georgia I mentioned during our conversation. If possible, I would like to come to Washington and visit with the appropriate staff to discuss these projects. I believe both of these ideas are innovative and in line with the strategic thinking of Administrator Pruitt. I have attached my V-Card with all of my contact information.

Best regards,
Dean Alford

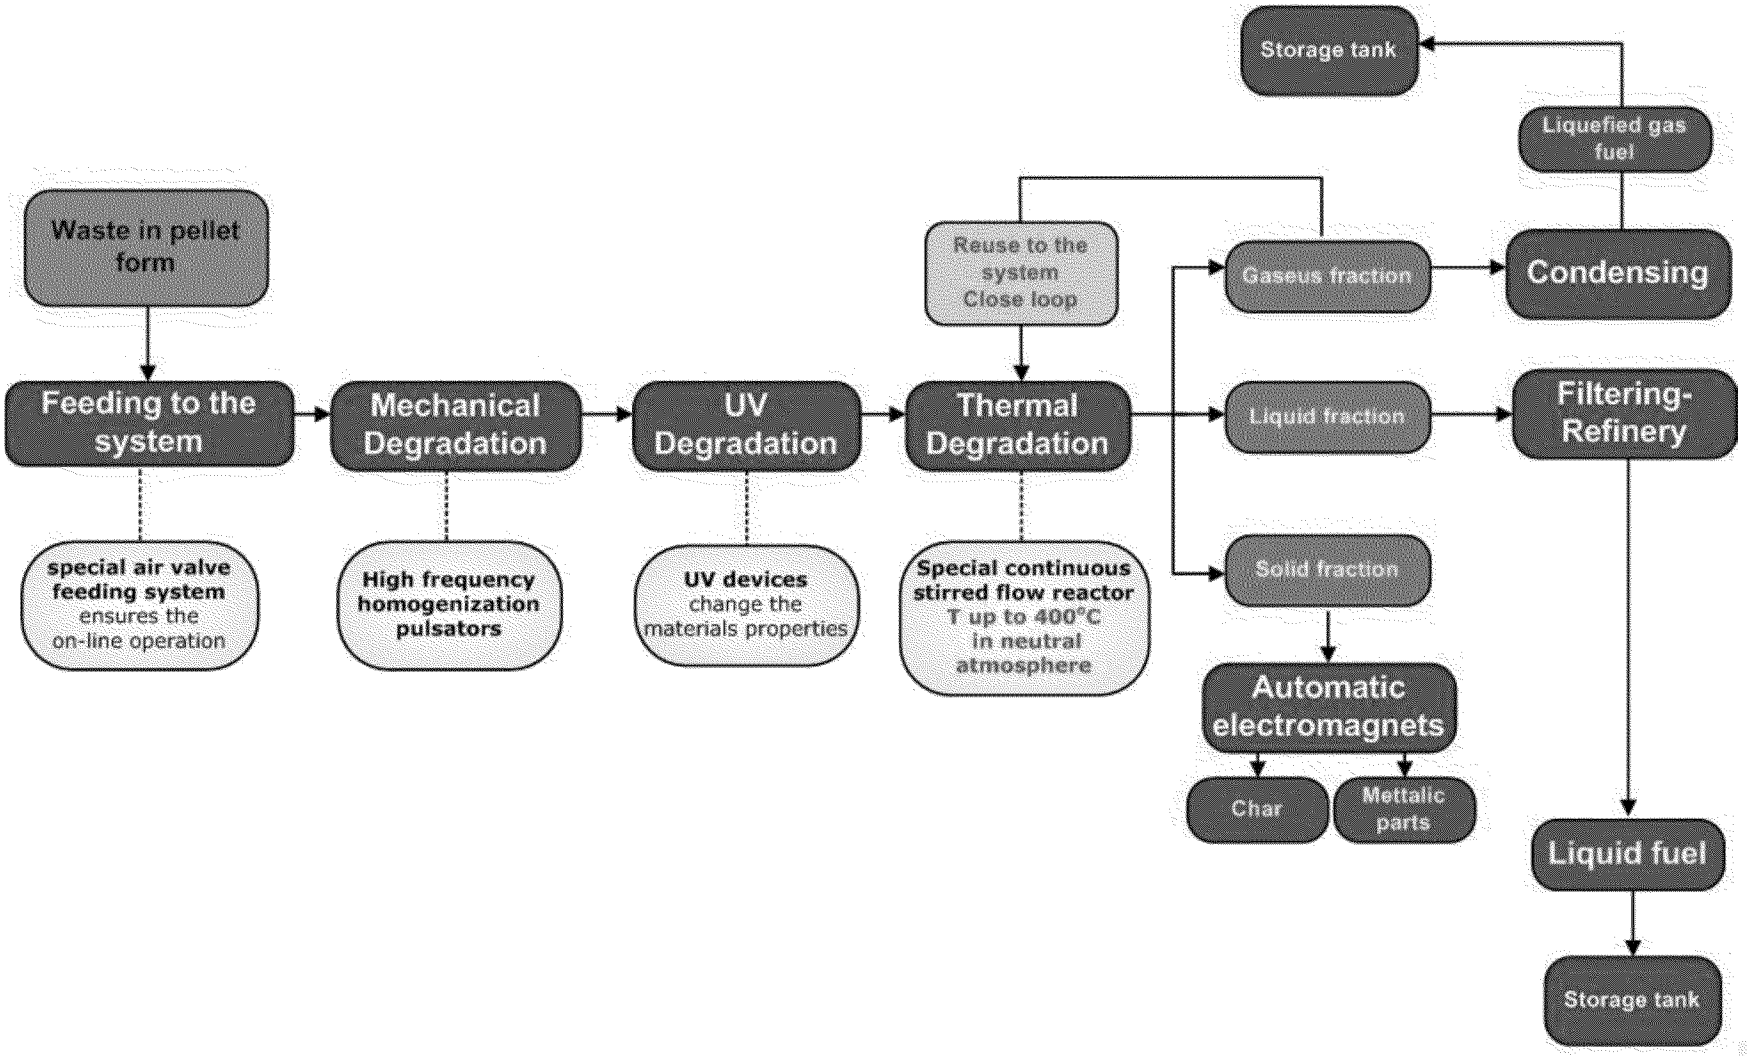
Soukos Environmental ARCHIMEDES - Technology

- RDF Pellet to Diesel Fuel System
  - Not a standard catalytic pyrolysis technology
  - Relatively low temperature process
    - MSW pellets with high plastics can be processed
    - This translates to high energy value fuel
  - No catalysts needed
    - No system shutdown to replace catalysts in reactor
  - High conversion rate
    - 60% MSW - pellet conversion
    - 45% by weight of diesel fuel produced with MSW pellets
  - 2 Modules plus Control Room



Soukos Environmental USA, Inc. Proprietary

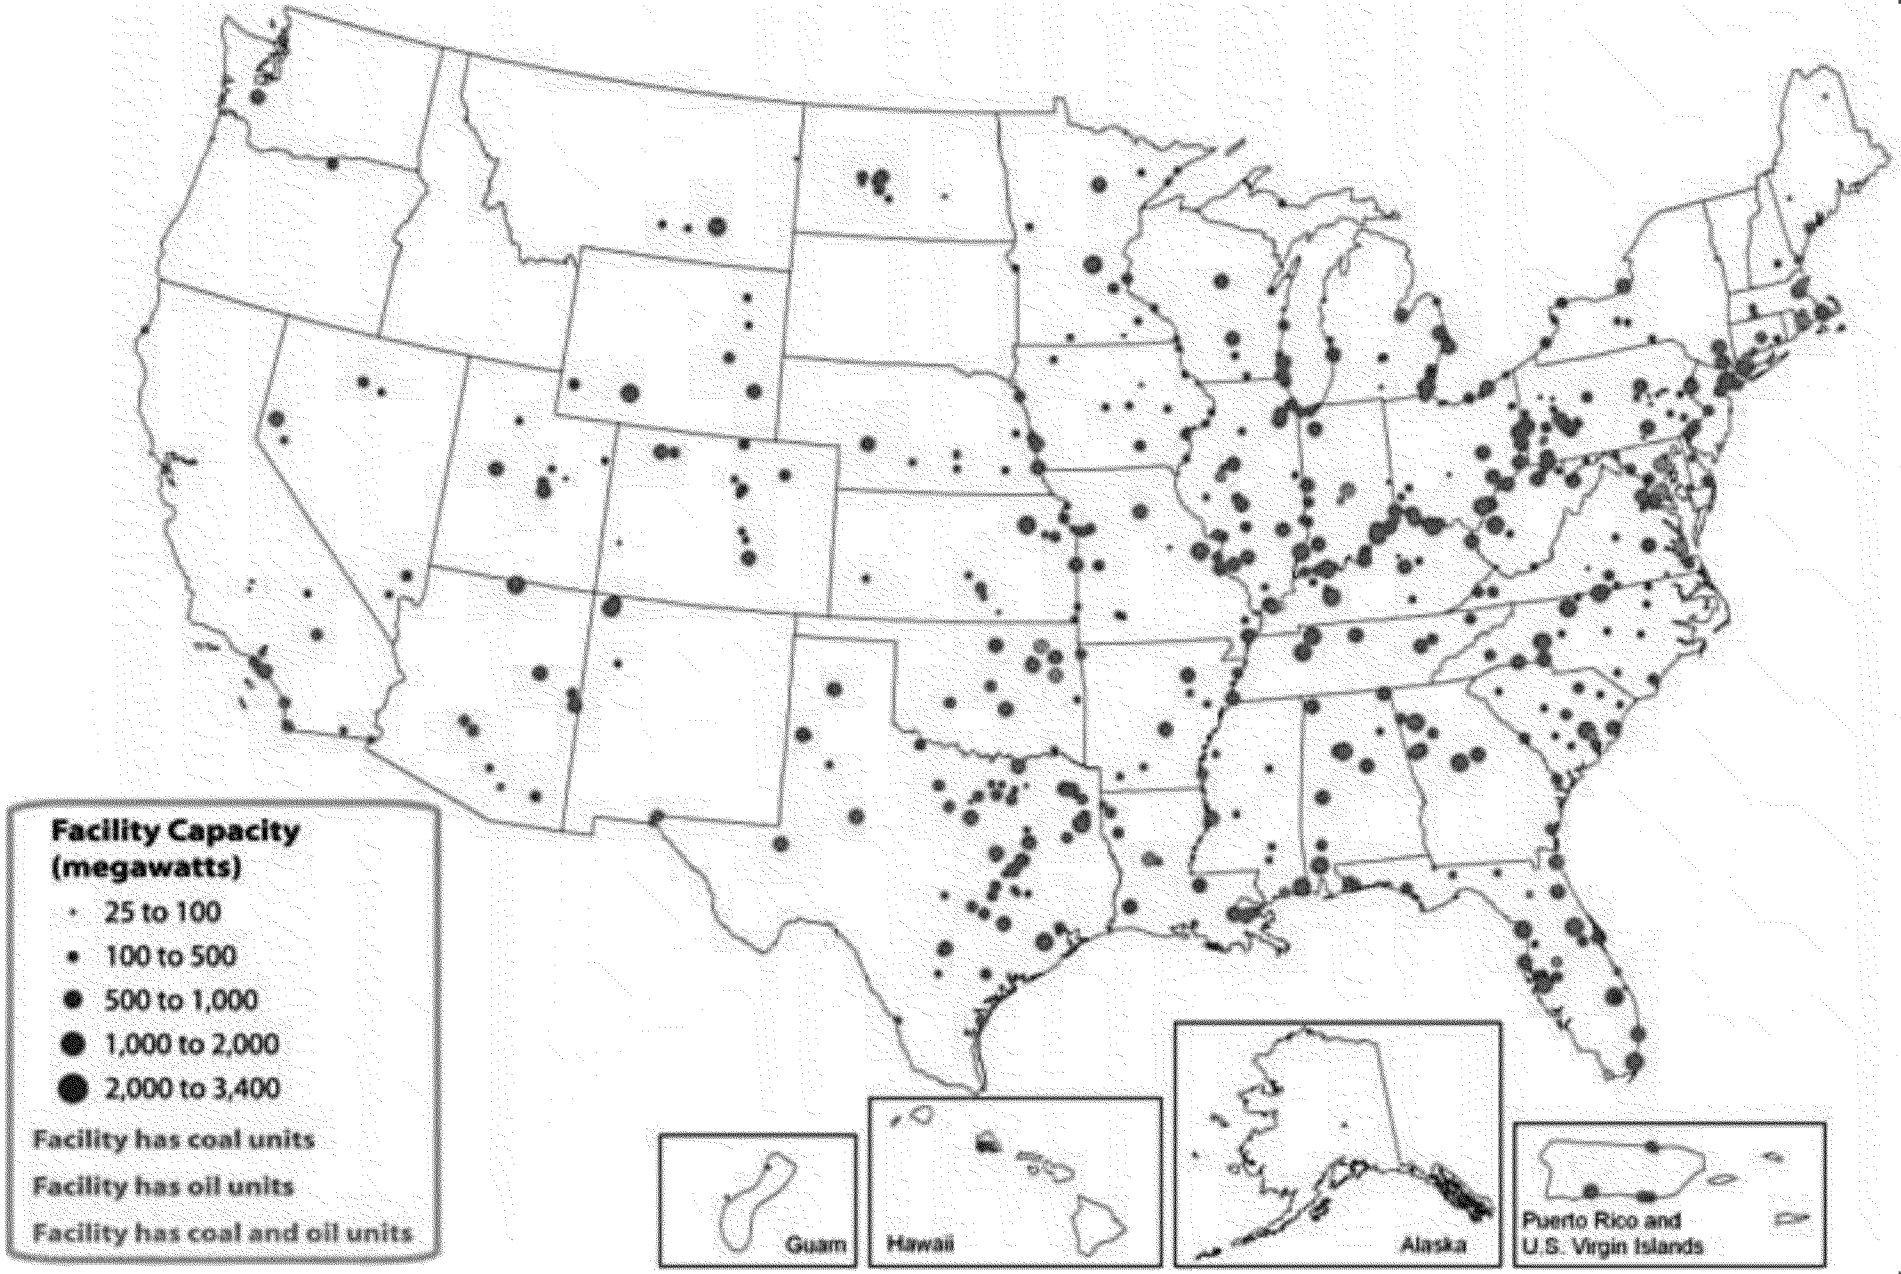
Last Revision
20170712T185929Z

Summary of Replacing Old Coal-fired Units with New "Plant Washington Clone" Units

Unit Size	>50MW	>100MW	>200MW
On-line Years	1950/60/70	1950/60/70	1950/60/70
No. Old Units	727	590	353
No. New Units	244	233	193
New MWs	207,400	198,050	164,050
Investment x $B	$585.6	$559.2	$463.2
No. Workers	390,400	372,800	308,800
Labor Wages x $B	$61.0	$58.2	$48.2

- We could replace the capacity of 727 power generation units (>50MW) built in 1950-60-70s with 244 "Plant Washington clones".
- This would require an investment of $585.6B.
- And would create 390,400 new jobs and $61.0B in construction wages.

17cv01906 Sierra Club v. EPA ED_001523B_00000776-00001



Reduction in Emissions Resulting from Replacing 727 Old Units with 190 New "Clone" Units

AFTER –Reduction in Emissions (Tons by Decade)							
Year On-Line	No. Clone Units	SO2 Tons Reduction by Decade	% Reduction by Decade	NOx Tons Reduction by Decade	% Reduction by Decade	CO2 Tons Reduction by Decade	% Reduction by Decade
1950	27	1,003,928	96.1%	208,995	85.7%	21,205,017	11.4%
1960	49	1,192,358	94.1%	323,750	83.8%	30,416,689	9.3%
1970	115	1,363,514	88.6%	501,069	77.2%	65,884,349	8.6%

AFTER –Reduction in Emissions (Cumulative)							
Year On-Line	No. Clone Units	Total SO2 Tons Reduction	% Reduction of Total (1950-2000)	Total NOx Tons Reduction	% Reduction of Total (1950-2000)	Total CO2 Tons Reduction	% Reduction of Total
1950	27	1,003,928	20.6%	208,995	11.3%	21,205,017	1.1%
1950+60	76	2,196,286	45.0%	532,745	28.9%	51,621,705	2.7%
1950+60+70	190	3,559,799	73.0%	1,033,813	56.1%	117,506,054	6.1%

Replacing 727 old units with 190 new "clone" units would remove from the atmosphere:

- **3.6 million tons SO2,**
- **1.0 million tons NOx**
- **117.5 million tons CO2.**

Facility Capacity
(megawatts)
25 to 100
100 to 500
500 to 1,000
1,000 to 2,000
2,000 to 3,400
Facility has coal units
Facility has oil units
Facility has coal and oil units
Guam
Hawaii
Alaska
Puerto Rico and
U.S. Virgin Islands

The Coal Win - Executive Summary

In order to stimulate and sustain the coal industry, a new national initiative – *The Coal Win* – needs to be launched that focuses on restoring and growing clean coal-fired electric generation as part of the country's energy portfolio. In his promise to *Make America Great Again*, President-elect Trump stated very clear goals of bringing industry back to the U.S., providing incentives to keep manufacturers from leaving the country, improving public infrastructure, facilitating growth and putting people back to work.

For long-term sustainability of his plan, aging coal-fired power plants must be replaced with clean coal generating facilities and the regulatory environment should help reinvigorate a coal industry that has been under attack for the past eight years.

Fulfilling President Trump's vision

An increase in America's energy generating capacity to meet growing long-term manufacturing needs is central to fulfilling Predident Trump's vision and coal is an essential component of the equation. It is the most abundant, reliable electric generating fuel supply in America and one of the most cost-effective. Supplies from U.S. mines are enough to meet the nation's needs for more than 300 years, making it much less vulnerable to supply shortages and price spikes than other baseload power sources.

Clean coal would stimulate the U.S. economy with a total investment of more than $585 billion in new facilities and would generate $61 billion dollars in new construction wages for 390,400 new jobs. In addition, hundreds of thousands of positions would be created and billions more in revenues realized across ancillary industries supporting new plant construction and plant operations.

Environmental impact

The problem at present is, most coal-fired facilities in the U.S. date to before 1980, meaning they were built to much lower emissions standards, and even after upgrades, are still inefficient and significant sources of air pollution. However, older coal generating plants being decommissioned can be replaced with clean coal technology that will extend the life of valuable utility assets and provide a broader societal benefit.

Clean coal plants reduce emissions and create electricity far more efficiently than their predecessors. At present, 727 coal-fired power plants are in operation that came online in the U.S. prior to 1980. Collectively they generate 207,673 megawatts of electricity. This entire capacity can be replaced by 190 clean coal power generation facilities.

A viable solution

This isn't pie-in-the-sky. The technology is proven and the blueprint exists in Plant Washington, a planned clean coal generation facility, permitted by the state of Georgia, which could serve as the first "replacement" plant and a model for the industry. The developer of Plant Washington proposes a national initiative in which the design criteria for the highly advanced facility would be shared in the public domain for use by utilities across the country.

Replacing older plants with facilities built to Plant Washington's specifications would produce more electricity using less coal with significant environmental benefits of cleaner air and water. Collectively, the replacement facilities would reduce annual emissions:

- Sulfur dioxide by 73%
- Nitrogen oxide by 56.1%
- Carbon dioxide by 6.1%
- Mercury by as much as 90%

Conclusion

Restoring coal to its rightful place in America's energy portfolio, in which all generation sources are essential, is a winning strategy for several reasons. It will help the president-elect follow through on his campaign promises to voters across America and in the swing states that proved decisive in his election. Coal miners will be returning to work and manufacturers will be moving foreign operations back to U.S. soil while corporations with plans to relocate overseas will stay home in large part because of access to affordable and reliable power.

Mike,

Good morning. We connected with Tony this morning for a walk-through of tomorrow. Thank you so much for providing that contact. Seems all is squared away for the Administrator's visit.

I will be there ahead of the Administrator tomorrow afternoon and have arranged to connect with Tony when I arrive. Kindly let me know if there is anything further you need from us.

Finally, I just want to confirm there have been no changes to the attendee list you provided previously.

Thank you so much,

Tate, here is the information you were looking for regarding Friday's meeting. Please let me know if you need anything else. If you could send me a list of the people who will be attending the meeting with the Administrator, that would be great.

Mike

Date - Friday, October 20, 2017
Time - 3:30 p.m.

Place - Union Pacific Headquarters - 1400 Douglas Street - Omaha, Nebraska

We have made arrangements to use the garage in the headquarters' building. It is on N 15th Street between Douglas and Dodge Streets. Douglas street is a one way street as is 15th. They will come down Douglas and make a left onto 15th. (15th is a short street) Our garage is on the right across from the Residence Inn

Union Pacific Police contact

Tony Paulsen - 402-544-4818 - cell - 402-669-2603 - email - tlpaulse@up.com

Attendees

Lance Fritz - Chairman, President, and CEO - Union Pacific
Cameron Scott - Executive Vice President and Chief Operating Officer - Union Pacific
Scott Moore - Senior Vice President Corporate Relations - Union Pacific
Mike Rock - Vice President External Relations - Union Pacific

Our folks will be coming back from a field visit so they won't be in coat and tie - just FYI.

Mike Rock contact information - 202-662-0130 cell - 202-262-6472 - email - marock@up.com

Items of Discussion

Clean Power Plan
Waters of the U.S.
Railroad Tie Combustion Rule (burning them vs. landfill)
Overall permit reform

Oct. 4th

Open 12-2pm @ the Cosmos Club

Oct. 5th

Open 8-10:30AM @ the W Hotel

Open 12-3PM @ The Capitol Hill Club

Oct. 6th

Open 12-3PM @ the Trump Hotel

Open 6-8PM @ the Willard Hotel

If he is unable to make any of the above time slots we can move our schedule around to make something work.

Thank you!

Seth

One of the questions was the Honorable's attending...We have several, most are local and state officials in CA. Let me know if you need that info and I will be happy to send. They would not fit on the form.

I wanted to make you aware that approximately 100 members of the four California Lincoln Clubs will be together in Washington DC, October 4, 5,6 for our biennial trip.

During this trip we schedule pretty much nonstop meetings and meal events with many of our most important government officials.

On behalf of the Lincoln Clubs of CA, I would like to extend a formal invitation to Scott to address the group, preferably at a meal time, breakfast, lunch or dinner. But we could easily schedule something anytime of day.

Again, we will be in DC all day Oct 4,5,6. (Tues, Wed, Thurs).

We hope Administrator Pruitt will have the time to visit with us.

Best Regards,

John Warner

Tate how does this revised itinerary look to you?

-

Overview:

Date: Thursday, August 3, 2017

Time of arrival: 2:00 PM Mountain time

Venue: Frasier Ranch - cow/calf and stocker operation

Street Address: 5727 Hwy 71, Woodrow, CO, 80757

Owner: Mark Frasier

Audience: Agricultural stakeholders – ranchers, feedlot operators, farmers

Background: He had EPA visit his ranch in 2015 during the WOTUS rollout when they promised it wouldn't impact agriculture and we know how that turned out. It will be great for the Administrator to do a repeat here except he's actually providing relief to Rural America.

Timeline:

2:00 pm: introductions and gather at the hay barn

2:15 pm: Conversation between EPA and ag stakeholders

3:00 pm: Tour of Frasier Ranch –

- Stock ponds
- Grazing cattle
- Stocker cattle

4:00pm: Continue Conversation between EPA and stakeholders

4:30pm: Goodbyes and departure

Dress code: Dress for outdoor ranch tour – Jeans, boots, button-down shirt

Subject: RE: Meeting Request with Administrator Pruitt

Millan – I would like to talk with Administrator Pruitt about agriculture technology (AgTech) and the environment and how agtech should be a big part of any infrastructure program. We run a program around technology in agriculture (see www.royseagtech.com) and this could be a great initiative for the EPA. Private sector innovation is reducing ag related pollutants, conserving water and protecting the environment.

I do not plan to be back in Washington DC anytime soon but if Administrator Pruitt is in California I would welcome the opportunity to talk. PS – we know each other from the Republican Attorneys General event in San Francisco last year.

Thanks for getting back to me.

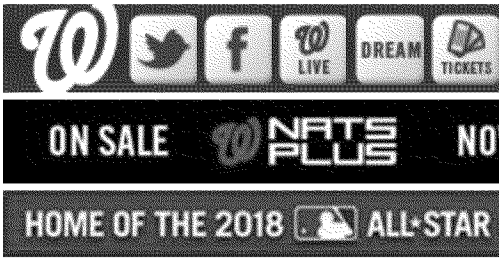
Good afternoon, everyone. Looking forward to putting this together.

Thank you for sending the names, Madeline. I will get to work on credentials now.

For scheduling purposes, the Nationals BP starts at 4:40 PM and Mets start at 5:30 so you would be looking in there for your arrival time.



I'd like to have the Administrator's detail talk directly with our Director of Security, Sly Servance, to work out logistics around the motorcade and other items related to that team specifically. Please feel free to email him directly but to also keep me on Cc for awareness. His email is Sly.Servance@nationals.com.

I can be reached by email or at my desk at 202-640-7711. My cell number is 603-818-7380. Happy to jump on a call if that would be helpful.

Looking forward to Wednesday.

Hi Gregory,

Thanks for taking my call this morning! If we could arrange for Administrator Pruitt to come to batting practice before July 5ths game, that would be wonderful!

I have cc'ed his security and advance. Please let me know what details you can provide.

Go Nats!

Maddy

No, we do not need to make it today. But probably by Monday. If I could offer other options, we could move the breakfast to Thursday morning, Dec 7, instead. He does need to be on the Hill by 9:45AM or so, but he could do an 8/8:30AM breakfast that morning instead.

Let me know if that would work better than doing very early on Friday.

Hello Robin,

I hope that you are doing well and looking forward to your visit to DC next month! I wanted to check in regarding the agenda that week and update you on the Administrator's schedule. He now needs to be out of town on Friday, Dec 8 and needs to fly out around the time of this breakfast. Would it be a possibility to have this be an early breakfast that Friday morning, perhaps with a 7:15AM start time? He could spend 7:15-7:45AM with the group and would then need to head to the airport.

Please let me know if that could work with your schedule. If it doesn't, we could discuss potential other options while you're in town, as I know he very much wants to see all of you.

Thank you for working with us and I appreciate your understanding!

Hello all,

The Administrator is very much looking forward to this event. In fact, he just mentioned all of you and wanted to make sure it was on his calendar! I have breakfast the morning of December 8 on the calendar, but wanted to check in regarding the other events. As you can understand, it's pretty far in advance at this point, but I'd like to put them on his calendar as an FYI in case he's able to attend. I believe you'll be here Dec 6-8 for the grand opening, but he did mention something in November as well. Perhaps he was mistaken.

Thank you and I look forward to hearing from you!

Aaron,

As promised, please find proposed questions for Administrator Pruitt attached. Last time we spoke you indicated that you thought the Administrator would speak for about 10-12 minutes allowing 18-20 minutes for questions and answers. Please let me know if that has changed and please feel free to add, change or delete any of the attached questions.

Many thanks,

Karen

It was a pleasure meeting y'all this afternoon. I hope the location we selected will be suitable for a great event!

Below, I am providing names/organizations for each individual participating on the round- table, as well as media folks confirmed to attend!

Let me know if y'all need anything this evening or tomorrow morning. Out of a courtesy to our very gracious hosts, The Roquemore's, kindly request no one arrive to their property any earlier than 8:00 a.m. tomorrow morning. Also, they've kindly offered breakfast (fruit, danishes) prior to the event, which will be laid out in the event venue.

Round-Table Participants:

Senator Lindsey Graham
Commissioner of Agriculture Hugh Weathers
Attorney General Alan Wilson
Congressman Joe Wilson
Jim Roquemore - Super Sod
Harry Ott - SC Farm Bureau
Chalmers Carr - Titan Farms
Kenny Jackson - SCANA
Walter Dantzler - farmer
Bubba Flowers - farmer
Mac Rhodes - farmer
Danny Mixon - Mixon Seed Company
Delbert Foster - SC State University

Tom Dobbins - Clemson University
Mark Nix - SC Homebuilders
Bradley O'Neil - Coosaw Farms
Lydia Yon - Yon Farms
Tommy Lavender - Nexsen Pruett
Ted Pitts - SC Chamber of Commerce
Lewis Gossett - SC Manufacturers Alliance
Diane Denton - Duke Energy
**The 20-30 collective audience members will be employees of each of the above organizations.

Event Timeline:

10:00 - Meet and Greet
10:15 - Round Table Begins
11:30 - Round Table Concludes
11:35 - Press Availability
11:45 - PRIVATE TOUR (on property) of WOTUS affected pond
(Pruitt, Graham, Weathers, Wilson, Wilson, Roquemore only)

Confirmed Media:

WIS-TV (Columbia) - Chad Mills
Charleston Post & Courier - Bo Peterson
SC Radio Network - Matt Long

Subject: RE: Some questions from Iowa

Thank you…just a few more from our Regulatory Team to consider:

1. Does the Clean Air Act give the EPA the authority to regulate carbon emitted from electric generation facilities?
2. Given the United Supreme Court Order (Massachusetts vs. EPA) regarding the regulation of carbon on vehicles will the current EPA regulate carbon from vehicles and from electric generating facilities?
3. If so, what are the main policy elements of this carbon regulation?
4. How will these regulations take into account the remaining life of existing electric generating facilities?

Also, how about this idea…what if Gulliford introduces Pruitt and then turns the moderating over to Chuck instead of a 3-way chat?

Subject: RE: Some questions from Iowa

Looks like Jay Morrison's handiwork below…

Questions for Administrator Pruitt

Personal/Job Related

- As an introduction to Iowa REC members, please tell us a little about yourself and your family.
- How did being Oklahoma's Attorney General help prepare you for this role?
- What do you miss about being AG?
- What do you like most about being Administrator?
- What has it been like to work with President Trump?
- ~~How often do you get back to Oklahoma?~~

Regulatory

- Do you have an update to share with us on WOTUS? Please describe the recent action you took on WOTUS regarding the 2015 rule and what the impacts might be on RECs across the country.
- The EPA had a field hearing earlier this week on the repeal of the CPP, is there any initial thoughts you have on the testimony heard in West Virginia? Can you share with us what the next steps regarding the CPP will be?
- As you know, our national association, the NRECA, is supportive of some replacement of the CPP with a more reasonable approach. What is the process underway to get achievable regulations in place in the next few years?
- ~~Is it accurate that much of the country is within emissions set under the CPP? If so, doesn't that negate the need for the plan anyway? And doesn't that lead to the larger question of "do we need government intervention in the energy marketplace at all" with regards to renewable energy?~~
- What are some of your upcoming regulatory action items that might be of importance to REC members?

Media

- The media often utilizes narrow definitions of "environmentalism" and "environmentalist." How do you define true environmentalism?
- What does the media forget to include in stories written about the work being done at EPA?

Miscellaneous

- What do you want 500-plus rural Iowans to walk away from this conversation knowing about you/EPA/Trump Administration?

Subject: RE: Some questions from Iowa

Tate & Millan:

Wanted to run the attached documents with questions by you for feedback. Please review closely.

Also, just to verify…

- Only Chuck and the Administrator will be on stage from 9:15 to 10 AM, correct?
- If so, have you all informed Gulliford/Chu that this will be the case?
- We are not issuing a media advisory and neither will EPA, correct?
- Due to the cancellation of the press gaggle at 10 AM, we have moved up the interview with the Living with Energy Magazine staff. Is that acceptable?

Thanks!

KC

Subject: RE: Some questions from Iowa

If he did it wasn't from me. See below list of proposed questions. I actually don't think Jim needs to be on stage, but can he sit up front/get acknowledged by Chuck?

Everyone is invited to attend the 1 PM event at Cousers. They need to RSVP (see email I bcc'd you on earlier today) to Gordon.stephen@epa.gov

The Governor is attending the Couser event so yes she knows. Unsure on the rest of the delegation who will not be attending but they surely know .

List of questions:

- Do you have an update on WOTUS? Describe the recent action you took on WOTUS regarding the 2015 rule
- The media often utilizes narrow definitions of "environmentalism" and "environmentalist." How do you define true environmentalism?
- What has it been like to work with President Trump?
- What are some of your upcoming regulatory action items?

Subject: Some questions from Iowa

Hello Friends:

I have a few questions from our events people regarding the visit on 12/1.

1. Does Regional Administrator Gulliford know that he will be appearing on stage with Administrator Pruitt in a discussion moderated by my boss, Chuck Soderberg? Didn't want to assume that wasn't our responsibility.
2. While no media is allowed in the General Session for the "fireside chat", do we have permission to record it to be posted for attendees later?
3. While we have not publicized Administrator Pruitt's attendance, will there be a media advisory prior to his arrival indicating he is coming to Iowa for either the IAEC Annual Meeting or the Couser Cattle Company visit or both?
4. Do you all have a list of questions that we can use as a foundation for those that my boss will use while moderating? If not, myself and our Regulatory Director would likely draft some questions to use.
5. Will anyone from the IAEC and/or our Board of Directors be invited to attend the meeting at the Couser Farm later that day?
6. Is the Administrator planning on informing the Governor and members of the Iowa

Congressional Delegation that he will be here?

That all for now! Thanks much!

KC

Subject: Revised Itinerary

Tate how does this revised itinerary look to you?

-

Overview:

Date: Thursday, August 3, 2017

Time of arrival: 2:00 PM Mountain time

Venue: Frasier Ranch - cow/calf and stocker operation

Street Address: 5727 Hwy 71, Woodrow, CO, 80757

Owner: Mark Frasier

Audience: Agricultural stakeholders – ranchers, feedlot operators, farmers

Background: He had EPA visit his ranch in 2015 during the WOTUS rollout when they promised it wouldn't impact agriculture and we know how that turned out. It will be great for the Administrator to do a repeat here except he's actually providing relief to Rural America.

Timeline:

2:00 pm: introductions and gather at the hay barn

2:15 pm: Conversation between EPA and ag stakeholders

3:00 pm: Tour of Frasier Ranch –

- Stock ponds
- Grazing cattle
- Stocker cattle

4:00pm: Continue Conversation between EPA and stakeholders

4:30pm: Goodbyes and departure

Dress code: Dress for outdoor ranch tour – Jeans, boots, button-down shirt

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

EPA Administrator Pruitt Speaker Request Form_.docx

Hi Christina,

Thank you for sending over this information. We would be happy to confirm for this event. We have 2:45-3:30PM on the schedule for next Thursday, Nov 2. Paul Teller said that he would send us names of attendees once he had them, but if you could also share with us when you have that information, we would really appreciate it.

Finally, I wanted to introduce you here to Tate Bennett, Associate Administrator for Public Engagement, and Millan Hupp, Director of Scheduling and Advance. One/both of them will likely be reaching out later this week to touch base with you on a few logistical questions for the event.

Thanks and we look forward to it!

Cheryl and Sydney,

I hope you both are doing well. As you may remember, the Administrator was not able to attend this meeting with Gary Heminger on June 20 and despite your great effort to find a replacement date we could not get the Administrators or Gary's schedule to line up. We recently learned that Mr. Heminger will be in Washington, DC on September 19 and 20. Would the Administrator be available on September 19 for a 4pm or later meeting? If that does not work, Mr. Heminger also has some availability on 20th, but preferably in the afternoon.

Thank you in advanced for your consideration and please let me know if you need additional information.

Mike

Subject: RE: [EXTERNAL] Admin. Meeting Request for MPC

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Tuesday, June 20th at 5 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions: EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, **which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Hi Sydney,

Marathon Petroleum Corp.'s CEO, Gary Heminger, will be in town June 20-21 and is looking to meet with the Administrator. I've cc'd Mike Birsic who is a good friend and is the point person for setting this up. Mr. Heminger would like to talk about RFS and air regulations, among other things.

Mike, fill in any missing details.

Sydney, let me know if you need anything else from my end in the interim.

Best,

Mandy

Subject: SIGMA in Chicago - Phone Call with Producer?

Hi Millan,

Do you have about 30 minutes of availability for a phone call either tomorrow or Monday? I'd like to go through some logistical details with our producer, JoAnna Miller (copied on this email) for the conversation itself. This will just be about the Administrator's time in the general session room on stage – we'll go over exactly what he can expect when he enters the room.

Just let me know a time and I'll send a calendar invite for a conference call – JoAnna and I are not based in the same office so have to conference our calls in.

Thanks so much!

Best,

Liz.

Hayley,

We just heard back from the Hyatt that they are able to move the reservation for the meeting space to Thursday. Can you confirm the time of arrival and departure for Mr. Pruitt on that morning? We'd like to go ahead and change the meeting date.

Please feel free to call or email if you have any questions!

Thankfully,

No, we do not need to make it today. But probably by Monday. If I could offer other options, we could move the breakfast to Thursday morning, Dec 7, instead. He does need to be on the Hill by 9:45AM or so, but he could do an 8/8:30AM breakfast that morning instead.

Let me know if that would work better than doing very early on Friday.

Hello Robin,

I hope that you are doing well and looking forward to your visit to DC next month! I wanted to check in regarding the agenda that week and update you on the Administrator's schedule. He now needs to be out of town on Friday, Dec 8 and needs to fly out around the time of this breakfast. Would it be a possibility to have this be an early breakfast that Friday morning, perhaps with a 7:15AM start time? He could spend 7:15-7:45AM with the group and would then need to head to the airport.

Please let me know if that could work with your schedule. If it doesn't, we could discuss potential other options while you're in town, as I know he very much wants to see all of you.

Thank you for working with us and I appreciate your understanding!

Hello all,

The Administrator is very much looking forward to this event. In fact, he just mentioned all of you and wanted to make sure it was on his calendar! I have breakfast the morning of December 8 on the calendar, but wanted to check in regarding the other events. As you can understand, it's pretty far in advance at this point, but I'd like to put them on his calendar as an FYI in case he's able to attend. I believe you'll be here Dec 6-8 for the grand opening, but he did mention something in November as well. Perhaps he was mistaken.

Thank you and I look forward to hearing from you!

Hi Scott,

You're in my prayers my brother! I'm proud of you. Keep draining... :)

So, doubtless you know the Museum of the Bible's grand opening is coming up this fall. SALLT is hosting a special trip for that opening December 6 thru 8. We brought around 25 alumni to the topping out ceremony last fall. James Lankford met us and gave us a "prayer walk" Capitol tour.

I expect we'll have 25 - 50 SALLT alumni for this event Scott, and we are hoping to intersect with you while in DC like we did with James last time. Our first thought is to have you meet our group at our hotel for breakfast on Friday Dec 8, but if that isn't optimal for you, we'd work with you for other opportunities. The museum actually has a lot of neat stuff taking place for us - including the Broadway musical production of "Amazing Grace" in the museum theater on Thursday night. Heck, you might want to come with us!

Anyway, I'm tossing this out way in advance and will work with whomever you want. These are your people my friend and we would love to have you share your SALLTy heart & thoughts as you feel led. I've no doubt they would deeply appreciate you sharing with them.

Thanks Scott, please let me know your thoughts or send someone my way to work details.

God bless!

Wes

Subject: RE: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hi Hayley,

Here is the final list of names for next week. We have also included leadership from Truck and Engine Manufacturing Association member Navistar. Please let me know if you need more info.

•□□□□□□□ Dennis Slagle- Executive Vice President, Volvo Group and President, Mack Trucks

•□□□□□□□ Susan Alt- Senior Vice President Public Affairs, Volvo Group North America

•□□□□□□□ Steve Berry- Director Regulatory Affairs, Volvo Group North America

•□□□□□□□ Roger Nielsen- President and CEO, Daimler Trucks North America

•□□□□□□□ Sean Waters- Director of Compliance and Regulatory Affairs, Daimler Trucks North America

•□□□□□□□ Norman Thomas (Tom) Linebarger- Chairman and CEO, Cummins Inc.

•□□□□□□□ Brian Mormino- Executive Director Worldwide Environmental Strategy and Compliance, Cummins Inc.

•□□□□□□□ Phil Christman- President of Operations, Navistar

•□□□□□□□ Jason Quaranto- Director of Government Relations, Navistar

Thank you,

Traci Kraus

Yes, names would be great so that we can provide to security and they are ready for your arrival.

Attending alongside the Administrator will be the below staff members. It's possible not all will be able to attend, but it will likely be most of them.

Mandy Gunasekara, Senior Policy Advisor for Air and Radiation

Samantha Dravis, Senior Policy Counsel and Associate Administrator for Policy

Brittany Bolen, Senior Deputy Associate Administrator for Policy

Erik Baptist, Senior Deputy General Counsel

Thank you!

Hi Hayley,

We are working to finalize our attendees. What specific info do you need from our end? Just names?

Also, do you know who besides the Administrator will be attending from EPA? We are trying to give a full briefing to our CEOs.

Thanks so much for all of your help!

Best,

Traci Kraus

That works perfect. Thank you so much for coordinating and being flexible. Let's plan for 2PM that day. We will allot an hour for the meeting.

I have your original requests with attendee information but if you have any additions please send along. Or feel free to just confirm once more so we can get them all set with security. I will have someone from our office reach out to both of you with arrival information early next week.

Let us know if you need anything else. We look forward to it!

Hi Hayley,

Thank you so much for reaching out. I have spoken with Jonathan Miller from Volvo/ Mack Trucks (cc'd) and our counterparts at Daimler and we appreciate the opportunity to join the meetings.

All executives are available to meet with Administrator Pruitt the afternoon of September 20th. The 1:00- 3:00 pm timeframe works well, but we can be flexible in the afternoon.

Thank you,

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

Millan, Matt raised a point I didn't think off.

He says that the Governor's folks are planning lunch as if the EPA delegation will be staying for it. You're most likely already on this, but I figured I'd punt the issue over to you to confirm or dispel.

Could you let Matt & I know the lunch plans either way? Also, what time are you getting in this evening? We'll get you to the Magnolia Uber-free.

EPA Site Visit - 10-25-17.doc

Hi Luis,

Here is the updated schedule that is almost finalized with confirmations from all venues. On Wednesday and Thursday, we will meet in the lobby of the Renaissance Hotel about 5 minutes prior to the start time of the first tour. Myself, along with my colleague Ashley Armstrong, will take everyone on the tour on Wednesday and part of Thursday. Also, regarding seeing OU/Norman, it is probably best that you reach out directly to my counterpart at Visit Norman to schedule a tour with them on Thursday afternoon. You can reach out to Taylor Mauldin, sales manager, at taylor@visitnorman.com or 405.366.8095.

Most of the tour will be either walking or a short drive to the next venue. Let me know if you have questions. You can reach me on my cell at 316.305.7272.

I look forward to meeting everyone Wednesday morning!

Keith

The attached list that I sent earlier is NMA's Executive Committee. Everyone should be at the meeting but Mr. Goldberg and Mr. McMullen who will call into the meeting.

Regarding the meeting on Sunday, April 23 at Noon for the walk-thru, we should meet in the lobby. The following individuals will be participating from the hotel:

Taylor Svoboda

Meetings and Special Events Manager

The Ritz-Carlton Golf Resort, Naples

Matthew Murphy

Loss Prevention Supervisor

The Ritz-Carlton Golf Resort, Naples

I will be at the meeting as well.

Please let me know if you have any further questions or need anything.

Thank you.

Thank you for the schedule and we appreciate the time from his schedule to speak with the Board of Directors. When you know who will be accompanying Administrator Pruitt, please let me know.

I will be arriving on Saturday and can meet with you on Sunday at any time that works for you and the security team. I know the security team will be in contact with Derek Burke at the Ritz Carlton but please let me know if you need anything from NMA.

Given the schedule, we thought we would serve lunch and then Administrator Pruitt will speak. Will he want to have lunch? If not, would you like us to have something for him when he meets with the Executive Committee?

Enjoy the day.

Moya,

Good morning to you! I will be there a day before to advance the event with a member of his security team. He will definitely have one, maybe two staff members traveling with him.

He will arrive into Ft. Myers at 12:35PM on Monday so we have him arriving at the hotel at 1:20. Speech at 1:30PM and meeting with Executive Board members at 2:15PM. He will have to depart by 3PM for his 5PM flight back to DC. Unfortunately, I don't think there will be any extra time for additional meetings. I'm so sorry!

Thank you very much,

Millan

Millan:

Good afternoon! Do you know if anyone will be coming with Administrator Pruitt? I want to be sure the room is set properly for the meeting with NMA's Executive Committee.

I have been if we know when he will be leaving and if the schedule permits any additional conversations. I believe there may have been a conversation with Ric Nolan, our Senior Vice President of Government Affairs, and Ryan Jackson.

Thanks very much.

Moya – I'm so glad we could get this worked out!

I think that a 1:30 or 1:45 speech then meet with the Executive Committee might be a little better. If he gets in a 12:35 and it is a 30 minute drive, that would put him there just after one and I would want to add a little bit of buffer time in there as well.

On the hotel rooms, I am going to do an email intro for you to our travel coordinator. She will want to be the one to work with you to arrange the accommodations.

Thank you!

Sydney:

Thank you to both you and Millan for working so hard to get this to work! Does this work for your schedule:

1-2 p.m. lunch – Speak at the lunch

After lunch – meet with Executive Committee

Millan:

I assume you will need two rooms on Sunday night for you and an agent from the security team. Do you want to make the reservations or are you o.k. with us making the reservations and letting the hotel know that payment information will be provided at check-in. I am not sure how long you will be at the hotel but do you need a meeting room or space for the Administrator to use?

I am sure there will be additional details and look forward to working with you. Please do not hesitate to contact me at any time.

Thank you Moya! It will be wonderful to see the Crafts. So, good news-- we were able to get the flight we wanted. We will land at Ft. Myer at 12:35PM and the security detail will be there ready to transport him, which puts us back to the original request of doing things in the early afternoon. Being much more familiar than we are, does that arrival time help in the planning process, I hope? My apologies for it taking a while to work out on our end.

Thank you!

Millan:

We can certainly get you the two and even three rooms in our block for Sunday night. Do you want to make the reservations or are you o.k with us making the reservations and letting the hotel know that payment information will be provided at check-in.

The meeting with the Executive Committee is very flexible and we can make it work for your schedule. Regarding the remarks to the Board, before lunch is fine but is there any possibility to make it 11:30 or Noon. It is not unusual for us to have a speaker address the board, leave immediately after and then we serve lunch.

Do you have a few minutes to get on the phone? It may be easier just to talk it through. I am in the office by 7:30 or if this evening is better, please feel free to call my cell – 202-731-1110. My office number is 202-463-2639.

Thank you very much.

Subject: Re: Format for Administrator - TXOGA

Neal and Kate-

Lincoln and I just updated the Administrator on the 4 media reps that are now attending as well as the plane/ billboard situation. Given these circumstances, he'd like to respectfully request that the entire format now be Q&A with two chairs on stage (and no need for a podium). I know this is different than a typical ("talk at you") speech, but we all agree it might be more informative for everyone in the audience. Can either of you run the traps and confirm this format prior to our arrival?

Here are a few additional questions for Todd to consider and thanks for your understanding! See below:

What is your relationship with the President and what has it been like to work with him?

Earlier this week, you issued a directive to get rid of the abusive sue and settle process at the EPA in which special interests develop policy with agencies behind closed doors. Could you explain what your directive on the issue does?

The left strictly defines "environmentalism" and designate "environmentalists" as an exclusive, limited type of crowd. What is your response to this? What do you consider true environmentalism?

Regarding the “Waters of the United States” (WOTUS) rule you are working to properly define as what “navigable waters” should be under the Clean Water Act.....What are your goals as you conduct a re-evaluation?

Are you working to include a streamlined permitting process at EPA as a part of the President's infrastructure package? Should it be included?

What has it been like to run such a newsworthy agency? More difficult than you imagined?

On Oct 17, 2017, at 6:38 PM, Neal Carlton <ncarlton@txoga.org> wrote:

Jahan, my cell is in my email signature if you need to reach me anytime.

I think the last part of the Upstream question was accidentally left off. Below are the 3 complete questions our team put together. Do you have other questions that would be good?

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment on the regulation of the oil and natural gas industry at the federal level versus the state level?

Subject: Format for Administrator - TXOGA

Neal,

Thank you for the time this afternoon. If it works for your folks, the format that allows the Administrator to offer remarks then for Mr. Staples or Mr. Tillman to moderate the Q&A would be great for us as well.

Jahan – pretty please confirm the below questions to be asked of the Administrator.

Downstream

Industry has not built a refinery with significant downstream unit capacity in the US since 1977. Do you view EPA regulations as a contributing factor?

Midstream

One of the barriers of oil and gas development is the lack of infrastructure, can you comment on the barriers to new pipeline development at the federal level? Is there a better way to streamline the process?

Upstream

The Texas Railroad Commission has been regulating the oil and natural gas industry for decades. From a federal regulatory perspective, can you comment

Thank you so much,

Millan Hupp

Hi Aaron,

I just wanted to follow up on Karen Harbert's note from Wednesday regarding Administrator Pruitt's participation in the U.S. Chamber's Energy Forum next Tuesday. Please let me know if there are any concerns with the proposed Q&A topics. Also, could you let me know when we should expect the Administrator to arrive? (We recommend no later than 9:45 a.m.).

Thanks!

Subject: Administrator Pruitt Questions for June 20th event at the US Chamber

Aaron,

As promised, please find proposed questions for Administrator Pruitt attached. Last time we spoke you indicated that you thought the Administrator would speak for about 10-12 minutes allowing 18-20 minutes for questions and answers. Please let me know if that has changed and please feel free to add, change or delete any of the attached questions.

Many thanks,

Karen

Yes, names would be great so that we can provide to security and they are ready for your arrival.

Attending alongside the Administrator will be the below staff members. It's possible not all will be able to attend, but it will likely be most of them.

Mandy Gunasekara, Senior Policy Advisor for Air and Radiation

Samantha Dravis, Senior Policy Counsel and Associate Administrator for Policy

Brittany Bolen, Senior Deputy Associate Administrator for Policy

Erik Baptist, Senior Deputy General Counsel

That works perfect. Thank you so much for coordinating and being flexible. Let's plan for 2PM that day. We will allot an hour for the meeting.

I have your original requests with attendee information but if you have any additions please send along. Or feel free to just confirm once more so we can get them all set with security. I will have someone from our office reach out to both of you with arrival information early next week.

Let us know if you need anything else. We look forward to it!

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a

final confirmation once I have that information.

Thank you for working with us on this!

Hey Jahan,

It will be from 6:05 to about 6:10AM.

The address is 90 S 11th Street, Minneapolis, MN 55403. We don't have a parking lot, but there is usually plenty of parking right on the street that early in

the morning.

When you get here, you'll want to go to the door off Marquette, across from the Hilton Hotel. There's a white button outside the door to buzz security.

Thanks for the opportunity, we are looking forward to having Scott on the show!

Thanks,

Bess

> Off-the-record, EPA Administrator Scott Pruitt will be in Minnesota next Wednesday and was curious if you/WCCO-TV would like to have him in studio to talk about some Pruitt's goals for the EPA. Specifically speaking, we will be in Minnesota to talk about repealing the Waters of the United States Rules (WOTUS), but you can also ask him other questions including regulatory rollback, why he persuaded President Trump to exit from the Paris Accord, and general environmental questions. This would be an exclusive for WCCO as we would not go in-studio for a similar event with KARE 11 or KSTP.

TEST | Cabinet Members Speaking at the President's Club Meeting

Millan,

I wanted to let you know that we will have Rob Bluey, Heritage's Senior VP of Communications and Editor in Chief of The Daily Signal, our multimedia news team facilitate the interview. Who should I connect Rob to in advance of the meeting to help identify key questions and topics for Administrator Pruitt to address?

Amy - should Mr. Pruitt's remarks be open or closed to press? If open, would you be comfortable with our team using Facebook live to cover the conversation?

We also would like to push out an email blast to invitees announcing his participation. Is the attached language acceptable? The blasts will contain the invitee's first name opposed to the language "Dear Fellow Conservative".

Thank you,

Lauren

Lauren,

Thank you so much for accommodating us and for your patience. The luncheon address sounds wonderful and he was humbled when he heard that you all had been so kind as to extend an invitation to speak.

FORMAT: He really enjoys the fireside chat format.

Q&A: The notecard option would be best if we can arrange it that way.

Length: The former is great.

Schedule: Your preference works for us. He typically does not eat so we may have him arrive as they are finishing up. Although, if he were seated with folks with whom you would like for him to interact, we can arrange for him to be there in time for the meal.

Press: I will defer to our press team, Amy Graham, copied on this email.

Subject: RE: Follow up to your invitation for Administrator Pruitt

Millan,

Wonderful! Thank you so much.

I think the luncheon address would be perfect for the Administrator.

A few quick logistics items:

?□□□□□□□□ FORMAT: We can do a stand alone speech or interview style- whichever is his preference.

?□□□□□□□□ Q&A: Is this something Mr. Pruitt would be willing to do? We can do live mic Q&A or could run this aspect where guests pen their questions on notecards/text them in and we sort and filter what is asked

?□□□□□□□□ LENGTH: Typically the flow is 15 minutes of remarks/interview and 25 minutes of Q&A or 20 minutes of remarks/interview and 25 minutes of Q&A

?□□□□□□□□ SCHEDULE: Our preference would be to do meal first, then remarks and Q and A. If that does not work with his schedule we can switch and do remarks and Q&A first – we've had to do this with Congressional votes so we can certainly adjust.

?□□□□□□□□ PRESS: Would you like this to be opened to the press or closed? If open, are you comfortable with us utilizing Facebook Live during his remarks?

I look forward to working with you and Administrator Pruitt's team on this!

Millan,

Thank you for reaching out. At this time we have not heard from anyone on the Administrator's team.

Would you have availability to discuss the possibility of his participation this afternoon? I can provide a bit more context about the conference and let you know where the agenda currently stands.

Please let me know. Thank you,

Lauren

Subject: Follow up to your invitation for Administrator Pruitt

Lauren,

Good afternoon to you. I am following up on an invitation by the Heritage Foundation for Administrator Pruitt to serve as the keynote at the President's Club Meeting on October 17th. We have had a couple of changes in personnel so we wanted to ensure we responded to you on this. At your convenience, could you kindly respond letting me know if anyone from our team has contacted you regarding this invitation?

Thank you so much,

Catherine,

Good morning to you. SA Paul Dass and myself will be traveling into Nashville in advance of Administrator Pruitt's 2PM meeting with Governor Haslam on Monday, October 23. If possible, we are hopeful to find a good time to come by the Capitol on Sunday, October 22 for a quick walk-through. We could do early afternoon, maybe 1PM or 2PM, if that might work for you?

I look forward to hearing from you.

Thank you so much,

Hi Scott,

You're in my prayers my brother! I'm proud of you. Keep draining... :)

So, doubtless you know the Museum of the Bible's grand opening is coming up this fall. SALLT is hosting a special trip for that opening December 6 thru 8. We brought around 25 alumni to the topping out ceremony last fall. James Lankford met us and gave us a "prayer walk" Capitol tour.

I expect we'll have 25 - 50 SALLT alumni for this event Scott, and we are hoping to intersect with you while in DC like we did with James last time. Our first thought is to have you meet our group at our hotel for breakfast on Friday Dec 8, but if that isn't optimal for you, we'd work with you for other opportunities. The museum actually has a lot of neat stuff taking place for us - including the Broadway musical production of "Amazing Grace" in the museum theater on Thursday night. Heck, you might want to come with us!

Anyway, I'm tossing this out way in advance and will work with whomever you want. These are your people my friend and we would love to have you share your SALLTy heart & thoughts as you feel led. I've no doubt they would deeply appreciate you sharing with them.

Thanks Scott, please let me know your thoughts or send someone my way to work details.

God bless!

Wes

Kristina, thank you so much for setting up a great meeting. I will be reaching out to your folks to thank them as well. I certainly hope this will continue to be a useful partnership for both of us.

Speaking for sectors staff, we would love to come out to see the Sweeny/Old Ocean facilities. I will likely be back in Texas in Mid-November so you and I can work to set something up on the staff level.

I do think that this would be something the administrator would be interested in seeing so I've cc'd Millan Hupp our director of scheduling and advance and Tate Bennett who heads our office of Public Engagement. The two of them work to determine the Administrator's availability.

Again, thank you so much for your hospitality in Houston – looking forward to seeing Sweeny/Old Ocean soon!

Best,

Daisy

Subject: Potential Site Visit

Daisy –

Thanks for coming in yesterday and providing our team with a deeper understanding of Smart Sectors. It was very helpful as to how our industry can better utilize EPA's resources and improve our dialogue.

As mentioned, we'd like to extend an invitation to you and any interested Smart Sectors staff as well as interested political staff to come out to our Sweeny/Old Ocean, Texas facilities for a tour any time after November 10th. Also, if you think Administrator Pruitt would have availability, we'd like to extend the invitation to him as well.

Our facility at Old Ocean, Texas boasts an investment of $6 billion and has been a job creator in the area. Here is more information on the facility: click here. The facility at Sweeny is also worth seeing and is also a tremendous asset to the industry and our area.

Would it be best for me to coordinate with the Administrator's scheduling office for his potential visit?

What do you need from us to schedule a site visit for staff?

Thanks again, and we look forward to welcoming you to Sweeny/Old Ocean, Texas.

Best,

Kristina

DRAFT Questions for Administrator Pruitt

1. **Surprises**. You have now been on the job for 120 days—not long, but enough time to find your way around. Can you share with us 1 or 2 things that have surprised you—things about the agency or working in the federal government that you didn't expect or wouldn't have known about when you took the job?

2. **Overarching Regulatory Philosophy**. One of your foundational tenets in approaching this job is to advance the notion that we can be both pro-energy and jobs and pro-environment at the same time. How are you implementing that philosophy across the agency? Can you give us an example or two?

3. **Business and the environment**. The business community is often criticized as in conflict with environmental goals. We here at the Chamber and across the business community reject that. We see ourselves as not just environmental protection a priority and part of our culture, but actually as delivering solutions that can deliver on environmental objectives while also strengthening the economy.

   How do you see business writ large fitting into a broader environmental goals, and specifically how do you plan to work with industry to move past the often adversarial relationship between EPA and industry?

4. **Lawsuits**. During your time as Oklahoma AG (and during your confirmation process), you sued the federal government and particularly EPA (a lot). You now find yourself on the other side of countless lawsuits, as so much of what EPA does is ultimately reviewed and judged by the courts.

   What is your general approach to the legal side of the agency's work, and how are you working to resolve the many issues that the courts have provided temporary abeyance on, especially while you still wait get key agency staff in place?

5. **Cooperative Federalism**. You have helped to revive a seemingly forgotten phrase from the Clean Water Act and Clean Air Act: Cooperative Federalism. Can you talk about why it is so important to you and maybe give some examples of how your approach to working with States will be different than your predecessors?

6. **Superfund**. You have placed a big emphasis on Superfund reform in your first months in office. Please tell us why you chose this program, what you hope to

accomplish, and how it's going so far.

7. **Paris/G7 Meeting**. Upon your return from the G7 meeting last week, you tweeted that the Paris Agreement is not the only mechanism by which environmental stewardship can be demonstrated.

   What are some other issues that you hope to work with your international counterparts on? And on a working level, what was your impression of the reaction to President Trump's decision on Paris?

8. **Clean Power Plan and WOTUS.** Following President Trump's energy independence executive order in March, EPA has moved expeditiously to begin undoing high profile regulations such as the Clean Power Plan and Waters of the U.S. Both of those proposals are now at the White House undergoing final review.

   What can you tell us about what we can expect to see in those proposals and your priorities with respect to the process and timeline for them going forward?

9. **Underreported Aspects of Agenda**. Everyone here knows about CPP and WOTUS, and increasingly about your plans for Superfund. Are there any under-the-radar issues or initiatives at EPA that you think this audience and the energy and environment trade press need to be paying more attention to?

10. **Baseball and government**. You co-owned a minor league baseball team for X years. Is there anything from your time in sports that you find useful to running a federal agency?

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested

Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

Hey Jahan,

It will be from 6:05 to about 6:10AM.

The address is 90 S 11th Street, Minneapolis, MN 55403. We don't have a parking lot, but there is usually plenty of parking right on the street that early in the morning.

When you get here, you'll want to go to the door off Marquette, across from the Hilton Hotel. There's a white button outside the door to buzz security.

Thanks for the opportunity, we are looking forward to having Scott on the show!

Thanks,

Bess

Yes that will work. How much time are we looking at 6:05 – 6:10 or 6:05 – 6:15a?

Then can I get the address and over the weekend I will put a backgrounder together on things we have accomplished at the EPA and why we are visiting Minnesota.

Bess –

My name is Jahan Wilcox and I work for EPA Administrator Scott Pruitt.

Off-the-record, EPA Administrator Scott Pruitt will be in Minnesota next Wednesday and was curious if you/WCCO-TV would like to have him in studio to talk about some Pruitt's goals for the EPA. Specifically speaking, we will be in Minnesota to talk about repealing the Waters of the United States Rules (WOTUS), but you can also ask him other questions including regulatory rollback, why he persuaded President Trump to exit from the Paris Accord, and general environmental questions. This would be an exclusive for WCCO as we would not go in-studio for a similar event with KARE 11 or KSTP.

http://www.minnesotaagconnection.com/story-national.php?Id=1327&yr=2017

https://en.wikipedia.org/wiki/Scott_Pruitt

http://www.foxnews.com/politics/2017/06/04/epas-pruitt-says-leaving-paris-accord-is-about-jobs-not-politics.html

Additionally, I'm from Minnesota as well and very familiar with WCCO.

Hello all,

The Administrator is very much looking forward to this event. In fact, he just mentioned all of you and wanted to make sure it was on his calendar! I have breakfast the morning of December 8 on the calendar, but wanted to check in regarding the other events. As you can understand, it's pretty far in advance at this point, but I'd like to put them on his calendar as an FYI in case he's able to attend. I believe you'll be here Dec 6-8 for the grand opening, but he did mention something in November as well. Perhaps he was mistaken.

Thank you and I look forward to hearing from you!

Hello Robin,

I've put on the calendar for 8:30AM – 10AM. As we get closer, let's discuss the window of time. We may need to shorten a bit based on what else is going on that day, but I know that he'll want to spend as much time as he can with you that morning.

Thank you and we'll be in touch. Let me know if I can answer anything else!

Hi Scott,

You're in my prayers my brother! I'm proud of you. Keep draining... :)

So, doubtless you know the Museum of the Bible's grand opening is coming up this fall. SALLT is hosting a special trip for that opening December 6 thru 8. We brought around 25 alumni to the topping out ceremony last fall. James Lankford met us and gave us a "prayer walk" Capitol tour.

I expect we'll have 25 - 50 SALLT alumni for this event Scott, and we are hoping to intersect with you while in DC like we did with James last time. Our first thought is to have you meet our group at our hotel for breakfast on Friday Dec 8, but if that isn't optimal for you, we'd work with you for other opportunities. The museum actually has a lot of neat stuff taking place for us - including the Broadway musical production of "Amazing Grace" in the museum theater on Thursday night. Heck, you might want to come with us!

Anyway, I'm tossing this out way in advance and will work with whomever you want. These are your people my friend and we would love to have you share your SALLTy heart & thoughts as you feel led. I've no doubt they would deeply appreciate you sharing with them.

Thanks Scott, please let me know your thoughts or send someone my way to work details.

God bless!

Wes

---

Sehr geehrte(r) Mr. Millan,

Vielen Dank, dass Sie sich für das Baglioni Hotel Regina, eines der Leading Hotels of the World, entschieden haben. Wir wären Ihnen sehr dankbar, wenn Sie sich etwas Zeit nehmen würden, um uns über Ihre Erfahrungen zu berichten. Ihr Feedback ist für uns von großer Bedeutung, denn nur Sie wissen, ob wir Ihre Bedürfnisse und Erwartungen erfüllt haben.

Bitte benutzen Sie den folgenden Link, um eine kurze Umfrage auszufüllen. Ihre Rückmeldungen werden mit The Leading Hotels of the World, Ltd. (LHW) und Baglioni Hotel Regina geteilt.

Beginn der Umfrage

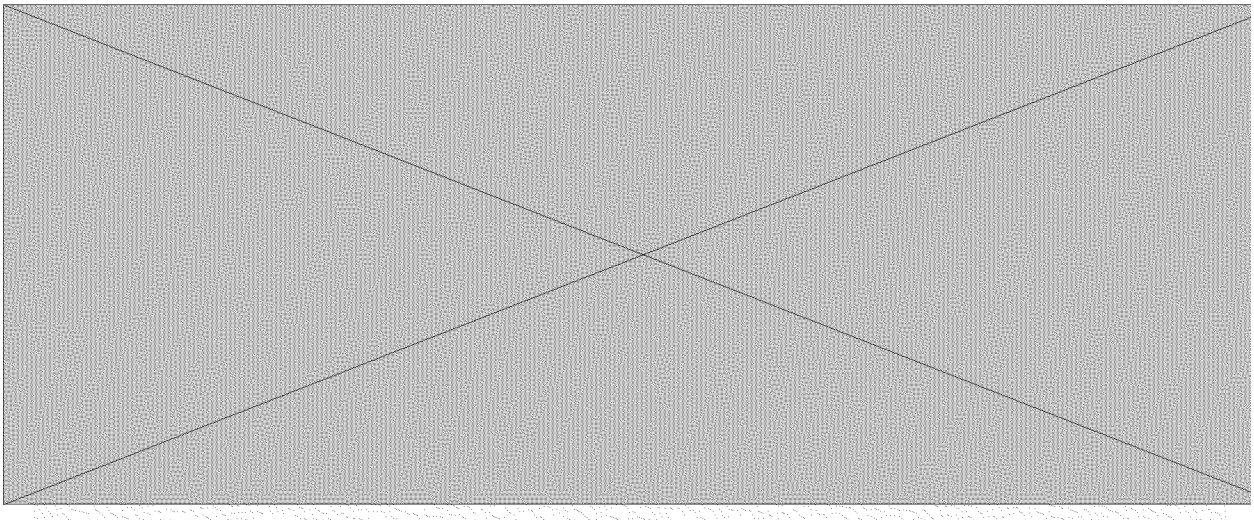
Die Umfrage dauert nicht länger als drei bis fünf Minuten.

Wir freuen uns auf Ihr Feedback und hoffen, Sie bald wieder begrüßen zu dürfen.

Mit freundlichen Grüßen,

Mr. Massimo Mainella
General Manager
m.mainella@baglionihotels.com

Bitte antworten Sie nicht direkt auf diese Email-Einladung.



Abmeldung: LHW und deren Mitgliederhotels schätzen Ihre Rückmeldungen, um Ihre Aufenthalte einzigartig zu gestalten

und Ihre Erwartungen zu übertreffen. Falls Sie in Zukunft auf Umfragen von LHW oder deren Mitgliedshotels verzichten möchten, klicken Sie bitte hier, um sich von unseren Gästezufriedenheits-Umfragen abzumelden.

Technische Hilfe: Sollten Sie Probleme mit der Darstellung oder der Beantwortung dieser Umfrage haben, senden Sie bitte hier eine Email an unseren Umfrage-Anbieter.

Medallia Inc., in Palo Alto, California, führt diese Umfrage im Auftrag von LHW und deren Mitgliedshotels durch. Entsprechend sammelt, verarbeitet und speichert Medallia Inc. sämtliche persönlichen Daten und Rückmeldungen in Übereinstimmung mit den: Datenschutzrichtlinien

---

Dear Mr. Millan,

Thank you for choosing to stay with **Baglioni Hotel Regina**, one of The Leading Hotels of the World. We would be most grateful if you could take a moment to tell us about your experience. Your feedback is of great importance to us because only you know if we are meeting your needs and expectations.

Please click on the following button to complete a brief survey. Your feedback will be shared with The Leading Hotels of the World, Ltd. ("LHW") and Baglioni Hotel Regina.

Begin Survey

This survey should take no more than 3-5 minutes.

We look forward to your thoughtful feedback and welcoming you again soon.

Yours sincerely,

Mr. Massimo Mainella
General Manager
m.mainella@baglionihotels.com

Please do not 'Reply' directly to this invitation.

To unsubscribe: LHW and its' member hotels rely on feedback from guests to ensure that your hotel stay will meet and exceed your expectations. If, however, you wish to unsubscribe from future survey invitations from either LHW or its' member hotels, please click here to unsubscribe.

Technical assistance: Should you have any problems viewing or completing this survey, please e-mail our survey vendor here.

Medallia Inc., located in Palo Alto, California, is processing this survey on behalf of LHW and its' member hotels. Accordingly, Medallia Inc. will be collecting, processing, and storing any personal data and feedback you supply in accordance with its Privacy Policy.

Millan-

You are very welcome. Crazy couple of days, but truly awesome how everything worked out so well. It was a great experience and nothing but praise for your team and the Administrator.

I know Jimmy, Chuck and all of the rest of the team was beyond happy. It means more to our team underground and above, than you know... I get chills just writing this.

If you need anything in the future don't hesitate to reach out.

Great meeting you and hopefully our paths cross again soon! Contact info below.

Zach,

Just wanted to share with you how sincerely thankful we are for all that you, along with the folks at Harvey Mine, did to put together a truly incredible event. I don't think it could have gone any better. Admittedly, I got a little teary eyed a couple times just seeing how happy your folks were to have the Administrator in the facility and how humbled he was to be there. We cannot thank you enough. Everything was exceptional from the construction of the platforms, to the unwavering patience for our many requests and logistical changes and finally to the best part - the underground tour.

Would you be willing to kindly send good contact info for Jimmy Brock, Rachel Gleason, Chuck Shaynak, and David Aloia.

Thank you again. Look forward to our next visit.

Hi Hayley,

That works perfectly. We can put that on the schedule. I assume this will be included in the arrival instructions, but if you can let me know where he can park that would be appreciated.

Thanks!

Brad

Hi Milan:

Judge Stephen Larson (whom the Administrator knows) and Scott Sommer of Larson O'Brien and Bill Hunt of the Orange County Water District could be in D.C. on October 5, 11, 17, or 18. They were scheduled to be at the Administrator was going to do in California and hoped to brief him on the Superfund site in Orange County. So they would greatly appreciate doing so in D.C. Do any of those dates work for the Administrator?

I'll be back in U.S. in ten days and will call re dinner with the Pruitt's and Betsy and me when I return but calendars being what they are I thought I'd try and get Judge Larson on the schedule.

Hugh

Hello Liz,

Millan Hupp, copied on this message, is our Director of Scheduling and Advance. She will be the main POC for this event. If you'd like to organize a call with her to discuss the below questions, I'm sure she'd be more than happy to do so.

Regarding the reception with the Boards from SIGMA and NATSO, we think that would be a great idea. You and Millan can discuss format on the call but we'll put on the calendar for 2PM that day.

Thank you and we look forward to it!

Chicago – security, greenroom, reception details, and needs on stage signage, and publications

Following I have listed out the various details and questions that we pulled together in order to make things run smoothly for the Administrator's time with us.

Π Regarding announcement

o Can we get the Administrator's media kit? High resolution headshot, official bio, etc.

o For any announcements, publications, or signage, does the Administrator require approval beforehand and, if so, who do we contact for that approval?

o I have attached a draft email announcement with information taken from the official EPA website.

Π Regarding onsite in Chicago

o Who will be the Administrator's main handler?

o What security details will we need to be aware of?

o Does the Administrator need a greenroom and, if so, what are the requirements?

Π Regarding SIGMA and NATSO Boards

o I have attached the Board of Directors for both SIGMA and NATSO to this email.

o SIGMA and NATSO boards would like to host a small reception at ***2pm on Wednesday November 8th*** in order for the board members to meet and thank the Administrator. We can plan this to his preference either formal (with a podium for him to make remarks) or informal (no podium, less formal meet and greet, time with both boards in a quieter environment).

o If a staffer would like to speak with our CEO, Ryan McNutt, about the event, I am happy to schedule a phone call. His direct contact information is also above.

Π Regarding the Administrator's remarks

o How much time would the Administrator like allotted for his address to the members?

o Our producer, JoAnna Miller, and I would like to schedule a call with the person who will be putting together the Administrator's event profile in order to go over the technical details for

exactly what he can expect in the room the day of his address.

- Does the Administrator have an official/preferred introduction to be used for the address?
- Is the Administrator open to a few minutes of Q&A from the membership after his address?

If there is anything you are missing or need from me, please don't hesitate to ask – we are very excited that the Administrator will be able to join us in Chicago and want to make the event as smooth as possible.

Thank you and I look forward to working with you!

Best,

Liz.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hello Liz,

Yes, I was just about to reach out to you as we figured out his travel schedule this morning. We are able to confirm Wed, Nov 8 with an approximate presentation time of 3:20PM based on our previous conversation. If we built in conversations with the Boards, we could do that prior to his remarks. Would you mind sending along a few more details on the Board conversations, including attendees, topic, background, etc? We can then try to work in based on when he arrives to Chicago.

We really look forward to this event and thank you again for the invitation!

Hi Hayley,

I just wanted to touch base on this invite to Administrator Pruitt. Our membership would be honored to have the Administrator at our Chicago meeting and be able to thank him for all of the actions he took during the recent natural disasters on behalf of our industry.

Do let me know if there is further information I can provide and I look forward to hearing from you!

Best,

Liz.

Hi Hayley,

A quick follow up – we also would like to extend the invitation to the Administrator's Chief of Staff Ryan Jackson if he is able to attend the Chicago SIGMA Conference along with the Administrator.

I am happy to extend that invite directly to Mr. Jackson or his assistant if you feel it's appropriate to send me their contact information.

Thank you again and have a great weekend!

Best,

Liz.

Subject: RE: SIGMA Invitation - Administrator Scott Pruitt

Hi Hayley,

Thanks so much for reaching out today! I just talked with Mike and he so happy that things seem to be working out to have the Administrator at our meeting in Chicago.

This is a bit of the information that we just chatted about this morning. Both dates do still work for us (the 8th and 10th), but we do have a preference to the 8th as it would be great to have Administrator Pruitt open our Annual Conference. Also, the earlier date would coincide meetings for our Board of Directors as well as the Board of Directors for NATSO, the National Association of Truck Stop Owners, and I know that both boards would be privileged to meet the Administrator and be able to pass along their thanks for his efforts in keeping the fuel supply flowing with the waivers issued during Hurricanes Harvey and Irma.

If there is other information I can provide, please don't hesitate to ask. I am traveling for meetings next week, so the best way to reach me is on my cell at 314.616.3907. I'm happy to discuss any details or concerns and work out a way to have the Administrator at our event – I know our membership would be thrilled to hear him speak!

Thank you so much,

Best,

Liz.

Hello Liz and Mike,

I wanted to introduce myself as part of Administrator Pruitt's scheduling team. I understand that you had been in conversations with us regarding the Administrator speaking at the SIGMA Annual Conference in Chicago in November. We are trying to make this work with his schedule and wanted to touch base on the current agenda. Previously, you communicated that 11/8, 3-4:30PM and 11/10, 9AM-12PM were the available windows. Is that still the case?

Please let me know and we look forward to getting him to Chicago for this event!

No bother at all. That meeting is at 3:30.

It is very kind of you to offer to set up lunch. Although I am unsure if anyone will have the availability to partake as any staff traveling with him will be in the meeting.

We certainly would love suggestions as we likely will want to find a place for him to eat in Lincoln before heading to Omaha.

Thank you.

Just for my clarification, I noticed on the itinerary, there is a 07:40 KFAB interview prior to the 08:00 stop in Lincoln. Is the radio interview via phone, or is that an actual stop at the station, which is in Omaha?

Hi there. See below. Really awesome stuff. Do you want to set a call?

Date: Friday, September 1, 2017 at 8:53 AM
To: Jessica Garrison <Jessica@mdm27.com>
Subject: Pruitt visit

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.

- Manufacturing/concentrates tour – a driving tour

through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings

- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that

- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land

Subject: Metro Visit Options
E. Scott Pruitt - Metro Visit Options.pdf
ATT00001.htm

Millan--

Here is a draft Metropolitan mine tour itinerary for Mr. Pruitt. We project five hours including travel from Sydney -- leaving at 8:30 and returning by 1:00 pm.

This involves a surface tour only and a brief presentation highlighting the story about a mine in the outskirts of Sydney that coexists with the local community. We think it will be an interesting perspective to show Mr Pruitt.

If Mr Pruitt is interested in an underground visit, it can be accomplished but will add considerable time (3 hours). We are happy to accommodate an underground visit if this is important to Mr Pruitt.

Let me know what you think. Many thanks

-Ray

Site Visit

8.30am Depart Sydney / Drive to Helensburgh
9.30am Arrive Metropolitan Mine / Sign in/ Safety induction
10.00am Presentation on Peabody Australian mines including Metropolitan Mine (morning tea provided) (45 mins)

The presentation will provide Mr Pruitt information on:

- the history of the mine (129 years old)
- the underground operations including the new series of panels currently being mined
- the Mine's management of environmental impacts including mining under the Sydney catchment authority (water source for Sydney), restoration works of the Rivulet and the mine's coexistence with the local community.

10.45 – 11.45 Surface tour including infrastructure (coal handling preparation plant and rail load out facility). *Optional - light lunch can be provided*

Note: Underground tour would add 3-4 hours to the visit including detailed induction, changing into underground uniform, fitting of personal protective equipment as well as need to shower and change at the end of the tour.

12.00pm Depart for Sydney (arrival in Sydney 1.00pm)

Good morning Millan,

The highlighted names were not present during the Administrator's presentation.

We had one board member that came and wasn't on this list. His name is Timothy Dalton.

Best,

Taisha

Cheryl and Sydney,

I hope you both are doing well. As you may remember, the Administrator was not able to attend this meeting with Gary Heminger on June 20 and despite your great effort to find a replacement date we could not get the Administrators or Gary's schedule to line up. We recently learned that Mr. Heminger will be in Washington, DC on September 19 and 20. Would the Administrator be available on September 19 for a 4pm or later meeting? If that does not work, Mr. Heminger also

has some availability on 20th, but preferably in the afternoon.

Thank you in advanced for your consideration and please let me know if you need additional information.

Subject: RE: [EXTERNAL] Admin. Meeting Request for MPC

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Tuesday, June 20th at 5 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

Directions: EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, **which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Hi Sydney,

Marathon Petroleum Corp.'s CEO, Gary Heminger, will be in town June 20-21 and is looking to meet with the Administrator. I've cc'd Mike Birsic who is a good friend and is the point person for setting this up. Mr. Heminger would like to talk about RFS and air regulations, among other things.

Mike, fill in any missing details.

Sydney, let me know if you need anything else from my end in the interim.

Best,

Mandy

Let me know if y'all need anything this evening or tomorrow morning. Out of a courtesy to our very gracious hosts, The Roquemore's, kindly request no one arrive to their property any earlier than 8:00 a.m. tomorrow morning. Also, they've kindly offered breakfast (fruit, danishes) prior to the event, which will be laid out in the event venue.

Round-Table Participants:

Senator Lindsey Graham
Commissioner of Agriculture Hugh Weathers
Attorney General Alan Wilson
Congressman Joe Wilson
Jim Roquemore - Super Sod
Harry Ott - SC Farm Bureau
Chalmers Carr - Titan Farms
Kenny Jackson - SCANA
Walter Dantzler - farmer
Bubba Flowers - farmer
Mac Rhodes - farmer
Danny Mixon - Mixon Seed Company
Delbert Foster - SC State University

Tom Dobbins - Clemson University
Mark Nix - SC Homebuilders
Bradley O'Neil - Coosaw Farms
Lydia Yon - Yon Farms
Tommy Lavender - Nexsen Pruett
Ted Pitts - SC Chamber of Commerce
Lewis Gossett - SC Manufacturers Alliance
Diane Denton - Duke Energy
**The 20-30 collective audience members will be employees of each of the above organizations.

Event Timeline:

10:00 - Meet and Greet
10:15 - Round Table Begins
11:30 - Round Table Concludes
11:35 - Press Availability
11:45 - PRIVATE TOUR (on property) of WOTUS affected pond (Pruitt, Graham, Weathers, Wilson, Wilson, Roquemore only)

Confirmed Media:

WIS-TV (Columbia) - Chad Mills
Charleston Post & Courier - Bo Peterson
SC Radio Network - Matt Long
SCETV - Gavin Jackson
Times & Democrat (Orangeburg) - John Mack, Larry Hardy

Tate,

Here is the list of attendees for Thursday afternoon's meeting at the Dallas Builders Association:

- Frank Murphy, Wynne Jackson
- Jeff Dworkin, JLD Custom Homes
- Donnie Evans, Altura Homes (small production builder)
- Sheena Beaver, Dallas Builders Association staff
- David Lehde, Dallas Builders Association staff
- Fred Balda, Hillwood (large developer)
- Gena Terrell, Hillwood
- Adam Auensen, Tonti Properties (multifamily developer)
- Mike Tonti, Tonti Properties
- Jerry Carter (custom home builder)
- Curt Millward, land development for Pulte Homes
- Matt Robinson, Walton Development (small developer)
- Phil Crone, Dallas Builders Association Executive Officer
- Hank Smith, Texas Engineering Solutions
- Owen McDonough, National Association of Home Builders Environmental Policy staff

We look forward to seeing you and the Administrator at 1:30 PM on Thursday.

I'll touch base as we get closer to the meeting. In the meantime, let me know if you've got any questions.

Best,
Owen

Tate & Millan:

Wanted to run the attached documents with questions by you for feedback. Please review closely.

Also, just to verify…

- Only Chuck and the Administrator will be on stage from 9:15 to 10 AM, correct?

- If so, have you all informed Gulliford/Chu that this will be the case?

- We are not issuing a media advisory and neither will EPA, correct?

- Due to the cancellation of the press gaggle at 10 AM, we have moved up the interview with the Living with Energy Magazine staff. Is that acceptable?

Thanks!

KC

Subject: RE: Some questions from Iowa

If he did it wasn't from me. See below list of proposed questions. I actually don't think Jim needs to be on stage, but can he sit up front/get acknowledged by Chuck?

Everyone is invited to attend the 1 PM event at Cousers. They need to RSVP (see email I bcc'd you on earlier today) to Gordon.stephen@epa.gov

The Governor is attending the Couser event so yes she knows. Unsure on the rest of the delegation who will not be attending but they surely know .

List of questions:

- Do you have an update on WOTUS? Describe the recent action you took on WOTUS regarding the 2015 rule
- The media often utilizes narrow definitions of "environmentalism" and "environmentalist." How do you define true environmentalism?
- What has it been like to work with President Trump?
- What are some of your upcoming regulatory action items?

Subject: Some questions from Iowa

Hello Friends:

I have a few questions from our events people regarding the visit on 12/1.

1) Does Regional Administrator Gulliford know that he will be appearing on stage with Administrator Pruitt in a discussion moderated by my boss, Chuck Soderberg? Didn't want to assume that wasn't our responsibility.

2) While no media is allowed in the General Session for the "fireside chat", do we have permission to record it to be posted for attendees later?

3) While we have not publicized Administrator Pruitt's attendance, will there be a media advisory prior to his arrival indicating he is coming to Iowa for either the IAEC Annual Meeting or the Couser Cattle Company visit or both?

4) Do you all have a list of questions that we can use as a foundation for those that my boss will use while moderating? If not, myself and our Regulatory Director would likely draft some questions to use.

5) Will anyone from the IAEC and/or our Board of Directors be invited to attend the meeting at the Couser Farm later that day?

6) Is the Administrator planning on informing the Governor and members of the Iowa Congressional Delegation that he will be here?

That all for now! Thanks much!

KC

Subject: October/December dates for an event

Tate,

I checked with my office, and it looks like the week of October 30 is kind of a mess for Hoover. A lot of the staff and fellows (including me) will be at Hoover's HQ in California for much of the week, and later we have events with HR McMaster and others.

Could we propose some December dates? I know that Dec. 4, 13, 14 or 15 work so far.

Best,

Adam

EPA Administrator Pruitt Speaker Request Form.docx

Hello John,

Thank you for your below invitation to Administrator Pruitt. He would be happy to accept and looks forward to this event! I do want to accept with one caveat – we have some pending international travel in January for which the dates have not yet been finalized. However, I think it's flexible to his schedule and so we are confident that we can work them around this. But did want to raise that, in the event it changes. We will know with certainty in the next month or so but we feel comfortable accepting.

I understand that you offered either the breakfast or lunch address spot. We're happy to have a further conversation with you regarding format, timing, etc. We can either have that now if you need to nail down those details or as the event approaches. Additionally, if you could complete the attached speaking request form, this is very helpful to our team in planning.

Let us know if you have any other questions and we look forward to it!

Subject: Invitation to be Keynote Speaker of 2018 Washington DC Auto Show, MobilityTalks International

Dear Administrator Pruitt:

On behalf of the 2018 Washington Auto Show, *MobilityTalks International*® and the Washington Area New Automobile Dealers Association, I'd like to invite you to be the **federal government keynote speaker** at the Washington Auto Show in January.

With your recent arrival in Washington, you may not be familiar with the show. For the last several years it has been the largest event held in the Walter E. Washington Convention Center and attracts a wide variety of media covering both public policy and the auto industry. In the past several high ranking government officials have used the show as a policy platform, including President Obama, Vice President Biden, the EPA Administrator, Secretary of the Department of Transportation, Secretary of the Department of Energy, Secretary of the Department of Labor and many other senior Washington officials.

We would be honored to have you as the Keynote Speaker on **Thursday, January 25**, which is Press Day at the show. We'd recommend either a breakfast or luncheon speech, but understand that you have a very challenging schedule, and are open to any time that meets your needs on that Thursday. Should you wish to attend on consumer days, the show dates are January 26 – February 4.

We can provide varying levels of access for the press depending on the needs of you and your communications team.

I'd be happy to discuss this further with you or a member of your team, at your convenience.

The show offers a unique opportunity to speak to senior executives of the automakers, suppliers and engineers, as well as the press, from a location that is just a few minutes from your office. My team is very familiar with the needs of cabinet level officials and I'm confident we can meet any requirements you have. The timing of the show, at the beginning of the year, I believe is an excellent time for a major policy speech.

We'll contact your scheduler's office to see what next steps might be.

John O'Donnell

Millan,

It was nice meeting you the other day at the Capitol Hill Club with Pete and Harold. As I mentioned, the Ohio Oil and Gas Association, the Marcellus Shale Coalition and the West Virginia Oil and Natural Gas Association are hosting the SHALE INSIGHT™ Conference, which will take place in the heart of the Marcellus and Utica shale gas plays on September 27 and 28, 2017 at the David L. Lawrence Convention Center in Pittsburgh, Pennsylvania. The event typically attracts over 1,000 attendees from across the region.

We would be honored if Administrator Pruitt would be able to join us as a general session keynote speaker on the morning of September 28, 2017. I have a formal invitation attached and I hope to discuss this event in more detail with you.

Subject: 2017 SIGMA Annual Conference - General Session, Wednesday, 11/8
Importance: High

Hi Millan and Nicole. I wanted to e-introduce the two of you in preparation for Administrator Pruitt's arrival to The Westin for SIGMA's Opening General Session on Wednesday, 11/8 from 3:00 pm – 4:30 pm, in the Great Lakes Ballroom (Level 2).

Millan is the point of contact for the EPA logistics, Nicole is our CSM (convention services manager) at The Westin. Based on my call with Millan, she will directly contact Nicole for security details and to schedule a walk through on Tuesday, 11/7. Millan and Nicole, once the two of you connect, please keep me updated on the details so I have them on my radar, whether we are directly involved or not. For your convenience, I have listed your phone numbers.

- Millan Hupp – 202.380.7561
- Nicole Spranger – 312.649.6442

Tuesday, 11/7

- Millan and team will schedule a walk through with Nicole. Time has not been specified and is penciled in for early afternoon. Millan will confirm the time.
- An all day holding/staging room will be in the **Erie Room (Level 2)** of The Westin and just around the corner from the Great Lakes Ballroom. The room will be set conference/12 with snacks and beverages.

Wednesday, 11/8

- Holding/Staging room will be set in **Erie (Level 2)**, all day.
- 2:00 pm – 3:00 pm – Private Reception for SIGMA and NACS Board Members, in **Ontario Room (Level 2)**, around the corner from the Great Lakes Ballroom.
- 3:00 pm – 4:30 pm – SIGMA's Opening General Session in **Great Lakes Ballroom (Level 2)**.

Millan, I believe I have captured the details of our discussion. Please let me know if you need anything from me. Look forward to working with both you and Nicole to ensure a seamless

arrival/departure for Administrator Pruitt.

As always, reach out with any questions or needs.

The Honorable Scott Pruitt
Environmental Protection Agency (EPA)
1200 Pennsylvania Ave NW
Washington, DC 20460

Dear Mr. Administrator,

The UCLA Center for Middle East Development (CMED) is pleased to invite you to Doha, Qatar for the 12th Annual Enriching the Middle East's Economic Future Conference. The event is confirmed to take place November 12-13, 2017.

The annual conference, held under the auspices of the Foreign Ministry of the State of Qatar, has grown into an internationally recognized forum for government officials, active business and financial practitioners, and politicians and academics dealing with current economic, financial, political, and diplomatic issues. Experts bring their perspectives to pressing global policy issues, while simultaneously conducting private business and interchange. Last year, participants from 64 countries attended.

The conference has been addressed by several distinguished keynote speakers and attendees, including former U.S. President Bill Clinton, former Secretary General of the Arab League Amr Moussa, former U.S. Mideast envoy Senator George Mitchell, and Nobel Peace Prize winner Tawakkol Karman.

We hope that you will join us this year as the personal guest of the Qatari Ministry of Foreign Affairs and consider addressing the conference in a well-publicized appearance. The high-profile event attracts significant regional and international media attention and offers a unique opportunity for publicizing and fundraising for a charity or other cause. Arrangements will be made on your behalf to accommodate any requested side meetings.

We look forward to seeing you in Doha.

Best regards,

Steven L. Spiegel,
Director, UCLA Center for Middle East Development
Professor, UCLA Political Science

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!

I've emailed Andrew Littlefair and Boone Pickens' team to confirm the 9:45, but I don't expect any changes there. I believe it was the intention to have Mr. Pickens join that meeting as well. Please do let me know if you have any further questions.

The Administrator will have room 10 on the 14th floor for these meetings.

Kind regards,
Paul

First hour: Tour of new campus with emphasis on environmental sustainability components.

Second hour: Time with 5-8 Toyota executives to discuss issues ranging from the state of the auto industry, development and deployment of alternative fuel vehicles, CAFE, California ZEV mandate and any other issues of interest to the Administrator.

If needed, we could cut both segments down to 45 minutes.

Thank you.

Maddy,

I have some Toyota executives holding their calendars open for August 10 to host Administrator Pruitt. I'm not going to be able to keep the calendars held much longer. Can we finalize the date and time? We would very much like to host him. It's less than

two
weeks
from
now,
so I'll
need a
time to
be sure
we can
be
proper
hosts!
Thanks.

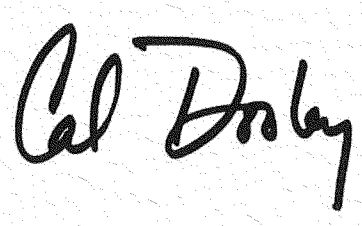
American® Chemistry Council

September 14, 2017

The Honorable Scott Pruitt
Administrator
US Environmental Protection Agency
William Jefferson Clinton Building
1200 Pennsylvania Avenue, NW
Washington, DC 20460

Re: Keynote Speaker Invitation for GlobalChem – Thursday, March 1, 2018

Dear Administrator Pruitt:



On behalf of the American Chemistry Council (ACC), I would like to invite you to be the keynote speaker at the Thursday, March 1, 2018 session of our GlobalChem Conference, at the OMNI Shoreham Hotel in Washington, D.C. The conference provides an excellent opportunity to speak directly to the chemical industry's leading environmental, health and safety professionals about your Agency's chemical regulatory initiatives and actions.

GlobalChem is considered the premier chemical regulations conference. The Conference is expected to draw about 450 attendees, including the chemical industry's corporate regulatory officers and other stakeholders who deal with chemical management issues. Our conference covers both U.S. domestic and international chemical regulatory developments. Representatives of the trade press typically attend GlobalChem.

We have greatly valued the significant role that EPA professionals in the Office of Chemical Safety and Pollution Prevention have long played in GlobalChem. Agency staff typically participate as speakers and panelists on key chemical management issues and programs. With the recent TSCA amendments under the Lautenberg Chemical Safety Act, the GlobalChem Conference would serve as an opportunity to speak directly to the regulated community on the impact of the amendments and possible future regulations under reformed TSCA. Key areas of EPA's regulatory agenda that address innovation in chemical screening and risk assessments, and enhancing public confidence in chemicals and chemical management will also be of interest to the attendees.

I very much hope you can join us as the keynote speaker for GlobalChem 2018. If we can provide your staff with any additional information please contact Richard Starr, ACC (202-249-6443, Richard_Starr@americanchemistry.com).

Sincerely,

Cal Dooley

Please join us
for an exclusive construction industry-related conversation with

EPA Administrator Scott Pruitt

This invitation-only special event is a rare opportunity to hear directly from the EPA administration. Featuring opening remarks by Administrator Pruitt, a candid conversation between Administrator Pruitt and Jerry Howard, CEO of NAHB, and a question and answer session moderated by Jerry Howard– this is our chance to make sure the concerns of our industry are being listened to by the new administration. This event will address construction-industry issues such as the EPA's impact on the Clean Water Act and Waters of the United States, as well as the EPA's plans for the future including administering the Clean Water Act and what it means for the industry.

Attendance is limited– tables must be purchased and filled by each respective association.

Thursday, October 5th

9:00 AM—10:00 AM – Coffee Roundtable (invitation-only)
10:30 AM—11:00 AM—Check-in & reception
11:00 AM—12:30 PM - Conversation with EPA and lunch
1:00 PM – Broadmoor golf outing (optional)
The Broadmoor Hotel, 1 Lake Avenue, Colorado Springs, CO 80906

Attendance packages are as follows:

$5,000 per table

- 1 member seat at Coffee Roundtable
- 1 table (10 seats) at Conversation with EPA
- Preferred seating
- Photo op with Admn. Pruitt (PENDING APPROVAL)
- Golf foursome

$2,500 per table

- 1 table (10 seats) at Conversation with EPA

*The golf outing can be added on to either package for $250 per person, or $1,000 per foursome

For questions or to register as an association please contact Kitt Smith at 719-592-1800 or kitt@cshba.com

Tables must be reserved by Friday, September 29th. Attendee names must be submitted to Kitt by associations by Tuesday, October 3rd

Sent: Mon 10/16/2017 4:42:57 PM
Subject: 2017 SIGMA Annual Conference - General Session, Wednesday, 11/8

Hi Millan and Nicole. I wanted to e-introduce the two of you in preparation for Administrator Pruitt's arrival to The Westin for SIGMA's Opening General Session on Wednesday, 11/8 from 3:00 pm – 4:30 pm, in the Great Lakes Ballroom (Level 2).

Millan is the point of contact for the EPA logistics, Nicole is our CSM (convention services manager) at The Westin. Based on my call with Millan, she will directly contact Nicole for security details and to schedule a walk through on Tuesday, 11/7. Millan and Nicole, once the two of you connect, please keep me updated on the details so I have them on my radar, whether we are directly involved or not. For your convenience, I have listed your phone numbers.

- Millan Hupp – 202.380.7561
- Nicole Spranger – 312.649.6442

Tuesday, 11/7

- Millan and team will schedule a walk through with Nicole. Time has not been specified and is penciled in for early afternoon. Millan will confirm the time.
- An all day holding/staging room will be in the **Erie Room (Level 2)** of The Westin and just around the corner from the Great Lakes Ballroom. The room will be set conference/12 with snacks and beverages.

Wednesday, 11/8

- Holding/Staging room will be set in **Erie (Level 2)**, all day.
- 2:00 pm – 3:00 pm – Private Reception for SIGMA and NACS Board Members, in **Ontario Room (Level 2)**, around the corner from the Great Lakes Ballroom.
- 3:00 pm – 4:30 pm – SIGMA's Opening General Session in **Great Lakes Ballroom (Level 2)**.

Millan, I believe I have captured the details of our discussion. Please let me know if you need anything from me. Look forward to working with both you and Nicole to ensure a seamless arrival/departure for Administrator Pruitt.

As always, reach out with any questions or needs.

11:30 should work well. Would you mind to kindly send a call in number?

Also, looks like May 17th is good on our end. So, he will address the board on May 17 and address the lunch on June 21.

Thanks Ralf!

Hi Millan,

Hope you had a great weekend. I just wanted to follow up to see if your team has had a chance to think about possible dates yet. As you can imagine, our program calendar is pretty robust, so we try to be as strategic as possible in calendaring our smaller events around appearances by high-level speakers such as Admin. Pruitt. That said, if you can give us an idea of what week(s) Admin. Pruitt might prefer (even if not an exact date yet)—or if he's leaning toward speaking at our private board meeting next month in lieu of a public event—that information would be helpful to our event staff in their planning of the broader program calendar.

Best,

Hi Millan!

Just thought I'd check in to make sure everything was okay with the request form I submitted last week. As always, feel free to let me know if you need anything further on my part.

I also wanted to introduce my colleague Dean Ball (Cc'd), who is putting together a short 40th Anniversary video to be shown at our annual Hamilton Awards Dinner (to which the Administrator has also been invited). The video would feature interviews with several of our country's most prominent political and intellectual figures discussing their thoughts on MI's past, present, and future; and we'd be honored to include Administrator Pruitt. It would only require about 30 minutes of his time, and we would be more than happy to send someone down to his office to film. If that's something you guys are open to, please feel free to coordinate with Dean.

I look forward to hearing back from you soon.

Kind regards,

-Ralf

Good afternoon, Michelle!

My name is Ralf Mangual, and I manage legal policy projects here at the Manhattan Institute. I just got off the phone with Millan Hupp who kindly returned my call in regards to an invite our President would like to extend to Administrator Pruitt. She asked me to send an e-copy of the letter (see attached) your way. We're thinking late May but are very flexible in terms of timing.

Please don't hesitate to reach out to me at any time if you have any questions or need more information. Thanks in advance for your time, and I hope we'll have the pleasure of hosting Administrator Pruitt again soon.

Kind regards,

-Ralf

Thank you so much Kevin.

Erin – please meet Jahan Wilcox, copied here, from our press team.

Jahan – Erin had a few press related questions. We are speaking to their group on Friday morning, December 1st in Des Moines. At this time, this event is closed press but their magazine would like to do a quick interview of the Administrator. I shared with them that it would be best for you and Erin to connect. I also indicated that any media we might want to invite, we would do so a couple days in advance.

We are working on a second stop after this one which might present a better opportunity to include press. Overall, Erin and Kevin are just hopeful to remain up to speed.

Please let me know how I may assist further.

Thank you all,

Subject: Info Needed for Lunch at The White House, Sept. 26th

Gentlemen,

Please see the email below and provide the information to Hayley Ford as soon as possible. I learned the hard way at the swearing in that the info has to be perfect, so double check your spelling and numbers…..just sayin'…

Carlyn, be sure to include David's information also.

Jerry, are you in? If so, let us know and then send the information below to Hayley Ford.

I'll keep you posted on dinner plans for Sept.. 25th.

Thanks,

Charlie

Hayley,

Attendees will be Charlie Polston, Carlyn Mattox, David Mattox, Bob Wagoner, and (maybe) Jerry Dillon.

Please confirm that you already received my information.

Thanks,

Charlie

Charlie,

I am so sorry as I know I owe you a call. Hayley – could you please secure reservations at the Mess on September 26 for 6 people at 12PM?

We do not yet have a location for dinner on the 25th so please standby on that one.

We would still need to keep our original meeting with the prayer team at 930AM.

Lunch will have to be at 12 as they only seat the dining room twice a day (at 12 and 1) but that should give you plenty of time. ☺ What we will need from each of you will be the following, please.

Full Name

SS#

DOB

City, State (as it is listed on your driver's license)

Finally, as I know there will be 5 – 6 of you, your group will need to meet him at the White House as only one may ride with him over there. The easiest way to do this is to hop in a cab/uber and request that it take you to the White House guard gate located at 17th & State.. From there you will present the guard with your driver's license and he will wave you through. Once through, you will walk straight until you hit a 2nd guard gate (will be on your left). That gate will direct you to the Mess. Once in the Mess, you will simply let the host know that you are there to dine with the Administrator and they will direct you to his table.

Hope this is helpful! We will check back in to confirm next week.

Thank you!

"We were pleased to show Administrator Pruitt our new headquarters in Plano, TX and to highlight the environmental sustainability aspects of the new facility. Toyota previously announced it will invest $10 billion over the next five years in the U. S., and the new headquarters is just one of those commitments to help grow Amerocan jobs.

We appreciate the opportunity to showcase our new Plano headquarters where we will soon have 4,000 team members working in a more collaborative way in order to better serve our customers."

Hi Stephen,

Thanks for
being
patient with
us as we
figure out
the
schedule. I
believe we
are set for
the 10th,
and we are
planning on
sometime in
the
morning. I
wanted to
loop in Tate
Bennett she
heads up
our External
Affairs and
Millan
Hupp who
heads up
our
Advance

and
Scheduling.
They will
circle back
with you for
more
details.

I appreciate
your help,
and happy
that we
found
something
that
worked!

Rhonda,

Good morning to you. We are very much looking forward to this visit in a couple weeks and truly appreciate your kind hospitality.

I will be managing the logistics and details for the Administrator's visit. I'll also be able assist in initiating the conversations on security.

I will join Gail on her call to you so we may work through some of these items.

Thank you so much,

Millan Hupp

Director of Scheduling and Advance

Hi Gail,

I am finally able to get back with you with more concrete answers.

Regarding the Broadmoor: The rate is $330.00 per night. I would be able to allocate 5 rooms to you at the Broadmoor. Would you be booking with them directly to set up names and payment?

I have 4 rooms available at the Cheyenne Mountain Resort. They are extremely tight on the 3rd and the rate would be $199.00 with first night's deposit at the time of reservation. Seven day cancellation applies here.

Do I handle the security details with you or do you need the name of the individual in charge at the Broadmoor? Last question. Do you handle his personal logistics i.e. dinner on the 4th or is that someone else? My CEO, Renee Zentz, is inquiring.

Thank you!

Hello Rhonda, it was great speaking with you yesterday! I was wondering did you find out anything from the other property if they had any rooms available and what the rate would be there and if you confirmed that the rate at the Broadmoor was $330.00? Please let me know as soon as possible as I know that it is already late to make these accommodations and thank you for your prompt attention to this matter. Have a great day and looking forward to speaking with you!

Gail, Great to meet you! We are so excited about this opportunity. The staff person that will handle all logistics for the Broadmoor on my staff is Rhonda Scurek – her email is Rhonda@cshba.com and her direct line is 719-592-1800 X 119.

Please contact her directly as we need to firm up rooms, times etc. asap The Broadmoor is sold out except for a few rooms assigned to us.

Sincerely,

Renee Zentz

Gail,

Good morning. We are very excited to have the Administrator with us. There is a room block at the Broadmoor, although I do not know the rate. I am copying Renee Zentz, who is the CEO of the Housing & Building Association of Colorado Springs and host of the event. Renee is the main contact for the Broadmoor and can help to answer your questions.

Hello Mr. Tobin, my name is Gail Davis and I am the Administrator's Travel Coordinator and I work with Millan Hupp on his travel. I wanted to reach out to you to ask if there is a block or rooms being held at the Broodmoor and what is the cost per night? I will need several rooms for the special agents, traveling staff with the Administrator and his advance staff who will arrive a day or so before the Administrator. Please let me know how I should go about making those arrangements.

If you have any questions please feel free to reach out to me on 202 564 1444 or davis.gail@epa.gov.

Subject: Administrator Pruitt speech at ACC Board

Hello Millan and Tate:

Per the previous email, I would be happy to have a private conversation to discuss the Administrator's presentation at ACC's upcoming board meeting. Also happy to provide whatever materials you believe would be useful.

I have cc'd my assistant, Holly Halsey who can help arrange a time to chat. I will be out of the office and in the middle of nowhere next week, with very limited access to phone and email. Accordingly, perhaps we arrange something for the following week, which is still a week prior to the speech?

Let me know whatever works for you two. Best, Bryan

Got it. So maybe a quote that highlights the environmental sustainability aspects of the new facility, and our appreciation for Administrator Pruitt visiting the site so soon after we opened for business? If you prefer a different direction, please let us know.

Millan,

I hope you are doing well!

I am not sure if you are the correct person to send this to, if not, please let me know.

We would like to invite Administrator Pruitt to give an address at the National Lawyers Convention in November. Please find the attached invitation letter and Event Request Form with all of the details.

We look forward to hearing back from yo soon.

All the best,

Hello Ashley,

Thank you for reaching out with this invitation. I work in Administrator Pruitt's office along with Millan Hupp, copied here. I believe the two of you connected earlier this year in regards to this event and unfortunately we weren't able to make it work with his schedule. We would love to explore the opportunity to have him visit in the spring.

Could you please complete the attached form with as much detail as you can? This will help in getting a better understanding. We will then want to set up a call with you to hear more details about how these work.

Thank you and we appreciate the invitation!

Subject: Scott Pruitt at Liberty University
Importance: High

Good Afternoon,

I hope you're doing well. My name is Ashley Lison and I am the Executive Director of Convocation here at Liberty University. Liberty is the largest university in Virginia, and hosts the largest weekly gathering of young adults in the world: 12,000+ students residentially, and over 90,000 online via our live stream. Our Convocations often garner local and national media attention, as well as millions of views on social media.

Last year, I spoke with Michelle (see below) about hosting the Administrator at Convocation, but unfortunately we were never able to confirm a date. We are currently booking for Spring of 2018, and we would love to solidify a date for the Administrator to join us!

I'm not sure how familiar you are with our school, but our Convocation serves as a platform for ideas where individuals from all walks of life inform, inspire and engage college students. Our guest list is quite diverse ranging from TV personalities to Ted talk speakers, missionaries and pastors, Grammy award winners, world class athletes, political leaders, artists etc. Some of our guests this year have included: Steph Curry of the Golden State Warriors, Brian Littrell of the Backstreet Boys, Olympian Simone Biles, soccer legend Kaka, political leaders like Donald Trump, Bernie Sanders & Gary Johnson, comedians like Larry the Cable Guy, Jeff Foxworthy and many more.

Please let me know what we can do to make this partnership happen!

Thank you,

Ashley O. Lison

Good Afternoon Michelle,

I hope you're doing well. My name is Ashley Lison and I am the Director of Convocation at Liberty University. I understand that you spoke with my assistant Alyssa Kidder this afternoon regarding AG Pruitt joining us at Convocation in the Spring! We're so excited about this possibility and would love to add him to the Spring schedule press release which will be sent out tomorrow or Monday. Would it be possible to firm up a date that would work with his schedule before or after his confirmation hearing?

Thank you,

Ashley O. Lison

Tate,

Thanks again for setting up the Administrator's "State Action Tour" stop at the Dallas Builders Association (DBA) on August 10th. Our members greatly appreciated the opportunity to speak with the Administrator and have their voices heard.

If you could please share the attached thank you letter from NAHB and DBA with Administrator Pruitt, I'd really appreciate it. Alternatively, if there is a more appropriate contact in his office to send this to, please let me know.

Thanks again, Tate.

Best,

Owen

Kristina, thank you so much for setting up a great meeting. I will be reaching out to your folks to thank them as well. I certainly hope this will continue to be a useful partnership for both of us.

Speaking for sectors staff, we would love to come out to see the Sweeny/Old Ocean facilities. I will likely be back in Texas in Mid-November so you and I can work to set something up on the staff level.

I do think that this would be something the administrator would be interested in seeing so I've cc'd Millan Hupp our director of scheduling and advance and Tate Bennett who heads our office of Public Engagement. The two of them work to determine the Administrator's availability.

Again, thank you so much for your hospitality in Houston – looking forward to seeing Sweeny/Old Ocean soon!

Best,

Daisy

Subject: Potential Site Visit

Daisy –

Thanks for coming in yesterday and providing our team with a deeper understanding of Smart Sectors. It was very helpful as to how our industry can better utilize EPA's resources and improve our dialogue.

As mentioned, we'd like to extend an invitation to you and any interested Smart Sectors staff as well as interested political staff to come out to our Sweeny/Old Ocean, Texas facilities for a tour any time after November 10th. Also, if you think Administrator Pruitt would have availability, we'd like to extend the invitation to him as well.

Our facility at Old Ocean, Texas boasts an investment of $6 billion and has been a job creator in the area. Here is more information on the facility: click here. The facility at Sweeny is also worth seeing and is also a tremendous asset to the industry and our area.

Would it be best for me to coordinate with the Administrator's scheduling office for his potential visit?

What do you need from us to schedule a site visit for staff?

Thanks again, and we look forward to welcoming you to Sweeny/Old Ocean, Texas.

Best,

Kristina

I say go now. Beltway media (Politico) is reporting the event as confirmed by EPA. No reason to wait longer.

"In addition, the agency said Pruitt would travel to the Thomas Hill Energy Center, a coal-fired power plant, in Clifton Hill, Mo. on Thursday to deliver remarks to Missouri Electric Cooperative members about his EPA agenda. He'll address two recent executive orders from President Donald Trump directing the agency to review the Obama-era Clean Power Plan and Waters of the U.S. regulation."

We'll be on-site and in our control suite monitoring the live activity online during the Administrator's visit on 4.20.17. Our plan will be to promote the feel-good activity and news from the event while countering any digital activity deemed worthy of a response with facts.

Current plan is as follows. (This is internal vB)

4/19 Messaging

POST 1

(T) We're honored that @EPAScottPruitt is taking the time to visit our Thomas Hill Energy center for himself, and hear from Member-Owners and employees directly. <Insert Pruitt Images>

(T) Associated Electric Cooperative has been honored for its work to reclaim the 30,000-acre coal mine site — turning it into pristine wildlife habitat and farmland. <Insert Wildlife Image>

POST 2

(F) We're glad that Administrator Pruitt recognizes the adverse economic impacts of harmful regulation, and look forward to working with his administration on proposals that protect our environment, maintain the reliability of our electric grid and promote a healthy economy. With the proper policy approach, we can meet all of these goals.

(F) Associated pursues an all of the above approaches to keeping the lights on.
- 750 MW of wind
- 478 MW of hydro
- 2,753 MW of natural gas
- 2,353 MW of Coal

<Insert image depicting energy mix>

POST 3

(T) Associated Electric's Thomas Hill energy center provides affordable and reliable power to more than 420,000 Missouri households

<Insert Image>

(T) Collectively, Missouri co-ops employ 3,541 people and empower 600,000 households and businesses consumers

4/20 Messaging

POST 1

(F) Electric cooperatives appreciate Administrator Pruitt recognizing the importance of affordable and reliable power to Missouri families and businesses. We're honored that he's taken the time to see the facility for himself and hear from us directly.

<Insert Image of Administrator Pruit at Thomas Hill Facility>

POST 2

(F) We're glad that Administrator Pruitt recognizes the adverse economic impacts of harmful regulation, look forward to working with his administration on proposals that protect our environment, maintain the reliability of our electric grid and promote a healthy economy. With the proper policy approach, we can meet all of these goals.
<Insert Image of Pruitt with Missouri Cooperative leaders>
Live-tweeting of comments and photo-ops as available.
Follow up content on Facebook the evening of 4/20/17 highlighting images and balanced press clippings from the visit.

Comment Response Plan

· ARC will monitor commentary across available social platforms for Cooperative, EPA, @EPAScottPruitt, #EPABack2Basics, and keyword monitoring and judge worthiness for a response.

· Comments that are positive will be liked and possibly shared by the AMEC page.

· Comments that are derogatory and/or abusive will be hidden from public view. Commenter receives no notification this hiding has happened.
Questioning comments that remain positive will be addressed with the following themes:
COMMENT: Environmental in Nature
RESPONSE: 1. Highlight Energy Mix

2. Highlight Thomas Hill restoration

COMMENT: Economical in Nature
RESPONSE: 1. Highlight cooperative employment
2. Highlight taxes paid
3. Highlight Missouri cooperative utility rate

COMMENT: Political in Nature
RESPONSE: 1. A diverse group of Missouri's elected leaders, agriculture leaders, and Member-Owners joined us in welcoming Director Pruitt to Thomas Hill.
2. 300,000 EPA postcards with no response, but Administrator Pruitt has/will visit Missouri's Electric Cooperatives within his first 3 months on the job.
3. Rural Missouri Voters Overwhelmingly Supported Trump
http://news.stlpublicradio.org/post/missouris-rural-voters-flocked-trump-fueling-statewide-gop-victories#stream/0

Subject: RE: Oklahoma's Promise Day Invitation

Millan,

No worries. The rally/ program will be held in the 1st Floor Rotunda at the Oklahoma State Capitol which is a public space. There isn't any staging area. The Chancellor will introduce the Administrator. After his speech the Chancellor will introduce the next speaker. Lunch is served at 11:30 and the program starts at 12:30. It is in the same venue so some people could be eating while others will be done. Lunch is boxed lunches from Chickfila. There will be no question and answer. All of the people invited to this event will be local (Oklahoma) but because this is a public space anyone at the Capitol that day could hear/participate. After the rally/program there is a reception on the 4th floor rotunda. Please let me know if this answers your questions.

Cynthia

Subject: Re: Oklahoma's Promise Day Invitation

Cynthia,

Thank you so much. Could you please give me more of a run of show? What time you would want the Administrator to speak.? Who is speaking before and after him? Will he be speaking while people are eating lunch? What is the format of the day?

What room in the capitol?

Are you wanting a Q & A?

You say open press. All local folks or will there be national? Does this mean it is not invite only? Where are they being staged?

I'm so sorry for all the questions. We are working on revamping our request form.

Thank you so much,

Millan

Subject: FW: Oklahoma's Promise Day Invitation

Millan,

Attached is the requested form. There will be approx. 300. There will be other speakers. The others are being worked out but I know AG Mike Hunter, Representative Henke and Senator Smalley will be on the agenda. We are doing lunch from 11:30 – 12:30 then the program at 12:30 followed by a reception at 1:30 pm.

Please let me know if you have additional questions.

Thanks Todd!

How many do you expect to attend and will there be other speakers?

Also, would you mind completing this form pretty please?

Hi Haley,
You made my morning!

Please see attached:

Let me know if you have any questions. We will work the agenda to allow for the Administrator to speak first.

Hi Haley,

We are having a reception at the Willard Hotel on Tuesday, Oct. 3rd at 7PM. We would love for him to join us.

Let me know if that is a possibility.

On Sat, Sep 9, 2017 at 4:55 AM, Ford, Hayley <ford.hayley@epa.gov> wrote:

Oct. 4th

Open 12-2pm @ the Cosmos Club

Oct. 5th

Open 8-10:30AM @ the W Hotel

Open 12-3PM @ The Capitol Hill Club

Oct. 6th

Open 12-3PM @ the Trump Hotel

Open 6-8PM @ the Willard Hotel

If he is unable to make any of the above time slots we can move our schedule around to make something work.

Thank you!

Seth

One of the questions was the Honorable's attending...We have several, most are local and state officials in CA. Let me know if you need that info and I will be happy to send. They would not fit on the form.

Subject: Info Needed for Lunch at The White House, Sept. 26th

Gentlemen,

Please see the email below and provide the information to Hayley Ford as soon as possible. I learned the hard way at the swearing in that the info has to be perfect, so double check your spelling and numbers…..just sayin'…

Carlyn, be sure to include David's information also.

Jerry, are you in? If so, let us know and then send the information below to Hayley Ford.

I'll keep you posted on dinner plans for Sept.. 25th.

Thanks,

Charlie

Hayley,

Attendees will be Charlie Polston, Carlyn Mattox, David Mattox, Bob Wagoner, and (maybe) Jerry Dillon.

Please confirm that you already received my information.

Thanks,

Charlie

Charlie,

I am so sorry as I know I owe you a call. Hayley – could you please secure reservations at the Mess on September 26 for 6 people at 12PM?

We do not yet have a location for dinner on the 25th so please standby on that one.

We would still need to keep our original meeting with the prayer team at 930AM.

Lunch will have to be at 12 as they only seat the dining room twice a day (at 12 and 1) but that should give you plenty of time. ☺ What we will need from each of you will be the following, please.

Full Name

SS#

DOB

City, State (as it is listed on your driver's license)

Finally, as I know there will be 5 – 6 of you, your group will need to meet him at the White House as only one may ride with him over there. The easiest way to do this is to hop in a cab/uber and request that it take you to the White House guard gate located at 17th & State.. From there you will present the guard with your driver's license and he will wave you through. Once through, you will walk straight until you hit a 2nd guard gate (will be on your left). That gate will direct you to the Mess. Once in the Mess, you will simply let the host know that you are there to dine with the Administrator and they will direct you to his table.

Hope this is helpful! We will check back in to confirm next week.

Thank you!

Toyota visit --
need to
finalize

Maddy,

I have some
Toyota
executives
holding
their
calendars
open for
August 10
to host
Administrator
Pruitt. I'm
not going to
be able to
keep the
calendars
held much
longer. Can
we finalize
the date and
time? We
would very
much like to
host him.
It's less
than two
weeks from
now, so I'll
need a time
to be sure
we can be

proper
hosts!
Thanks.

Stephen

Confirmed for 10 AM. We will likely have 4 people in attendance given the importance of the topic. Can I confirm with you closer to the day on the number of people? Also looping in our Advance team for security questions they might have.

Hello Mary,

I work on Administrator Pruitt's scheduling team and Samantha Dravis passed along an invitation to the 9/20 BP BoD Dinner/NGA Event. We appreciate you extending the invitation. We are hoping to gather a few more details on this event. Could you share anything more regarding who will be there, the topic/purpose of event, if anyone is speaking and/or if you would like the Administrator to speak, etc? If it's not too much trouble, I've attached our speaker request form that includes details we typically seek for speaking events. Some of these

may not be relevant to this invite, but would you mind providing as much as possible so that we are prepared?

Thank you and we look forward to responding back to you very shortly. Again, thank you for including him in this event.

Hello Rick,

We have just learned that Administrator Pruitt is needed to travel with the President on Tuesday to Puerto Rico. I apologize for having to cancel, but was hoping we could reschedule. Are there dates that are best for the Ambassador? In looking at the calendar, we could do Oct 11 or 16. Do either of those dates work?

Thank you and we appreciate your understanding.

November 8, 2017

Environmental Protection Agency
Office of the Administrator 1101A
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator Pruitt:

I am writing to request the participation of US EPA Administrator Scott Pruitt or, if appointed, the Trump Administration's new EPA Region 1 Director for New England, as Keynote Speaker at the *2018 Annual Connecticut Recycling Conference* hosted by the Connecticut Recyclers Coalition (CRC), on **January 17, 2018** at the Aqua Turf Club in Southington, Connecticut.

The CRC is a diverse group of waste and materials management businesses, their municipal government customers, nonprofits and individuals with an interest in the State's waste and recycling industries. Since 2014, CRC has hosted an annual conference to bring together its membership across the waste industry in Connecticut to discuss key issues for the coming year.

Many of Connecticut's regulatory policies over the past decade have worked in concert with the former "progressive" US EPA. In fact, many of Connecticut's environmental policies got their start under former EPA Administrator, Gina McCarthy, who served as Connecticut's Department of Environmental Protection Commissioner prior to her tenure at EPA.

Given the leadership changes under President Trump, the CRC's membership is very anxious and interested in hearing more about how the regulatory landscape in New England and Connecticut will change given President Trump's reinvigorated pro-business outlook.

More information on the Connecticut Recyclers Coalition is available at www.ctrecyclers.com. In addition, a description of the Conference agenda topics is included below. The expert panelists will be announced in the coming weeks. I would be happy to provide any additional information that may be required to consider this invitation by your office. Please do not hesitate to contact me at Julie@cga-ct.com or at (203) 496-0997.

Thank you, on behalf of the Connecticut Recyclers Coalition, for your consideration of this request.

Sincerely,

Julie Cammarata

Julie Cammarata
Administrator
Connecticut Recyclers Coalition

CONNECTICUT
RECYCLERS COALITION

Connecticut's Voice for Sustainable Materials Management

Connecticut Recyclers Coalition Annual 2018 Recycling Conference

The CT Recyclers Conference is an annual day -long event featuring a robust discussion of key issues facing the recycling and materials management industries in Connecticut as well as its many customers and stakeholders in the state.

The 2018 Conference program will include expert panel discussions of timely issues in recycling to provide answers to questions including:

- what's to come from packaging reduction Task Force efforts?
- what's at stake with Connecticut's bottle deposit system?
- what's the status of organics recycling in Connecticut?

Plus, an update from the regulator and preview of the 2018 legislative session will round out the day, providing insight on what you need to know to plan for the coming year.

The CT Recyclers Conference is the singular event each year where municipalities, state officials, the business community and non-profit organizations in Connecticut come together in one setting to have a dialogue about the best ways to achieve our mutual goal of a 60% recycling rate statewide.

You don't want to miss it!

Millan-I hope you are doing well. We look forward to welcoming the Administrator and his team next week at the Additive Technology Center. I'm not sure if it would be helpful, but please let me know if you'd like me to set up a call with the advance team just to discuss logistics, directions, etc. Also, if you could please share the number of attendees for EPA that would help with planning. Please let me know if I can assist with anything in the meantime. Thank you -- Roger

Mr. Martella,

Good afternoon to you. Yes, we have you held on the calendar for Wednesday, October 4. We currently have a commitment that morning in DC but expect to be able to get the Administrator into Cincinnati by 1130AM. Additionally, he must travel to Colorado Springs that evening on a 4:50PM flight. Kindly let me know if a timeframe of 1230PM – 330PM might work for what you are envisioning.

Thank you so much for your consideration and I look forward to hearing from you. I have copied Hayley Ford on this email as well as she is assisting us in Scheduling and is likely with whom you will be working.

Hi Milan:

Judge Stephen Larson (whom the Administrator knows) and Scott Sommer of Larson O'Brien and Bill Hunt of the Orange County Water District could be in D.C. on October 5, 11, 17, or 18. They were scheduled to be at the Administrator was going to do in California and hoped to brief him on the Superfund site in Orange County. So they would greatly appreciate doing so in D.C. Do any of those dates work for the Administrator?

I'll be back in U.S. in ten days and will call re dinner with the Pruitt's and Betsy and me when I return but calendars being what they are I thought I'd try and get Judge Larson on the schedule.

Yes, names would be great so that we can provide to security and they are ready for your arrival.

Attending alongside the Administrator will be the below staff members. It's possible not all will be able to attend, but it will likely be most of them.

Mandy Gunasekara, Senior Policy Advisor for Air and Radiation

Samantha Dravis, Senior Policy Counsel and Associate Administrator for Policy

Brittany Bolen, Senior Deputy Associate Administrator for Policy

Erik Baptist, Senior Deputy General Counsel

Thank you!

Hi Hayley,

We are working to finalize our attendees. What specific info do you need from our end? Just names?

Also, do you know who besides the Administrator will be attending from EPA? We are trying to give a full briefing to our CEOs.

Thanks so much for all of your help!

Best,

Traci Kraus

That works perfect. Thank you so much for coordinating and being flexible. Let's plan for 2PM that day. We will allot an hour for the meeting.

I have your original requests with attendee information but if you have any additions please send along. Or feel free to just confirm once more so we can get them all set with security. I will have someone from our office reach out to both of you with arrival information early next week.

Let us know if you need anything else. We look forward to it!

Hi Hayley,

Thank you so much for reaching out. I have spoken with Jonathan Miller from Volvo/ Mack Trucks (cc'd) and our counterparts at Daimler and we appreciate the opportunity to join the meetings.

All executives are available to meet with Administrator Pruitt the afternoon of September 20th. The 1:00- 3:00 pm timeframe works well, but we can be flexible in the afternoon.

Thank you,

Traci Kraus

Subject: Meeting with Administrator Pruitt re: heavy-duty truck emissions program

Hello all,

Cummins, Daimler, Mack Trucks and Volvo have all requested a meeting with Administrator Pruitt for the Sept. 19-21 timeframe to discuss the same issue of the heavy-duty truck emissions program. We would like to request to consolidate these meetings into one meeting. Cummins/Daimler requested Sept. 20 and Mack Trucks/Valvo requested Sept. 19 or 21. We could offer a meeting with Administrator Pruitt either Sept. 20 or 21 and we are flexible on timing.

Would your respective parties be ok with a joint meeting? And are either of you flexible to attend either 9/20 or 9/21? Please let me know what works for you and I will give you a final confirmation once I have that information.

Thank you for working with us on this!
